

Department of Code Compliance

Mission The mission of the Department of Code Compliance is to promote, protect, and maintain a healthy and desirable living environment in Fairfax County. This is accomplished through education and outreach, community partnerships, voluntary compliance, and enforcement of the Zoning Ordinance, the Property Maintenance Code, the Building Code, and other applicable safety codes.

Focus The Department of Code Compliance (DCC) is a multi-code enforcement agency created in 2010 by combining the functions of the following:

- The Code Enforcement Strike Team
- A majority of the Zoning Enforcement function in the former Department of Planning and Zoning
- Components of the former Code Enforcement Branch in the Department of Public Works and Environmental Services
- The Blight Program from the Department of Housing and Community Development
- Public Safety staff from the Sheriff's Office, Police Department and Office of the Fire Marshall

The staff of DCC is proficient in all aspects of code enforcement related to violations of the Zoning Ordinance, Virginia Maintenance Code, Building Code, Noise Ordinance, Fire Code, Blight Abatement Program, and Grass Ordinance, with the administration of compliance programs pertaining to these codes centralized in DCC. This centralized approach to code enforcement creates a collaborative multi-functional environment that can successfully investigate and resolve violations and concerns in residential and commercial communities. One of the benefits of the consolidated model is a centralized customer service intake, which better supports customers by creating an integrated one-call center that has greatly enhanced customer service and support by reducing calls that may have been incorrectly transferred to other agencies.

As Fairfax County continues to grow, DCC continues to gauge community trends and new service needs through extensive customer outreach and education efforts. Through meetings with civic and homeowners associations and participation in public events, staff educates residents about the DCC mission and processes, encourages face to face contact between staff and residents, and creates opportunities for feedback about trends and issues in the community.

DCC staff members partner with other agencies to serve on committees that deal with community issues, such as the Hoarding Committee and the DCC Equity Committee. DCC maintains a protocol for 'Combined Investigations Efforts Coordinated with Outside County Agencies' for scheduled, combined inspection efforts related to complaints involving uses in commercial businesses that are illegal, or not approved or allowed, based on the Non-Residential Use Permit (Non-RUP) that has been issued for that business. This work with Police and Fire may include restaurants with dance halls, local bars, karaoke bars, massage establishments, hookah bars, and other commercial enterprises.

The agency utilizes the DCC Strategic Plan to implement measures that best serve the community; to identify issues and trends; to deploy services; and to provide educated, experienced staff along with the systems necessary to address community issues in a timely manner. The agency's Vision for FY 2022 and beyond is to be the leader in the preservation and protection of healthy and desirable neighborhoods through education, community partnerships, voluntary compliance, and enforcement.

Administrative Services staff provide clear direction, leadership, and strategic management for the agency. DCC is committed to promoting continuous learning, providing employee development opportunities, succession planning, and continually evaluating staffing needs to recruit and retain employees who possess the competencies necessary to achieve its mission. The Code Administration Section enhances the agency's ability to provide a multi-code response in collaboration with the appropriate County agency and code authority. Field Operations refer a high volume of cases to the Code Official for actions such as appeals, requests for legal action to obtain code compliance, requests for guidance, and technical assistance relevant to the investigative process. With employee safety as the agency's top priority, the Lytx DriveCam safety system is installed on all County vehicles, ensuring that staff is protected and can safely travel to and from investigations.

DCC expects a continued increase in demand for responses to community concerns which affect core business areas: Administrative Services, Code Administration, Operations, and Public Safety and Support Staff. These increased demands are the result of expanded authorities granted to DCC, such as the authority to abate public menaces, modifications to the County's Blight Abatement Program, enforcement responsibility for the Grass Ordinance, enforcement and fine collections related to the Illegal Signs in the Right of Way Program, and enforcement of the Short-Term Lodging Amendment of the Zoning Ordinance.

The Illegal Signs in the Right of Way Program concluded its fourth full year in operation during FY 2020. This program is authorized through an agreement with the Virginia Department of Transportation (VDOT) and operates through a partnership with the Office of the Sheriff, with the Sheriff's Community Labor Force (CLF) collecting signs from roadways and DCC taking enforcement action in egregious cases. During FY 2019, DCC revised its enforcement practices, which has led to an increase in the issuance of invoices. In FY 2020, over 12,185 signs were collected by the CLF from 99 allotted roadways, and although sign collection numbers have decreased, all indications point to an increase in illegal signage posted on roadways which are not part of the program.

Increased demands related to code amendment changes and new code enforcement challenges such as short-term lodging (STL) and the noise ordinance require analysis, training, and the development of new investigation protocols. These recent and other new amendments require DCC to provide ongoing public outreach and education, to monitor the new investigation protocols and to coordinate with other affected departments. DCC expects there to be an increase in workload over the next several years due to code changes anticipated as a part of the Zoning Ordinance Modernization Project. This major initiative to modernize the County's current ordinance will result in the development of new investigative protocols associated with the new code, training needs and extensive research to carry out enforcement efforts.

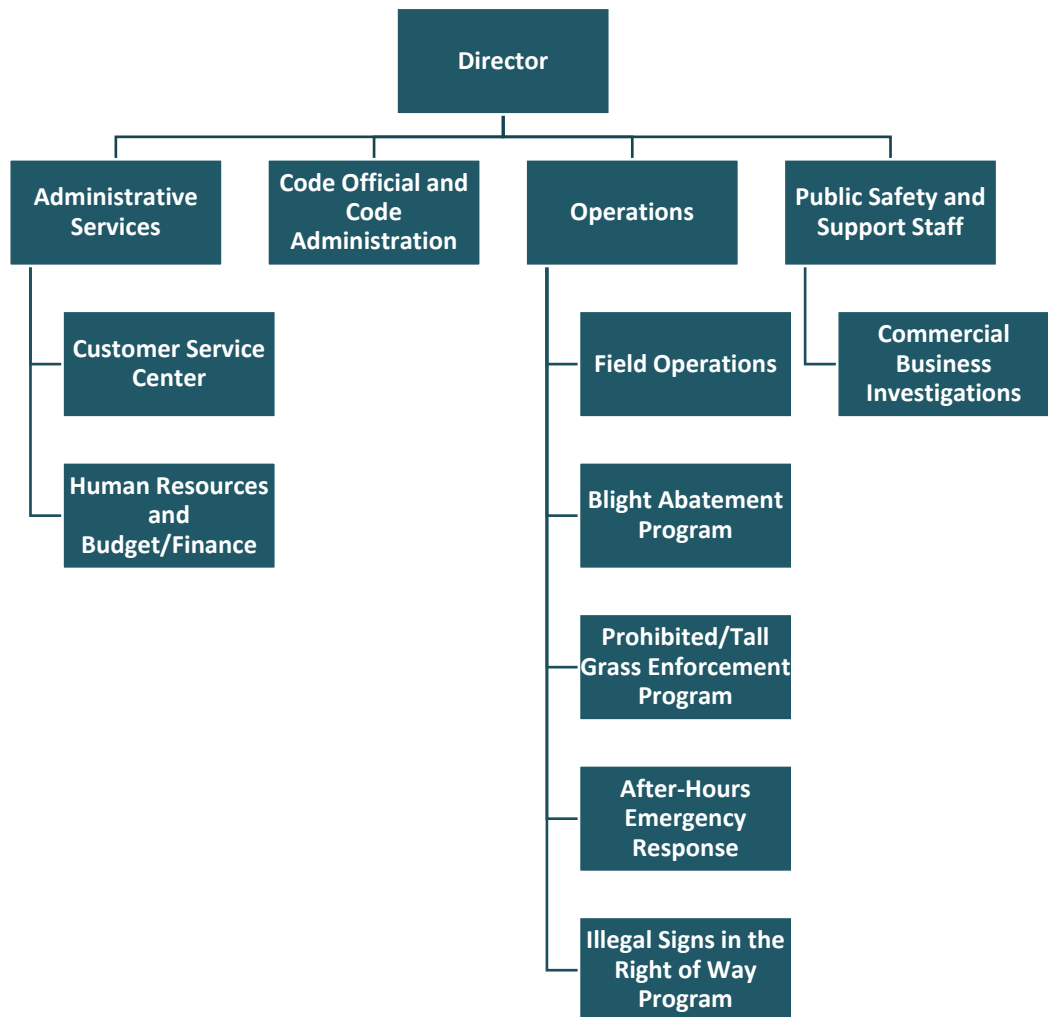

DCC is involved in the design and implementation of the new Planning and Land Use System (PLUS) application, which will replace the legacy Fairfax Inspection Database Online (FIDO) with a solution that improves data collection and analysis. Once implemented, PLUS will improve efficiency within DCC and its sister agencies and help carry out the agency's strategic plan.

DCC, like all other County agencies, now considers and promotes equity in its decision-making processes and in the delivery of future policies, programs, and services, as defined in the One Fairfax Policy. An agency action plan has been implemented and will continue to undergo review and updates to ensure sustained progress on the initiative.

Pandemic Response and Impact

In response to COVID-19, DCC has expanded telework opportunities for staff to provide flexible schedules and has reduced overtime usage during this time. Overall, the department is managing its budget to allow it to continue to serve the community and public without reducing service levels. DCC will continue to carefully monitor all operational expenditures to ensure that all approved transactions are essential to the agency's mission.

FY 2022 Funding Adjustments

The following funding adjustments from the FY 2021 Adopted Budget Plan are necessary to support the FY 2022 program:

FY 2022 funding remains at the same level as the FY 2021 Adopted Budget Plan.

Changes to FY 2021 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2021 Revised Budget Plan since passage of the FY 2021 Adopted Budget Plan. Included are all adjustments made as part of the FY 2020 Carryover Review, FY 2021 Mid-Year Review, and all other approved changes through December 31, 2020:

There have been no adjustments to this agency since approval of the FY 2021 Adopted Budget Plan.

Cost Centers

Code Administration and Administrative Services

Code Administration includes the DCC Code Official who serves as the Fairfax County Property Maintenance Code Official and Senior Deputy Zoning Administrator. This position collaborates closely with the Fairfax County Zoning Administrator, the DCC Field Operations Manager, the Office of the County Attorney, and other stakeholders relevant to code administration, policy interpretation, and legal action. Additionally, the DCC Code Official manages the Code Administration Section of DCC, which is responsible for code analysis, code research, code amendment processing, legislative analysis, and litigation.

Department of Code Compliance

DCC Administrative Services responsibilities include the department's financial and human resources functions, training and employee development, strategic analysis, performance measurement, workforce planning, succession planning, organizational development, and other functions necessary to ensure services and resources are aligned with the agency's mission.

The Central Intake and Customer Services Section is responsible for managing the complaint intake and customer service center for DCC. This section provides all the administrative support to DCC Operations for case processing and case documentation, responds to Freedom of Information Act (FOIA) requests, and coordinates with the Department of Information Technology on systems replacements, web page content updates and technology needs. The Central Intake and Customer Services Center maintains a high level of administrative expertise and provides assistance to citizens from case intake through the entire case management process.

Field Operations

The Field Operations cost center focuses on the assignment and resolution of complaints within five field divisions based on the geographic location of the complaint in Fairfax County. Service requests can be obtained from customer calls, website intake, emails, referrals from staff and other agencies, letters and correspondence, and a variety of other means. Operations staff follows up on these service requests utilizing a review process which involves research, investigation, documentation, issuance of formal notices of violation, follow-up inspections to ensure compliance, and referral to court processes. Both DCC cost centers work closely together throughout the process, from intake, investigation, compliance, and prosecution if necessary, to case resolution and closure. DCC Leadership collaboratively work together on strategic planning, community education, inter-agency coordination, and policy development.

Position Detail

The FY 2022 Advertised Budget Plan includes the following positions:

CODE ADMINISTRATION AND ADMINISTRATIVE SERVICES – 11 Positions			
1	Director, Code Compliance	1	Management Analyst II
1	Code Auth./Strategic Initiatives Mgr.	1	Management Analyst I
1	Code Specialist III	5	Administrative Assistants IV
1	Management Analyst III		
FIELD OPERATIONS – 37 Positions			
1	Code Compliance Operations Manager	17	Code Compliance Investigators II
5	Code Compliance Supervisors	2	Code Specialists I
12	Code Compliance Investigators III		

**Performance
Measurement
Results**

The Director’s Office, Code Administration and Administrative Services Section focuses on customer contact, service request intake, and overall support to field operations. The goal of processing all service requests within two business days was established to ensure an effective intake process and expedient service request processing and case file setup for referral to field operations. DCC Customer Services staff received approximately 9,842 calls and more than 3,956 web complaints in FY 2020. This section processed 98 percent of service requests within two business days, thereby meeting the established target. DCC’s outstanding service model has ensured the ability to continue to effectively process most service requests within one business day.

The primary goal of Field Operations is to provide efficient and effective resolution to the alleged code violations. Two objectives are considered critical to achieving this goal: conducting a first inspection within 14 business days and resolving non-litigated service requests within 120 days. During FY 2020, over 5,900 first inspections were conducted, and 96 percent were conducted within 14 business days, which met the target. At the onset of the pandemic, inspections in late March and throughout April 2020 were postponed due to safety concerns for field personnel and, as a result, 74 percent of non-litigated service requests were resolved within 120 days in FY 2020, short of the 85 percent target.

Indicator	FY 2018 Actual	FY 2019 Actual	FY 2020 Estimate	FY 2020 Actual	FY 2021 Estimate	FY 2022 Estimate
Division Name						
Percent of service requests processed within two business days	98.0%	98.0%	98.0%	98.0%	98.0%	98.0%
Percent of first inspections conducted within 14 business days	95.0%	93.0%	95.0%	96.0%	95.0%	95.0%
Percent of non-litigated service requests resolved within 120 days	84.0%	82.0%	85.0%	74.0%	85.0%	85.0%
