

INVITATION TO BID

FOR CONSTRUCTION OF Raw Wastewater Pump Station Rehabilitation and Replacement-B4 (CMAR) Lorton, Virginia

Your bid is due on or before

April 5, 2024, by 2:00 PM (EDT)

Clark Construction Group, LLC is the Construction Manager for the Raw Wastewater Pump Station Rehabilitation and Replacement-B4 project and is soliciting proposals from subcontractors.

Project Description:

Construction of new B4 pump station consisting of deep excavation, dewatering, support of excavation, cast-in-place concrete, precast concrete, masonry, new pumps, piping, valves, flow meters, bridge crane, slide gates, odor control systems, HVAC systems, plumbing, electrical, architectural, and instrumentation and controls components. In addition, significant site and yard piping improvements, electrical feeder line relocation, traffic lane widening, signalization modifications, new guardhouse, rehabilitation to existing buildings, miscellaneous demolition throughout the site, mass demolition to existing pump station are part of the scope.

Obtaining Bidding Information/Plans/Specifications:

If your company is interested in submitting a bid for a specific scope of work, please send your name and email address to Sayyed.Ridwan@clarkconstruction.com. Mr. Ridwan will then send you an invite to the electronic solicitation platform, "Building Connected" where you will have access to all plans, specifications and other documents. If you don't have an existing Building Connected account, you will be required to create one.

Submitting Questions / RFIs:

Address all RFIs to Sayyed Ridwan at the following address:
Sayyed.Ridwan@clarkconstuction.com, or submit online via "Building Connected" website by 5 PM on March 08, 2024

Submitting Bid Proposals:

Sealed proposals may be submitted electronically using "Building Connected" or sealed hard copies, by regular mail or in person on or before April 5, 2024 by 2 PM (EST). All bids are confidential and not subject to the Freedom of Information Act (FOIA). A separate Form - Request for Protection of Trade Secrets or Proprietary Information is included in "Information to Bidders" package in "Building Connected". All bids' documents will be collected by Clark in the presence of the Procurement Team.
