Sewer Operation and Maintenance

Goal

To manage sewer revenue collection; to monitor and report County sewage flows treated at non-County facilities; to plan for growth and development in the County's public sewer system; and to environmentally monitor County treatment facilities, other publicly and privately-owned treatment facilities in the program and nearby embayments.

Objective

To comply with Title V air permit and state water quality permit requirements 100 percent of the time in order to contribute to a pure and natural state of air and water in Fairfax County.
