

Community Feedback Survey on Funding Categories for the
CONSOLIDATED COMMUNITY FUNDING POOL

Fairfax County's Consolidated Community Funding Pool is an allocation of funds earmarked by the Fairfax County Board of Supervisors to be administered to local nonprofits and community-based organizations as an investment in programs and services that strengthen the county's ability to fill the human services needs of its residents. To determine how these funds should be allocated, Fairfax County, with significant community input, establishes categories that are reflective of the needs residents feel are most important in their communities.

In preparation for the next funding cycle, we are seeking your insight and feedback on our current categories. Please consider the following categories and outcome statements independently and respond, based on your personal experiences, to the questions provided.

* 1. Please begin by indicating your ZIP code below:
