#County population and occupied household estimates appearing in ABC reports are obtained from Claritas Inc. Estimates for ABC defined newspaper markets and areas below the county level are projections based upon Claritas Inc. estimates. The Claritas Inc. estimates are intended for your company's use during its normal course of business, and, while the information may be provided to third parties during such course of business, it may not be sold or sub-licensed to third parties or electronically integrated into third party systems without the prior written consent of Claritas Inc.

NOTE: 2002 Population and Household Estimates shown in this report were benchmarked on the 2000 Census. Since 2001 Household Estimates were predicated on the 1990 Census, a comparison may suggest an inconsistent trend. Users should consider these circumstances. Current trends, based on changes between the 2000 Census and 2002 Estimates, are likely more reliable.

*Arrived at by relating actual gross distribution figures to average paid circulation for the period covered by this report.

(a) County population and occupied household estimates appearing in ABC reports are obtained from Claritas Inc. Estimates for ABC defined newspaper markets and areas below the county level are projections based upon Claritas Inc. estimates. The Claritas Inc. estimates are intended for your company's use during its normal course of business, and, while the information may be provided to third parties during such course of business, it may not be sold or sub-licensed to third parties or electronically integrated into third party systems without the prior written consent of Claritas Inc.

NOTE: 2002 Population and Household Estimates shown in this report were benchmarked on the 2000 Census. Since 2001 Household Estimates were predicated on the 1990 Census, a comparison may suggest an inconsistent trend. Users should consider these circumstances. Current trends, based on changes between the 2000 Census and 2002 Estimates, are likely more reliable.
