Supervisor Mendelsohn suggested to broaden the scope of this commission beyond just revenues and perhaps have the School Division to enlist outside help to review its budget and change its budget development.

(NOTE: Later in the meeting there was additional information regarding the team. See 10b.)

35. **EXPEDITIOUS AND CONCURRENT PROCESSING FOR THE ROKEBY SUBDIVISION SUBMITTED BY LAMONT DUPONT** (Tape 5)

Supervisor Mendelsohn said that Mr. Lammot DuPont is the owner of a nine acre, R-1 zoned parcel located at Tax Map 3 1-2 ((1)), parcel 96. While he has the right under the R-1 zoning to pursue a more intense development, Mr. DuPont is ready to submit plans for a three-lot subdivision on this nine acre parcel and requests expedited and concurrent processing of his preliminary and final subdivision plans.

Therefore, Supervisor Mendelsohn moved that the Board direct staff to expeditiously proceed with concurrent processing of the preliminary and final

subdivision plans for the Rokeby Subdivision submitted by Mr. Lamont DuPont. This motion does not relieve the applicant from compliance with the provision of any and all applicable ordinances, regulations, or adopted standards. Supervisor Connolly seconded the motion and it carried by a vote of nine, Supervisor Kauffman being out of the room.

36. **PARKING FACILITIES AT THE WEST FALLS CHURCH METRO STATION** (Tape 5)

Supervisor Mendelsohn said that the Washington Metropolitan Area Transportation Authority (WMATA) is developing plans to expand its parking facilities at the West Falls Church Metro Station. The existing surface parking lot accommodates 1,064 vehicles, and the proposed five-level parking structure would add approximately 800 spaces. After public hearings, WMATA expects to award a construction contract by the end of this year. However, during the construction period, which could be 15 to 18 months in duration, over 500 of the existing parking spaces will be lost. It is essential that alternative parking be secured for the patrons of the West Falls Church Metro Station before this project commences.

Therefore, Supervisor Mendelsoshn moved that the Board direct staff to immediately begin working with WMATA staff to provide for adequate alternative parking locations during the construction of the parking garage at the West Falls Church Metro Station and to provide for transportation from those locations to the station, if necessary. Supervisor Connolly seconded the motion and it carried by a vote of nine, Supervisor Kauffman being out of the room.

37. **REZONING APPLICATION RZ 2000-DR-053** (Tape 5)

Supervisor Mendelsohn said that in April of last year, the Board approved Rezoning Application RZ 2000-DR-053 for a project in McLean known as Civic Place. This approval rezoned 2.27 acres to the PDC District to allow a mixed-use development with residences, retail and offices, and met the Comprehensive Plan and the design and guidelines for the McLean Revitalization District. As part of the approval, the Board modified the requirement that the residential component of a PDC District be less than 50 percent of the overall gross floor area.

Supervisor Mendelsohn said that the developers of Civic Place, currently known as Waterford of McLean, now wish to convert some of the office space to residential space. The proposal will not change the architectural or urban design concept of the project, nor will it increase the approved number of residential units. However, this request would increase the proportion of residential gross floor area in the PDC District to approximately 90 percent. Therefore, while this proposal is a minor modification in the mix of uses that would normally be accomplished through a proffered condition amendment, a rezoning to the PRM District is the appropriate vehicle to make the proposed change to this project.

Supervisor Mendelsohn said that the applicant has worked very closely with the McLean Planning Committee on this project over the last month as well and this project is a key element to the revitalization of downtown McLean. In an effort to avoid unnecessary delay to the construction of this previously approved project, he said that it is important that the review of this case is expedited

Therefore, Supervisor Mendelsohn moved that the Board:

- Authorize that Rezoning/Final Development Plan Application RZ/FDP 2002-DR-019 be expedited with a public hearing to be held before the Planning Commission on September 19, 2002, and before the Board on September 23, 2002.
- Direct the Director of the Department of Public Works and Environmental Services to concurrently process the site plan for this project.

This motion should not be construed as a favorable recommendation on the application by the Board and does not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations or adopted standards. Supervisor Connolly seconded the motion and it carried by unanimous vote.

38. **REQUEST SUPPORT FOR EXPEDITING SPECIAL EXCEPTION AMENDMENT APPLICATION SEA 88-V-88-064-3 (PROGRESO HISPANO)** (Tape 5)

Supervisor Hyland said that Progreso Hispano, an organization which evolved from one of Good Shepherd Church's programs to foster US Citizenship, English-speaking and leadership skills to represent their communities on various commissions and boards, is seeking to amend Special Exception Amendment Application SEA 88-V-064-2 to use a portion of the former Home Economics Building of the former Walt Whitman Intermediate School site for its programs.

Supervisor Hyland pointed out that currently the Head Injury Services Partnership uses this building for its treatment programs for adults with brain injuries. Progreso Hispano is seeking to utilize unused space within the building for its programs. These programs would be taking place during the evenings and weekends, when the Head Injury Service Partnership facility is closed. County requirements specify that applications on property owned by a party other than the applicant require the endorsement of the property owner (which in this case is the Board) before such an application can be heard.

Therefore, Supervisor Hyland moved that the Board:

- Endorse filing of a special exception amendment for this property and to permit Progreso Hispano to act as agent for the application.

- Direct staff to concurrently process any plans and permits associated with the application and expedite the public hearing schedule for Special Exception Amendment Application SEA 88-V-064-3 located at 4100 Mohawk Lane.

This motion should not be construed as a favorable recommendation by the Board on the proposed application and does not relieve the applicant from compliance with the provisions of all applicable ordinances, regulations, or adopted standards. Supervisor Kauffman seconded the motion and it carried unanimous vote.

(NOTE: Later in the meeting additional action was taken on this item. See Clerk's Summary Item CL#85.)

39. **ROUTE ONE/OLD COLCHESTER ROAD INTERSECTION** (Tape 5)

Supervisor Hyland said that the Virginia Department of Transportation (VDOT) project to widen Richmond Highway (Route One) between Telegraph Road and Lorton Road in Mount Vernon District was to have been advertised for bids in January 2002. However, VDOT was unable to advertise the project on schedule because Fort Belvoir has not completed its processing of an outgrant application to provide approximately 0.7 acre of property transfer (0.677 acre fee take and 0.675 acre temporary easement) in the vicinity of Old Colchester Road needed to construct the project. Although VDOT has been coordinating with Fort Belvoir on the outgrant since 1997, several issues have been recently raised by the Fort regarding the design of Old Colchester Road, which is adjacent to historic Pohick Church, as it approaches Richmond Highway. While Pohick Church has indicated that it is very satisfied with the VDOT design, a poll of the membership of the Mason Neck Citizens Association indicated support of the design, and the Board has endorsed the plans, Fort Belvoir has continued to question the design on Old Colchester Road.

Supervisor Hyland noted that Fort Belvoir's delay in completing the outgrant has proven to be particularly damaging to the project due to VDOT's current financial problems. Of necessity, VDOT has been forced to prioritize funding for projects already under construction or ready to go to construction. Because of the uncertainty over when the outgrant issue will be resolved, VDOT has delayed funding to the Route One project for four years in the tentative Fiscal Years 2003-2008 VDOT Six-Year Improvement Program.

Supervisor Hyland said that Fort Belvoir in the past month has hired a consultant to prepare a report on Old Colchester Road for submission to the Keeper of the National Register so that a determination of eligibility for placement on the National Register of Historic Places can be obtained. VDOT, County, Federal Highway Administration, and Virginia State Historic Preservation Officer staff do not believe that this is a necessary, or even a reasonable pre-condition of the outgrant process since all parties including Fort Belvoir have agreed to treat Old

Colchester Road as eligible for listing in the National Register of Historic Places for the purpose of the analysis of the environmental impacts of this project.

In an attempt to provide closure in the outgrant process and move construction of this project forward, Supervisor Hyland moved that the Board direct staff to:

- Look for opportunities within the Tentative VDOT Six-Year Improvement Program to fund construction of this project prior to Fiscal Year 2006 as currently shown.
- Inform Fort Belvoir that the Board strongly objects to the Fort's continued delay in completing the outgrant and to the resulting delay in construction of this important project.
- Request Fort Belvoir to conclude the outgrant process expeditiously.

Supervisor Kauffman seconded the motion and it carried by unanimous vote.

40. **VIRGINIA DEPARTMENT OF TRANSPORTATION (VDOT)
DEMOLITION FUNDS SOUGHT FOR RICHMOND HIGHWAY
WIDENING PROJECT NUMBER THREE** (Tape 5)

Supervisor Hyland referred to his written Board Matter which indicates that the final list of VDOT "Selected Fairfax County Projects for Proposed 2003-2008 Six-Year Program" is to be finalized during the June 20, 2002, meeting of the Commonwealth Transportation Board. Selected roads stated on that list will either remain on the list to "construct"; remain on the "Development List" (funded for preliminary engineering, design, and right of way acquisition); be put on the "Delay" list; or be on the "Eliminated" list.

Supervisor Hyland said that Project Three - Route One - Lorton Road to Telegraph Road remains on the "Development List" and the properties have been purchased, utilities have been moved and re-installed. On some of these VDOT rights-of-way there remains vacant dwellings, a defunct gas station; a dilapidated house with a make-shift built store; a former restaurant/take out and a dilapidated one story stucco building.

Supervisor Hyland said that this project is on the VDOT proposed delay construction list for the next 54 months. Therefore, Supervisor Hyland moved that the Board direct staff to request the Virginia Department of Transportation to raze these hazardous buildings and eliminate what is already a blighted condition on Route One. Supervisor Hudgins seconded the motion.

Following input from Anthony H. Griffin, County Executive, Supervisor Hyland amended the motion to include the property on the blight list, and this was accepted.

The question was called on the motion, as amended, and it carried by unanimous vote.

41. **NOMINATION OF MR. DAVID BENDER TO THE FAIRFAX-FALLS COMMUNITY SERVICES BOARD (CSB)** (Tape 5)

(BACs) Noting that nominations to the CSB must be announced in advance of the actual appointment, Supervisor Hyland provided notice of his intent to nominate Mr. David Bender as Mount Vernon District Representative for appointment to the CSB at the next Board meeting scheduled for June 17, 2002.

42. **MCLEAN HIGH SCHOOL GIRLS' CREW TEAM** (Tape 5)

(NOTE: Earlier in the meeting this team was discussed. See Clerk's Summary Item CL#27 and CL#34.)

Supervisor Mendelsohn noted that the McLean High School Girls' Crew Team will represent Virginia and the nation in England at the end of the month.

43. **WESTMINSTER BUILDERS CLUB OF WESTMINSTER SCHOOL** (Tape 5)

Supervisor Gross said that the Westminster Builders Club of Westminster School, is a philosophy and a pledge by over 60 seventh and eighth graders to make the world a better place for all. These young people have just been notified that they will receive a Daily Points of Light Award for providing over 1,500 hours in community services to the Center for Multicultural Human Services and Fairfax County.

In recognition of their extraordinary leadership efforts, Supervisor Gross moved that the Board direct staff to invite members of the Westminster Builders Club, and other appropriate individuals appear before the Board to receive a proclamation at its July 1, 2002, meeting. Supervisor Connolly seconded the motion and it carried by a vote of nine, Supervisor Hyland being out of the room.

44. **INTENT TO DEFER THE PUBLIC HEARING ON SPECIAL EXCEPTION APPLICATION SE 01-M-041** (Tape 5)

Supervisor Gross announced her intent later in the meeting, at the appropriate time, to defer the public hearing on Special Exception Application SE 01-M-041 for KFC of America.

(NOTE: Later in the meeting this public hearing was formally deferred. See Clerk's Summary Item CL#78.)

45. **HOLIDAY FOR COUNTY EMPLOYEES JULY 5, 2002** (Tape 5)

Supervisor Gross said it was announced recently that Governor Warner has declared July 5 a holiday for State employees. State courts as well as Fairfax County Courts will be closed that day. The Employees Advisory Council (EAC) asks that the Board follow suit and grant July 5 a holiday for County employees.

Therefore, Supervisor Gross moved that the Board grant July 5, 2002, as a holiday for Fairfax County employees. Supervisor Bulova seconded the motion and it carried by unanimous vote.

46. **FAIRFAX COUNTY LICENSE PLATE** (Tape 5)

Supervisor Gross announced that Virginia drivers have only a few more weeks to reserve the Fairfax County license plate featuring the County coat-of-arms and the motto "Home of the Bill of Rights." For more information please call 703-324-2531 or visit www.fairfaxcounty.gov/today/plate.htm.

Supervisor Gross encouraged everyone to sign up.

(NOTE: Later in the meeting the Board made another announcement about this license plate. See Clerk's Summary Item CL#58.)

47. **SPOTLIGHT BY STARLIGHT CONCERT SERIES** (Tape 5)

Supervisor Gross announced that the Spotlight by Starlight concert series began on June 2, 2002. She said that there are concerts every Sunday, Wednesday, and Friday at 7:30 p.m. and on Saturdays at 10 a.m. for the children's programs.

(NOTE: Later in the meeting the Board announced other concert programs. See Clerk's Summary Items CL#48, CL#58, CL#59, and CL#64.)

48. **NOTTOWAY NIGHTS CONCERT SERIES** (Tape 5)

Supervisor Connolly announced the newest concert series "Nottoway Nights" is at Nottoway Park every Thursday in the Summer starting June 6, 2002, at 7:30 p.m.

Supervisor Connolly asked unanimous consent that the Board direct staff to further advertise the concert series. Without objection, it was so ordered.

49. **CAPITAL ONE – NORTHERN VIRGINIA HEADQUARTERS ROAD NAME CHANGE** (Tape 5)

Supervisor Connolly said that Capital One undertook an exhaustive search throughout Northern Virginia for their regional headquarters, including evaluating sites in Alexandria, Arlington, Prince William, and Loudoun. Capital One is one of the largest employers in the Commonwealth.

Supervisor Connolly said that Capital One has now requested Board approval in renaming its private entrance road from "Innovative Place" to "Capital One Drive." This is a private roadway within a landlocked triangle that serves only the Capital One campus. This roadway leads from Scott's Crossing Road and is completely located within the Capital One campus. The road starts and dead ends on the site and will not lead to any other campus or building. This roadway was designed, funded, constructed and will be maintained by Capital One, at no expense to the public.

To alleviate concerns of staff, Capital One has committed that it will notify the County well in advance of any corporate name change (for example, through acquisition or merger and/or any other event) which would inspire a name change to this private roadway. Capital One is assuring the County that it does not have any plans that would affect the name of this street. Capital One is proud to be in Fairfax County and Tysons and wants an address that reflects its presence and commitment to remain here. In conclusion, due to the unique circumstances of this land bay, Capital One's request to rename "Innovative Place" to "Capital One Drive" is reasonable.

Therefore, Supervisor Connolly moved that the Board direct the staff to rename the private road now designated "Innovative Place" to "Capital One Drive." Supervisor McConnell seconded the motion and it carried by a vote of nine, Supervisor Hyland being out of the room.

50. **UNITED STATES IN THE JAPAN BOWL** (Tape 5)

Supervisor Connolly said that Michael Waine, Anahita Schacht, and Shannon Egan of the Level IV Japanese class at Oakton High School won second place in the United States in the Japan Bowl, beating Thomas Jefferson School for Science and Technology. The Japan Bowl is a competition similar to "Its Academic," but in Japanese. It is hosted by the Japan American Society of Washington and held in Washington, DC. All 50 states are invited to participate, and 37 competed this year. The students were coached by their teacher Ms. Suga Carney and are all graduates of the Japanese Immersion Program.

Supervisor Connolly moved that the Board direct staff to invite Mr. Michael Waine, Ms. Anahita Schacht, Ms. Shannon Egan and Ms. Suga Careny to appear before the Board to be recognized for this achievement. Supervisor McConnell seconded the motion and it carried by a vote of nine, Supervisor Hyland being out of the room.

51. **AMERICA'S NATIONAL SCHOOL SAFETY PATROL LIFESAVER**
(Tape 5)

Supervisor Connolly said that Greg Whitaker, a six grader at Fairhill Elementary School, has won the highest award given to a safety patrol member, the American Automobile Association's National School Safety Patrol Lifesaver Award. The award is given to individuals who while on patrol save the life of a person in

imminent danger. Greg, while on duty, was walking a first grade student home and foiled a kidnapping. He noted the suspect's vehicle and the license number. After seeing the first grader home safely, he reported the incident to Fairhill Principal Janis Paushter. He later gave a statement to the police.

Supervisor Connolly moved that the Board direct staff to invite Greg Whitaker and Dr. Paushter to appear before the Board to be recognized. Supervisor Hudgins seconded the motion and it carried by unanimous vote.

52. **COX – DIGITAL CONVERSION** (Tape 5)

Supervisor Connolly said that a constituent contacted his office with concerns regarding Cox's handling of the digital conversion. According to this constituent, who is elderly, he had to disconnect his old cable box himself, take his box to a mobile van a block and a half away, and wait outside for hours in the chilly weather to get a new cable box. He also had to install it himself. The constituent mentioned that while he was capable of doing what he did, many of his friends who are also elderly are not. This constituent also mentioned that he was never informed of any services that Cox Communications offers to help individuals that need such assistance.

Supervisor Connolly moved that the Board direct the Department of Cable Communications and Consumer Protections to:

- Review the existing procedures concerning digital conversions and enter into discussion with Cox Communications with solutions to better inform citizens of their options and how they can access assistance
- Report to the Board the favorable results.

Supervisor Gross seconded the motion and it carried by a vote of nine, Supervisor Bulova being out of the room.

53. **BUILDABLE LOT REQUIREMENTS** (Tape 5)

Supervisor McConnell said that a number of constituents have brought to her attention an issue drastically affecting the current status of their properties. These concerns are the result of the subdivision of parcels, by previous property owners, in a manner not subject to review and approval by the County in accordance with the subdivision procedures. As a result of this action, these parcels are considered unbuildable lots, even though homes have been located on them for many years. This status renders the current homeowners helpless in attempting to gain permits to build an addition or construct a deck. It could even prevent the homeowner from reconstructing the current residence if destroyed by fire or natural causes. These parcels would otherwise meet the buildable lot requirements if previous

owners had filed with the County in accordance with the subdivision approval requirements.

Supervisor McConnell said that a thorough review of this issue, by staff, has failed to identify a process allowing for the validation of these parcels as buildable lots.

Therefore, Supervisor McConnell moved that the Board direct staff to prepare all necessary proposed amendments to the Code of the County of Fairfax, Chapter 101 (Subdivision Ordinance) and the Public Facilities Manual to expand the provisions for validation of lots, to include those lots which met the requirements of the Zoning Ordinance at the time of their creation, but did not meet the requirements of the Subdivision Ordinance. Supervisor Frey seconded the motion.

Chairman Hanley clarified that the proposed amendment would apply to those whose lots meet the existing requirements if they had gone through the process.

The question was called on the motion, as clarified, and it carried by unanimous vote.

54. **GREENBRIAR HOMEOWNERS' ASSOCIATION SITE PLAN FEE WAIVER** (Tape 5)

Supervisor McConnell said that the Greenbriar Homeowners' Association is a 501(c)(4) organization based upon the Internal Revenue Service's finding that the association is a nonprofit civic league operating exclusively for the promotion of social welfare. The Greenbriar Homeowners' Association wants to expand its community center parking lot in the near future to better serve the community's needs, and it will be required as part of these plans to file a site plan and a related soil report with the County. The County assesses fees, pursuant to the Zoning Ordinance, for processing the site plan and soil report that total \$2,900. The Zoning Ordinance additionally states that the fees associated with the processing of a site plan may be waived by the Board for good cause shown, a provision that has been applied by this Board to waive such fees in the past in appropriate circumstances.

Supervisor McConnell said that the Board should endorse a waiver of fees associated with the Greenbriar Homeowners' Association's plans to expand its parking facilities since the organization is operating on a nonprofit basis, solely for the promotion of the community's needs, and is not in a financial position to pay the fees that would otherwise be assessed by the County for the processing of the site plan and soil report.

Therefore, Supervisor McConnell moved approval of a waiver of all fees associated with the Greenbriar Homeowners' Association's application to expand its community center parking lot for good cause shown. Supervisor Frey seconded the motion.

Following input from David P. Bobzien, County Attorney, the question was called on the motion and it carried by a vote of nine, Supervisor Mendelsohn being out of the room.

55. **SPRINGFIELD DAYS** (Tape 5)

Team A won first place in Division 2 and Team B placed tenth within the Division 1 category. Accordingly, he moved that the Board direct staff to invite team members and coaches to appear before the Board for recognition of this excellent achievement. Supervisor Bulova seconded the motion, which carried by a vote of nine, Supervisor Mendelsohn being out of the room.

57. **BRADDOCK DISTRICT TOWN MEETING ON CLEAN AIR** (Tape 6)

Supervisor Bulova announced that on June 19, 2002, at 7:30 p.m. she will be hosting a Braddock District Town Meeting on the subject of clean air. She had previously hosted a town meeting on this topic in the fall of 1993, not long after the Clean Air Act of 1990 had been passed and regions throughout the United States received designations describing their air quality. The local region of Baltimore, suburban Maryland, Washington, DC, and the Northern Virginia area was designated *Serious*.

Supervisor Bulova stated that during the last ten years, the region has struggled to improve its air quality. She noted that much of the "bad" air is transported ("blown in") from neighboring states, where power plants and heavy industry cause pollution, but this area also suffers from air polluting traffic congestion and other practices that contribute to the fouling of the local air. She indicated that the air quality has improved, but projections for continuing improvement may not be enough to meet Environmental Protection Agency guidelines. She said that leaders in the area fear that the designation may soon shift from *Serious* to *Severe*. That new designation could trigger some difficult sanctions and result in a loss of precious transportation dollars.

Supervisor Bulova said that whether someone's particular interest is transportation, environment, or health and human services, this town meeting should be informative and helpful. She extended an invitation to everyone to attend. For more information, interested citizens should contact the Braddock District Office at 703-425-9300.

(NOTE: Later in the meeting, Supervisor Bulova presented further information about this meeting. See Clerk's Summary Item CL#58.)

(NOTE: Earlier in the meeting the Board announced a panel discussion on clean air. See Clerk's Summary Item CL#57.)

(NOTE: Earlier in the meeting the Board announced the Fairfax County License Plate. See Clerk's Summary Item CL#46.)

Supervisor Bulova announced the recent distribution of her newsletter, the *Braddock Byline*. On the back of the newsletter she had indicated that Chairman Hanley would participate in a panel discussion on clean air at the town meeting, but she recently learned that the Chairman is already scheduled for another meeting. Supervisor Bulova announced that she is trying to find a representative from Senator Jeffords' office to speak because he introduced legislation in the Senate that would help the region on the issue of the importation of bad air. The Board is on record in support of the companion bill from the House of Representatives.

Supervisor Bulova also pointed out that the newsletter contains a schedule for *Braddock Nights*, the free summer concert series on Fridays at 7:30 p.m. both at Lake Accotink and Royal Lake.

Supervisor Bulova noted that the newsletter contained an advertisement for the Fairfax County license plate which needs additional support before the June 30, 2002, deadline.

(NOTE: Earlier in the meeting the Board took action regarding grant funding for the Triad Crime Prevention Program Grant. See Clerk's Summary Item CL#16.)

Supervisor Hudgins referred to a Board Agenda Item presented earlier in the meeting regarding a Triad grant. Local triads were created in 1995 to reduce criminal victimization of older citizens and enhance law enforcement service delivery to them.

Supervisor Hudgins announced the organization of the first SALT Council in the Hunter Mill District. The SALT Council consists of senior adult volunteers and representatives from Triad who work to educate the community, develop and implement programs to increase safety, and address concerns of seniors. Her written Board Matter listed the composition of the Hunter Mill District SALT Council in terms of the senior residents of the district and professional agency representation.

To commemorate this important accomplishment, Supervisor Hudgins said that representatives from the participating organizations have been invited to sign a proclamation on June 11 to officially show their commitment to the program. Accordingly, she moved that the Board direct staff to invite members of the Hunter Mill District SALT Council to appear before the Board to be recognized for their contribution in organizing the SALT Council. Chairman Hanley seconded the motion, which carried by a vote of nine, Supervisor Mendelsohn being out of the room.

61. **RECOGNITION OF GOLD'S GYM** (Tape 6)

Supervisor Hudgins stated that the Department of Community and Recreation Services is successfully partnered with Gold's Gym – Herndon, which has provided services and funds for the Reston-Herndon Senior Program at the Reston-Herndon Senior Center. This partnership allows Gold's Gym to provide two qualified instructors to facilitate the program on a weekly basis for one hour. The class is composed of a series of exercises designed to increase strength, balance, and flexibility. This has been a pilot program since November and without Gold's Gym as a partner, the cost would have been \$13,000.

Accordingly, Supervisor Hudgins asked unanimous consent that the Board invite representatives from Gold's Gym to appear before the Board to be recognized for their outstanding service to the Reston-Herndon Senior Center and the County. Without objection, it was so ordered.

He asked unanimous consent that the Board direct staff to provide a report on the incident, including the inspection process and any additional action staff believes necessary to guard against a recurrence of this type of incident.

Following discussion, with input from Anthony H. Griffin, County Executive, without objection, the request was so ordered.

67. **REOPENING OF FORT BELVOIR'S TELEGRAPH ROAD/BEULAH STREET** (Tape 6)

Jointly with Supervisor Hyland, Supervisor Kauffman noted that after over eight months of community applied pressure, the Army has agreed to reopen Fort Belvoir's Telegraph Road/Beulah Street access to vehicles with Department of

Defense decals. This successfully completes the first part of a two-part program necessary to relieve the traffic gridlock created when the Army chose to close a vitally needed state roadway connecting Telegraph Road and Route One.

Supervisor Kauffman asked unanimous consent that the Board direct staff to prepare a letter to Senator Warner, Congressman Davis and Congressman Moran to:

- Commend them for their efforts to make this reopening happen.
- Again urge these leaders to proceed with the second part of this program, securing needed Federal funding to build a “bypass” roadway linking Telegraph Road and Route One along an extension of Old Mill Road as shown in the County’s Comprehensive Plan. The Board has already gone on record requesting this funding.

Without objection, it was so ordered.

Supervisor Kauffman provided copies of a media release on the road reopening.

68. **SOUTH COUNTY CENTER** (Tape 6)

Supervisor Kauffman invited fellow Board Members and members of the community to the ribbon cutting ceremony that will formally open the South County Center on Saturday, June 15, 2002, from 10 a.m. to 2 p.m. The South County Center is located at 8350 Richmond Highway.

Supervisor Kauffman further noted that in an effort to better serve the residents of the Richmond Highway area, he was opening a Lee District satellite constituent service office in the South County Center. Beginning June 19, 2002, the satellite office will be staffed on Wednesdays from 9 a.m. to 1 p.m. by Jeff McKay.

Supervisor Kauffman expressed appreciation to the following contributing partners for their donations to this special event: Pfizer Company, Rent-All Center, Fairfax County Federal Credit Union, and the Mount Vernon/Lee Chamber of Commerce.

Supervisor Kauffman also thanked in advance all the County staff members who have worked so hard to ensure the opening will be a success.
