Staff is proposing fee adjustments in the following areas for 2019:

Initial review of the FY 2019 fee proposal occurred in Budget Committee on November 14, 2018. Staff answered questions regarding the proposals for indoor swimming pool base rates, the carousel after hours/season rental fee and group walk/run trail use. No changes were requested to the fee proposal in the November committee review. For reference, see attachment 1 for the FY 2019 fee proposal and attachment 2 for the current fee schedule.

Pending Board approval to advertise, information outlining all proposed fee changes will be available for public review at the Park Authority's staffed park sites, headquarters and on the Park Authority web site for a 30-day comment period beginning January 3, 2019, and ending February 1, 2019. A public comment meeting will be held on January 16, 2019, at 7 p.m. in room 106 of the Herrity Building. ## **Organization of the FY 2019 Fee Proposal**

The FY 2019 Park Authority Fee Proposal begins with the ‘Current Situation – System-wide Considerations,’ which describes the important factors in the Park Authority’s overall operating environment that had an effect on the composition of this year’s fee adjustment proposal. This overview is followed by separate sections for each of the specific fee adjustments that are being proposed. Each of these sections briefly outlines important situational factors specific to that business area that had an effect on the development of the fee adjustment proposal. This is then followed by a summary of the fee adjustments proposed for that business area.

The Park Authority Board maintains oversight approval for approximately 500 facility use/rental fees in its Schedule of Rates, Fees and Other Charges. Although staff reviews the entire fee schedule annually, only new fees and/or those recommended for adjustment are included in the annual fee proposal. Fee adjustments resulting from review of the FCPA Fee Schedule are designated as Park Authority Board approved. Program and administrative fees are not included in this process. Those are designated by Policy 109 – User Fees as director-approved.

### **Current Situation – System-wide Considerations**

- Fees generated in the Park Authority’s Revenue and Operating Fund (ROF) pay for personnel expenses and operating costs at all Park Authority-operated golf courses and RECenters; at lake parks for fee-sustained facilities and program operations; and for rental facilities, programs, and store sales at nature centers, visitor centers, historic sites and other parks. Sustained revenue growth is essential to support the ROF and to offset increases in operating expenses. Income from fees must also pay back debt service associated with revenue bonds used to develop golf course facilities.
- Revenue growth is intended by design to come from multiple sources, including new facility improvements and expansions, program participation growth, new facility users, cost management and fee increases. Several facility expansions that will contribute to future revenue growth have been completed in the past few years, including those adding fitness and recreational space at Oak Marr and Spring Hill RECenters, expansion of event rental space and bunker renovations at Twin Lakes golf course, and development of a new clubhouse and driving range improvements at Burke Lake golf course.
- As a matter of policy the Park Authority prefers to adopt regular, gradual fee increases rather than infrequent, but larger increases that are more disruptive to its customers. As the Park Authority’s fee policy states “where feasible, comparatively small and regular fee increases are preferred over less frequent, larger increases.”

- Sufficient revenue must be produced annually to meet long-term debt service obligations for park facility revenue bonds, which are repaid with revenues from user fees. Debt obligations for FY 2019 and FY 2020 are \$1,681,313 and \$1,714,690 respectively. Final payment for the Park Facilities Revenue Refunding Bonds; Series 2013 (Twin Lakes/Oak Marr) will be made in FY 2021. Once that debt is paid in full the ROF will save approximately \$800,000 annually.
- The Park Authority's Park Revenue Funds Financial Management Annual Update identifies several significant near-term budgetary impacts, including the following:
  - Benefits. Benefit costs continue to rise. In FY 2018, the total cost associated with benefits for the ROF increased as follows:
    - Retirement contributions increased \$159,012 or 7.6% to \$2,246,820.
    - Health care benefits for all ROF personnel increased \$96,923 or 4.4% to \$2,294,124
    - Other Post-Employment Benefits (OPEB) costs for ROF employees were transferred from the county to the Park Authority beginning in FY 2011. The OPEB charge to the ROF in FY 2018 was \$269,691 and is budgeted to increase over 40% in FY 2019 to \$379,750.
  - Employee compensation – market rate adjustment and performance-based and longevity increases. The FY 2019 budget includes a 2.25% market rate adjustment (MRA), and funding for performance-based and longevity increases, both effective July 2018. The average FY 2020 combined compensation increase is expected to be 3.25% with an estimated impact to the ROF of \$950,000.
  - Retirement impacts - leave payouts. Like the general county, the Park Authority is facing an increased number of retirements as baby boomers exit the work force. The ROF incurred \$105,894 in leave payouts in FY 2018. Retirement payouts are projected to be \$92,130 in FY 2019 and \$62,527 in FY 2020. Future projections are based on employees currently in DROP.
  - Indirect costs. The county assesses the Park Authority annual charges for indirect costs for provision of legal, human resources and other centralized services. The indirect cost assessment for FY 2019 is \$820,000, unchanged from the prior year.
  - Cost recovery expectations. The primary use of net revenue in the ROF is facility and services reinvestment into projects such as the Revenue Facilities Capital Sinking Fund that provides support for planned, long-term, life-cycle maintenance of revenue facilities and information system replacements for recreation and golf management. FY 2018 ROF actual net revenue was \$319,789. Based on some

adjustments at FY 2018 Carryover, the revised FY 2019 net revenue budget is \$314,804. Factors impacting FY 2019 net revenue include debt service, employee compensation growth, retirement impacts and indirect charges from the County.

General market conditions and Park Authority use/revenue trends that have influenced the composition of the FY 2019 fee proposal are outlined below. Collective consideration of these factors has resulted in a modest fee proposal that attempts to remain sensitive to economic conditions, known demand and supply factors and the need for revenue growth.

Consumer price index (CPI). The most recent data as of this writing (July 2018) shows that annual growth in the Washington-Baltimore CPI has accelerated compared to the previous two years. Over the 12-month period July 2017 – July 2018, the CPI grew 2.5%, compared to 1.5% annual growth in calendar 2017 and 1.1% in 2016. Over the past two years, the Washington-Baltimore region CPI has experienced cumulative growth of 4.0%; three-year CPI growth was 5.1%. Compared to last year, the two- and three-year cumulative growth rates have increased 1.7 and 1.8 times respectively.

Other measures of the current condition of the local economy that are typically considered in the annual fee proposal include trends in the Fairfax County unemployment rate and sales tax receipts for retail sales. The plan also tracks consumer confidence in the economy by reporting recent trends in the national consumer confidence index developed by The Conference Board.

Unemployment. While seasonal fluctuations occur, local unemployment continues to trend downward. July 2018 unemployment for Fairfax County was 2.4%, down from 3.2% the previous July. During that time period, the monthly unemployment rate has ranged from 3.2% to 2.3%, and has averaged 2.7%. The county unemployment rate dropped below 3% last October and has remained below that level ever since. As is the typical pattern, current unemployment in Fairfax County is considerably lower than at either the national or state level (4.1% and 2.9% respectively for July 2018). Within northern Virginia, Fairfax County unemployment remains about 'middle-of-the-pack' – higher than Arlington County (1.9%), comparable to Loudoun County (2.4%) and slightly lower than Prince William County (2.6%).

Retail sales. Growth in annual retail sales tax receipts resumed in FY 2018, growing 3.2% after declining 1.2% the previous year. Annual sales tax revenue has grown in three of the last four years. Monthly sales tax revenue compared to the same month in the prior year has increased in 10 of the last 12 months.

Consumer confidence. The Conference Board's consumer confidence index (CCI) is a national measure of consumer optimism on the state of the economy and is viewed by economists as a leading indicator of the U.S. economy. While

the monthly index can be volatile, the general trend since 2013 has been one of gradually improving consumer confidence through the summer of 2015, some levelling off from fall 2015 through the spring of 2016, followed by another period of general strengthening right up through August 2018, the most recent reporting period as of this writing. Consumer confidence now stands at its highest level since October 2000. The current index of consumer confidence is more than 8% higher than last August. According to Conference Board analysis, current consumer optimism is being driven primarily by positive perceptions of both the current business climate and the short-term future outlook, and should “continue to support healthy consumer spending in the near-term.”

- Park Authority use/revenue trends.

Golf. The total number of golf rounds played at Park Authority courses in FY 2018 declined 9.2% from the previous year and associated greens fee revenue experienced a 7.2% drop-off. Rounds play has suffered from two challenges – lower numbers of core golfers and unusually wet weather. The National Golf Foundation reports that the number of core golfers nationwide (those that account for the majority of rounds played) declined 5.4% in its most recent participation survey. In addition, total precipitation measured at the Dulles weather station increased 42% in FY 2018 over the previous year. Events and driving range use were bright spots for golf in FY 2018. Event attendance increased more than 15% over the prior year and driving range revenue climbed 13.6%. Both of these lines of business were bolstered by recent course improvements at Twin Lakes and the driving range make-over at Burke Lake.

RECenters. Total RECenter attendance declined 4.2% in FY 2018 with most of the decline attributed to general admissions and pass check-ins. Overall attendance declines were experienced at seven locations. Total RECenter revenue increased 2.1%, based on 5.0% growth in program revenue and 1.8% growth in rental revenue of all types. General admission revenue declined 6.4%, while pass revenue was relatively flat (down 0.7%). Five sites posted revenue gains.

Managed Parks. With over 2.5 million visitors, attendance at managed parks increased by 6% in FY 2018. Total revenue decreased by 2%. The majority of this decrease is as a result of unusually wet weather that negatively impacted the Water Mine, train, carousel, and tour boat rides, mini golf, row boat and pedal boat rentals. Areas of growth were seen in rental facility revenue, classes and special events.

Resource Management. Overall revenue grew by 6% in FY 2018. The biggest impact to revenue growth was in programs where revenue increased 8% over FY 2017. Notable program revenue growth was achieved in both camps and coded programs, and at most sites. Weather dependent fee categories showed the largest decrease in revenues. Boating revenues were down 18% and amusements declined 13% from the previous year.

## Golf

### Current Situation

- Greens fee revenue from rounds played at Park Authority courses in FY 2018 was down 7.2% from the previous year. However, total Golf Enterprises revenue only declined 3.8% due to strong performance in events/rentals, driving ranges, programs and pro shop sales.
- While rounds play was down 9.2% at FCPA courses in FY 2018, available data suggests Park Authority golf demand actually outperformed the Washington-Baltimore market average. The National Golf Foundation (NGF) reports that total golf rounds played in the Washington-Baltimore market declined 1.6% in calendar 2017 and was down 12% in the first six months of calendar 2018.
- Poor weather had an unusually negative impact on rounds play at Park Authority courses and in the local Washington-Baltimore market in general. Total precipitation (as measured at the Dulles weather station) for FY 2018 exceeded 45 inches, 42% higher than in FY 2017.
- Despite recent challenges, the independent golf analysis firm Pellucid ranks the Washington golf market 7<sup>th</sup> healthiest in its most recent ranking of the top 25 golf markets nationwide, up from a ranking of 10<sup>th</sup> in 2014.
- Recent data from local market surveys indicates that once again most golf courses are holding list price fees at current levels with only a few raising them slightly. The majority of effort is being targeted at looking for the right mix of discounting to attract play to slower periods of the day. The NGF continues to report that golfers are maintaining past frequency of play by more carefully managing their cost per round, most typically by shifting play to off-peak times and less expensive courses.
- Given the continued economic pressures on golf's customers, this year's fee proposal includes only minor adjustments to range fees, greens fees or cart fees. The adjustments are focused on facilities where recent facility investments have been made. The practice range facilities at Burke Lake and Oak Marr have been upgraded in the past fiscal year, and the Twin Lakes bunker renovations on the Lakes Course provide golfers an improved experience at that facility. Additionally, the adjustments are focused on the golf facilities that did not have adjustments the past fee cycle. Market survey results and course utilization data support this recommendation.
- The 200 ball driving range bucket was originally instituted as a promotional rate at Oak Marr and Burke Lake and has become a popular seller. As a result, this fee is being formally added to the Fee Schedule in FY 2019.

- The introduction of the Trackman golf simulator at Pinecrest Golf Course represents an exciting opportunity to increase rental revenue and expand golf instruction opportunities and revenue while providing a dynamic, new alternative golf experience. (Note: simulator fees were established in FY 2018.)

Power Cart Rental (Per Person) – Jefferson, Pinecrest and Oak Marr		
	CURRENT	PROPOSED
9-Hole	\$ 10	\$ 11

5. Accessible power cart rental – Jefferson and Pinecrest. Staff is recommending the following changes to the per-person accessible power cart riding fee. This adjustment makes these fees consistent with the accessible power cart rental fees at Burke Lake and Oak Marr.

Accessible Power Cart Rental (Per Person) - Greendale		
	CURRENT	PROPOSED
9-Hole	\$ 10	\$ 11

6. Shelter rental – Burke Lake Golf Center. Staff is recommending establishing the following Practice Range Shelter rental fees.

Upper Level before 5pm	---	\$ 120
Upper Level after 5pm	---	\$ 250
Lower Level before 5pm	---	\$ 150

7. Driving range buckets. Staff is recommending an adjustment to the Burke Lake and Oak Marr driving range buckets.

## RECenters

### Current Situation

- General admission and pass visitation declined 4.1% in FY 2018 as compared to FY 2017. However, with nearly 1.4 million general admission and passholder visits in FY 2018, RECenters remain heavily used and in high demand.
- General admission and pass fees were last adjusted across all fee categories in FY 2012. Just the 12-month fees were adjusted in FY 2015. Based on current market dynamics and existing economic conditions, staff is recommending only a modest increase to selected fees this year.
- Recognizing improved profitability comes from multiple sources, including program growth and cost control, staff is recommending a modest and targeted increase to RECenter admission fees.
- The Washington-Baltimore consumer price index has increased 10.6% since the last time the Discount Fast Pass fees were adjusted in FY 2012.
- A comparative analysis of admission fees with those of other local public and private providers showed that RECenter list prices are in-line or slightly above other similar providers. While this would imply little opportunity to raise rates, it must be recognized that the RECenters rely on price discounting to a greater degree than other operators, which lowers the effective rate users pay. Additionally, most other comparable municipal facilities in the area are supported by significant tax subsidies.
- To illustrate the effective rate – in FY 2018 approximately 95% of leisure fitness pass revenue was derived during sale periods where discounts ranged up to 15%. To illustrate the savings, a 12-month in-county adult pass during last year's sale periods sold for \$569.00, compared with a regular list price of \$669.00.
- Revenue recovery on room/facility rentals is a challenge. Public demand for rentals is strong, but revenue recovery on private rentals is minimal when compared with competing uses for classes, programs or with requests for after hour rentals.
- RECenter swimming pool rental fees are structured to encourage high-volume rental. Groups renting at least 3,000 hours per contract are eligible for a discounted rental rate. Low-volume users pay the base rental rates. Although most RECenter swimming pool contracts come from low-volume users, the vast majority of rental hours are generated by high-volume renters. Base rental fees were last adjusted in 2018 along with discounted pool rental rates for high-volume users. To maintain an appropriate discount for high-volume renters, the base rate must be adjusted annually.

## Proposed RECenter Fee Adjustments

Based on the conditions described above, proposed RECenter fee adjustments for FY 2019 are as follows.

1. General Admission. Staff recommends the following fee changes to RECenter general admission. These fees were last updated in FY 2017 and FY 2012 respectively.

Entire Pool – 50 meter pool	\$475.19	\$496.57

NC denotes no change in current fee.

4. George Washington RECenter Entire Facility Fees. To correct the inconsistency in pricing between renting just the natatorium vs the entire facility, staff recommends the following changes as shown below. This fee was last updated in FY 2016.

George Washington RECenter Entire Facility Rental, Per Hour		
	CURRENT FEE	PROPOSED FEE
Entire Facility	\$270	\$300

5. RECenter after-hours supplemental room rental fee. Staff recommends a supplemental per hour fee for after-hour rentals as described below. 8. Sundeck rental fee – Oak Marr RECenter. Staff recommends establishing the following rental fee for the sundeck adjacent to the Oak Marr RECenter natatorium.

Sundeck Rental Fee – Oak Marr RECenter		
	CURRENT FEE	PROPOSED FEE
2-Hour Minimum	-----	\$ 200
Each Additional Hour	-----	\$ 100

## Managed Parks

### Current Situation

- With over 2.5 million visits in FY 2018, managed parks continue to be heavily used and in high demand.
- Given continued Park Authority commitment to provide services at managed parks despite General Fund budget challenges, there is a need to improve cost recovery at these locations. This year's fee recommendations will continue to address those areas that have the potential to improve cost recovery at these sites.
- The Washington-Baltimore consumer price index has increased 5.6% since the last time the Water Mine admission fees were last adjusted in FY 2015.
- The Water Mine is challenged with increased operating costs. These increases are especially significant in the areas of utilities, chemicals, staffing and repair/maintenance of aging infrastructure.
- Staff has reviewed all fees at the managed parks and has conducted a comparative analysis of other local public and private providers. The analysis showed that fees at managed parks are in-line with other providers for similar facilities and services.
- Prior to May, 2018 The Dugout batting cages at Braddock Park were operated under a private lease. Since May, 2018 the Park Authority has been operating this facility using the same fees as the prior vendor. Now that the Park Authority is operating this facility, there is a need incorporate these fees into the Park Authority Fee Schedule.

**Proposed Managed Park Fee Adjustments:**

1. Carousel after-hour/season rental fee. Staff recommends creating a private use rental fee that would be applied in addition to the current established carousel ride fee to accommodate facility rental requests that are made during non-operating hours/season.

Carousel After-Hours/Season Rental Fee - Burke Lake, Frying Pan Farm, Lee District Park, Lake Accotink, Lake Fairfax and Clemyjontri Parks		
	CURRENT FEE	PROPOSED FEE

## Historic Property Rental

### Current Situation

- Historic Property Rental Services (HPRS) was moved in FY 2015 from the Resource Management Division to Park Services. At that time, minor changes were made to the fee structure aligning the security deposits and eliminating the out-of-county fee.
- HPRS sites are challenged with increasing operating costs, which are especially significant in the areas of utilities, staffing and repair/maintenance of these historic structures.
- The approved rental prices of these sites have not changed in over ten years, resulting in below market rental rates.
- Individual rentals have increased over the last five years with increasing requests for longer rentals than the standard 4-hour time frame, resulting in increased revenue from fees for extra rental hours.
- The Community/Civic, Government rental rates have not changed since FY 2009. Staff proposes a minimal increase to the base and extra hour rates.

**Proposed Historic Property Rental Fee Adjustments:**

1. Historic Properties Rental Services – private rental rates. Staff proposes the following changes to fees for private rentals, which have not been adjusted in over a decade.

Elimination of the 2 Facilities, 1 Location (Forestville Schoolhouse, Great Falls Grange) fee is also proposed, since this fee has not been used since separate fees were established for each of these facilities.

## Group Walk/ Run Trail Use

### Current Situation

- Currently there are two types of permits available to customers – Park Special Use and Business Activity Permits. Twenty-five percent of the permits issued are for trail use for races or walks in FCPA parks.
- The demand for groups to utilize FCPA parks for races is increasing. Prime dates for popular parks fill up quickly once availability is opened for requests. With the impact on park resources increasing each year, establishing a trail use fee will help to offset operating expenses and sustain revenue growth.
- Similar trail use fees are currently in effect at NOVA Parks and at the Maryland National Park & Planning Commission.
- The proposed fee is in addition to any other applicable fees.

### Proposed Group Walk/ Run Trail Use Fee Adjustments:

1. Group Walk/Run Trail Use fees. Staff proposes the following fee structure for group walk/run trail use.

Group Walk/ Run Trail Use Fees		
	CURRENT	PROPOSED
Walk/Run Trail use (25-99 people)	-----	\$ 50
Walk/Run Trail use (100-249 people)	-----	\$100
Walk/Run Trail use (250-499 people)	-----	\$200

#### Proposed Fee Schedule Wording

Group Walk/Run trail use fees - An activity on trails, parts of trails, or park paths, whether or not the event begins or ends on park property.

These fees are not charged for school cross country practices, but are applicable to all cross country meets held on park property.

These fees are in addition to any other applicable fees.

An event with more than 500 people will fall under the Large Special Event fee structure in the Fee Schedule.

## Reservable Picnic Areas and Shelters

### Current Situation

After each picnic season evaluations are conducted of use and demand data and of potential additions or deletions to the inventory of reservable picnic areas. Staff is also surveyed for suggestions and or identification of possible service enhancements. Based on these evaluations and input, staff recommends the following:

- Staff proposes a minimal increase to the shelter fee at Bren Mar for prime reservations only based on increased demand during peak reservation times.
- Staff proposes a fee increase to Picnic Area #2 at Burke Lake Park for full-day prime reservations, also due to increased demand.
- Staff proposes a minimal increase to the shelter at Clemyjontri Park. A second canopy was installed at the park in 2018 to accommodate increased demand. In addition to the increased demand, the park has also expanded the parking lot and added another trackless train adding further value to picnic reservations made at this facility.
- Staff proposes a minimal increase to the shelter at Frying Pan for half-day reservations only. The demand for half day reservations has exceeded the demand for full day reservations.
- Staff proposes a fee increase to Picnic Area #3 at Lake Accotink for full-day prime reservations; staff proposes a smaller increase of \$25 for the non-prime reservations. The previous fee was less than the smaller picnic area fees at Lake Accotink.
- Staff proposes a fee increase to the picnic area at Martin Luther King Jr. Park due to increased demand.
- Staff proposes adding fees to complement the following new picnic facilities: a shelter at Eakin Park, a canopy picnic area at Frying Pan Farm Park and a picnic area at Sully.
- Staff dismantled damaged canopies at Lake Accotink Canopy #1 and the Playground Canopy last year. These facilities were converted from shelters to picnic areas, but fees remained consistent with shelter pricing. The current proposal adjusts fees at these two facilities to reflect their changed status to picnic areas.

**Proposed Reservable Picnic Shelter and Picnic Area Fee Adjustments:**

1. Picnic shelter and picnic area reservation rental fees. Staff proposes the following changes to picnic reservation fees.

## Mobile Food Vending

### Current Situation

- The mobile food vending program started as a pilot in FY 2013 with nine locations available for mobile food vendors, and has grown into an established program with 15 vending pads at 13 park locations. Now that the program has been formalized, staff recommends incorporating the mobile food vending fees into the Park Authority Fee Schedule.
- There has not been a fee increase since inception of the pilot program in FY 2013. Under the pilot program fee structure, the mobile food vending program has seen steady growth. There are typically multiple vendors now applying for each vending pad location annually.
- Despite the high demand for vending opportunities, some vendors continue to make only minimum monthly payments, or fail to vend on a consistent basis. Staff believes that an increase to the minimum monthly payment will incentivize mobile food vendors to vend more often every month in order to recoup their increased costs, benefiting all parties including the vendor, the Park Authority and park users.
- This proposed fee increase would not impact most vendors, as the majority already pay the 15% commission rate as opposed to the monthly minimum.

### Proposed Mobile Food Vending Fee Adjustments:

1. Mobile food vending fees. Staff proposes the following changes to mobile food vending fees.

	Mobile Food Vending Fees CURRENT	PROPOSED
Mobile Food Vending Permit Application Fee	\$150	\$200
Mobile Food Vending Fee	\$150/month or 15% of gross revenue, whichever is greater	\$200/month or 15% of gross revenue, whichever is greater

## Outdoor Multi-Purpose Area Rental – Lake Fairfax Park

### Current Situation

- The multipurpose field at Lake Fairfax Park is a large open space that can be used for a variety of programs and events and also serves multiple non-traditional sports leagues that do not receive allocations for standard athletic fields. The field is the size of approximately four full-size rectangular fields, of which about one-third of the space is allocated by the Neighborhood and Community Services for scheduled cricket matches. The remaining two-thirds of the space is divided into roughly equal-sized field spaces, designated as areas A and B, and available for rental.
- In FY 2010 an hourly rental rate was established for areas A and B. The fee has not changed since it was first established. Staff believes that sufficient demand now exists to warrant an increase.

### Proposed Outdoor Multi-Purpose Area Rental Fee Adjustment:

1. Lake Fairfax outdoor multi-purpose area rental fees. Staff proposes the following adjustment to the outdoor multi-purpose area rental fee at Lake Fairfax Park.

	Outdoor Multi-Purpose Area Rental Fee – Lake Fairfax Park	
	CURRENT	PROPOSED

## Garden Plot Rental

### Current Situation

- At the conclusion of each Fiscal Year an evaluation is conducted on the fees charged for use of facilities.
- In FY 2013 the Park Authority Board approved a three-year program of incremental fee increases from 2013-2015 to help recover costs associated with the garden plot rental program. The last fee increase associated with the three-year fee adjustment was implemented in FY 2015.
- From FY 2017 to FY 2018, costs associated with the garden plot rental program increased by 20%. The increase was largely due to the increased cost of water.
- Demand exceeds supply in the garden plot program, with waitlists that number 500 across the program. In order to meet demand, the Park Authority is working to add additional garden plots which will incur start-up costs and increase necessary staff expenses associated with managing the program.
- Additional revenue will assist with maintenance expenses associated with lifecycle improvements and wear and tear.

### Proposed Garden Plot Rental Fee Adjustments:

1. Garden Plot rental fees: Staff proposes the following changes to garden plot rental fees. In order to reduce the impact of recommended fee adjustments, staff proposes to spread the impact out over a three-year time span, mirroring the fee increase that was implemented between FY 2013 and FY 2015.

	Garden Plot Rental Fees

## **Group Admission – Nature Centers, Historic Sites, Frying Pan Farm Park & Green Spring Gardens**

### **Current Situation**

- At the conclusion of each Fiscal Year an evaluation is conducted on the fees charged for use of facilities.
- The For Profit/Commercial Group Admission Fee was established for Nature Centers, Historic Sites and Green Spring Gardens in 2015 in order to encourage groups to schedule visits ahead of time and to mitigate the impact of these groups on park property and the visitor experience of other park users.
- Many large groups that visit these sites are non-commercial, however, and are currently exempt from paying the established fee.
- Staff recommends abolishing the more limiting For Profit/Commercial Group Admission fee in favor of a more broadly applicable fee structure for all groups of 12 or more. This will help site staff to both better manage the operational impact of large groups and implement group fees more consistently.
- The proposed group fee structure includes a flat rate for groups of 12 to 60 people plus an additional per person charge for each additional person over 60. Adopting this format for group pricing help site staff to better communicate and administer group fees.
- Staff also recommends adding Frying Pan Farm Park to the list of sites charging group fees.

**Proposed Group Admission Fees – Nature Centers, Historic Sites, Frying Pan Farm Park and Green Spring Gardens:**

1. Group admission fees. Per the above discussion, staff proposes eliminating the existing For Profit/Commercial per person admission at nature centers, historic sites and Green Spring Gardens in favor of a more generally applicable group admission fee structure at nature centers, historic sites, Green Spring Gardens and Frying Pan Farm Park.

- \$50 or 15% of gross revenues, whichever amount is greater.
  - The \$50 minimum fee is due at the time of application, and the balance (if applicable) is due no later than 30 days after the event.
  - Long term permits (lasting more than one month) must pay the Business Activity fee monthly.

OR

- The applicable athletic field rental fees established in the fee schedule for business activities held on tennis courts or athletic fields, including sports programs and camps, clinics and tournaments.

*Gross revenue includes sales of any food and beverages, products or services, registration fees, participation fees, donations and ticket sales generated by an activity, clinic, workshop, program or any other event. The gross revenue may be adjusted by deducting Park Authority facility rental fees paid in conjunction with the activity/event.*

The Park Authority offers a waiver of the gross revenue percentage for events that donate the proceeds to an organization registered as a Charity with the Commonwealth of Virginia.
