ACTION

Scope Approval and Allocation of Funds – Lakes Course - Twin Lakes Golf Course Irrigation System Improvements – Phase 2 (Springfield District)

ISSUE:

Approval of the project scope and funding allocation to install the Phase 2 improvements to the irrigation system at the Lakes Course at Twin Lakes Golf Course.

RECOMMENDATION:

The Park Authority Executive Director recommends approval of the project scope and funding allocation to install the Phase 2 improvements to the irrigation system at the Lakes Course at Twin Lakes Golf Course.

TIMING:

Board action is requested on November 13, 2019, to maintain the project schedule.

BACKGROUND:

Twin Lakes is a 356-acre golf complex with the Park Authority's only championship 36-hole golf facility located in the Springfield District at 6201 Union Mill Road in Clifton, Virginia. The complex includes an approximately 14,700 square foot club house, two 18-hole golf courses, the Lakes Course and the Oaks Course, a driving range, and related support facilities (Attachment 1). The 2016 Park Bond Program approved by the Park Authority Board includes a project to replace the 52-year old irrigation system serving the Lakes Course. The project scope recommended by the project team included designing and installing a new irrigation system on the Lakes Course, to include main, lateral and station piping, valves and boxes, sprinkler heads and quick couplers, control wire and controllers

The scope for Phase 1 of the project was approved by the Park Authority Board on June 26, 2019. Bids for the Phase 1 work were received on September 6, 2019, with George Ley Company being the lowest apparent bidder. Phase 1 elements included replacing the pump station control panel, new control system for all 36 holes and new irrigation for the original 12 holes on the Lakes Course.

Phase 2 was added to the bid package as an alternate bid option. Phase 2 would replace the irrigation for the remaining six holes on the Lakes Course. In order to

Board Agenda Item
November 13, 2019

complete the entire irrigation project as economically as possible, an extra \$270,000 is needed to fund the additional Phase 2 of the irrigation replacement. No additional funding is required for contingency or administrative costs since adequate funding is available in Phase 1 of the project to cover these costs. If approved the Phase 2 work will be accomplished within the timeline for the Phase 1 work.

The proposed timeline for completing the project is as follows:

<u>Phase</u>	<u>Start</u>	<u>Complete</u>
Scope	September 2018	June 2019
Design	July 2019	September 2019
Construction	December 2019	March 2020

Funding in the amount of \$270,000 is required to complete Phase 2 of the irrigation project. Staff recommends allocating \$270,000 from available 2012 Park Bond Premium funds to fully fund the project.

Staff estimates the improvements to the irrigation system will result in no additional annual revenue. Staff estimates a slight decrease in annual maintenance costs, with a lifecycle cost of \$270,000 for replacement of the additional irrigation system components at Twin Lakes Golf Course in year 25.

FISCAL IMPACT:

Based on the scope cost estimate, funding in the amount of \$270,000 is necessary to fund this project. Funding is currently available in the amount of \$270,000 in Fund 30400 Park Bond Construction, 2012 Park Bond, PR-000091, Existing Facility/Renovation - Bond Premium to fund this project.

ACTION

Scope Approval – Construction of Pohick Stream Valley Trail – Burke Station Park to Hillside Road (Springfield District)

ISSUE:

Approval of the project scope for the construction of 2,200 linear feet of asphalt stream valley trail and a pedestrian bridge in the Pohick Stream Valley Park

RECOMMENDATION:

The Park Authority Executive Director recommends approval of the project scope to construct 2,200 linear feet of eight-foot wide asphalt and concrete trail and one stream crossing in the Pohick Stream Valley Park from Burke Station Park to Hillside Road.

TIMING:

Board action is requested on November 13, 2019, to meet the project schedule.

BACKGROUND:

The Park Authority Board approved a list of trail projects for funding by the 2016 Park Bond Program on October 23, 2017. That trail project list included a project to design a new section of stream valley trail in the Pohick Stream Valley between Burke Station Park and Hidden Pond Park in the Springfield District. The project consists of two separate lengths of trail. The first section of trail consists of the construction of approximately 2,200 linear feet of eight-foot wide asphalt trail and one stream crossing from Burke Station Park to Hillside Road. The second section of trail includes construction of approximately 1,800 linear feet of eight-foot wide asphalt trail connecting Old Keene Mill Road and Hidden Pond Park. The design for both trail sections is now complete. The trail when completed will create a connection to the existing park facilities in Burke Station Park and Hidden Pond Park, and to public transportation options along Burke Road and Old Keene Mill Road (see Attachment 1).

The Virginia Department of Conservation and Recreation (DCR) notified park staff in late July 2019 that they would be accepting grant applications for trail projects in the upcoming year under the Virginia Recreational Trails Program. Staff submitted a grant application to DCR for construction funding for the first section of the trail connecting Burke Station Park to Hillside Road. DCR notified staff on September 25, 2019, that \$311,555 in grant funding is available in the grant cycle for the project. By separating the trail construction into two sections staff can submit for additional grant funding in

Board Agenda Item
November 13, 2019

future years to help fund construction of the second section of the trail from Old Keene Mill Road and Hidden Pond Park.

The scope of work for Section One of the trail includes:

- Design & Permitting
- NEPA documentation for grant approval
- Construction of 2,200 LF of new eight-foot wide asphalt trail
- Construction of pipe culverts to improve trail drainage
- Construction of one fiberglass bridge stream crossing
- Environmental and Site Permitting

The detailed cost estimate for the construction of trail improvements as outlined above is \$1,111,055 (Attachment 2). Staff anticipates that these improvements will result in no additional annual revenue. Staff also estimates that the trail maintenance cost will be \$1,160 per year with a lifecycle cost of \$1,029,533 for the replacement of the trail in year 20.

Based on completed trail projects to date funding is available in the amount of \$713,134 is available in the 2012 and 2016 Park Bonds to fund the trail construction in addition to the available grant in the amount of \$311,555 for a total available amount of \$1,024,689. Based on the total amount of funding required of \$1,111,055 this leaves a shortfall of \$86,366 required to fund the project. Staff is recommending that the additional funding required in the amount of \$86,366 be funded from the available balance in the 2012 Park Bond – Bond Premium.

The proposed timeline for the project is as follows:

<u>Phase</u>	<u>Planned Completion</u>
Preliminary Grant Application Submission	August 2019
Scope and Design (Minor Site Pan)	November 2019
Final Grant Selection and Agreement	June 2020
Plan Approval and Permitting	June 2020
Section One Construction	May 2021

FISCAL IMPACT:

Based on the cost estimate funding in the amount of \$1,111,055 is necessary to construct Section 1 of the trail. Funding is available in the amount of \$713,134 in Fund 30400 Park Bond Construction, 2012 Park Bond, PR-000091, Existing Facility/Renovation -Countywide Trails and 2016 Park Bond, PR 000078, Park Renovations and Upgrades- Countywide Trails and in the amount of \$311,555 in Grants

Funding in the amount of \$311,555 will be returned to the Park Authority Grant Fund upon reimbursement from DCR.

McLean Projects for the Arts Proposal for Developing an Art Center at Clemyjontri Park (Dranesville District)

The McLean Project for the Arts (MPA) mission is to exhibit the work of emerging and established artists from the mid-Atlantic region; to promote public awareness and understanding of the concepts of contemporary art; and to offer instruction and education in the visual arts. MPA is a leading contemporary visual art 501(c)(3) non-profit organization currently located in the McLean Community Center. MPA is supported through grants from the McLean Community Foundation, the Arts Council of Fairfax County, the National Endowment for the Arts, and The Virginia Commission for the Arts, and other generous sponsors and individuals.

MPA leadership has approached the Park Authority Executive Director with a proposal to explore the potential to develop a permanent art center at Clemyjontri Park. MPA proposes to use the Lebowitz home for administrative staff and construct additional buildings for art exhibitions, educational classes and occasional special events. Staff will brief the Park Authority on the conceptual proposal from MPA for the development of the art center including reuse of the former Lebowitz residence and surrounding area at Clemyjontri Park.

FCPA and MPA Partnership

A proposal for the Lebowitz
home and property

Partnership vision

The vision for an MPA arts campus on FCPA property centers on these principles:

- Respect the history and architecture of the original 1912 house.
- Further the original goal of the Lebowitz gift and life's contributions.
- Establish a presence by which the arts campus is both integrated into yet distinct from Clemyjontri Park.
 - Free access to contemporary art in galleries and public art walking paths
 - Intentional access to the studios and galleries for park visitors
 - Visage of house would remain the same from the park

McLean Project for the Arts: An Overview

- MPA is Northern Virginia's oldest continually operating community arts organization, founded in 1962;
- MPA's contemporary art galleries have exhibited the work of 2,000 local and mid-Atlantic artists to decades of critical acclaim;
- MPA engages 25,000 community members annually
 - ~10,000 via FCPA-sponsored MPAartfest, 1st Sunday in October
 - ~5,000 experience the 10-12 exhibitions hosted in our galleries
 - ~3,500 participants in MPA ArtReach, our community outreach to FCPS Title 1 schools; Fairfax County Senior Centers; and, students and adults with intellectual and physical disabilities, including partnership with Service Source
 - ~1,000 enrolled in our studio classes and summer camps offered by professional working artists. Ages range from 20 months to senior members of our community, and summer camps include scholarship students
- MPA works in partnership with FCPA, Fairfax County, FCPS and scores of community non-profit, public and private organizations

- MPA@Clemyjontri would be a quiet, contemplative balance to the park already established and a respite in our vibrant region.

- MPA@Clemyjontri will enrich our community by engaging visitors through both visual inspiration and in hands-on, creative expression. We propose to:

- Exhibit the work of contemporary artists from throughout the region,
- Offer art instruction to students ranging from novice to expert. Classroom space in Clemyjontri would allow both multi-purpose and specialty classrooms with dedicated equipment (e.g. printing presses, potters wheels, and digital design). The immediate outdoor access to the home offers distinctive educational options for ecological art programs, i.e. gardening native plants for natural dyes, and importantly,
- Populate the abundant nature trails with public art.

Arts Programming in Galleries and Studios

Proposed for
Lebowitz property:
Creating an open
Arts and Education
space as a creative
respite in our
community

Lebowitz home, Gallery and Classrooms on an east-west axis

An Open Arts and Education campus with galleries, studios and expansive creative outdoor spaces

Anticipated Use Intensity

Visitors to MPA@Clemyjontri would make for an infinitesimal additional usage load at the park. For example, the biggest regular events are exhibition openings, held 8-12 times/year, usually from 7-9pm. Not only do the typical 80-120 attendees make for a vibrant and successful event, the customary 7-9pm timing of our biggest events would be opposite that of daytime park attendees.

Projected visitor count to MPA@Clemyjontri by type of event follows:

- Daily administrative staff, 10am – 5pm (~8-10)
- Art education classes (Instructor plus ~5-12 students/class)
- MPA Exhibition openings, held ~8-12/year, 7-9pm (~100 attendees)
- Special events, typically 3/year, 7-9pm (~100 - 250 attendees)

Note: two of our four primary programs, MPA ArtReach and MPAartfest, serving 3,500 and 10,000 Fairfax County residents respectively, will remain in their current locations of the McLean Community Center and McLean Central Park.

INFORMATION (with presentation)

Mount Vernon District RECenter Renovation and Expansion Design Update (Mount Vernon District)

Mount Vernon RECenter is a 64,374 square foot, indoor recreation facility located in Mount Vernon District Park at 2017 Belle View Boulevard in the Belle Haven area of the Mount Vernon Supervisory District. The two major components within the RECenter are a natatorium with a 25-meter pool and an indoor ice rink that is used for competitive hockey, figure skating and recreational skating. The facility was built in two phases in the late 1970s and early 1980s, with the ice rink completed first and the natatorium constructed as an addition to the ice rink. Structural and mechanical renovations have been completed over time and the pool was improved with the additions of a beach entry, ramp, play features and a spa in 2001. Otherwise, the facility has remained unchanged since the original construction.

The Planning and Development Division FY 2018 Work Plan, as approved by the Park Authority Board on July 26, 2017, includes a project to renovate and expand the RECenter. Funding is provided in the 2008 and 2016 Park Bond programs to design and construct the renovation and expansion of the existing RECenter facility.

Staff will brief the Park Authority Board on the results to date of the ongoing building renovation and expansion design efforts. Staff will provide information on the status to date of the following:

- Project Scope
- Project Team
- Project Milestones
- Design Advancement
- Order of Magnitude Project Costs
- Phase I Critical Improvements – Renovation/Expansion Including Fitness and Multipurpose Spaces)
- Phase II Core Improvements – Second Sheet of Ice and Team Rooms
- Interior and Exterior Improvements

Staff will continue to update the Park Authority Board as the design of the renovation and expansion progresses.

Draft Clermont Park Master Plan Amendment Update (Lee District)

Staff discussed the draft Clermont Park master plan amendment to consider adding athletic field lighting at two of the existing four diamond athletic fields and the parking lot at the park with the Park Authority Board in May 2019 (Attachment 1). Staff advised the Park Authority Board that in addition to amending the master plan the Board of Supervisors would need to take an action to revise an existing deed restriction that was placed on the property when the Board of Supervisors transferred the property to the Park Authority in 2007 which prohibits adding lighting at the park. A public comment meeting on the proposed draft master plan amendment was held in July 2019 to gain public input on the proposed draft master plan amendment and identify any potential neighborhood impacts that might occur from the addition of lighting.

A 30-day public comment period followed the public comment meeting to allow for additional public input on the draft master plan amendment. Over 293 comments were received from the public. Below is a summary of the comments received:

- FCPA received a total of 284 unique comments for the record and 1 petition from the neighborhood.
- Of those comments 157 (55%) indicated opposition to adding lighting and 127 indicated (45%) they were in favor of adding lighting.
- While many people had more than one reason for their opinion, the following items were noted.
 - 42/284 (15%) commenters noted concern for the impact of lights on the environment.
 - 56/284 (20%) commenters noted concerns about traffic.
 - 69/284 (24%) commenters noted other concerns such as noise and/or property value impacts.
 - 65/284 (23%) of commenters also supported lighting the girls' softball fields.

The petition circulated by members of the surrounding residential community includes 266 signatures in opposition of the proposed draft master plan amendment. Additionally, a concern was raised over the potential inequity of lighting the baseball diamonds and not providing lighting on the existing diamonds used for girls' softball.

Park staff reviewed the public comments received on the draft master plan amendment with the Lee District Supervisor, Jeff McKay. After meeting with community stakeholders and Park Authority staff, Supervisor McKay decided to create a short-term

Board Agenda Item

Clermont Park Task Force to facilitate a more efficient and effective dialogue amongst all sides on the proposed addition of lights at the park prior to moving forward with a Board of Supervisors action to consider changing the deed restriction that prohibits lighting on the property. The Task force includes the Lee District Park Authority Board representative, Park Authority staff, staff from the Department of Neighborhood and Community Services, representatives of the surrounding residential communities including Homeowner's Association representatives, representatives of the sports organizations that use the athletic fields and staff from the Lee District Supervisor's office. The Task Force has met several times since mid-October 2019 to discuss the public comments received on the proposed draft master plan amendment and potential strategies to mitigate impacts to the community. The goal is to reach a consensus from the Task Force regarding any changes to the deed restrictions.

In addition to the Task Force meetings Park Authority staff has scheduled another public meeting to review the proposed park master plan amendment with the community on November 21, 2019. A Board of Supervisor's Public Hearing on the proposed changes to the deed restriction has been tentatively scheduled for December 3, 2019. If the Board of Supervisors approves the proposed revisions to the deed restrictions staff anticipates presenting the Clermont Park Master Plan Amendment to the Park Authority Board for approval in early calendar year 2020. Staff will continue to update the Park Authority Board on the process as it goes forward.

Sustainability study 80% complete and awaiting State TMDL sediment standards to be established in March 2017; Public Open House held March 14, 2016. Public Meeting on Lake Sustainability Study held May 16, 2016; Facility and programming workshop held on October 25, 2016, Trail workshop held on December 5, 2016, and natural and cultural resources community meeting held on April 24, 2017. With regard to the condition of the lake, DPWES currently sees no value in participating with the Park Authority for any of the lake alternatives. Met with BOS members in October who suggested another community meeting to review lake management alternatives. Lake Management Community Meeting held on January 22, 2018, followed by community association meetings and a public comment meeting hosted by Supervisors Cook & McKay in February. Another public comment meeting was held on April 30, 2018 and public comments were taken through May 28, 2018. Additional engineering study was completed by WSSI to further analyze several of the management options, with a final report to the county presented in late Dec. 2018. The results of the study was shared with the PAB, BOS, and the public. A public meeting presenting the proposed dredging strategy was hosted in September 2019.

<p>Remarks: The Selection Advisory Committee has completed contract negotiations with the highest rated firm. An RFP was issued on October 12, 2011. A fee proposal was received from the consultant and has been determined acceptable. A contract award was presented to the Park Authority Board for approval in January 2012. Contract was awarded to WSSI on 01/25/12. The kick-off meeting was held on 03/02/12. WSSI has determined that the topographic information is inadequate to complete their analysis and design and submitted a fee proposal to obtain additional information. All topographic surveying has been completed. WSSI presented 2 conceptual plans for review. Following review of the concept plans, it was determined that using a vinyl sheet pile in lieu of the concrete water control structure will reduce the project cost and be easier to construct. WSSI and Park Authority staff met with DCR and Army COE to resolve federal and state permitting issues. All issues were resolved and the permitting process will proceed as scheduled. Additional geotechnical investigation was performed in order to finalize the water control structure design. WSSI provided a revised cost estimate and schedule with the design development plans. WSSI completed Design Development plans on October 5, 2012. Scope item was approved in November 2012. Permit Plans are scheduled to be complete in late January 2013. Project is being prepared for a January 2013 bid. Project was awarded to Fort Myer Construction. Onsite Construction started April 17, 2013 to be Substantial Complete by December 2013. Project was awarded to Fort Myer Construction (FMCC). Onsite Construction started April 17, 2013. Substantial Completion is scheduled for December 9, 2013. Project reached substantial completion in December 2013. The Substantial Completion Inspection will be performed in January 2014. Project complete. Grand Opening Ceremony scheduled for May 10, 2014. Project is in the 1-year warranty period. Warranty inspection will be conducted in November 2014. Final report.</p>

<p>Remarks: Tolson Property: Project using remaining funds from Packard Center project. An asbestos containing material and lead-based paint survey has been performed. The heating oil tank in the basement has been removed. The RFP has been issued for the Demolition Contract. Proposals were received from the three bidders listed on the DPSM job order contract. The bids were evaluated and Hitt Contracting was the apparent low bidder; however, their proposal exceeded the approved budgeted amount. PMB is evaluating the costs associated with competitively bidding the project or using the job order contract approach to accomplish this work. The scope of the demolition RFP is being revised to remove the site permitting and to allow for Park Operations to perform some of the minor site work to reduce cost of the project. This work is to begin in July 2014. The revised demolition RFP will only include the demolition of the single family residence. A separate RFP is being prepared for the site permitting portion of the project. June 2014 - A proposal has been received for the site permitting. Procurement paperwork for the site permitting and the asbestos abatement is underway. Sept 2014 - The original scope of the demolition RFP has been reduced to only address the main residence demolition. Park Operations has performed some minor demolition and site clean-up work that was eliminated from the contractor's scope of work. A revised construction RFP has been prepared for rebidding the demolition scope of work and it will be forwarded to prospective contractors in October/November timeframe. December 2014 - Staff met onsite with the design team to engineer the Rough Grading Plan. An RFP was issued to the design team. A proposal has been received and the approval process for procuring the design services is under way. Roysdon Property: staff drafted the demolition scope of work document and will be meeting onsite with the design team to engineer Rough Grading plan. The bidding and permitting of this project will be combined with the Tolson Residence project. December 2014 - This demolition has been put ON HOLD. Key House: December 2014 - Staff met onsite with the design team to engineer the Rough Grading Plan. An RFP was issued to the design team. A proposal has been received and the approval process for procuring the design services is under way. An RFP for an asbestos and lead base paint survey was issued to a testing and inspection consultant. A proposal has been received and the approval process for procuring the testing and inspection services is under way. April 2015: scope item has been presented during PAB committee meeting. Heating oil tank has been removed from property. NTP for asbestos abatement and abatement air monitoring has been issued. Abatement is scheduled for last week of April 2015. Demolition was completed in May 2015. Tolson House: September 2015: PAB scope item was approved at the July 22, 2015 meeting. Purchase Order for house demolition was approved in August 2015. Demolition is scheduled to be completed in September 2015. Permitting is complete. The demolition contract was awarded to HITT Contracting, Inc. Demolition is currently underway. Residence has been demolished and the debris is being hauled away. Backfilling the basement excavation and site restoration is anticipated to be completed by end of September 2015. December 2015: Demolition was completed in end of September 2015. Last report.</p>

Total Project Cost					\$490,000.00		<p>Remarks: SWSG was hired to complete a rough grading plan for the Ruckstuhl Property. Also due to the conservation easement that encompasses the site, a tree preservation plan was developed that will guide the contractor in demolition of the various properties. The plans were approved by Fairfax County. All utility companies have provided "all clear" notification or they have removed their utilities from the site, including, water, sewer, electric, and telephone service. The project was advertised for bid for demolition of the three houses, in-ground swimming pool, various outbuildings, all pavement. J Roberts was the successful bidder. Prior to demolition the three properties needed to be cleared of asbestos materials, including roof, siding, pipe insulation and flooring. In addition, three wells and septic systems had to be abandoned/removed in accordance with Health Dept standards. The Fairfax County Fire Department was granted permission to use the three houses for enclosed space rescue practice. The main Ruckstuhl residence has been demolished. The second property has been demolished. The entire site has been seeded with a native flower seed mix. Erosion and sediment controls have been left in place until the site is stabilized. Substantial completion was approved in November 2012. Will wait until spring 2013 to inspect for grow-in of seed mixtures. The site stabilization has been approved by the County and the minor site plan has been closed out by DPWES.</p> <p>The Birge Property was bid for demolition of the house and stand-alone garage in July 2012. J Roberts was the successful bidder. Preparation and submittal of the Rough Grading Plan and Demolition Permit requirements were included as part of the bid. Asbestos and lead paint removal was included as part of this contract's scope of work. All utilities have been disconnected and removed. The Fairfax County Police Department was granted permission to use the property for their tactical unit practice. The Rough Grading Plan was approved in December 2012. A pre-construction meeting will be held in January 2013. Demolition is anticipated to begin in January 7, 2013. Demolition was completed and substantial completion approved in February 2013. Will wait until spring 2013 to inspect for grow-in of seed mixtures. The site stabilization has been approved by the County and the minor site plan has been closed out by DPWES.</p> <p>The Martin Property was bid for demolition of the house in June 2012. Cresco Inc. was the successful bidder. Preparation and submittal of the Rough Grading Plan and Demolition Permit requirements were included as part of the bid. Asbestos and lead paint removal was completed under a separate contract. All utilities have been disconnected and removed. Demolition is anticipated to begin in October 2012. The Fairfax County Fire Department was granted permission to use the three houses for enclosed space rescue practice. Approval of the Rough Grading Plan is anticipated in October 2012. Demolition is anticipated to begin in October 2012. Demolition work was completed in December 2012.</p>

Total Project Cost				\$2,524,688.00			Remarks: Notice to Proceed was issued on August 11, 2010. The contractor has completed the Storm Water Management Pond. Construction of the parking lot improvements is proceeding in phases to allow for adequate parking for RECenter programs and activities. The two underground stormwater storage facilities have been installed. Sidewalk, light pole foundations and curb and gutter work is proceeding. Parking lot base stone has been placed and asphalt paving will start within the next two weeks. Delivery of parking lot lights may be impacted by availability of products shipping from Japan. Project reached substantial completion on July 22, 2011. Remaining landscaping work will not be performed until hot weather ends this fall. All punchlist items have been corrected and the project is now under warranty. One-Year warranty inspection was held and the list of deficiencies was sent to the contractor with the work being scheduled for September 2012. The Park Authority will be partnering with Mclean Youth Association to upgrade the condition of Field #4 to improve playing conditions. This will be completed in fall 2012. In September 2012, DPWES completed the construction of the new park entrance on Lewinsville Rd. funded by the Park Authority. This includes new pavement width to Lewinsville Rd., striping to create a bicycle lane, and a new asphalt trail along Lewinsville Rd. A new traffic signal that controls movements in and out of the park and Spring Hill Elementary School, directly across the street from the park, is now operational. A pedestrian crossing is included at the new park entrance. Staff has installed new stop signs, and speed humps to deter cut-through traffic. Staff is developing a plan to connect a sidewalk from the new park entrance to the RECenter. Existing trails needing repair along Lewinsville Road and Spring Hill Road will be reconstructed after the RECenter Expansion Project is completed. Last report.

The kick-off meeting was held in January 2012 to review the program and concept plans. HGA submitted concept plans on 01/18/12. Staff approved a concept plan and provided comments. HGA was directed to proceed to schematic plan development. Schematic plans were submitted on 03/30/12. Project Team met on 04/09/12 to review the schematic plans. Schematic plans were reviewed and approved with comments. HGA submitted a materials and color layout and a LEED checklist. Staff provided comments and HGA provided a revised plan which was approved by staff. The PAB approved the project scope in May 2012. HGA submitted design development plans in July 2012 for the project team to review. HGA was directed to proceed to Construction Document phase. 50% plans will be presented to the project team in October 2012. The site plan was submitted for approval by Fairfax County. First submission comments have been received. The most significant comment is in regard to the installation and/or replacement of street lights on Lewinsville Rd., Spring Hill Rd., and Artnauman Dr. Staff will be requesting a waiver to omit installation of street lights on Artnauman Ct. since the upper entrance has been closed and the lower access is an exit only. The street light waiver for Artnauman Ct. has been approved. The Building Plans have been submitted for permit review and the consultant is preparing responses for 2nd submission. Site Plan has been approved. Building Permit will be released after Critical Structures Meeting is held. Bid opening is scheduled for July 25, 2013. Total Project Cost				\$1,176,600.00			Remarks: A purchase order has been issued to GameTime / Spohn Ranch Skate Parks to provide design and installation services under the U.S. Communities contract with Fairfax County. Park Authority sponsored a design forum in June 2011 with Spohn Ranch Skate Parks to solicit ideas of the skate and bike community. Staff has issued a Contract Project Assignment to a Civil Engineering Consultant for engineering services to include preparation of permit documents. Staff has evaluated various sites to determine the appropriate location for the facility. A site located adjacent to the existing athletic fields has been selected. A second design forum was held on October 27, 2011 with Spohn Ranch to finalize the skate park design. The site plan has been submitted to DPWES for review. Following the public meeting, Spohn Ranch requested permission to prepare a revised layout due to design and cost constraints of the current design. Spohn Ranch presented a revised plan, however the Project Team has requested revisions to the plan to add 1000 square feet of skate surface. GameTime submitted a final plan and cost proposal for the demolition, site grading, utility installation, shade structures, and skatepark. A Purchase Order was issued to GameTime in June 2012 for construction of all phases of the skate park and construction is underway. Construction of the concrete skate features and the concrete flat skate slab were completed in September. Site work to grade the site, install top soil, assemble the two shade structures, install the concrete shelter slab, concrete sidewalk, accessible parking spaces, gravel parking lot, gravel access road, and rain garden are on-going. A bid for installation of sod and landscape planting was advertised in September 2012. Denison Landscape Inc. was the successful bidder. Work was complete on October 20, 2012. A ribbon cutting ceremony was held on October 27, 2012. Staff is working with the lighting manufacturer to re-use the existing lights from the Lewinsville Park Athletic Field Renovation project to install a lighting system at the skate park. Light poles and equipment will be delivered to Lake Fairfax on July 26, 2013. Installation of the light system will be completed by end of October 2013. Final report.

Total Project Cost												Remarks: The Project Team has recommended that an analysis be conducted to determine the validity of the 2003 recommendations for expansion. A Request for Proposal was issued to the consultant to obtain services to complete the analysis. A Contract Project Assignment was issued to Burgess & Niple (B&N) for the initial feasibility study of the project. A report has been issued by the subconsultant Ballard/King that includes recommendations for improving the facility. A project team meeting is scheduled for July to discuss the recommendations. The project team reviewed the draft report and requested revisions to include an analysis of the 2003 recommendation, modifications to the demographics, reduction in elements to improve the 2-5 age group play events, increase in elements to encourage use by 10-14 age group. The final draft report was submitted in October 2012. A second Contract Project Assignment was issued to Burgess & Niple to prepare two concept plans. B&N will be working with Water Technologies Inc. to develop the plans and cost estimates. The project team reviewed and approved the final concept plan. A meeting has been scheduled with the Health Department on January 10, 2013 to review the plan. After consideration of the concept plan, the Health Dept has agreed to allow a remote restroom and showers as well as an increase in bather occupancy load for the area of expansion. DPWES Storm Water Planning Division is considering funding some improvements for capturing additional runoff and improving infiltration of storm water. A Contract Project Assignment has been issued to Burgess & Niple to proceed with the design portion of the work. Survey and geotechnical investigation work will proceed during March 2013. Survey and geotechnical investigation resulted in some modifications to the schematic plan layout. Design Development Plans will be submitted by end of July 2013. Construction status to be reported separately as a 2012 Park Bond project. Project team is currently reviewing the 95% submittal. The site plan first submission was submitted on 12/24/13 for LDS review. The Geotechnical Report has been approved. Site Review has given 1st submission comments and those comments are being addressed. The Building Permit Plans were submitted to the Health Department on 2/26/14 and are under review. Project was advertised for competitive bid in May 2014. Bids were opened on July 8, 2014 and the County Attorney determined that the lowest bid was non-responsive. The second lowest bid exceeded the available funding, so the project will be re-bid in August 2014. Bids were opened on September 15, 2014 with Schiebel Construction as the apparent lowest bidder in the amount of \$4,429,000. Last report. Construction progress reported in 2012 Park Bond report.

Total Project Cost				\$1,180,619.00		Remarks: Scope Team was assembled and the Scope Team Kickoff Meeting has occurred. On November 12, 2014 an RFP was sent to SWSG Consultants for assistance with the project scope and design. On December 16, 2014 a proposal was received and is currently being reviewed by PDD staff. SWSG Consultants have been contracted to assist with project scope, design and construction. April 2015-SWSG and the Project Team led by RMD staff is currently corresponding with VDHR and the Architectural Review Board concerning several critical issues including construction of the garage to store the cart used for accessibility to the historic site. September 2015: The proposed plans went to the July 2015 meeting of the Architectural Review Board (ARB). The ARB essentially approved the proposed rehabilitation plans in July but will formally approve at the September 2015 meeting. The Consultant and staff will provide additional information requested by the ARB including the historical paint analysis requested. The ARB asked for a change in the roof design for the garage and requested additional information regarding the proposed gutters and windows. Staff and SWSG Consultants are preparing the requested information to present to the ARB at the October Meeting. The ARB formally approved the proposed plans in November. The bid drawings have been completed and were submitted for permit January 4, 2016. March 2016: Permit has been approved. Bid drawings are completed and request for proposal has been sent to the general contractor. A Pre-proposal meeting has been scheduled for April 13, 2016. July 2016 HITT proposal has been submitted reviewed and negotiated to reduce the cost proposal. Purchase Order has been sent to the Park Authority Director for signature. Construction is scheduled to start in August 2016. 10/13/16 Construction is underway. As part of the project RMD performed an archeology excavation once the floor was removed and discovered some artifact believed to be from the 1830's to 1850's. Demolition is ongoing. 12/13/16 Work is continuing with floor framing complete, masonry work on the exterior nearing completion, wall framing in progress and the garage addition underway. Anticipated completion by May 2017. House Project is Substantial Complete. Funding includes 2004, 2008 and 2012 Bond Funds, plus other sources. Currently working under separate contract the ADA Access. Scheduled to complete May 2017. Work actually completed March 2017. Currently under Warranty until March 2018. Last report.

<p>Remarks: September 2012-Project Kickoff meeting scheduled 10/23/2012. December 2012 - Project team has met several times to determine self-sustaining program budget. RMD currently developing programming for three probable sites to include operational budget for each scenario for team review in late January 2013. Mar 2013 - Project Team working on financial self-sustaining programming analysis. June 2013 - Team writing and preparing initial feasibility study report summarizing initial findings. September 2013 - RMD staff is exploring alternative design solutions based on operational budget constraints. December 2013 - RMD staff is exploring alternative design solutions based on operational budget constraints. March 2014 - Meetings with Hal Strickland and the director's office were held and it was determined that SEC was to encompass a working lab. FCPA RMD staff confirmed that currently there is no funding available to cover the operating costs of running the facility. FCPA will reach out to the public to seek possible partnership opportunities for operating the Stewardship Education Center. Staff will engage a design team thru an RFP to assist with the community outreach and partnership solicitation process in order to better define the SEC program. June 2014 - A/E RFQ solicitation was issued. RFQ packages due in August. September 2014 - RFQ packages received and are being evaluated by the Selection Advisory Committee. December 2014 - Based on the proposal submissions and oral interviews, Selection Advisory Committee has made their recommendation and the notification letter has been issued to the highest ranking consultant team. FCPA awaits the financial package. The RFP has been drafted and will be issued end of January 2015. March 2015 - Financial package received and rates negotiated to meet county requirements. Proposal received and is currently being reviewed/negotiated. June 2015 - GWWO declined to continue negotiations due to standard agreement language. Quinn Evans Architects submitted and approved financials and standard agreement language. RFP has been issued and is currently in negotiations. September 2015 - Proposal received and negotiated. Contract package currently being completed for approval. December 2015 - Contract package approved. Kickoff meeting scheduled end of January 2016. March 2016 - Kickoff meeting held. Project team evaluating and defining services and experiences that the SEC will contain. Partnership outreach to follow. Site selection: E.C. Lawrence. Schedule will be updated based on the coordination with Master Plan process. June 2016 - Masterplan public meeting was held in June. Team compiled potential partners list and finalized outreach preparation efforts. Potential partner outreach to begin in August. September 2016 - Potential partners contacted and invited to Potential PartnerPublic Outreach Charrette in mid-September. Big turnout and ideas shared. Team to continue conversation to develop relationships and start space programming phase. December 2016 - The partnership outreach has not produced any major partners but many smaller partnership opportunities. The team prepared a space program based on ECL staff moving to this facility and allowing for sharing meeting/classroom space with various little organizations for various class/program use. The A/E team has refined the program and has started the financial analysis of the current program. March 2017 - A draft of the Final Phase I Report was received and is in review by the team.; Includes partner outreach, programming, and financial analysis. June 2017 - Team met to reduce scope of project to align better with the bond funding and projected revenues. Revised scope to be more of an "Outdoor Learning" facility with covered and sheltered but not "conditioned" space. Large subdividable space rather than museum-like space. The Admin. space removed from scope and smaller "conditioned" core space provided for bathrooms, kitchenette, orienting space. Met with Directors team for acceptance of new direction. A/E RFP being generated for adjusted scope from SD to CA. Update: Sept. 2017 - This project is funded with 2008 and 2012 bond funds. See full comments under "2012 Bond Funded Projects". 				TECO		Remarks: Project Team is being assembled for the scoping phase. Project scope is being developed. A golf course consultant has been hired to prepare a concept plan and preliminary cost estimate for improvements to the driving range. Project team met with the consultant on site to discuss options within budget for improving drainage on the driving range. Site staff is visiting other driving range facilities to evaluate some of the options that were discussed. The consultant is preparing a conceptual plan for improvements to the driving range based on input from the project team. A golf course consultant was hired to prepare a concept plan and preliminary cost estimate for the improvements to the driving range based on input from the project team. Concept Plan is scheduled to received by end of November 2015. The concept Plan has been completed and Park Authority Board approval of the project scope is scheduled for March 2016. Project scope was approved by the PAB in March 2016 and budget increased to \$1.8M. RFP has been issued for design and permitting services. Pennoni was awarded the contract for design. The consultant is preparing the permit/construction plans for project team review with 50% plans submitted February 2017. After the 50% review, the team determined additional geotechnical borings would be required to identify depths of asbestos rock. These borings are expected to be complete in April 2017 with the 95% design drawings submitted in June 2017. RGP is approved. Bids were opened on March 6, 2018 and the apparent lowest bidder was George E. Ley Company. Contract was awarded in May and construction started in June. Substantial completion occurred in October 2018 and the punch list is complete. Warranty walkthrough held in October 2019 and warranty punch list is ongoing.

				TECO		Remarks: September 2012-Project Kickoff meeting scheduled 10/23/2012. December 2012 - Project team has met several times to determine self-sustaining program budget. RMD currently developing programming for three probable sites to include operational budget for each scenario for team review in late January 2013. Mar 2013 - Project Team working on financial self-sustaining programming analysis. June 2013 - Team writing and preparing initial feasibility study report summarizing initial findings. September 2013 - RMD staff is exploring alternative design solutions based on operational budget constraints. December 2013 - RMD staff is exploring alternative design solutions based on operational budget constraints. March 2014 - Meetings with Hal Strickland and the director's office were held and it was determined that SEC was to encompass a working lab. FCPA RMD staff confirmed that currently there is no funding available to cover the operating costs of running the facility. FCPA will reach out to the public to seek possible partnership opportunities for operating the Stewardship Education Center. Staff will engage a design team thru an RFP to assist with the community outreach and partnership solicitation process in order to better define the SEC program. June 2014 - A/E RFQ solicitation was issued. RFQ packages due in August. September 2014 - RFQ packages received and are being evaluated by the Selection Advisory Committee. December 2014 - Based on the proposal submissions and oral interviews, Selection Advisory Committee has made their recommendation and the notification letter has been issued to the highest ranking consultant team. FCPA awaits the financial package. The RFP has been drafted and will be issued end of January 2015. March 2015 - Financial package received and rates negotiated to meet county requirements. Proposal received and is currently being reviewed/negotiated. June 2015 - GWWO declined to continue negotiations due to standard agreement language. Quinn Evans Architects submitted and approved financials and standard agreement language. RFP has been issued and is currently in negotiations. September 2015 - Proposal received and negotiated. Contract package currently being completed for approval. December 2015 - Contract package approved. Kickoff meeting scheduled end of January 2016. March 2016 - Kickoff meeting held. Project team evaluating and defining services and experiences that the SEC will contain. Partnership outreach to follow. Site selection: E.C. Lawrence. Schedule will be updated based on the coordination with Master Plan process. June 2016 - Masterplan public meeting was held in June. Team compiled potential partners list and finalized outreach preparation efforts. Potential partner outreach to begin in August. September 2016 - Potential partners contacted and invited to Potential PartnerPublic Outreach Charrette in mid-September. Big turnout and ideas shared. Team to continue conversation to develop relationships and start space programming phase. December 2016 - The partnership outreach has not produced any major partners but many smaller partnership opportunities. The team prepared a space program based on ECL staff moving to this facility and allowing for sharing meeting/classroom space with various little organizations for various class/program use. The A/E team has refined the program and has started the financial analysis of the current program. March 2017 - A draft of the Final Phase I Report was received and is in review by the team.; includes partner outreach, programming, and financial analysis. June 2017 - Team met to reduce scope of project to align better with the bond funding and projected revenues. Revised scope to be more of an "Outdoor Learning" facility with covered and sheltered but not "conditioned" space. Large subdividable space rather than museum-like space. The Admin. space removed from scope and smaller "conditioned" core space provided for bathrooms, kitchenette, orienting space. Met with Directors team for acceptance of new direction. A/E RFP being generated for adjusted scope from SD to CA. Sept. 2017 - VDOT is designing the I66-28 interchange. This may have an impact on Walney Rd at the pond and proposed site. Project on hold until VDOT design is completed in the Fall 2017. December 2017 - VDOT made commitments that Walney Rd. at Walney Pond will not be impacted by interchange design. RFP was sent to A/E for Design through Construction services. Due back in January. June 2018 - A/E working on Schematic Design. Sept. 2018 - Schematic Design phase completed. Team comments to A/E team in October. Dec 2018 - Design Development was initiated in November 2018. March 2019 - Project holding at Design Development until partnership negotiations can be completed with SWPD to determine final scope of work. Scope Item to PAB in May. June 2019 - SWPD negotiations ongoing to finalize scope. Design Development ongoing. Sept. 2019 - See 2008 Bond for additional fund tracking. This project includes \$250,000 transferred from the Sully Woodlands Phase I Signage project (2016 Bond Fund). Other Funding includes two energy fund allocations, proffer funds and SWPD funds. June 2016 - Kickoff meeting occurred. Project team has compiled initial program requirements for the project to prepare the request for proposal from A/E services. September 2016 - Samaha submitted proposal in September. A/E kickoff mtg. scheduled October 2016. December 2016 - A/E team performed survey of site, developed project program, and produced 2 initial schematic design options. A 3rd option is being explored. Project team to reachout to Citizen Assoc. to discuss meeting house future use for planning project. March 2017 - Citizen association was in support of the project concept. SD package due in April. will start 2232 process with SD package. DD phase to CA RFP to be sent to A/E in April to continue the project design. June 2017 - The SD package came in over budget. Team worked with the A/E and Park Operations to reduce scope and cost of the project. An RFP has been sent for redesigned SD to CA phase scope of work. Upon completion of on budget SD phase PAB item to be prepared and 2232 process to start. Sept. 2017 - Extended A/E contract through Construction Administration stage. Continuing work on finalizing schematic design, in coordination with Park Ops. Dec. 2017 - SD phase to end in January 2018, and move into DD phase. March 2018 - DD phases ended, moving into CD phase. June 2018 - Planning Commission approval on June 28, 2018. Final design underway. Sept 2018 - Site and building permit drawings are submitted and under review. Dec. 2018 - Approvals pending. Bid solicitation in early 2019. March 2019 - Building permit approval was obtained and site permit is in its final approval stage. Funding reallocation will be requested to PAB in May. June 2019 - Permits obtained. Bid opening scheduled for July 30, 2019. Sept. 2019 - Additional \$200,000 of funding is tracked in 2012 Bond. Bid opening yielded only one bid, and it exceeded the budget. Analysis of cost estimates and bid environment has resulted in value engineering and a decision to re-bid the project in early January 2020.
