## **FACILITIES**

**Leasing and Community Use of Facilities** 

Community Use of School Facilities as Polling Places for the June 18, 2024, Democratic and Republican Party Primary Elections

#### I. PURPOSE

To provide a list of the 167 school facilities that have been made available to the Fairfax County Electoral Board as polling places for the **June 18, 2024, Democratic and Republican Party Primary Elections** (see attachment), and to supply related information.

This notice is effective until Tuesday, June 25, 2024.

### II. RESPONSIBILITIES

Responsibilities associated with the use of school facilities as polling places are set forth in the current version of Regulation 8422, Community Use of School Facilities as Polling Places. Attention is called to the paragraphs pertaining to requirements for the display of flags and times the facilities are open to election officials. Buildings must be open on time.

A polling place survey will be sent to your point of contact approximately 6 weeks prior to the election. The information collected ensures the coordination of the delivery of the voting equipment as well as the timing of access to your facility for set-up on the Monday before Election Day. Please ensure that the survey is returned by the specified deadline.

Polling facilities for all elections must comply with the Americans with Disabilities Act (ADA) including admittance from the accessible entrance to the building. If necessary, election officers will put up signs to reserve parking spaces for voters requiring accessibility near that entrance. Additionally, please ensure that no school buses are parked near an entrance designated as ingress to the polling place as state law prohibits anything that may impede voter access.

Parking spaces are to be reserved for voters. Please reference the attachment for the number of reserved parking spaces required for your facility.

Polling activities should be in either the gym or cafeteria, or in a space that provides at least 1500 square feet of unobstructed space. To accommodate multiple pieces of electronic voting equipment, tables with separate, movable, adult-sized chairs designated for ballot distribution and ballot marking, election staff, voters with disabilities and older voters must be provided. If your facility does not have an

Notice 8422 Page 2 of 4

Effective: May 7, 2024

adequate number of tables and chairs, these items should be ordered from the Logistics Center. Contact Ms. Maria Hernandez-Mata, (703) 658-3640.

Voters do not need to sign in at the main office. If your school has a door access system, please deprogram the door(s) used by the voters. If you do not want to disable the door(s) on Election Day, you must post someone near the door(s) to allow voters to enter without impediment. A school should not plan a fire drill on any Election Day.

Virginia Election Law 24.2-604 banning campaigning within 40 feet of any entrance to the polling place applies to soliciting for charitable causes as well.

The Fairfax County Office of Elections has been advised that warehouse personnel will move the election cart (58"H, 61"W, 32.5"D) from the warehouse to the schools beginning the week of Tuesday, June 4 through Wednesday, June 12, 2024. Voting equipment will be picked up for storage beginning Wednesday, June 19, 2024. Custodians should be advised that Office of Elections personnel will visit each location on Monday, June 17, 2024, to verify that the correct equipment has been delivered.

Each polling location listed on the attachment is authorized for two hours custodial overtime. Schools must be opened at 5:00 a.m. and outside lights must be turned on. Please check your exterior lighting prior to the polling date to ensure that all lights function properly. Additionally, please ensure that climate control is set to work in the assigned voting areas from 5:00 a.m. until 10:00 p.m. on Tuesday, June 18, 2024.

It is requested that a custodian in each school facility be advised on this subject and be prepared to direct the Office of Elections staff to the location(s) of the equipment within each facility.
