Program Goal, Schedule, and Student Responsibilities

Fairfax County Youth Leadership Program

Preparing today's high school students to become tomorrow's community leaders

Sponsored by a partnership between Fairfax County Government and Fairfax County Public Schools

September 2013

Program Goal

The goal of the **Fairfax County Youth Leadership Program** (YLP) is to help high school students gain an understanding and appreciation of how local government impacts their everyday lives. The curriculum and activities are designed to develop citizenship skills and encourage participants to become active, involved citizens in the future.

Participants will learn how local government addresses community issues and helps people solve problems. They will meet key decision makers in government and gain insight into the services County government provides.

Through a summer internship, training opportunities and site visits, participants will expand their knowledge of public service and their own community.

Applications are available from Fairfax County Public Schools' Guidance Departments or Social Studies Departments.
