Savings associated with refundings (in millions)	12.21	\$4.38	\$18.00 / \$18.48	12	NA

(1) For bond sale interest rate and savings, note that in some fiscal years, multiple bond sales were held, while in others, only one was held. The dollar value and interest rate for special financings and refundings cannot be projected as they do not take place unless the prevailing interest rates indicate it is favorable to undertake them. Therefore, while no projections are made for this category, actual results are reported.
