

2010 Fairfax County Diversity Index by Census Block Groups

Diversity Indices
Fairfax County: 63.8%
Virginia: 53.4%
United States: 54.9%

2010 Census Block Groups

Diversity Index

-  Under 40%
-  40 to 53%
-  53.1 to 64%
-  64.1 to 75%
-  Over 75%

The diversity index reports the percentage of times two randomly selected people would differ by race/ethnicity. A diversity index of 0 means there is no diversity in the area. The higher the diversity index, the more diverse the area.
