

# CAN YOU FIND THIS SIGN AT THE CHILDREN'S GARDEN?

*How many different animals can you find on the Children's Garden sign?*

**Bees** are wonderful pollinators! A pollinator is an animal that moves pollen from one flower to another. How many bees do you see? \_\_\_\_

**Butterflies** are also pollinators, and they have large, brightly colored wings. **Caterpillars** are the early stage of moths and butterflies. How many butterflies and caterpillars can you count? \_\_\_\_ Did you find the giant caterpillar in the garden? \_\_\_\_

**Turtles** have a bony shell that acts as a shield. Can you find any turtles on the sign? How many are there? \_\_\_\_

Do you see the **ladybugs**? How many did you find? \_\_\_\_

**Worms** have long tube-like bodies, no limbs, and no eyes. Do you see any? \_\_\_\_

**Ants** are eusocial insects. Do you know what that means? It means that they are highly organized and have a single female that produces offspring. How many ants can you find? \_\_\_\_

Count the beautiful **birds**. What color are they? \_\_\_\_\_

**Dragonflies** are insects with large multifaceted eyes and transparent wings. How many did you find? \_\_\_\_

Did you also find the **chipmunks** and **frogs**? \_\_\_\_

Now, draw a **circle** around all the animals you saw live in the garden today.

**Draw your favorite animal:**
