Public Housing Program Projects Under Modernization

Focus

Fund 969, Public Housing Projects Under Modernization, receives an annual federal grant, determined by formula, to be used for major physical and management improvements to public housing properties owned by the Fairfax County Redevelopment and Housing Authority (FCRHA). This grant program fund which was called the Comprehensive Grant Program (CGP) or the Modernization Program is now referred to as the Capital Fund Program (CFP). It is one of the two components of the Public Housing Program. The other fund supporting this program is Fund 967, Public Housing Under Management, which supports the daily maintenance and management of public housing properties.

Local public housing authorities submit a five-year comprehensive capital and management improvement plan to the U.S. Department of Housing and Urban Development (HUD) as part of the FCRHA's Five-Year Plan. The plan is updated each year as part of the Annual Plan. HUD reviews the plan and releases the annual capital grant amount that supports administrative and planning expenses as well as improvements to one or more projects. Housing authorities may revise the annual plan/budget to substitute projects as long as they are part of the Five-Year Plan.

Five grant positions are supported in this fund for the administration of the program to include monitoring of all construction in process for projects that have been approved by HUD.

The FCRHA submitted an improvement plan in June 2005 for Program Year 34 (FY 2006) funding and received HUD approval for \$1,650,048. Program Year 34 funding provides for staff administration, management improvements and capital improvements for four projects: VA0507, Capital Improvement Fund Year 34; VA1904, Newington Station; VA1932, Westford II; and VA1933, Westford I.

No FY 2007 funding is included for Fund 969 at this time. Funding will be allocated at the time of the award from HUD and will provide Program Year 35 funding for new and ongoing projects.
