

County of Fairfax, Virginia

To protect and enrich the quality of life for the people, neighborhoods and diverse communities of Fairfax County

Court Scheduling Systems

The Fairfax County Circuit Court offers an On-Line Scheduling System (OSS) to allow attorneys to schedule their own non-domestic, civil case trial dates (both jury and non-jury) on-line. The OSS was developed in a collaborative effort with the Fairfax County Department of Information Technology (DIT) with the goal of saving attorneys and court staff time and money by allowing users to select and schedule civil case trial dates electronically without having to travel to the Courthouse to attend a scheduling conference.

The Fairfax County General District Court, in conjunction with the Fairfax County Police Department and Department of Information Technology, developed an Electronic Summoning and Police and Court Scheduling System to allow electronic summoning and coordinated scheduling for police officers and court docketing. The Fairfax County Juvenile & Domestic Relations District Court (JDRDC) is reviewing and collaborating with DIT to modify the GDC application to meet the unique needs of the JDRDC.

Both the Circuit and District Court's applications meet the primary objectives to improve citizens' access to the Courts, facilitate trials and hearings in the most effective and efficient means possible, allow for all three Courts to share common resources, and provide for flexibility and adaptability to incorporate future changes in technology and court proceedings.
