The Fairfax-Falls Church Community Services Board's **Substance Abuse Outreach Monitoring and Engagement (SOME)** unit reaches out to individuals with diagnosed substance use disorders who:

- Frequently use detoxification services but do not subsequently engage in treatment services or recovery.
- Are leaving a treatment program against staff advice and need help connecting with community services such as housing, employment or insurance benefits or reconnecting with CSB treatment.
- Are leaving detox and need to connect with ongoing substance abuse services.
- Need a case coordinator for housing services (i.e., Wedgewood, Bridging Affordability).
- Are at risk due to opioid dependence or pregnancy.
- Are Fairfax County residents receiving methadone at the Alexandria Methadone Clinic or receiving suboxone at Fairfax Methadone Treatment Center and need ongoing case management services.
