County of Fairfax, Virginia

MEMORANDUM

DATE:	February 4,	2022
DAIL.	rebluary 4,	2022

TO: Board of Supervisors

Bryan J. Hill J. Kull FROM:

SUBJECT: Stimulus Funding Update – December 2021/January 2022

This memorandum is intended to provide the Board of Supervisors with an update of the receipt and allocation of stimulus funds to support the County's response to the COVID-19 pandemic. County staff have continued to work diligently to pursue funding, track expenses, and determine eligibility of these expenses to maximize outside funding sources.

Important information contained in this update:

- Stimulus funds anticipated or awarded to the County and Schools now total \$1.03 billion.
- Allocations for the County's ARPA Coronavirus State and Local Fiscal Recovery Funds remain unchanged from the October/November 2021 memo.
- Final allocations for the County's CARES Coronavirus Relief Funds were provided in the October/November 2021 memo. As the deadline for CRF funds was December 31, 2021, final reconciliation for expenses is underway and any remaining balances in specific allocations will be shifted to cover eligible public health salaries as necessary.
- An unallocated balance of \$21.5 million remains in the General Fund Pandemic Reserve.
- The 100 percent federal FEMA cost share deadline remains April 1, 2022.

As of January 2022, the County has received, or is anticipated to receive, \$699.8 million, which includes the \$200.2 million from the Coronavirus Aid, Relief, and Economic Security (CARES) Act Coronavirus Relief Fund (CRF), \$54.2 million anticipated as a result of approved FEMA reimbursements discussed on page 26, \$222.5 million in grants and other awards outlined beginning on page 30, and \$222.9 million anticipated through the America Rescue Plan Act (ARPA). County grant awards are increased by \$6.2 million from the last update due to nine new awards, including additional funds for COVID-19 testing, adult protective services, the Infant and Toddler Connection program, and for programs administered by the Area Agency on Aging, among others. In addition, Fairfax County Public Schools (FCPS) has been awarded or anticipates funding of \$326.5 million (not including the \$19.6 million allocated from the County's CRF award). In total, stimulus funds provided to the County and FCPS total \$1.03 billion.

It should be noted that as the state allocates their ARPA Coronavirus State and Local Fiscal Recovery Funds, the County will continue to receive grant funding intended to support pandemic response efforts. In many cases, the County is not required to apply or compete for these awards.

The Board will continue to be notified of these awards through this memo. However, in recognition of the increased number of grant-related Board items that these awards generate, staff will include new grant awards less than \$0.5 million as part of a quarterly budget review rather than a formal Board item when possible. New grant awards more than \$0.5 million and/or those awards less than \$0.5 million with significant policy implications will continue to be approved through a separate Board item.

ARPA Coronavirus State and Local Fiscal Recovery Funds

On June 8, 2021, the Board of Supervisors approved the appropriation of the first tranche of funding received through the ARPA Coronavirus State and Local Fiscal Recovery Funds (CSLFRF). A total of \$111.45 million has been appropriated in the General Fund and is available to be used to respond to public health needs, address negative economic impacts of the pandemic, offset revenue losses experienced as a result of the pandemic, and other eligible expenses. As the CSLFRF funds provide more flexibility than other targeted funding sources, staff will continue to maximize these other sources, such as the Emergency Rental Assistance Program and reimbursements through FEMA before considering ARPA funds.

County staff continue to abide by all federal reporting requirements and submitted the most recent quarterly project and expenditure report for the CSLFRF on January 31, 2022. The County also continues to submit quarterly reports associated with the Coronavirus Relief Fund and monthly and quarterly reports for the Emergency Rental Assistance (ERA) 1.0 and ERA 2.0.

On January 6, 2022, Treasury released the Final Rule for guidance pertaining to CSLFRF spending. The final rule goes into effect on April 1, 2022, although localities can take advantage of new provisions prior to the effective date. Key changes from the Interim Final Rule include:

- A new \$10 million revenue loss allowance. Counties may allocate up to \$10 million of their total allocation to spend on government services instead of utilizing the revenue loss formula. Although this provision may be helpful to some localities, it does not affect Fairfax County as the County's estimated revenue loss significantly exceeds the \$10 million figure.
- Improvements to the revenue loss formula. Treasury has changed the assumed rate of revenue growth from 4.1% to 5.2%. Utilizing the new guidance, the County's estimated revenue loss from June 30, 2019 through December 31, 2021 is \$444.8 million.
- Presumption of populations impacted by the pandemic. The Final Rule clarifies what is considered a 'low-income' or 'low-to-moderate income' household. Treasury allows certain households or communities such as those that are low-to-moderate income, experienced unemployment or food or housing insecurity, or qualify for certain assistance programs to be presumed as being negatively impacted by the pandemic and outlines an extensive list of eligible uses to assist these families. Additionally, Treasury allows other households and communities such as those that are low-income, reside in qualified Census Tracts, or qualify for certain federal benefits to be presumed as being disproportionately impacted by the pandemic and provides an extensive list of eligible uses.
- Clarification regarding industries which can be targeted. The Final Rule designates that the travel, tourism, and hospitality sectors are 'impacted' and further provides parameters

by which other industries can be considered 'impacted' for purposes of providing assistance.

- Provision of worker retention incentives. The Final Rule broadens the share of eligible workers who can receive premium pay. Localities are allowed to provide worker retention incentives, including reasonable increases in compensation. The administrative costs associated with implementing hiring, support and retention programs are also eligible.
- Clarification of eligible capital expenditures. Treasury provides examples of eligible capital expenditure projects including schools, childcare facilities, behavioral health facilities, and affordable housing and provides parameters regarding the justifications required depending upon the project cost.
- Additionally, the Final rule broadens the eligible use of funds for water and sewer projects and for broadband infrastructure investments.

The chart below displays recommendations for the partial allocation of the first tranche of CSLFRF funding. These allocations remain unchanged from the October/November 2021 memo. It is anticipated that, like the allocations for the Coronavirus Relief Funds, these allocations will change over time based on changing needs, new funding opportunities, and County priorities.

ARPA Coronavirus State and Local Fiscal Recovery Funds Allocations		
	October/ November Allocation	December/ January Allocation
Supporting Public Health Response		
Contact Tracing Program	\$8,000,000	\$8,000,000
Behavior Health Initiatives	\$2,000,000	\$2,000,000

Staff has identified several initiatives to help meet behavioral health needs which have emerged or have been exacerbated by the COVID-19 pandemic. The following three initiatives totaling \$1.6 million are recommended.

- Expansion of Short-Term Behavioral Health Services
 - Short-Term Behavioral Health (STBH) Services is a program that provides short-term outpatient therapy to eligible youth and their families. Outpatient services are purchased from contracted private providers and is for students with depression, anxiety, and other emerging mental health issues. The program is available to youth whose families has an income less than 400 percent of the poverty level and who cannot access services due to lack of insurance, lack of providers who accept their insurance, or providers having long waiting lists for treatments. STBH Services will be expanded to Fairfax County Public Schools elementary schools whose free and reduced lunch percentage is over 70 percent and are in zip-codes whose population was disproportionally impacted by COVID-19. A 1/1.0 FTE new position was approved as part of the FY 2021 Carryover Review to manage the additional youth who will be served as well as overall program and fiscal compliance.

DFS proposes to integrate a new program aimed at retraining workers who were affected by COVID-19		
with the regional public workforce system to: 1) leverage oversight and management support; 2) access		
critical job training funds through WIOA and other grant programs; and 3) connect job seekers to the		
labor market. Funding of \$0.7 million and 6/6.0 FTE new positions were approved as part of the FY 2021		
Carryover Review to serve an additional 300 unemployed and underemployed workers over the next 12		
months with highly individualized career coaching and job training services. An individualized		

months with highly individualized career coaching and job training services. An individualized, evidence-based, and proven job-driven model with highly targeted training and significant support is required to transition people who are unemployed or under-employed into long-term, life-changing opportunities at a living wage.

Basic Income Pilot Program	\$1,500,000	\$1,500,000

Consistent with the June 29, 2021 presentation to the Board at the Health and Human Services Committee meeting, funds have been set aside to establish a basic income pilot program in the County. As this program is still under development, additional information will be provided to the Board as program details are finalized.

Provision of Government Services, to the Extent of the Loss of Revenue		
Park Authority Support	\$7,522,122	\$7,522,122

Consistent with the October 5, 2021 Board Matter presented by Chairman McKay and Supervisor Alcorn, and approved by the Board, funds have been set aside to address significant deferred maintenance projects throughout the park system, affecting all districts in the County. The Park Authority has lost more than \$35 million in revenue from the closure of classes and camps during the height of the pandemic. While this allocation does not address the entire revenue loss, it will address areas that have an immediate operational impact. Funding has been allocated as follows:

- \$5.0 million for RECenters to replace consumable items beyond their useful life and address maintenance needs; and
- Just over \$2.5 million for deferred maintenance and operating expenses in parks, trails, and non-revenue facilities in disproportionately impacted areas of the County.

One-Time County Projects (IT, Capital, Apparatus)	\$1,400,000	\$1,400,000
Replacement of Exterior Community Center Courts	\$2,300,000	\$2,300,000

Exterior tennis and basketball courts at the James Lee and Bailey's Community Centers require significant repairs. The courts are cracked and have become unusable due to safety concerns and need to be completely replaced to ensure the safety and usability of the courts. Funding will cover the replacement of two tennis courts at the James Lee Community Center and two basketball courts at the Bailey's Community Center. The work at the James Lee Community Center is currently scheduled for Spring 2022 while the Bailey's Community Center courts will be replaced in FY 2023. Both of the community centers are located in areas disproportionately impacted by the pandemic.

ARPA Coronavirus State and Local Fiscal Recovery Funds Allocations		
October/ NovemberDecember/ January Allocation		
Cybersecurity Support	\$5,000,000	\$5,000,000

Following discussions with staff in the Department of Information Technology, funds have been allocated to support the expansion of the County's cyber resiliency and to strengthen the County's defense against cyber vulnerabilities to ensure the safeguarding of County data. These funds have been shifted from the placeholder allocation for One-Time County Projects, resulting in no net change to the allocation totals.

Video Teleconference Solution	\$3,000,000	\$3,000,000

Following discussion with staff in the Department of Information Technology, funds have been allocated to develop a standardized, centrally managed Video Teleconference (VTC) solution. As Fairfax's hybrid return-to-office policy is implemented, deploying standardized Video Conferencing Room technology will enable Fairfax County agencies to facilitate meetings and collaboration with a mix of in-person and remote employees in a more efficient and effective manner. A second allocation of \$3.0 million is recommended to be included when the second tranche of funds is received.

COVID-19 After Action Report\$600,000\$600,0
--

At the Board Meeting in July the County Executive was tasked to "conduct a comprehensive review of the County's response to the COVID-19 pandemic to include, but not be limited to, each County agency's COVID response, how the pandemic affected operations, how those changes impacted the community, as well as internal and external communications. Considering the pandemic is not over, this review will need to take place in two parts and should result in a report delivered to the Board outlining any areas of improvement and a list of recommendations to remedy those issues. This report should be presented to the Board by the beginning of February 2022." As a result of this directive, staff recommends allocating \$0.6 million for this purpose.

Total Allocations	\$96,180,122	\$96,180,122
Unallocated	\$15,267,197	\$15,267,197

As funds begin to be expended under these programs, future stimulus memos will include a more detailed table describing allocations, expenses year-to-date, and balances, along with additional narrative detail, as has been included for Coronavirus Relief Fund expenses.

Staff continue to review agency requests and recommendations for ARPA Coronavirus State and Local Fiscal Recovery Funds. It is anticipated that additional recommendations will be provided to the Board of Supervisors in the coming months.

CARES Coronavirus Relief Fund

Final Coronavirus Relief Fund allocations were provided as part of the October/November 2021 update and are reflected in the table on page 10. Final reconciliation for CRF expenses is underway and any remaining balances in specific allocations will be shifted to cover eligible public health salaries as necessary. Although the deadline to finalize CRF expenses is not until October 2022, staff anticipates submitting the final CRF report by the end of FY 2022.

FEMA Public Assistance Update

To date, the County has submitted 12 requests to FEMA totaling \$56.31 million and has been approved for 11 reimbursements totaling \$54.22 million, including:

- \$6.86 million for personal protective equipment (PPE) submitted on October 8, 2020, which was approved in-full;
- \$0.90 million for disinfectant and cleaning supplies submitted on November 6, 2020, which was approved with only a slight modification;
- \$0.45 million for communications expenses submitted on December 14, 2020, which was approved with only a slight modification;
- \$3.31 million for PPE and plexiglass submitted on February 19, 2021, which was approved in-full;
- \$17.12 million for non-congregate sheltering submitted on March 12, 2021, which was approved in-full;
- \$0.83 million for law enforcement and security expenses submitted on June 4, 2021, which was approved with only a slight modification;
- \$5.34 million for non-congregate sheltering submitted on June 23, 2021, which was approved in-full;
- \$0.15 million for emergency medical response expenses submitted on July 6, 2021, which was approved in-full;
- \$0.82 million for disinfectant and cleaning supplies submitted on August 11, 2021, which was approved in-full;
- \$5.71 million for PPE and plexiglass submitted on September 28, 2021, which was approved in-full;
- \$12.75 million for non-congregate sheltering submitted on November 18, 2021, which was approved with only a slight modification; and
- \$2.06 million for public safety overtime submitted on January 4, 2022, which is pending approval.

Per the Executive Order signed by President Biden, FEMA is reimbursing approved expenses at 100 percent. On November 9, 2021, the President extended the 100 percent federal cost share through April 1, 2022. After this date, the County can continue to pursue reimbursement for eligible expenses but will be responsible for the 25 percent local match for which funding sources will need to be identified. Staff will be continuing to identify eligible expenses and submit requests as appropriate in the coming months.

Detailed information regarding projected FEMA-eligible expenses begins on page 26.

General Fund Coronavirus Pandemic Reserve

The Coronavirus Pandemic Reserve in the General Fund currently totals 22.53 million, which includes the 1.53 million added to the reserve as part of the *FY 2022 Mid-Year Review*. Of this amount, 1.06 million – representing no change from the prior memo – has been allocated as follows:

- \$900,000 has been allocated to support residents who are behind in their rent payments in properties that are owned or managed by the Fairfax County Redevelopment and Housing Authority (FCRHA). Based on CRF guidelines, Coronavirus Relief Funds cannot be utilized to assist these residents as the funds would be directed to the County. Provision of these funds will assist residents and help to ensure the financial strength of the FCRHA. Staff is in the process of determining if Emergency Rental Assistance Program funds could also be used for this purpose.
- \$161,655 remains of the original \$400,000 allocation to support the Service Navigation Support Team (SNST). The SNST is a partnership between the Health Department, the Department of Neighborhood and Community Services (NCS), and contracted communitybased organizations (CBOs) to ensure COVID-positive residents are successful in accessing basic needs when isolation or quarantine is necessary. To be eligible to receive services under the SNST, individuals must reside in Fairfax County and have been identified by the Health Department or QPID (Quarantine, Protection, Isolation and Decompression) shelter staff as COVID-positive and in need of services. Service Navigation supports will be short-term (up to 90 days) and interventions can be done virtually or in-person depending on CDC-recommended guidelines. Funding will be used to support the CBOs contracted to provide service navigation as part of this initiative. The CBOs will be responsible for supporting COVID-positive residents during isolation and/or quarantine by connecting them to available wraparound services, to include linking patients and family members across all areas of human services including basic needs. The CBOs will provide seamless and efficient service navigation by helping to remove barriers to accessing services, while increasing residents' engagement and active participation in care. Service navigation will be provided in a culturally and linguistically competent manner, ultimately enabling residents to improve their capacity for self-management and wellness.

The following tables summarize programmatic and funding information related to the Coronavirus Relief Fund allocations, anticipated FEMA reimbursements, and other funds anticipated to be received or for which applications have been submitted.

Coronavirus Relief Fund Allocations

The full \$200.2 million received from the CARES Coronavirus Relief Fund has been allocated to various programs and expenditures, as outlined below. To date, **<u>\$197.4 million</u>** has been encumbered or expended in the following programs. Staff continue to pursue other funding opportunities and move expenses accordingly. Final reconciliation is underway and remaining funds will be shifted to cover eligible public health salaries as necessary.

Community and Business Support			
Basic Needs Support – CBO Distribution			
Current Allocation: \$22,000,000Spent/Encumbered YTD: \$22,000,000Balance: \$0			

Description: As outlined in the April 24, 2020 memorandum to the Board of Supervisors on updated *FY 2020 Third Quarter Review* recommendations, \$20 million was allocated to increase support to the County's non-profit partners to support basic needs in the community. With the extension of the Coronavirus Relief Fund, an additional \$2 million was allocated for this purpose. The County's long-established Coordinated Services Planning (CSP) hotline (703-222-0880) for residents facing emergency need difficulties has seen significant call volume increases since the start of the COVID-19 public health crisis. To address the community's need, funding will be allocated for the purpose of distribution to the existing network of CBOs directly connected to the CSP model. Funds were awarded to existing CSP community-based organizations (CBOs) providers because they had the capacity and protocols in place to disburse funding quickly and were able to comply with necessary data requirements. The CSP model serves community members in a multilingual call center environment and is a screening agency for referral to local CBO partners for access to needed resources.

Funding will support direct client assistance and staff directly supporting food and financial assistance. Financial services funding will provide assistance to meet the following needs: rent, mortgage, security deposits, housing fees (late, condo, HOA, etc.), utilities, and prescription assistance.

Update: All payments have been made to CBOs and staff is closely monitoring utilization of the funds provided. The initial \$20.0 million allocation has been fully expended. Basic Needs will now be primarily funded through the Emergency Rental Assistance (ERA) Program administered by the U.S. Department of the Treasury. The ERA Program assists households that are unable to pay rent and utilities due to the COVID-19 pandemic. Please refer to the Emergency Rental Assistance in the Other Funding Section for additional details on this program. However, an additional \$2.0 million was added to continue the same eligibility criteria defined at the beginning of the pandemic but not eligible under ERA. This includes mortgage assistance, those between 81% Area Median Income (AMI) to 100% AMI, and the procurement of food. Funding has been identified from the ARPA Coronavirus State and Local Fiscal Recovery Funds to continue this critical service.

Other Funding Sources: Other funding sources are being utilized to provide other basic needs support, as described below. The County has received \$69.6 million in funding through the Emergency Rental Assistance Program. Going forward, this funding will primarily support Basic Needs with the CRF funding addressing gaps in eligibility and the procurement of food.

Other Basic Needs Support

Current Allocation:	Spent/Encumbered YTD:	Balance:
\$800,000	\$584,396	\$215,604

Description: These funds will support basic needs requirements in addition to the \$20 million allocated to specific community-based organizations, as described above. Support will be provided to organizations that do not provide direct assistance but serve as the backbone for the basic needs infrastructure, such as food banks who supply food to CBOs at reduced costs.

Update: To date, funding has been provided for emergency food services through the One Fairfax initiative. Funding has also been provided for short-term respite services for low-income kinship caregivers. Final reconciliation is underway, but it is anticipated that the balance of \$215,604 will be available for other uses. Staff will continue to work with County partners and if additional needs are identified, funding from the ARPA Coronavirus State and Local Fiscal Recovery Funds may be recommended.

Other Funding Sources: Funding from the General Fund Coronavirus Pandemic Response Reserve has been leveraged to expand the reach of the basic needs support to all residents who are part of the County's diverse community.

Additionally, Community Development Block Grant and Community Services Block Grant funds received are being used to supplement Coronavirus Relief Funds to provide basic needs support to County residents in need.

Coronavirus Relief Fund Allocations			
Nonprofit Sustainability Program			
Current Allocation:Spent/Encumbered YTD:Balance:\$5,026,704\$5,026,704\$0			
Description: As outlined in the April 24, 2020 memorandum to the Board of Supervisors on			

Description: As outlined in the April 24, 2020 memorandum to the Board of Supervisors on updated *FY 2020 Third Quarter Review* recommendations, with the amount slightly increased from the original proposal based on applications received, an amount of \$5.15 million is allocated to support non-profit organizations in the County. Nonprofits are experiencing an increasing demand for services while withstanding organizational challenges which are limiting their capacity to fulfill their missions – balancing the need to devise new operating plans to serve as many clients as possible while also grappling with how to maintain operations and payroll and protect and care for employees. Although this funding will not produce direct client outcomes, an investment in the operations and systems of non-profits will support improved or continued high-quality service to beneficiaries by strengthening the core capacities of non-profits to carry out their missions.

Non-profits that function as a part of Fairfax County's social safety net in the areas of Financial Stability, Food and Nutrition, Literary/Educational Attainment, Health, Housing, Positive Behaviors and Healthy Relationships, and/or Support/Community/Social Networks were eligible to apply for funding to address immediate organizational and operational needs. The program will support projects that address an identified area of organizational capacity constrained related to the impacts of COVID-19, to include, but not limited to: Employee Retention; Equipment and Materials; Rent Payments; Debt Payments; and Technology Upgrades.

Allocations will be made based on the number of employees the organization has serving Fairfax County residents, with an additional allocation possible for organizations with significant operating expenditures. Grants are being provided in the amounts of \$25,000, \$50,000, and \$75,000.

Update: A total of 149 non-profits have been awarded funding and funding has been distributed to these grantees. The year-to-date spending figure listed above reflects these awards. No additional payments are anticipated.

Other Funding Sources: Currently, no other funding sources have been identified; however, General Fund resources may be utilized to provide support for community-based organizations who specifically support the needs of the County's diverse community.

Fairfax RISE Grant Program

Current Allocation:	Spent/Encumbered YTD:	Balance:
\$51,565,000	\$51,561,014	\$3,986

Description: The primary purpose of the Fairfax RISE (Relief Initiative to Support Employers) grant program is to provide immediate relief to small businesses and non-profits impacted by the COVID-19 pandemic. The program is intended to help small businesses and nonprofit organizations remain in business through the COVID-19 emergency and address gaps that may exist among complementary programs. The grant will not have to be repaid.

The grant program also establishes a minimum allocation of 30% (or \$7.5 million) of total funding towards awards for women-owned, minority-owned, and/or veteran-owned businesses.

Grant funds will be allocated based on the number of full-time-equivalent (FTE) employees:

Employees, 1-10: \$10,000

Employees, 11-25: \$15,000

Employees, 26-49: \$20,000

To be eligible, applicants must be established and have one or more location(s) in Fairfax County, including the principal place of business. Fairfax County includes businesses and organizations located in the Towns of Herndon, Vienna, and Clifton. Additionally, awardees must have at least one full-time-equivalent (FTE) and less than 50 FTE total employees across all locations, in operation over 1 year, and, with the exception of nonprofits, have a valid Business, Professional and Occupational Licenses (BPOL).

The program is also increased with an additional allocation of \$1,000,000 in funds from the Town of Vienna. (This funding is included below in the Contributions to Towns category.) The collaboration with the Town of Vienna allows for an expansion in the number of businesses who can be served by the RISE Grants. Vienna's contribution increases the total RISE Grant award amount to \$53,000,000, with a commitment that a minimum of \$1,000,000 will be allocated to businesses located within the Town of Vienna. Town of Vienna businesses, along with those within the Town of Herndon and the Town of Clifton, are eligible for RISE Grants.

Update: All 4,809 RISE awards have been approved and processed for a total of \$52.57 million. It should be noted that 32 RISE grants for a total of \$345,000 have been provided to organizations not deemed to be eligible for CARES Coronavirus Relief Funds. Those grants will be paid out of the County's General Fund pandemic reserve. The remaining 4,777 RISE grants, totaling \$52,225,000, utilize the CARES Coronavirus Relief Funds, which includes \$51,225,000 against County funds and \$1,000,000 against Vienna funds. In addition, \$336,014 was expended for administrative costs and audit expenses. The balance of \$3,886

is available for other uses and will be allocated once final reconciliation of all projects has been completed.

Other Funding Sources: RISE grants provided to organizations not eligible for CRF funds are funded out of the County's General Fund pandemic reserve.

Contributions to Towns

Current Allocation:	Spent/Encumbered YTD:	Balance:
\$7,217,426	\$7,210,746	\$6,680

Description: Based on population, the County has provided funding to the towns of Herndon, Vienna and Clifton to support expenses relative to their pandemic response. The towns are subject to the same limitations on the usage of Coronavirus Relief Fund as the County and are required to maintain the appropriate documentation.

Update: Funding was provided to the towns on April 28 with Herndon receiving \$4,279,441, Vienna receiving \$2,886,552, and Clifton receiving \$51,433. The Town of Clifton returned \$6,680 in funding; this balance is available for other uses and will be allocated once final reconciliation of all projects has been completed.

As noted above, the Town of Vienna has agreed to provide \$1,000,000 of their allocation to supplement the Fairfax RISE Grant program.

Other Funding Sources: While the towns are expected to utilize their Coronavirus Relief Funds in line with the County's current allocations, it should be noted that they may also be able to apply for FEMA reimbursements for eligible expenses.

Public Health Programs

Contact Tracing Program			
Current CARES Allocation:	\$14,431,688		
State Funding:	\$38,751,933	Spent/Encumbered	Combined
Anticipated State Funding	\$10,000,000	YTD:	Balance:
FEMA	\$0	\$62,492,804	\$690,817
	\$63.183.621		,

Description: The Health Department has contracted with the Institute for Public Health Innovation (IPHI) to implement the County's contact tracing and case investigation program.

IPHI will hire up to 484 employees, who will be employees of IPHI and deployed to the Health Department to support contact tracing efforts. These employees, along with existing Health Department staff, will be utilized for the contact tracing and case investigation program which includes interviewing individuals who are confirmed or probable COVID-19 patients along with reaching out to individuals who have come in contact with the COVID-19 patient. Public

health staff on this team reach out to and warn these contacts of their potential exposure as rapidly and sensitively as possible. As staff speak with contacts, they help individuals assess risk and share information and instructions for self-monitoring, isolation and staying healthy.

Additionally, IPHI will be providing up to 70 Community Health Workers. The Community Health Worker collaborates with contact tracing teams, the Health Department Outreach Team, and the community to provide culturally competent supports and communication to individuals and families in following COVID-19 related self-isolation or quarantine protocols, through health education, coaching, modeling and reinforcing recommended health messages, and identifying and addressing barriers to programs and services needed to safely self-isolate and quarantine. The Community Health Worker facilitates connections between individuals and families in diverse communities to community-based programs, services and resources for food, transportation, shelter, physical and mental healthcare, child and elderly care, and other social supports by utilizing neighborhood or community-level knowledge and familiarity.

In addition to the IPHI contract, the Health Department has added 35/35.0 FTE new Public Health Nurse positions. These positions are supporting case and contact investigations and public health interventions in high-risk settings and communities. Full year funding for these positions totals \$4.4 million and was included in the FY 2022 Adopted Budget Plan. After the pandemic is over, these positions will be redeployed to the School Health program to address the nurse to student ratio.

The Health Department has received a total of \$38.8 million from the state in support of the contact tracing and case investigation program. Additionally, the state has indicated that \$10.0 million in funding provided to the County for the Health Department lab can be redirected in support of this program. Staff are in the process of amending the Memorandum of Agreement. The state has also indicated that additional funding may be available to address the shift in funding from the Health Department lab. The CRF allocation remains \$14.4 million and may be adjusted based on final reconciliation. Contact tracing and case investigation continues and as of January 1, 2022, will now be funded from the ARPA Coronavirus State and Local Fiscal Recovery Funds. If additional funding is not provided by the state, the \$8.0 million ARPA Coronavirus State and Local Fiscal Recovery Funds allocation may need to be increased. It should also be noted that updated guidance released by FEMA clarified that contact tracing is not an eligible expense. Therefore, all expenses previously associated with FEMA have been moved to the Coronavirus Relief Fund and the FEMA allocation has been zeroed out.

Update: The Health Department is reviewing recently updated federal and state guidance and continues with contact tracing and case investigation for outbreaks and congregate settings. The County has leased space at the Greenwood Building on Lee Jackson Memorial Highway to accommodate the program. Health Department Epidemiologists and Emergency Response staff continue to monitor the impact of the variants. All 35 Public Health Nurse positions were filled at one point; however, four are currently vacant. Recruiting efforts for public health nurses continues to be difficult due to the highly competitive market for nurses.

Other Funding Sources: The County has received \$38.8 million in funding from the Virginia Department of Health (VDH) to support the contact tracing and case investigation program. An additional \$10.0 million will be redirected from an existing grant for a total of \$48.8 million in resources from the state.

General Fund resources will also be utilized to provide wrap-around support services for individuals identified through the contact tracing program who may need financial or other assistance in order to follow public health guidelines without creating a hardship for their families. These funds would provide an additional layer of support for the County's diverse community.

Non-Congregate Sheltering			
CARES Allocation:	\$500,000		
ESG COVID-19 Grant:	\$8,281,368	Spent/Encumbered	Combined
CDBG	\$2,700,000	YTD:	Balance:
FEMA Reimbursement	\$55,000,000	\$62,960,470	\$3,520,898
	\$66,481,368		

Description: The Medical Isolation Program provides non-congregate sheltering in hotel rooms to people who are experiencing homelessness and are either confirmed to be positive for COVID-19; waiting to be tested or know they were exposed to COVID-19; or are at the highest risk of severe complications from COVID-19. It also provides overflow capacity to accommodate homeless shelter decompression (to reduce crowding) and increased shelter demands. In addition, the program provides shelter for individuals who are not experiencing homelessness but cannot safely isolate at home, such as individuals living in an overcrowded dwelling. Referrals to the hotels are sent by homeless service providers, hospitals, Healthworks of Northern Virginia, Neighborhood Health, Fairfax-Falls Church Community Services Board and Department of Family Services. Local nonprofits and businesses are contracted to replace most of the hotel operations, including on-site management and guest services, cleaning and laundry, meal delivery, and security, as well as medical- and non-medical transportation to the hotels.

Update: As of November 1, there are 381 hotel rooms under contract at five hotels. The occupancy rate is 67 percent with 256 rooms in use. Of the 371 individuals currently residing in the hotels, 95 percent were referred by homeless services providers; four percent of the individuals were referred by various Fairfax County Government departments; one percent were referred by hospitals; and less than one percent were referred from local Federally Qualified Health Clinics. One guest was non-homeless at admission.

According to the demographic information reported by the guests at admission, 54 percent are Black or African American; 40 percent are White non-Hispanic, Hispanic, or Latino ethnicity; four percent are Asian; and two percent are American Indian or Alaska Native. Less than one percent are unknown.

Other Funding Sources: In addition to the \$0.5 million allocation in CARES funding, this program is supported with \$8.3 million in Emergency Solutions Grant (ESG) COVID-19 funding, \$2.7 million in Community Development Block Grant (CDBG) CARES Act funding as well as \$55.0 million in anticipated FEMA reimbursements. ESG COVID-19 dollars will be used to implement Rapid Rehousing strategies in an effort to quickly transition individuals and families into permanent housing with appropriate supports. CDBG CARES Act funding will support non-congregate emergency shelter operations and administrative expenses not covered by FEMA. FEMA continues to be the primary funding sources for Non-Congregate Sheltering and the allocation is updated commensurate with expenses. It is anticipated that the Non-Congregate Sheltering program will end at the end of March 2022. It should be noted that the costs to-date are those for the total program across all four funding streams.

Public Health Response

Current Allocation:	Spent/Encumbered YTD:	Balance:
\$8,500,000	\$9,322,273	(\$822,273)

Description: Public health emergency responses can challenge the Health Department's (HD) ability to meet the surge demands required to simultaneously respond to public health outbreaks and continue to provide services. In order to quickly mobilize the workforce to assist in a response to a public health outbreak, the HD has a policy designating all employees as Emergency Responders critical to a public health emergency response should the need arise. The policy outlines the processes by which the HD may stand up an internal Incident Management Team and leverage staff from throughout the HD, redeploying them to a variety of roles to support a response. The COVID-19 response has been managed consistent with this policy. An Incident Management Team has been established and many services have been reduced (e.g., clinical services, including Immunizations, Vital Records, Sexually Transmitted Infection clinics) or suspended (e.g., Speech and Hearing, Dental and Refugee services, the School Health Program, and some Environmental Health Services). This has allowed more than 400 staff (both merit and benefits-eligible) to be re-deployed and/or partially detailed to assist in the County's public health response. These staff are assisting in the call centers, on a Case and Contact Investigation Team, on a Rapid Response and Prevention Team, or a Point Prevalence Survey Team as well as administrative activities. Costs associated with the Incident Management Team will be charged to FEMA and costs associated with existing staff redeployments will be charged to CRF Position Redeployments.

In addition to the redeployment of existing staff, the Health Department's response also includes a total of 51 new positions: the five positions included in the *FY 2020 Third Quarter Review*, eight positions included in the <u>FY 2021 Adopted Budget Plan</u>, nine positions included in the *FY 2020 Carryover Review*, 13 positions included in the *FY 2021 Mid-Year Review*, and 16 positions included in the *FY 2021 Carryover Review*. Two positions were also approved as part of the *FY 2020 Carryover Review* for the Office of Emergency Management and 11 positions for the Department of Neighborhood and Community Services. All of these

positions will address important operational and support roles necessary in a response of this size and will charge the Public Health Response category.

It should be noted that the nine positions added to the Health Department as part of the *FY* 2020 Carryover Review will allow the Fairfax County Public Health Laboratory (FCPHL) to expand testing capacity from 500 COVID-19 samples per day to 1,000 COVID-19 samples per day. These positions will initially be funded with the COVID-19 Health Department Lab – PPP and Health Care Enhancement Act grant awarded by the state. Any shortfalls in state funding will be covered by the Public Health Response category through December 31, 2021.

Lastly, this category also includes other activities the County has undertaken in order to effectively respond to the pandemic. Examples of these types of activities include:

- Media and communication expenses, not covered by FEMA, related to messaging and enforcement of public health orders related to COVID-19.
- Equipment and supply rental such as tents and HVAC in order to screen clients prior to entering facilities operated by the Fairfax-Falls Church Community Services Board.
- Upgraded telecommunications and web accessible systems in order to allow the General District Court to process online payments rather than in person.
- Purchase of a modular laboratory, located at the Burkholder building, which will allow the County to increase COVID-19 testing capacity from 500 to 1,000 tests per day. The modular laboratory was completed on January 26, 2021 and is operational.

Update: A total of 51 new positions have been added to the Health Department to help address the County's public health response to the pandemic. All but three of these positions have been created and recruitment continues for positions that remain vacant. All of the positions in the Department of Neighborhood and Community Services CSP call enter and in the Office of Emergency Management have been filled.

Balances from other projects will be allocated here to address the shortfall once final reconciliation has been completed.

Other Funding Sources: Many of the expenses are eligible for FEMA reimbursements and staff will maximize this funding stream prior to charging to the CRF allocation. Additionally, in accordance with federal guidance, staff redeployed in support of the Public Health Response will be charged against the Position Redeployments category.

Coronavirus Relief Fund Allocations		
Federally Qualified Health Centers Support		
Current Allocation: \$1,750,000Spent/Encumbered YTD: \$1,651,621Balance: \$98,379		
<i>Description:</i> This funding is intended to provide support to the County's two nonprofit Federally Qualified Health Centers (Neighborhood Health and Health Works) so they can continue to safely and effectively provide healthcare services to low-income individuals and families in the community, including testing and treatment and follow-up care of COVID-19 patients.		
FQHC to request up to made. Neighborhood Healty year 2020; therefore, the allo \$1,750,000. the agency's response. Please see the Public Health Response category above for information on actions taken by the Health Department in support of this effort.

Update: Staff will continue to examine the duties and responsibilities of individual positions throughout the County to determine eligibility. CRF can be used for position redeployments through December 31, 2021. Once final reconciliation of all projects has been completed, any remaining balance will be reallocated.

Other Funding Sources: It is not anticipated that other funding sources will be identified for this purpose. Staff will continue to evaluate all funding opportunities and will utilize other sources if they become available.

County Supports and Operations

IT needs for County Operations

Current Allocation:	Spent/Encumbered YTD:	Balance:
\$17,800,000	\$18,005,298	(\$205,298)

Description: This allocation supports information technology investments to support enhanced teleworking, including laptops and software licenses, as well as remote technical support licenses to allow IT staff additional capabilities to assist with technical support for remote users.

Update: In addition to 3,900 laptops, 1,000 Citrix licenses and 1,000 Zscaler licenses, the County has also purchased 1,000 mobile phones which were distributed to agencies on the front line of the County's COVID-19 response. Additionally, the County has procured enhanced Microsoft licenses to allow for improved collaboration tools and integrated telephonic capabilities and additional laptops. Staff has also initiated an effort to improve video teleconferencing capabilities in County conference rooms to facilitate virtual and hybrid meetings. Finally, funding has been utilized to upgrade the County's wireless infrastructure to enable employees to work in a hybrid work environment while still following the COVID-19 public health precautions (e.g., physical distancing, quarantine requirements for those exposed to COVID-19).

Balances from other projects will be allocated here to address the shortfall once final reconciliation has been completed.

Other Funding Sources: It is not anticipated that other funding sources will be identified for this purpose. Staff will continue to evaluate all funding opportunities and will utilize other sources if they become available.

been completed, any remaining balance will be reallocated.

Other Funding Sources: Staff has been able to shift many of these expenses to pursue reimbursement through FEMA. Staff will continue to evaluate all funding opportunities and will utilize other sources if they become available.

Pandemic Administrative Leave

Current Allocation:	Spent/Encumbered YTD:	Balance:
\$19,000,000	\$18,989,649	\$10,351

Description: CARES guidance indicates that Coronavirus Relief Funds can be used to cover unanticipated administrative leave costs of public employees who could not telework in the event of a stay-at-home order or a case of COVID-19 in the workplace.

In mid-March, County employees were granted up to 6 weeks of administrative leave if they could not telework due to a lack of childcare or elder care in their household, an inability to work due to being quarantined, sickness due to exposure to COVID-19 virus, a compromised immune system, a lack of work due to a facility closure, a serious health condition, or being age 65 or above. After May 9, 2020, this leave is granted only for those who are under quarantine per County medical advice due to an on-the-job COVID exposure.

Update: Expenses were primarily incurred early in the pandemic with just over \$17.1 million expended in FY 2020 for pandemic administrative leave. Another \$1.8 million was incurred in FY 2021 with minimal expenses in FY 2022 since this leave is now limited to workplace exposures. Once final reconciliation of all projects has been completed, any remaining balance will be reallocated.

Other Funding Sources: It is not anticipated that other funding sources will be identified for this purpose. Staff will continue to evaluate all funding opportunities and will utilize other sources if they become available.

Coronavirus Relief Fund Allocations				
FFCRA Leave				
Current Allocation: \$3,223,296Spent/Encumbered YTD: \$3,210,640Balance: \$12,656				
<i>Description:</i> As required by the Families First Coronavirus Response Act (FFCRA), the County is providing emergency paid sick leave or emergency family and medical leave for a variety of situations, including: if an employee was advised to quarantine, was ill due to COVID-19 exposure, had a lack of childcare, or needed to care for another person in quarantine. These leave types vary in terms of how long they can be used and in the maximum rate of pay.				
	CARES guidance specifically allows for covering expenses of providing paid sick and paid family and medical leave to public employee to enable compliance with COVID-19 public health precautions.			
FFCRA leave expired on De	ecember 31, 2020.			
<i>Update:</i> Through June 2021, a total of \$3.2 million has been expended, with expenses after December 2020 associated only with time corrections. As this leave expired at the end of CY 2021, significant additional expenditures are not anticipated.				
<i>Other Funding Sources:</i> It is not anticipated that other funding sources will be identified for this purpose. Staff will continue to evaluate all funding opportunities and will utilize other sources if they become available. Once final reconciliation of all projects has been completed, any remaining balance will be reallocated.				
	Hazard Pay			
Current Allocation:Spent/Encumbered YTD:Balance:\$7,251,371\$7,251,371\$0				
<i>Description:</i> To recognize the risks and sacrifices that employees have made in response to the pandemic, staff recommends setting aside funds for a one-time hazard pay bonus. Eligibility parameters will be developed and are recommended to be based in part on risk assessments currently being finalized as required under the Virginia Department of Labor and Industry's Emergency Temporary Standard relating to COVID-19.				
<i>Update:</i> The Board of Supervisors approved a one-time \$2,000 hazard pay bonus for employees meeting certain eligibility requirements on February 9, 2021. These requirements included being classified as being in a high or very high COVID-19 exposure risk category as defined by the Virginia Occupational Safety and Health Risk Assessment. These bonuses were paid out beginning on March 12, 2021.				

Other Funding Sources: It is not anticipated that other funding sources will be identified for this purpose. Staff will continue to evaluate all funding opportunities and will utilize other sources if they become available.

Schools Support

Support for FCPS Virtual Learning

Current Allocation:	Spent/Encumbered YTD:	Balance:
\$19,600,000	\$19,600,000	\$0
\$17,000,000	ψ19,000,000	Ψ0

Description: This allocation supports health and safety supplies and technology requirements to support Fairfax County Public Schools in the current virtual learning and environment and as the system prepares to return students to classroom settings. This allocation is consistent with the request from the Fairfax County School Board per an August 31, 2020 letter to Chairman McKay and as approved by the Board of Supervisors on September 15, 2020. Per updated guidance from the U.S. Department of Treasury, expenses of up to \$500 per elementary and secondary school student will be deemed as eligible expenditures, such that schools do not need to document the specific use of funds up to that amount.

Update: Support for FCPS' virtual learning to-date represents Health and Safety supplies and Technology Support for Equitable Virtual Instructional.

Expenses for health and safety supplies to mitigate the potential spread of COVID-19 in FCPS schools and administrative buildings include the acquisition of cloth and disposable masks, disposable gowns, face shields, free standing counter plexiglass shields, mounted plexiglass shields for schools and offices, handheld thermometers, single-use temperature measurement, hand sanitizer and automatic dispensing stands, Virex disinfectant, gloves, and signage. The Office of Procurement Services is currently in the process of sourcing classroom plexiglass for each teacher desk and reusable gowns for special education teachers and staff. A

Technology Support for Equitable Virtual Instruction includes expenses for 4,598 teacher replacement laptops to support ongoing virtual learning activities for the final batch of our elementary school teacher and expenses related to providing laptops or other computing device to FCPS students for use at home and school. Additionally, FCPS has migrated its MiFi plan to a fixed cost, unlimited data plan per device to prevent rising costs. Expenses support approximately 6,000 MiFi units for a 6-month period to support distance learning.

Technology support for Equitable Virtual Instruction also includes infrastructure improvements required to support the hybrid instructional model. Infrastructure improvements will increase bandwidth capacity to support concurrent HD video streams at FCPS sites. The acquisition of an additional 20Gbps of internet bandwidth will bring the total internet bandwidth to 60Gbps. Core infrastructure components consist of routers, switches, the enterprise firewall, optical devices, and internet bandwidth traffic and shaping devices.

Other Funding Sources: As on the County side, School staff are working to maximize resources, including stimulus funds received directly by the Schools, School Operating Funds, and FEMA reimbursements. Staff will continue to evaluate all funding opportunities and will utilize other sources if they become available.

Expenses to be Pursued for FEMA Reimbursement

Expenses to be pursued for FEMA reimbursement are currently estimated at <u>\$97.2 million</u>. The projections for each category are included below and have been updated based on year-to-date actuals. To date, the County has submitted claims totaling \$56.3 million and FEMA has approved claims totaling \$54.2 million. The \$2.1 million not yet approved by FEMA is still under review. Actual reimbursements received total \$29.5 million. The County is awaiting reimbursements for the remaining \$24.7 million. Another reimbursement request is anticipated to be submitted in February. Per President Biden's Executive Order, FEMA is reimbursing 100 percent of expenses. FEMA has issued updated guidance which extends the 100 percent federal cost share through April 1, 2022. After such time, the County will be responsible for the normal 25 percent match. The updated guidance also clarified that FEMA will not reimburse expenses associated with contact tracing. Contact tracing expenses through December 31, 2021, originally planned for FEMA reimbursement, have been moved to the Coronavirus Relief Fund. As reimbursement claims are submitted and as reimbursements are received, this table will continue to be updated.

COVID-19 Testing for County Employees

Estimated Expenses:	Spent/Encumbered	Reimbursements	Reimbursements
\$1,500,000	Year-to-Date:	Submitted:	Received:
\$900,000	\$1,206,457	\$0	\$0

Any Fairfax County Government employee who is not fully vaccinated against COVID-19 or has an approved medical or religious exemption from the vaccination requirement, is subject to weekly testing for COVID-19 starting the week of October 11, 2021. Testing is available at or near the employee's worksite and is scheduled with consideration to workload and other worksite requirements. Testing is considered "medical surveillance of the workplace" under HIPAA (45 C.F.R. § 164.512(b)(1)(v)(A)(1)) to identify COVID-19 positive employees pursuant to the Department of Labor Industry (DOLI) regulations (16 Va. Admin. Code § 25-220- 70(C)(6)).

Contact Tracing			
Estimated Expenses:	Spent/Encumbered	Reimbursements	Reimbursements
\$0	Year-to-Date:	Submitted:	Received:
\$12,000,000	\$0	\$0	\$0

FEMA guidance initially indicated that COVID-19 contact tracing may be an emergency protective measure eligible for Public Assistance funding if all other funding streams specifically dedicated to contact tracing had been exhausted. Since the County had expended all dedicated funding provided by the Virginia Department of Health for contact tracing, staff

Expenses to be Pursued for FEMA Reimbursement

began pursuing FEMA reimbursement. However, updated guidance released by FEMA clarified that contact tracing is not an eligible expense. Therefore, all eligible expenses previously associated with this project have been moved to the Coronavirus Relief Fund and the estimated expenses has been zeroed out. This project will be closed as part of the *FY 2022 Third Quarter Review* and removed from the FEMA table.

Mass Vaccination			
Estimated Expenses:	Spent/Encumbered	Reimbursements	Reimbursements
\$10,000,000	Year-to-Date:	Submitted:	Received:
\$7,000,000	\$6,972,919	\$0	\$0

FEMA will reimburse the County for 100 percent of allowable costs incurred for mass vaccination efforts. Examples of allowable costs include leasing facilities or equipment to administer and store the vaccine, staffing and training support, and technology needed to register and track vaccine administration. It is expected that this funding, along with funding provided by the state, will be sufficient to cover the County's costs for mass vaccination.

Other Funding Sources				
A total of <u>\$549.0 million</u> has been awarded, or is anticipated to be awarded, to the County or Fairfax County Public Schools to support pandemic response efforts. This includes \$222.5 million for the County and \$326.5 million for FCPS. This funding is in addition to funds received through the CARES Coronavirus Relief Fund, the ARPA Coronavirus State and Local Fiscal Recovery Funds, or FEMA reimbursements as discussed above.				
Funds Awarded to Fairfax County				
	WIOA	Rapid Response		
Funding Amount: \$396,208	Status: Awarded	Board Notification: Accept Board Item on April 14, 2020		
The rapid response funding, through the Workforce Innovation and Opportunity Act (WIOA), will provide layoff aversion funding to local businesses during the COVID-19 national emergency.				
	CARES Act Provider Relief Fund			
Funding Amount: \$699,387	Status: Awarded	Board Notification: Funding included in the April 24, 2020 memo to the Board and was approved as part of the FY 2020 Third Quarter Review		
Funding was allocated based on the Medicare fee-for-service reimbursements received for EMS ambulance transport in 2019. Funding will be used to prevent, prepare for, and respond to coronavirus, and to reimburse the County for health care-related expenses.				
Emergency Solutions Grant COVID-19				
Funding Amount: \$1,699,586	Status: Awarded	Board Notification: Funding included in the April 24, 2020 memo to the Board and was approved as part of the FY 2020 Third Quarter Review		
\$6,581,782	~			
Funding will primarily be used to create additional emergency shelter capacity, including new isolation and quarantine shelter beds, in local hotels. Staff is also exploring whether it is cost effective to utilize the ESG dollars to implement Rapid Rehousing strategies in an effort to quickly transition individuals and families into permanent housing with appropriate supports.				

Other Funding Sources		
Community Development Block Grant (CDBG) – Coronavirus		
Funding Amount: \$3,506,542	Status: Awarded	Board Notification: Funding included in the April 24, 2020 memo to the Board and was approved as part of the FY 2020 Third Quarter Review
\$4,850,209	Awarded	Funding was approved as part of the FY 2021 Mid-Year Review

The CDBG program seeks to stimulate the development and preservation of low- and moderateincome housing through the provision of loans, public facilities, and improvements directed toward conserving and upgrading low- and moderate-income neighborhoods. It also supports the provision of special outreach and assistance services to low- and moderate-income households. These funds will be used to provide emergency rent and utility assistance for households who have lost income due to COVID-19; organizational support for non-profit partners impacted by COVID-19; income replacement for affordable housing providers whose tenants are unable to pay their rent due to COVID-19; and administrative support, if needed, to implement and monitor these activities.

Domestic Violence Prevention and Services Grant - CARES Act

Funding Amount: \$30,401	Status: Awarded	Board Notification: Award Processed Administratively per Grant Policy
\$10,000	Awarded	Award Processed Administratively per Grant Policy

Funding of \$30,401 will be used to implement technology enhancements/software service to support the 24-hour Domestic and Sexual Violence Hotline Services. These improvements are needed to support remote hotline operations, allow more functional routing of calls and simultaneous calls.

Funding of \$10,000 will be used to reproduce six new versions of videos previously produced that provide information and support to victims of domestic violence during COVID-19. Each video will be reproduced with subtitles in the following languages: Spanish, Arabic, Vietnamese, Korean or Chinese and each will be reproduced with English closed captions.

Programs Administered as part of the Area Agency on Aging		
Funding Amount:	Status:	Board Notification:
\$2,141,122	Awarded	Accept Board Item on June 9, 2020
\$2,392,256	Awarded	Funding will be included in the FY 2022 Third Quarter Review
**Additional funding of $$2,392,256$ has been received for a total of $$4,533,378$ subsequent to		

the October/November 2021 update memorandum**

Pass through funding from the Virginia Department for Aging and Rehabilitative Services as a result of stimulus funding made available to address the COVID-19 pandemic for programs administered as part of the Area Agency on Aging will be used to support nutrition services including home delivered meals and congregate meals, community-based services such as grocery shopping, medication pick-up, family caregiver support, and training associated with the Long-Term Care Ombudsman program.

Community Services Block Grant (CSBG)

Funding Amount:	Status:	Board Notification:
\$874,520	Awarded	Accept Board Item on June 23, 2020

Funding will be used to increase emergency food distribution to clients earning 200 percent of Federal Poverty Level or below through Food for Others' community partners and mobile emergency food distribution. Clients will not be required to travel to the Food for Others warehouse in Merrifield. The mobile program will also provide choice for customers, allowing them to select items they need on Food for Others' website.

WMATA CARES Credit (Connector)

Funding Amount: \$26,000,000	Status: Anticipated	Board Notification: Funding was approved as part of the FY 2020 Carryover Review
---------------------------------	------------------------	--

The County has received notification from WMATA of \$26.0 million in funding from the Federal Transit Administration being made available through the CARES Act. This funding is intended to provide support to local transit agencies, with WMATA being the pass-through organization. In order to provide this funding to the County, WMATA will apply \$26 million as a credit towards the County's first payment in FY 2021. These funds can be used for costs incurred as far back as January 20, 2020 and do not expire. Furthermore, this funding can be utilized to offset revenue losses. This funding was recognized as part of the *FY 2020 Carryover Review*.

contact tracing program. This funding was in lieu of the state hiring case and contact interview staff for the County. The Memorandum of Understanding between the state and County has been fully executed. The state then approved the County's request for an additional \$3.1 million. Both of these funding streams have been fully expended. The state has now provided additional Status:

Awarded

Other Funding Sources

funding of \$19.9 million through the state's Epidemiology and Laboratory Capacity for Infectious Diseases grant. Based on current monthly expenses, it is anticipated that this funding will be fully expended by June 2021. Funding received from the state for contact tracing will free up funding allocated in the County's Coronavirus Relief Fund, Contact Tracing Program for other uses.

State Funded COVID-19 Testing - CARES Act

Funding Amount:
\$2,028,035

Board Notification: Funding was included in the revised *FY 2020 Carryover Review* recommendation to the Board in September 2020 and was approved as part of the *FY 2020 Carryover Review*

The Virginia Department of Health has provided targeted funding for increased Community Testing, to support Health Department testing activities and capacity through December 30, 2020. The Memorandum of Understanding between the state and County has been fully executed.

COVID-19 Health Department Lab - PPP and Health Care Enhancement Act

Funding Amount: \$5,043,548	Status: Awarded	Board Notification: Funding was included in the revised FY 2021 Mid- Year Review recommendation to the Board in January 2021 and was approved as part of the FY 2021 Mid-Year Review
\$16,896,002	Awarded	Accept Board Item on June 22, 2021

The Virginia Department of Health has indicated that funding in support of the Health Department Lab will be funded through the state's Coronavirus Relief Fund (CRF) allocation (\$5.0 million) and the Epidemiology and Laboratory Capacity for Infectious Diseases (ELC) allocation (\$16.9 million). Unless prohibited by unanticipated constraints, funding will be targeted for: 1) additional laboratory testing equipment and supplies; 2) staff salary for positions targeted to increase laboratory testing capacity. Both Memorandum of Understandings (MOUs) between the state and County have been fully executed. Funding is available through November 2022.

Head Start/Early Head Start Child Care Partnership and Expansion		
Funding Amount: \$627,468	Status: Awarded	Board Notification: Apply/Accept Board Item on July 28, 2020
Funding has been awarded to provide technology, mental health services, and personal protective equipment (PPE) supplies for the Head Start, Early Head Start, and Early Head Start		

Other Funding Sources

Child Care Partnership and Expansion grants. The funding amount was allocated proportionally to all grants based on federal funded enrollment levels as required by the CARES Act.

SAMHSA COVID-19 Emergency Grant

Funding Amount: \$139,735	Status: Awarded	Board Notification: Funding was included in the revised <i>FY 2020</i> <i>Carryover Review</i> recommendation to the Board in September 2020 and was approved as part of the <i>FY 2020 Carryover Review</i>
\$84,500	Awarded	Award Processed Administratively per Grant Policy

Funding will be used for two contracted peer support specialists to assist with the Fairfax-Falls Church Community Services Board's ongoing outreach efforts and resource navigation services for individuals with substance use disorder (including opioid use disorder) leaving the Adult Detention Center and individuals referred for services who recently overdosed or relapsed because of challenges related to COVID-19.

Funding has been awarded to the Department of Neighborhood and Community Services for the Employee Child Care Center to help child care providers remain open to provide child care for children of essential personnel during the state of emergency declared by Governor Northam in response to the COVID-19 pandemic.

Other Funding Sources				
2020 Federal Election – CARES Act				
Funding Amount: \$432,837	Status: Awarded	Board Notification: Funding was included in the revised <i>FY 2020</i> <i>Carryover Review</i> recommendation to the Board in September 2020 and was approved as part of the <i>FY 2020 Carryover Review</i>		
Grant funds will be used for additional costs associated with the national emergency related to coronavirus, and are to be spent to prevent, prepare for, and respond to coronavirus for the 2020 Federal election cycle. Staff is currently determining the totality of requirements needed for the upcoming election and will then determine on how best to allocate this funding, along with requesting appropriate CRF funding in addition to the funding set aside in the General Fund. SSG Funding City of Manassas – Coronavirus Relief Fund				
Funding Amount: \$157,500	Status: Awarded	Board Notification: Funding was approved as part of the FY 2021 Mid-Year Review.		
The Department of Family Services is the One-Stop Operator for the Northern Virginia Workforce Development Area. This area is comprised of the counties of Fairfax, Prince William, and Loudoun, and the cities therein. As the One-Stop Operator for this region, DFS operates and manages various employment programs assisting job seekers with occupational training and job placement assistance. The SkillSource Group, Inc. (SSG) has awarded funding to DFS to provide jobseeker services to residents within the City of Manassas, using Federal Coronavirus Relief Funds awarded to SSG by that jurisdiction from the Commonwealth of Virginia. These funds will provide employment and training programs for City of Manassas residents who have been furloughed or laid off due to the public health emergency.				

Other Funding Sources		
SSG Funding Prince William County – Coronavirus Relief Fund		
Funding Amount: \$324,000	Status: Awarded	Board Notification: Funding was included in the revised <i>FY 2020</i> <i>Carryover Review</i> recommendation to the Board in September 2020 and was approved as part of the <i>FY 2020 Carryover Review</i>
\$76,833	Awarded	Funding was included in the revised FY 2021 Mid Year Review recommendation to the Board in January 2021 and was approved as part of the FY 2021 Mid-Year Review

The Department of Family Services is the One-Stop Operator for the Northern Virginia Workforce Development Area. This area is comprised of the counties of Fairfax, Prince William, and Loudoun, and the cities therein. As the One-Stop Operator for this region, DFS operates and manages various employment programs assisting job seekers with occupational training and job placement assistance. The SkillSource Group, Inc. (SSG) has awarded funding to DFS to assist Prince William County Economic Development, using Federal Coronavirus Relief Funds awarded to SSG by that jurisdiction from the Commonwealth of Virginia, for a variety of workforce services that are focused on helping both jobseekers and employers as part of their Workforce Reskilling and Transition grant.

SSG Funding City of Manassas Park – Coronavirus Relief Fund		
Funding Amount: \$25,000	Status: Awarded	Board Notification: Award Processed Administratively per Grant Policy

The Department of Family Services is the One-Stop Operator for the Northern Virginia Workforce Development Area. This area is comprised of the counties of Fairfax, Prince William, and Loudoun, and the cities therein. As the One-Stop Operator for this region, DFS operates and manages various employment programs assisting job seekers with occupational training and job placement assistance. The SkillSource Group, Inc. (SSG) has awarded funding to DFS to assist City of Manassas Park, using Federal Coronavirus Relief Funds awarded to SSG by that jurisdiction from the Commonwealth of Virginia. These funds will provide employment services for City of Manassas Park residents who have barriers to employment or are underemployed and are in need of occupational skills training.

Re-Employing Virginians Educational Vouchers – Coronavirus Relief Fund

Funding Amount:	Status:	Board Notification:
\$1,500,000	Awarded	Accept Board Item on December 1, 2020
· · · · · · · · · · · · · · · · · · ·		

The Governor has authorized funding from the state's Coronavirus Relief Fund to address the economic impacts of the COVID-19 pandemic including the loss of employment for workers.

Funding is being provided by the Virginia Community College System for training vouchers to be used for any eligible training provider in one of the following training programs: Information Technology, Manufacturing and Skilled Trades, Healthcare, Early Childhood Education, or Public Safety. The County will obligate short-term training dollars for these high demand fields up to \$1,000 per eligible individual. The state has extended this funding to December 1, 2021.

COVID-19 Mass Vaccination Campaign		
Funding Amount:	Status:	Board Notification:
\$500,000	Awarded	Accept Board Item on December 1, 2020
\$390,000	Awarded	Accept Board Item on June 8, 2021

On October 23, 2020, the Governor announced funding from the state's Coronavirus Relief Fund will be used to create a statewide program to distribute the COVID-19 vaccine. Funding has been provided to support local health districts in preparing for mass vaccination efforts. Funding will specifically be used to purchase equipment and supplies to support storage and transport of vaccines at required temperatures, other equipment and supplies needed to hold mass vaccination events, and messaging in support of vaccination.

Virginia Department of Health – Community Health Workers

Funding Amount: \$2,657,661	Status: Awarded	Board Notification: Funding was included in the revised <i>FY 2021 Mid-Year Review</i> recommendation to the Board in January 2021 and was approved as part of the <i>FY 2021 Mid-Year Review</i>
\$337,500	Awarded	Accept Board Item on June 8, 2021

The Virginia Department of Health has provided \$2.7 million to support the Community Health Workers who are collaborating with the contact tracing teams, the Health Department Outreach Team, and the community to provide culturally competent supports and communication to individuals and families in following COVID-19 related self-isolation or quarantine protocols. Funding has been fully expended. The state has provided an additional \$0.3 million in support of community health workers. The Memorandum of Understanding (MOU) between the state and County for the \$0.3 million has been fully executed. Funding for the Community Health Workers was originally allocated from the County's Coronavirus Relief Fund, Contact Tracing Program; however, this new funding will free up the County's resources for other uses.

Other Funding Sources		
COVID-19 Office o	f Environmental He	ealth Services (OEHS) Enforcement - CARES Act
Funding Amount: \$91,428	Status: Awarded	Board Notification: Award Processed Administratively per Grant Policy
The Virginia Department of Health has provided funding for receiving, tracking and investigating complaints related to COVID-19 Executive Order compliance for businesses and individuals. The information gathered will be used to direct communications with businesses and the public in response to complaints received. The state has indicated that this funding will be extended through December 2021 but the County has not yet received the amended Memorandum of Understanding.		
Utility 1	Relief Program, Co	unty – State Coronavirus Relief Fund
Funding Amount: \$1,468,639	Status: Awarded	Board Notification: Funding was included in the revised <i>FY 2021 Mid-Year Review</i> recommendation to the Board in January 2021 and was approved as part of the <i>FY 2021 Mid-Year Review</i>
The Commonwealth has appropriated \$100 million of its Coronavirus Relief Funds to provide financial assistance to utility customers. A portion of this appropriation is allocated to the COVID-19 Municipal Utility Relief Fund Program. Under this Program, the Commonwealth will make funds available to qualifying municipal utilities so that the municipal utilities can provide financial assistance to customers who cannot pay their utility bills due to economic hardships caused by the COVID-19 pandemic. This funding represents the amount awarded to Fairfax County. Funding must be expended by December 31, 2021.		
Utility Relief I	Program, Other Mu	unicipalities – State Coronavirus Relief Fund
Funding Amount: \$943,266	Status: Awarded	Board Notification: Funding was included in the revised FY 2021 Mid- Year Review recommendation to the Board in January 2021 and was approved as part of the FY 2021 Mid-Year Review

Emergency Rental Assistance			
Funding Amount: \$34,463,869	Status: Awarded	Board Notification: Accept Board Item on February 23, 2021	
\$35,100,967	Awarded	Accept Board Item on June 22, 2021	

The Emergency Rental Assistance (ERA) program provides funding to assist households that are unable to pay rent and utilities due to the COVID-19 pandemic. Two separate programs have been established: ERA1 provides up to \$25 billion under the Consolidated Appropriations Act, 2021, which was enacted on December 27, 2020, and ERA2 provides up to \$21.55 billion under the American Rescue Plan Act of 2021, which was enacted on March 11, 2021. Funding is provided directly to the County. The County received \$34,463,869 under ERA1. The ERA2 allocation is \$35,100,967 which is comprised of \$27,269,647 awarded as part of the allocation formula determined by the U.S. Department of the Treasury (Treasury) as well as an additional \$7,831,320 based on the high-need designation which was also determined by Treasury. In total, the County has been awarded a total of \$69,564,836 for emergency rental assistance.

Households are eligible for emergency rental assistance funds if one or more individuals meet the following criteria:

- Qualifies for unemployment or has experienced a reduction in household income, incurred significant costs, or experienced a financial hardship during or due, directly or indirectly, to COVID-19;
- Demonstrates a risk of experiencing homelessness or housing instability; and
- The household is a low-income family.

The program launched on June 2, 2021. Treasury has set dates for obligating 65% of the ERA1 funding (September 30, 2021) and 50% of the ERA2 funding (March 31, 2022). Treasury is required to recapture excess funds not obligated by these dates. However, there may also be an opportunity for additional funding based on the identified need of both other grantees as well as the County. Treasury has not yet established a process for receiving additional funds.

Park Authority Child Care-CARES III Act			
Funding Amount: \$25,800	Status: Awarded	Board Notification: Award Processed Administratively per Grant Policy	
\$45,906	Awarded	Award Processed Administratively per Grant Policy	

Funding has been awarded to the Fairfax County Park Authority for the Lee District Preschool and Spring Hill Preschool to help each program remain open to provide child care as well as comply with COVID-19 health and safety requirements and emergency actions.

Other Funding Sources		
Fairfax County Supporting Return to School (SRS) - CARES III Act Grant		
Funding Amount: \$873,000	Status: Awarded	Board Notification: Funding was approved as part of the FY 2021 Third Quarter Review
\$1,575,925	Awarded	Funding was approved as part of the FY 2021 Carryover Review
Funding has been awarded to the Department of Neighborhood and Community Services for the Supporting Return to School (SRS) program to help each SRS program site remain open to provide child care as well as comply with COVID-19 health and safety requirements and emergency actions.		
	Supplemen	tal Nutrition Program
Funding Amount: \$346,360	Status: Awarded	Board Notification: Accept Board Item on April 13, 2021
Administration of Community Living. Funding through the Older Americans Act will specifically be used to support the County's Meals on Wheels program and the Congregate Meals program. Nutrition services are available to all persons aged 60 and older but are targeted at those with the greatest economic or social need, particularly low-income and minority persons, older individuals with limited English proficiency, and older persons residing in rural areas.		
		Vaccine Preparedness
Funding Amount: \$2,123,746	Status: Awarded	Board Notification: Accept Board Item on June 8, 2021
The Virginia Department of Health has provided funding to plan for and implement COVID-19 vaccination services. This includes personnel to administer the COVID-19 vaccine and assist in all phases of vaccine distribution, planning, and storage. Funding is available through June 30, 2024. The Memorandum of Understanding between the state and County has been full executed.		
Virginia Community College System WIOA Funding		
Funding Amount:Status:Board Notification:\$500,000AwardedAccept Board Item on May 18, 2021		
The Virginia Community College System (VCCS) announced additional funding for dislocated workers through the Workforce Innovation and Opportunity Act (WIOA) to address Virginia's recovery from the COVID-19 disaster. The funding will primarily be used to support the County's COVID-19 vaccination equity strategy developed by the Health Department and will enhance the capacity of the Health Department in conjunction with its community partners to:		

effectively and appropriately reach out to and assist residents in historically underserved and marginalized communities; help identify and address barriers and hesitancy; and support local health care practices in planning and administering community-based vaccine clinics.

Homeless Assistance through the HOME Investment Partnership Program

Funding Amount: \$7,884,566	Statua	Board Notification:
	Status: Awarded	Funding was approved as part of the
		FY 2021 Carryover Review

Additional funding was included in the American Rescue Plan Act of 2021 to provide rental assistance, develop affordable housing, provide supportive services and acquire and develop non-congregate shelter units. Funding will be allocated through the U.S. Department of Housing and Urban Development (HUD) HOME Investment Partnership Program and the award amount is based on the HOME program formula. HUD has indicated that specific guidance on how this funding can be spent will not be released until the fall of 2021.

Epidemiology - COVID-19 Data Analysis

Funding Amount:	Status:	Board Notification:
\$678,259	Awarded	Accept Board Item on June 8, 2021

The Virginia Department of Health has provided funding for contract staff to support contact tracing and analysis of local COVID-19 data. This is critical to containing COVID-19 in the community. Funding is available through June 30, 2024. The Memorandum of Understanding between the state and County has been fully executed.

COVID-19 Relief Fund Epidemiology Support		
Funding Amount:	Status:	Board Notification:
\$109,497	Awarded	Accept Board Item on June 22, 2021

The Virginia Department of Health has provided funding to pay for additional COVID-19 epidemiologist who will assist with interpreting program policies and procedures, provide training, monitoring, reviewing and entering data, and providing reports, as needed. Funding is available through December 31, 2021. The Memorandum of Understanding between the state and County has been full executed.

The Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act and American Rescue Plan Act of 2021 included funding for activities pertaining to the prevention, preparation, and/or response to COVID-19. COVID-19 funds can be used for costs incurred from December 27, 2020 in response to the public health emergency. Funding is available through March 31, 2023.						
Retur	Return to Earn to Help Virginians Transition Back to Work					
Funding Amount: \$626,372	Status: Awarded	Board Notification: Accept Board Item on July 27, 2021				
On June 11, 2021, Governor Northam announced \$3 million for the new Return to Earn Grant Program to support Virginians in their transition back to employment. Unemployed Virginians are facing a variety of barriers to returning to the workforce while some small businesses are struggling to find workers. This initiative will match up to \$500 that a qualifying small business						

pays directly to a new employee hired after May 31, 2021, to offset the ongoing costs of child care, transportation, or other barriers to re-employment. The period of performance is from June 1, 2021 to December 31, 2021; however, additional recovery funds may be allocated based on demand.

Stronger Partnership, Stronger Community				
Funding Amount:	Status:	Board Notification:		
\$3,875,000	Awarded	Accept Board Item on July 27, 2021		

The Health Department has received funding to implement the "The Stronger Partnership, Stronger Community: Using Health Literacy to Increase Resilience (Stronger2)." This funding will help increase vaccination uptake as well as build capacity in culturally appropriate health literacy programs and practices among providers and community-based organizations which will facilitate systemic changes over time in the County's healthcare delivery system. Stronger2 will increase the availability, acceptability and use of COVID-19 public health information and services by Hispanic/Latinx and Black/African American communities within five specific zip codes. Funding is available through June 2023.

Adult Protective Services (APS) - COVID-19 Relief

Funding Amount:Status:\$79,251Awarded	Board Notification: Award Processed Administratively Per Grant Policy
---------------------------------------	---

The Virginia Department of Social Services has provided funding to enhance and improve Adult Protective Services (APS) programs' response to the COVID-19 pandemic. Eligible expenditures include administrative operations and purchased services for adults age 60 or older or age 18 to 59 and incapacitated. Funding is available through September 30, 2022.

Contact Tracing and Laboratory Testing – COVID-19					
Funding Amount: Status: Board Notification: \$6,704,767 Awarded Accent Board Item on October 5, 2021					
\$6,704,767	Awarded	Accept Board Item on October 5, 2021			
\$150,807	Awarded	Award Processed Administratively per Grant Policy			

The Virginia Department of Health (VDH) has provided funding to enhance contact tracing and laboratory testing activities related to the COVID-19 pandemic. VDH has allocated \$1,368,271 to continue the County's contact tracing and case investigation program which includes interviewing individuals who are confirmed or probable COVID-19 patients along with reaching out to individuals who have come in contact with the COVID-19 patient. Funding of \$5,336,496 has been allocated by VDH to enhance laboratory testing and reporting. It will allow the Health Department to have the capacity to quickly meet increases in testing demand as well as enhance data management and analytic capacity. Funding is available through July 31, 2022, with a

Funding Amount: \$191,252Status: AwardedBoard Notification: Funding will be included in the FY 2022 Third Quarter Review						
This funding was awarded subsequent to the October/November 2021 update memorandum						
The Virginia Department of Social Services has provided funding to enhance and improve Adult Protective Services (APS) by providing resources to enhance, improve, and expand the ability of APS to investigate allegations of abuse, neglect, and exploitation. Eligible expenditures include administrative operations and purchased services for adults age 60 or older or age 18 to 59 and incapacitated. Funding must supplement and not supplant current APS or home-based services and is available through September 30, 2023.						
Infant and Toddler Connection						
Funding Amount: \$436,246Status: AwardedBoard Notification: Funding will be included in the FY 2022 Third Quarter Review						
This funding was awarded subsequent to the October/November 2021 update memorandum						

The Virginia Department of Behavioral Health and Developmental Services has provided American Rescue Plan Act one-time funds to be used for current allowable expenses under Part C Early Intervention. The Infant and Toddler Connection of Fairfax-Falls Church provides evaluations and early intervention services to eligible infants and toddlers, from birth to age 3, who have a developmental delay or a diagnosis that may lead to a developmental delay. Services include physical, occupational and speech therapy; developmental services; medical, health and

nursing services; hearing and vision services; service coordination; assistive technology (e.g., hearing aids, adapted toys and mobility aids); family training and counseling; and transportation.

ECCC - Child Care Stabilization Grants - American Rescue Plan Act

Funding Amount:	Status: Awarded	Board Notification:
\$147,000		Funding will be included in the
φ147,000		FY 2022 Third Quarter Review

This funding was awarded subsequent to the October/November 2021 update memorandum

Funding has been awarded from the Child Care Stabilization Grant Fund through the American Rescue Plan Act to the Department of Neighborhood and Community Services for the Employee Child Care Center. Eligible expenditures include personnel costs; rent, utilities, facilities maintenance, and insurance; personal protective equipment, cleaning, and other health and safety practices; equipment and supplies to respond to the COVID-19 health emergency; goods and services to maintain normal operations; and mental health services for children and staff. However, it is strongly encouraged that funding be used to provide tuition and copayment relief for families in care that are struggling to make payments.

Elementary and Secondary School Emergency Relief (ESSER) Fund

	nt: Status:	Board Notification:			
		These funds were included in the County's			
Funding Amount:		appropriations for Schools funds as part of the			
\$21,691,840	Awarded	FY 2020 Carryover Review (as with other			
		adjustments approved by the School Board as part			
		of their adoption of the Schools FY 2021 budget)			

Funds received were included in the Schools FY 2021 Approved Budget. Funding was allocated to provide remote learning support, mental health services and supports, supplies and training for cleaning and sanitation, providing resources to support intervention, and providing principals and other school leaders with resources to address school needs. The allocation of CARES Act funding includes an allocation for the City of Fairfax and federally-mandated private school equitable services. The award period for CARES ESSER funding allows for the expenditure of funds from March 13, 2020-September 30, 2022.

CARES Coronavirus Relief Funds State Allocation for Schools					
Funding Amount: \$32,215,943	Status: Awarded	Board Notification: These funds will be included in the County's appropriations for Schools funds as part of the <i>FY 2021 Third Quarter Review</i> (as with other adjustments approved by the School Board as part of their Mid-Year Review)			

On October 8, 2020, Governor Ralph Northam announced a new allocation of more than \$220 million in federal Coronavirus Aid, Recovery, and Economic Security (CARES) Act dollars to help K-12 public schools in Virginia. The funding will support COVID-19 preparedness and response measures for the 2020-2021 school year, including testing supplies, personal protective equipment, sanitization, and technology for distance learning. Funding was distributed to all 132 public school districts using an allocation formula of \$175 per pupil based on fall enrollment, with a minimum of \$100,000 for each school division. FCPS' allocation, including City of Fairfax totals \$32.2 million. The eligibility period for this funding is through December 30, 2020.

\$83,989,803	Awarded	FY 2021 Carryover Review (as with other
		adjustments approved by the School Board as part
		of their adoption of the Schools FY 2022 budget)

The Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act was signed into law on December 27, 2020. The CRRSA Act includes \$54.3 billion for an Elementary and Secondary School Emergency Relief (ESSER) II Fund. The Virginia Department of Education received approximately \$939 million through the ESSER II Fund. Ninety percent of this award was distributed to school divisions based on their relative share of Title I, Part A funds. FCPS' allocation totals \$83.0 million and the City of Fairfax allocation totals \$1.0 million. The CRRSA Act includes all allowable uses of ESSER funds specified under the CARES Act. The additional uses of funds include addressing learning loss among students, School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs. Planning for recommended expenditure levels is not yet completed.

Other Funding Sources				
Elementary and Secondary School Emergency Relief (ESSER) III Fund				
Funding Amount: \$188,629,166	Status: Awarded	Board Notification: These funds will be included in the County's appropriations for Schools funds as part of the <i>FY 2021 Carryover Review</i> (as with other adjustments approved by the School Board as part of their adoption of the Schools FY 2022 budget)		
The American Rescue Plan Act (ARPA) was signed into law on March 11, 2021. Virginia's ARPA Elementary and Secondary School Emergency Relief (ESSER) III award was \$2.1 billion. The ARPA ESSER III Fund includes the allowable uses of funds specified under ESSER I and II. Additionally, school divisions must reserve at least 20 percent of funds to address learning loss through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student groups (each major racial and ethnic group, children from low-income families, children with disabilities, English learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care). VDOE guidance is forthcoming and will provide a summary of requirements outlined by the US Department of Education that school divisions conduct meaningful consultation with stakeholders in developing the ARPA ESSER III plan. The Superintendent released a proposed spending plan on July 13 and the School Board took action on August 26. The plan is available at https://www.fcps.edu/ESSER3/SpendingPlan. FCPS' allocation totals \$186.37 million and the City of Fairfax allocation totals \$2.26 million.
