

Solicitation: Custodial Pre-Treatment Services for Bed Bug Infestations

February 14, 2013

Questions and Answers – Only one question was received within the timeframe specified for receiving inquiries.

Q.1. I was hoping to get a copy/ sample of a previous contract to base our bid on.

A.1. Fairfax County has not previously contracted for this service and therefore there is not a current contract available for viewing. However, as stated in section 3.1, Tasks to Be Performed, the provider awarded a contract under this solicitation will coordinate custodial services with the County's current contractor that provides pest treatment services. That contract can be viewed by following the link below and then in the space labeled "Description of Contract, Service or Commodity" type in the words "pest control". County contracts can be viewed in the Contract Register: <http://www.fairfaxcounty.gov/cregister/>
