Fireworks Safety

Thousands of people are injured each year in the United States due to fireworks. Consider the following safety tips using [permissible fireworks](#):

- Minors should be supervised by a parent or legal guardian. Never allow young children to play with or ignite fireworks.
- Adults should always supervise activities involving the use of fireworks.
- Place the device on a flat surface, clear of any combustible material, and clear of all buildings (50 feet).
- Make sure fireworks are legal in your area before buying or using them.
- Never has any portion of your body directly over a fireworks device when lighting the fuse.
- Never try to re-light or pick up fireworks that have not fully functioned.
- Never point or throw fireworks at another person.
- Keep a bucket of water or a garden hose handy in case of fire or other mishap.

Your Field Guide to Battle Mosquitoes

Control Mosquitoes Where You Live:

- Eliminate standing water. Mosquitoes can breed in as little as a teaspoon of water.
- Treat standing water with a larvicide if it cannot be eliminated.
- If mosquitoes are biting, consider treating your yard with an insecticide.
- Organize a neighborhood clean-up.

Protect Yourself and Your Family From Mosquito Bites:

- Wear an EPA-registered insect repellent containing DEET, picaridin, oil of lemon eucalyptus, or IR 3535.
- Cover exposed skin by wearing loose-fitting, light-colored long-sleeved shirts and pants.
- Keep mosquitoes out of your home. Keep doors and windows closed.

Obey the Law and Strive to be "Park Friendly"

Fairfax County Parks have always been people and pet friendly. Please obey all laws, be aware of park rules, and be "park friendly" this summer. That commitment translates into a safe and enjoyable visit for all and allows our parks and natural areas to thrive.

Park Rules to Remember:

- Stay on trails. Staying on trails helps to minimize the impact on wildlife and plants, stop the spread of non-native species, and keep the park looking beautiful.
- Take only pictures and leave no trace.
- Keep dogs on leashes.

Local police will be out in force to ensure that visitors obey all laws and have a safe visit. Make this the summer to practice park friendly behavior at the county's 400+ parks.

The Green Column

Car Washing the Right Way

Dirty water from vehicle and equipment cleaning should not be allowed to run into storm drains. Water from washing cars may contain oils, greases, solvents, detergents, petroleum hydrocarbons, and other pollutants that degrade water quality and harm fish and animals that live in streams.

Recommendations for Car Washing at Home:

- Wash it on a grassy surface so the water can infiltrate into the ground.
- Use the minimum amount of detergents necessary and use products that are phosphate-free and pH neutral.
- Conserve water by turning off the hose while soaping up the car and rinse quickly.
- Try a water-less car washing soap that can be wiped off.

A great way to prevent dirty water from getting into storm drains is to take your car to a commercial car wash. Fairfax County Code requires that these facilities recycle or reuse most of their water and that the rest is sent to the sanitary sewer system for processing.

It is also important to maintain your car to prevent any liquids from dripping onto the ground that may be picked up by stormwater runoff.

Animal Shelter Corner

Meet Brandy!

Age: 8y

Gender: Female

Color: Brown/Tan

Spayed/Neutered: Yes

Size: Medium

Brandy is a mellow, older girl looking for a nice quiet retirement home where she can live out her golden years in leisurely style. She is great around people, especially once she gets to know you. She loves getting attention and will lean into you to ask for a few more pets and scratches. She is very smart and knows basic commands like sit, paw, and down. She also still has a lot of pep in her step and enjoys playing, particularly with squeaky toys. There are a few things she is not fond of, though. She does not like other dogs and would like to be your one and only. She does not like being left alone for long periods of time because she misses you! And she considers small animals to be the equivalent of a squeaky toy. For more information about Brandy, contact the Fairfax County Animal Shelter at 703-830-1100 or by email at AnimalShelter@fairfaxcounty.gov.
