Reston Community Center

Mission

To create positive leisure experiences which enhance the quality of life for all people living and working in Greater Reston by providing a broad range of programs in arts, aquatics, enrichment and life-long learning, and creating and sustaining community traditions through special events, outreach activities, and facility rentals.

Focus

Reston Community Center (RCC) is a community leader, bringing the community together through enriching leisure time experiences that reach out to all and contribute to Reston's *sense of place*.

RCC provides five 'lines of programming' to the Reston community: Performing and Fine Arts, Aquatics, General Programs (i.e., programming designed by age cohort), Special Events and Facility Rentals. The vast majority of programs and events are presented in RCC's two facilities, RCC Hunters Woods and RCC Lake Anne. Average program participation rates for both programming and rentals are well over 80 percent and facility utilization is near capacity.

RCC has continued to improve the processes that deliver programs and services to the community; in particular, program registration, booking of facility rentals and program planning. The result has been more informed and timely handling of patron queries, improved accuracy in program registration and significant improvements in the facility rental process. For example, Facility Rentals generated 9.3 percent more revenue in FY 2005 than in FY 2004 as a direct result of improved facility booking processes.

THINKING STRATEGICALLY

Strategic issues for the Department include:

- o Continuing a broad range of programs in arts, aquatics, enrichment and life-long learning;
- o Increasing participation in offered programs and activities;
- o Creating and sustaining community traditions through special events, outreach activities and facility rentals;
- o Enhancing programming efforts by forming partnerships with non-profit organizations and businesses; and
- o Increasing awareness of offered programs through community outreach.

RCC operations are supported by revenues from a special property tax collected on all residential and commercial properties within Small District 5. As part of their deliberations on the FY 2007 Advertised Budget Plan, the Board of Supervisors reduced the Small District 5 tax rate for FY 2007 to \$0.047 per \$100 of assessed property value, a decrease of \$0.005 from the FY 2006 rate of \$0.052 per \$100 of assessed value. In addition, the Board passed a resolution in March 2006 that changed the boundaries of Small District 5, resulting in a reduction of 274 parcels. It should be noted that in FY 2006, total property assessments in Small District 5 rose 22 percent over FY 2005 reflecting an assessment base that is 65 percent residential and 35 percent non-residential.

RCC also collects internal revenues generated by program registration fees, theatre box office receipts, gate admissions and facility rental fees. These activity fees are set at a level substantially below the actual cost of programming since Small District 5 property owners have already contributed tax revenues to fund RCC operations. Consequently, Small District 5 residents and employees enjoy RCC programs at a subsidized rate. RCC patrons residing outside Small District 5 pay a higher, non-resident activity fee. In 1986, the RCC Board of Governors adopted a policy that internally generated revenues will not recover more than 25 percent of RCC operating costs. In FY 2005, internally generated revenues recovered 14 percent of operating costs – well below the Governing Board’s established limit.

Beginning in 2002, the RCC Board of Governors adopted a managed reserve structure to provide long-term fiscal security and stability for the fund. Available fund balance is divided into three reserve accounts designated to provide funds for unforeseen catastrophic facility repairs, feasibility studies for future programming and future capital projects.

- ◆ **Capital Equipment** **\$130,255**
Funding of \$130,255 has been included for Capital Equipment items. Of this total, \$109,755 is for rigging upgrades/additions making the workplace significantly safer for personnel working with the lighting systems and equipment, \$8,500 is for the replacement of four wireless headsets used by theatre technicians, and \$12,000 is for a new digital sound recorder package to integrate with the new theatre sound board installed in FY 2006.

- ◆ **Capital Projects** **(\$626,368)**
A decrease of \$626,368 in Capital Projects is due to the anticipated completion of the initial phase of RCC improvements including the replacement of aquatics deck tile and the replacement of the Heating Ventilation and Air Conditioning (HVAC) system. It should be noted that additional funding is necessary to complete the Natatorium and HVAC projects. Funding of approximately \$1.2 million from available balance was requested as part of the *FY 2006 Third Quarter Review* for these projects.

Performance Measurement Results

The increase in hours the facility was rented in prior years resulted from an improvement in the process of tracking and scheduling classes and workshops including class cancellations. Despite a 17.8 percent decline in the number of RCC patrons in FY 2005, a 9.3 percent increase in rental revenue and 11.3 percent increase in rental hours was achieved.

RCC has contracted with the UVA Center for Survey Research to develop and implement a customer satisfaction feedback instrument during FY 2005 and every other year after FY 2005 to better determine patron satisfaction with their facility rental experience and overall RCC customer service. The survey results determined that Small District 5 patrons recognize RCC name but do not always know the wide range of class and room rental offerings. RCC is undertaking a brand name development marketing effort to assure that community is better informed about RCC offerings.

Performance Measurement Results

The decrease of 7.5 percent in the number of patrons served in FY 2005 reflects a reduction in attendance and participation in performing and visual arts programs. Participation in the Arts Education offerings decreased in FY 2005 due to consolidation of youth Arts Education offerings with General Programs' Youth offerings. Participant numbers do not include those served by RCC Arts Education-funded artist residencies in local schools.

Per the RCC strategic plan, the CenterStage Theatre rental policy and fee structure underwent review during FY 2005 to examine the best way to revise rental fees and policies to better reflect the current fiscal climate of fee structures in similar facilities and to preserve the policy intentions of the RCC operations. Since theatre rental rates have not been adjusted since 1987, they are far below current rates charged in similar facilities and will be increased. In order to allow for a graduated implementation of new rates that would not adversely impact current organizations' fiscal planning, a proposal to increase theatre rental revenue by 10 percent per year until it reaches an appropriate rental rate schedule was discussed with affected arts organizations. The proposal is pending review by RCC Board of Governors Program/Policy Committee and full RCC Board approval.

RCC has contracted with the UVA Center for Survey Research to develop and implement a citizen opinion feedback instrument during FY 2005 and every other year after FY 2005 to better determine patron awareness of, participation in and satisfaction with RCC programs and facilities. The survey results determined that Small District 5 patrons recognize the RCC name and have a high patron awareness of the CenterStage. Other survey elements however revealed a lack of awareness by patrons of *specific* RCC performing and fine arts programming. RCC is undertaking a brand name development marketing effort to assure that the community is better informed about these and other RCC offerings.

Performance Measurement Results

The 3.8 percent decrease in the number of participants served in FY 2005 was caused by natatorium improvement projects. The construction projects such as lighting replacement, pool shell replacement, and natatorium painting, required extended pool closures. The Aquatics Department also experienced difficulty filling lifeguard positions. Construction projects and staff shortage resulted in pool closings which in turn affected participation.

RCC has contracted with the UVA Center for Survey Research to develop and implement a citizen opinion feedback instrument during FY 2005 and every other year after FY 2005 to better determine patron awareness of, participation in and satisfaction with RCC programs and facilities. The survey results determined that Small District 5 patrons recognize the RCC name and have a high patron awareness of the RCC aquatics facilities in the community. (1) Special Events attendance during FY 2004 was lower than anticipated due to the cancellation of a major event, the Multicultural Festival, in September 2004 due to hurricane Isabel and transfer of an Outdoor Series Program to the Adult Program. A Horseback Riding Class was eliminated from the Outdoor Series Program decreasing participation in the Adult program in FY 2005. Another factor affecting lower than expected participation in General Programs classes, workshops, and camps is class cancellations due to low enrollment.

Performance Measurement Results

The actual cost per participant of \$83.39 was significantly lower than the estimate of \$111.94 in FY 2005 due to several reasons including long term position vacancies, consolidation of programming, and implementation of agency budget controls at the level of staff execution and budget expenditures.

Per the RCC Strategic Plan, emphasis will be on continuing to consolidate offerings in order to enhance and improve participant opportunities to maximize enrollment in classes, workshops, trips, tours and camp offerings. Efforts will be directed at marketing programs, improving instructor quality to enhance the content and attractiveness of classes and workshops, and implementing revised evaluation instruments to derive more accurate information and satisfaction indicators from patrons. In contrast to FY 2004 and FY 2005 data, current camp programs are showing a reversal of downward participant numbers. Efforts will be directed to continue to improve participation in camp as well as all other General Programs offerings.

RCC has contracted with the UVA Center for Survey Research to develop and implement a citizen opinion feedback instrument during FY 2005 and every other year after FY 2005 to better determine patron awareness of, participation in and satisfaction with RCC programs and facilities. The survey results determined that Small District 5 patrons recognize the RCC name and have a high patron awareness of the RCC presence in the community. Other survey elements however revealed a lack of awareness by patrons of *specific* RCC performing programs. RCC is undertaking a brand name development marketing effort to assure that the community is better informed about these and other RCC offerings.

Revenue adjustments for FY 2007 necessary to accommodate this action, the recent change to the Small District 5 tax district boundaries, and the most up-to-date assessment estimates will be made as part of the *FY 2006 Carryover Review*.

² The fund balance in Fund 111, Reston Community Center, is maintained at adequate levels relative to projected personnel and operating requirements. Available fund balance is divided into three reserve accounts designated to provide funds for unforeseen catastrophic facility repairs, feasibility studies for future programming and funds for future capital projects. It should be noted that additional funding is necessary to complete the Natatorium and Heating Ventilation and Air Conditioning projects. Funding of approximately \$1.2 million from available balance was requested as part of the *FY 2006 Third Quarter Review* for these requirements.

³ Funds reserved for capital projects are not encumbered based on normal accounting practices; however, they are allocated for future capital projects.
