Contributory Overview

Fund 119, Contributory Fund, was established in FY 2001 to reflect General Fund support for agencies or organizations that receive County contributions. Funding for these organizations was previously included in the General Fund under Agency 88, Contributory Agencies. However, because the expenditures made to these organizations are not in support of direct County operations, the use of direct expenditures from the General Fund distorts the cost of County operations. Therefore, a separate fund was established to show the General Fund support of these organizations in the form of a transfer, rather than as a direct expenditure. FY 2007 funding totals \$11,661,539 and reflects a decrease of \$441,762 or 3.6 percent from the *FY 2006 Revised Budget Plan* funding level of \$12,103,301. The required Transfer In from the General Fund is \$11,585,429. Individual contributions are described in detail on the following pages.

Contributory funding is in compliance with the Board of Supervisors' policy to make General Fund appropriations of specified amounts to various nonsectarian, nonprofit or quasi-governmental entities for the purpose of promoting the general health and welfare of the community. Contributory Agency positions are not part of the County merit system and funding for all Contributory Agencies is reviewed annually. Each request is reviewed on the basis of the benefit to Fairfax County citizens, contractual or regional commitments, the responsibilities of state agencies, and a prior County commitment of funding. When appropriate, a nonprofit agency that provides specific contractual partnership services may be referred to Fund 118, Consolidated Community Funding Pool, for funding consideration by the Consolidated Community Funding Advisory Committee.

Since public funds are being appropriated, disbursements provided to designated agencies are currently made contingent upon submission and review of quarterly, semiannual and/or annual reports. This oversight activity includes reporting requirements prescribed by the County Executive, which require designated agencies to accurately describe the level and quality of services provided to County residents as well as the overall financial strength and stability of the County's Contributory Agencies. Various County agencies may be tasked with oversight of program reporting requirements. Contributory agencies that do not file reports as requested, may, at the discretion of the County Executive, have payments withheld until appropriate reports are filed and reviewed.

It should be noted that population is used by several of the organizations as the basis for their requests for FY 2007 funding from Fairfax County. The population figures cited by the individual organizations for Fairfax County may differ somewhat from one another due to the particular projection service utilized.

The chart on the following pages summarizes the FY 2007 funding for the various contributory organizations.

FY 2007 Funding Adjustments

The following funding adjustments from the FY 2006 Revised Budget Plan are necessary to support the FY 2007 program:

- ◆ The Legislative-Executive Functions/Central Service Agencies program area increases \$3,532 or 0.2 percent for several organizations based on per capita requirements and adjusted County population figures for which population is cited and used in the calculation. This increase is primarily attributable to the Northern Virginia Regional Commission (NVRC) contribution, which increases \$60,486 or 12.3 percent based on an increase in the per capita dues from \$0.44 to \$0.50; the Metropolitan Washington Council of Governments (MWCOG) contribution, which increases \$28,300 or 3.5 percent due to the increase in County population and an increase in the FY 2007 per capita rate from \$0.60482 to \$0.62478 for member contributions based on the CPI-U for the Washington-Baltimore-DC-MD-VA-WV area; dues increases totaling \$4,949 for the National Association of Counties and the Virginia Association of Counties; an increase of \$9,991 or 6.1 percent for the Northern Virginia Transportation Commission (NVTC) based on the share of revenue to be received by NVTC on behalf of the County; and an increase of \$750 or 14.3 percent for the Virginia Innovation Group for increased membership fees. These increases are partially offset by a decrease of \$93,444 or 100.0 percent for the Virginia Municipal League and a decrease of \$7,500 or 27.3 percent for Public Technology, Inc. (PTI) as a result of reduced dues requirements set forth by PTI. It should be noted that population, as determined by the County's own Urban Development Information System (UDIS), maintained by the Fairfax County Department of Systems Management for Human Services, may differ from other particular projection services, e.g., Weldon Cooper Center for Public Service, used by various contributory agencies as the basis for their contributions.

Fund 119 Contributory Fund

- ◆ The Public Safety program area increases \$2,240 or 0.5 percent due to an increase for the Northern Virginia Regional Identification System (NOVARIS) based on the County's annual share of costs associated with operations and upgrades of the system. The increase is primarily due to maintenance/service fees to recognize post-warranty maintenance agreements, as well as contractually agreed upon annual increases.
- ◆ The Health and Welfare program area increases \$13,455 or 0.9 percent due to an increase of \$13,455, or 1.3 percent for the Northern Virginia Healthcare Center/District Home of Manassas. This is mainly attributable to a 2.0 percent increase in the per diem rate for the District Home from \$53.40 per day to \$54.49 per day and a 2.0 percent increase in the per diem rate for the nursing facility from \$19.55 per day to \$19.94 per day based on labor costs and increases in health insurance premiums.
- ◆ The Parks, Recreation and Cultural program area decreases \$416,493 or 11.0 percent due primarily to a decrease of \$500,000 for the Lorton Arts Foundation. Further County contributions to the organization are contingent on meeting fundraising goals and will be included in a regularly scheduled quarterly review, as appropriate. In addition, there is a decrease of \$50,000 which was included for the Greater Reston Arts Center (GRACE) as one-time, non-recurring funding as part of the FY 2006 Adopted Budget Plan. These decreases are partially offset by an increase of \$116,576 or 6.1 percent for the Northern Virginia Regional Park Authority to support the County's annual per capita contribution in conjunction with decreased user revenue for that organization; \$3,726 or 1.8 percent for the Arts Council of Fairfax which has historically received a Personnel Services adjustment; and \$13,205 or 5.2 percent for the Fairfax Symphony Orchestra which also receives a Personnel Services adjustment.
- ◆ The Community Development program area increases \$435,504 or 12.8 percent primarily due to an increase of \$425,522 or 21.3 percent for the Convention and Visitors Corporation based on projected receipts from the Transient Occupancy tax. As required by the legislation approved by the 2004 Virginia General Assembly, Fairfax County must designate no less than 25 percent of the additional revenue received from the County levy to a nonprofit convention and visitors corporation located in the County. In FY 2007, the additional Transient Occupancy revenue is estimated to be \$10.0 million, of which \$2,425,522, or 25 percent, is appropriated directly to the Convention and Visitors Corporation. Also included is funding of \$30,000 for the Greater Reston Chamber of Commerce's Incubator program, a new contributory beginning in FY 2007. The Incubator had previously been funded as part of the Economic Development Authority (EDA) budget, but more appropriately fits the status of a contributory agency. Inflationary adjustments based on the CPI-U of 3.2 percent are included for the Southeast Fairfax Development Corporation, resulting in an increase of \$5,909, and for the Northern Virginia Conservation Trust, resulting in an increase of \$8,260. In addition, the County's contribution to the Occoquan Watershed Monitoring Program increases \$6,527 or 6.5 percent based on Fairfax County's share of the cost; the contribution for Celebrate Fairfax, Inc. increases \$777 or 2.9 percent based on the cost of collection and disposal of waste for the annual Fairfax Fair; and the contribution to the Washington Area Housing Trust Fund increases \$351 or 1.1 percent based on the County's share. These increases are partially offset by a decrease of \$25,000 for the Police and Fire World Games, which was approved by the Board of Supervisors as non-recurring funding as part of the *FY 2005 Carryover Review*. Other decreases include \$15,144 or 2.9 percent for the Northern Virginia Soil and Water Conservation District based on a lower amount required in FY 2007 for the soils survey project and \$1,698 or 1.8 percent for the Northern Virginia Community College primarily due to shifts in population among the contributing jurisdictions.
- ◆ The Nondepartmental Program area funding is consistent with the FY 2006 contribution of \$57,657 for the Fairfax Public Law Library.

Board of Supervisors' Adjustments

The following funding adjustments reflect all changes to the FY 2007 Advertised Budget Plan, as approved by the Board of Supervisors on May 1, 2006:

- ◆ **Creation of Challenge Grant Funding Pool for the Arts** **\$550,000**
The Board of Supervisors approved funding of \$550,000 for the creation of a Challenge Grant Funding Pool for the Arts. Funding will be made available on a competitive basis to community arts organizations and used to help leverage private funding to enable the arts to continue to flourish in the County.
- ◆ **Support for Volunteer Fairfax Alternative Community Service Program** **\$20,000**
The Board of Supervisors approved funding of \$20,000 to provide additional staff support for Volunteer Fairfax's Alternative Community Service (ACS) Program. The ACS Program works collaboratively with the County to divert individuals from incarceration by placing and monitoring court-referred clients in nonprofit and public agency community service positions.

Changes to FY 2006 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2006 Revised Budget Plan since passage of the FY 2006 Adopted Budget Plan. Included are all adjustments made as part of the FY 2005 Carryover Review and all other approved changes through December 31, 2005:

- ◆ **Carryover Adjustments** **\$525,000**
As part of the FY 2005 Carryover Review, the Board of Supervisors approved an expenditure increase of \$525,000 including funding of \$500,000 for the Lorton Arts Foundation, as well as a one-time contribution of \$25,000 for the Police and Fire World Games.

The following funding adjustments reflect all approved changes to the FY 2006 Revised Budget Plan from January 1, 2006 through April 24, 2006. Included are all adjustments made as part of the FY 2006 Third Quarter Review:

- ◆ **Third Quarter Adjustments** **\$1,050,000**
As part of the FY 2006 Third Quarter Review, the Board of Supervisors approved additional funding of \$1,050,000, including \$1,000,000 for the County's next contribution to the Lorton Arts Foundation and one-time funding of \$50,000 for the Fairfax Symphony Orchestra in commemoration of its fiftieth anniversary season.

FY 2007 Advertised Budget Plan Contributions

Legislative-Executive Functions/Central Service Agencies:

Fairfax County	FY 2005 Actual	FY 2006 Adopted Budget Plan	FY 2006 Revised Budget Plan	FY 2007 Advertised Budget Plan	FY 2007 Adopted Budget Plan
Dulles Area Transportation Association	\$9,000	\$9,000	\$9,000	\$9,000	\$9,000

The Dulles Area Transportation Association (DATA) is a public-private, nonprofit, 501c(3) tax exempt transportation management association dedicated to improving transportation in a 150-square mile area around Dulles Airport including the Route 28, Route 50, Route 7 and Dulles Corridor (the Greater Dulles Area). Its membership is comprised of elected officials of the Commonwealth of Virginia, Fairfax County, Loudoun County, and the towns of Herndon and Leesburg; senior executives of the Metropolitan Washington Area Airports (MWAA) and the Washington Metropolitan Area Transit Authority (WMATA); and other employer firms, property owners and business professionals, with membership open to all. The Board of Supervisors approved the first contribution for DATA in the FY 1993 budget.

DATA currently has 115 members; 55 are dues-paying individuals corporations and businesses, 10 are dues-paying governmental or quasi-governmental organizations, and an additional 50 are non-paying local representatives to the General Assembly, representatives of citizen associations, and affiliate members (e.g., Fairfax County Chamber of Commerce), none of whom are obligated to pay dues but allow similar memberships in their organizations.

DATA provides a neutral public forum for identifying transportation needs within the Greater Dulles Area, as well as generating solutions to meet them. In Calendar Year 2006, DATA will continue its support of Commuter Connections with the Fairfax County Department of Transportation and will continue outreach efforts to target firms for Employer Service Programs, with a particular emphasis on promoting teleworking. In support of the regional effort to encourage voluntary, employer-based Traffic Demand Management (TDM) strategies by employers in Northern Virginia, by agreement with the County, DATA will continue to be responsible for outreach efforts to employers in DATA's area of operation.

An amount of \$9,000 is funded for DATA for FY 2007, which is consistent with the *FY 2006 Revised Budget Plan*.

Metropolitan Washington Council of Governments	\$783,225	\$810,406	\$810,406	\$838,706	\$838,706

The Metropolitan Washington Council of Governments (COG) is the regional planning organization of the Washington, D.C. area's local governments. COG works toward solutions to regional problems such as transportation, affordable housing, emergency preparedness and environmental issues. Currently, 19 area jurisdictions are members, including Fairfax County. Funding for COG is provided through federal and state grants, contributed services, special contributions (fees for services) and local government contributions.

Annual COG contributions are based on the per capita rate multiplied by the population estimates provided by member jurisdictions. The COG Board of Directors' Finance Committee endorsed a recommendation by the Executive Director to increase the FY 2007 per capita rate from \$0.60482 to \$0.62478 for member contributions based on the CPI-U for the Washington-Baltimore-DC-MD-VA-WV area.

The FY 2007 Administrative Contribution totals \$666,775 and is an increase of \$28,589 or 4.5 percent over the FY 2006 Revised Budget Plan amount of \$638,186. COG calculates each jurisdiction's share based on the region's estimated population. The total FY 2007 County contribution to COG is \$1,082,892. In addition to the Administrative Contribution of \$666,775 and Special Contributions of \$171,931 including \$127,188 for the Regional Environmental Fund, \$32,280 for Water Resources, \$7,513 for Airport Noise, and \$4,950 for Cooperative Purchasing, for a total Fund 119 contribution of \$838,706, an amount of \$24,950 is budgeted in Fund 114, I-95 Refuse Disposal, and \$219,236 (\$198,290 for Water Resource Planning and \$20,946 for Blue Plains Users) is budgeted in Fund 401, Sewer Operation Maintenance Fund - Wastewater Management.

National Association of Counties	\$17,021	\$18,375	\$18,375	\$19,294	\$19,294

The National Association of Counties (NACo) is an organization that represents and informs participating governments of current developments and policies that affect services and operations. NACo acts as a liaison with other levels of government, works to improve public understanding of counties, serves as a national advocate for counties and provides them with resources to find innovative methods to meet the challenges they face. NACo is involved in a number of special projects that deal with issues such as homeland security, sustainable communities and the environment, among others.

An amount of \$19,294 is included for FY 2007 dues, which is an increase of \$919 or 5.0 percent over the FY 2006 Revised Budget Plan.

Northern Virginia Regional Commission	\$427,988	\$492,283	\$492,283	\$552,769	\$552,769

The Northern Virginia Regional Commission (NVRC) is a regional council of local governments in Northern Virginia created in 1969 pursuant to the Virginia Area Development Act and a regionally-executed charter. In 1995, the Virginia Area Development Act was amended and renamed the Regional Cooperation Act. It sets forth the purpose of planning district commissions as follows: "...to encourage and facilitate local government cooperation in addressing, on a regional basis, problems of greater than local significance. The cooperation resulting from this Act is intended to assist local governments in meeting their own problems by enhancing their abilities to recognize and analyze regional opportunities and take account of regional influences in planning and implementing their public policies and services."

NVRC's policies and programs are established by a 42-member Board of Commissioners composed of elected officials (a majority of the Commissioners) and citizen representatives. All Commissioners are appointed by the governing bodies of NVRC's 14 member localities. The work of the Commission is supported in part by contributions from the member local governments and by appropriations from the Virginia General Assembly. NVRC serves as a neutral forum for decision-making; provides member governments with the information necessary to make sound local and regionally beneficial decisions; provides professional and technical services to enable member governments to plan for their future individually and as a region; and carries out programs and functions at the request of member governments to supplement their own capacities or to achieve economies of scale through regional approaches. NVRC's services are divided into regional policy programs such as the legislative program; demographics and information services; environmental and land use; and human services programs.

The total FY 2007 Fairfax County funding amount of \$552,769 is an increase of \$60,486 or 12.3 percent over the *FY 2006 Revised Budget Plan* of \$492,283. This amount provides for the annual contribution of \$493,137, as well as special contributions of \$43,672 to support the Occoquan Watershed Management Program and \$15,960 for the Four-Mile Run-off Program. The increase is primarily attributable to an increase in the per capita dues from \$0.44 to \$0.50, which is an increase of \$0.18 or 56.3 percent since FY 2004 due to lower state appropriations and declining reserves. An additional \$7,380 for the Regional Waste Reduction Program is budgeted in Fund 114, I-95 Refuse Disposal.

Fairfax County	FY 2005 Actual	FY 2006 Adopted Budget Plan	FY 2006 Revised Budget Plan	FY 2007 Advertised Budget Plan	FY 2007 Adopted Budget Plan
Northern Virginia Transportation Commission	\$166,577	\$164,683	\$164,683	\$174,674	\$174,674

The Northern Virginia Transportation Commission (NVTC) is the executive agency of the Northern Virginia Transportation District. It was established by state statute as a political subdivision of the Commonwealth of Virginia. The principal business activity of the Commission is to manage and control the functions, affairs and property of the Northern Virginia Transportation District, as defined in the Transportation Act of 1964. It represents its constituent jurisdictions (Alexandria, Falls Church, Fairfax City, Arlington County, Fairfax County and Loudoun County) on the Metro Board.

Each NVTC jurisdiction is assigned a percentage of the local portion of NVTC's administrative budget based on the jurisdiction's share of state aid received from NVTC in the previous year. This is determined by the application of a subsidy allocation model that projects the total amount of state aid received by the region and local jurisdictions. This model contains seven formulas including such variables as Metro construction costs, Metrorail service costs, ridership volume and population. These calculated percentages for each jurisdiction are applied to NVTC's remaining administrative budget after other revenue sources such as state aid, interest earned and project chargebacks have been applied.

The NVTC projected expenditure base for FY 2007 is \$1,140,750, an increase of \$35,565 or 3.2 percent over the FY 2006 Budget of \$1,105,185. Despite higher budget expenditures, the total contributions requested from NVTC's six local jurisdiction contributors remain constant at \$310,000. Fairfax County's contribution will increase based on its share of revenue received by NVTC on behalf of the County. The total FY 2007 Fairfax County funding for this agency is \$174,674, an increase of \$9,991 or 6.1 percent over the *FY 2006 Revised Budget Plan* of \$164,683.

Public Technology Incorporated (PTI) is the nonprofit, membership-based technology research, development and commercialization organization for all cities and counties in the United States. Through its membership, cities and counties can conduct applied research and development, as well as technology transfer functions. The National League of Cities (NLC), the National Association of Counties (NACo), and the International City/County Management Association (ICMA) provide PTI with its policy direction. Membership helps to ensure that the County remains current on emerging technologies to keep abreast of trends, challenges and innovative solutions. In the upcoming year, PTI will focus on three priorities: Homeland Security, Decision Support and Wireless Technologies. Within these categories, PTI will be working on various programs including critical infrastructure requirements for local government, distributed energy resources, smart traffic signals, multi-vendor project management and wireless mobile technologies.

An amount of \$20,000 is included for County membership in PTI based on population and is a decrease of \$7,500 from the *FY 2006 Revised Budget Plan* amount of \$27,500 as a result of reduced dues requirements as set forth by PTI.

The Virginia Innovation Group (VIG) is a nonprofit organization serving local governments by providing information, training and technology programs. The information services program includes inquiry research, Municipal Information Search Tool (MIST) and newsletters. MIST allows seamless Internet access to full-text local government documents by members through the IG primary server. Newsletters are provided to members periodically on innovative products, microcomputers, the Internet, and research and development. Inquiries are researched using VIG staff and a library that contains many current local government documents. Staff also conducts numerous phone interviews with various organizations. More than 2,500 local government inquiries are addressed annually. The training program utilizes informative workshops on new product development, as well as coordinates focus groups to evaluate prototypes. In addition, the training program provides access to a full line of local government-produced videos and satellite television training on topics pertinent to both management and line personnel.

During the development of the FY 1999 budget, \$5,000 was first included for membership dues to VIG for Fairfax County's share of costs based on population category. For FY 2007, these membership dues are \$6,000, an increase of \$750 or 14.3 percent over the *FY 2006 Revised Budget Plan* amount.

It is part of the University of Virginia and its Weldon Cooper Center for Public Service. Institute membership currently totals 220 Virginia localities including 65 counties, 35 cities and 120 towns. The Institute operates with an advisory board of 18 members, each appointed for a single two-year term. It is made up of an equal number of members from the state's legislative and executive branches, as well as local governments.

The Institute is an ongoing informal gathering of organizational development staff from Virginia localities established to exchange ideas and strategies for developing high-performance governments and to help the Institute identify areas of needed assistance. Work products of the Virginia Institute of Government encompass four main areas: training, technical assistance, electronic information services, and select research projects. The Institute also provides staff support to certain state legislative and study committees, currently focusing on issues involving state/local relations, tax restructuring, and revenue generation.

The Northern Virginia Regional Identification System (NOVARIS) utilizes state-of-the-art computer equipment to identify criminals by categorizing and matching fingerprints. It enables police to match a fingerprint found at the scene of a crime with any individual who has been arrested in the Washington metropolitan area by comparing the print or partial print with all prints in the database. A new Automated Fingerprint Identification System will be installed in FY 2007 that will have enhanced technologies, including palm print and facial recognition capabilities. Funding has been secured through an Urban Areas Security Initiative grant to cover the cost of the system replacement.

Participating Washington metropolitan area jurisdictions share costs associated with NOVARIS based on the sworn police population of each jurisdiction as approved by the NOVARIS Advisory Board on July 30, 1997. The following jurisdictions contribute to the upgrade and operation of NOVARIS: City of Alexandria (8.853%), Arlington County (11.438%), City of Fairfax (2.023%), Fairfax County (50.795%), City of Falls Church (0.995%), Prince William County (10.908%), Montgomery County (7.494%), and Prince George's County (7.494%). The system is housed in Fairfax County and is staffed by personnel contributed by the participating jurisdictions. Fairfax County exercises a fiduciary responsibility for the financial management and operation of NOVARIS, with the County contribution made through the Contributory Fund.

The total Fairfax County FY 2007 contribution of \$403,568 is an increase of \$2,240 or 0.6 percent over the FY 2006 Revised Budget Plan amount of \$401,328. The total contribution consists of \$256,565, which represents the County's annual share of costs associated with operations and upgrades of NOVARIS and \$147,003 in funding for lease agreements and other costs associated with equipment that is specific to Fairfax County operations.

The Board of Supervisors first approved funding of \$50,000 for the Partnership for Youth's mentoring program in FY 2000. The Fairfax Partnership on Youth was created in 1997 as an outgrowth of the Community Initiative to Reduce Youth Violence (CIRYV). Its mission is to bring the community together to reduce youth violence and promote positive youth development. This agency seeks to reduce youth violence by facilitating a forum for public and private providers to collaborate, evaluate and create programs, activities and services to better integrate activities, fill gaps, and avoid duplication of efforts in the provision of services to youth in the community.

Among the types of initiatives undertaken by the Partnership for Youth include coordination of the Fairfax Mentoring Partnership; provision of the Support on Suspension (S.O.S.) effort, a voluntary community-based program designed to provide students in grades 6-12 with an opportunity to stay abreast of academic work while out of school due to suspension; the Fairfax County After-School Network for middle school-aged youth to minimize involvement in violence or other risky behaviors; youth services information to provide the community with needed resources; advocacy for youth on issues affecting them; and the Youth Depression and Suicide Prevention Task Force to study and reduce risk factors for young people.

As part of their deliberations on the FY 2005 budget, the Board of Supervisors approved funding of \$51,678 for the George Mason University (GMU) Law and Mental Illness Clinic. In commitment proceedings, the individual against whom the commitment proceeding is brought is invariably represented by appointed counsel, while the family petitioning is rarely represented and is generally not familiar with the rules of evidence or the information required to persuade a judge to order commitment for the individual in severe mental distress. Each County resident who uses this program is assigned a supervising attorney, a third-year law student and a second-year law student to provide legal services. The supervising attorney oversees the general representation and is available to assist the students. The third-year law student acts as the petitioner's advocate, while the second-year student provides paralegal assistance for the third-year student in preparing for the commitment hearing.

Health Systems Agency of Northern Virginia	\$86,750	\$86,750	\$86,750	\$86,750	\$86,750

The Health Systems Agency (HSA) of Northern Virginia is a regional body charged with coordinating and improving the health care system for Northern Virginia. To accomplish this, the agency establishes short-term objectives and long-range goals, as well as prepares annual implementation plans. In addition, HSA reviews all health-related federal grant applications submitted by participating jurisdictions to evaluate the need for new health services in the area. Member jurisdictions include the counties of Fairfax, Arlington, Loudoun, and Prince William, as well as the cities of Fairfax, Alexandria, Manassas and Falls Church. Funding contributions to HSA from local jurisdictions are encouraged but are not required.

The Health Systems Agency established a per capita contribution standard of \$0.10 approximately ten years ago. Although Fairfax County has grown significantly in population since that time, the Health Systems Agency's local jurisdiction contribution requests have remained constant due to contributions from other sources. In FY 2007, revenue of \$548,891 is projected to be received from four sources: the Virginia Department of Health, \$89,497 or 16.3 percent; grants and contracts, \$259,444 or 47.3 percent; local government contributions, \$197,350 or 35.9 percent; and interest earnings and miscellaneous income of \$2,600 or 0.5 percent. In FY 2006, Fairfax County is the largest local government contributor, providing \$86,750 or 44.0 percent of the support received from the local government units.

The FY 2007 Fairfax County funding amount for the Health Systems Agency is \$86,750, which is the same level as the *FY 2006 Revised Budget Plan*.

Northern Virginia Healthcare Center/District Home of Manassas	\$901,821	\$1,062,628	\$1,062,628	\$1,076,083	\$1,076,083

The counties of Fairfax, Fauquier, Loudoun and Prince William, as well as the City of Alexandria established the Northern Virginia Healthcare Center Commission in 1987. Each jurisdiction is represented by a member on the Commission, which operates a long-term healthcare facility that opened in May 1991 and maintains 180 nursing home beds at the Northern Virginia Healthcare Center (nursing facility). The Northern Virginia Healthcare Center provides nursing care on a 24-hour basis, which includes professional observation, administration of medications and physician-prescribed treatments. Other services include special diets, recreational activities, physical and occupational therapy, and arrangements for physician, laboratory and radiology services.

The nursing facility is adjacent to the adult care residence (District Home), which is operated through an agreement with Birmingham Green Adult Care Residence. This 64-bed facility is also under the auspices of the Commission. This facility primarily provides room and board, along with assistance in activities of daily living for the aged and homeless. Nursing consultation is available, and medical services are arranged either through the staff of the nursing home or other community services. Residents are admitted based on sponsorship by their jurisdiction's Public Welfare/Social Services Department. The District Home is a shelter for the aged and homeless who are indigent but self-sufficient, mobile and independent in their activities. The combined facilities are commonly known as Birmingham Green.

Operating costs for the facility are partially covered through the Medicaid and General Relief programs at the maximum rates established by the state. To the degree that these funds are inadequate to cover the full costs of the operation of the facility, the sponsoring jurisdictions then subsidize the home on a user formula basis. Each jurisdiction pays for Personnel Services and Operating Expenses at a level proportionate to the number of the jurisdiction's residents at the home. The estimated contributions included in this budget are for planning purposes. Each jurisdiction is billed for its utilization based on the actual number of beds per day, month and year. Construction of a 92-unit facility that will replace the original 64-bed District Home facility is due to begin in FY 2006. Financing for the new facility will be provided through the U.S. Department of Housing and Urban Development. The new apartment-style facility will provide an additional 28 beds for adult care residents. It is anticipated that this expansion will not open before the last quarter of FY 2007, with a more likely opening date during FY 2008.

From 1992 to 2001, jurisdiction contributions were held artificially low primarily due to increased Medicaid reimbursement rates, the refinancing of general revenue bonds that decreased interest expense, and the conversion of beds from assisted living to nursing home, which more than doubled the other revenue for these services. However, by FY 2002, Medicaid shortfalls and shortages of licensed nursing professionals, which drove up labor costs, resulted in significant increases to participating jurisdictions despite a relatively stable census served at the facility. In FY 2004, continued Medicaid shortfalls, a 90 percent increase in liability insurance based on the market, and health insurance and workers compensation premium increases resulted in an increase of 53.7 percent in Fairfax County's contribution.

The total FY 2007 Fairfax County recommended funding for these facilities is \$1,076,083, which is an increase of \$13,455 or 1.3 percent over the *FY 2006 Revised Budget Plan*. This is primarily due to an increase of 2.0 percent in the subsidy rate for the District Home from \$53.40 per day to \$54.49 per day and for the nursing facility from \$19.55 per day to \$19.94 per day based on labor costs and increases in health insurance premiums.

Volunteer Fairfax is a private, nonprofit corporation created in 1975 and incorporated in the Commonwealth of Virginia. The center promotes volunteerism through a network of over 700 nonprofit agencies by mobilizing people and other resources to improve the community. Its primary goals are: to assist private nonprofit and public agencies in developing strong, efficiently managed organizations and volunteer programs; to increase corporate and citizens' direct involvement in the community; to provide programs and services through partnerships that contribute to the resolution of community issues; and to increase the public's awareness of both the need for and the benefits of volunteer service to the community. Through a comprehensive strategic planning process in 2003, Volunteer Fairfax's Board of Directors revised the center's mission to include regional leadership and expertise in volunteerism and nonprofit management. The scope of the center's work also includes active participation in emergency preparedness activities and coordination through its support of the Citizen Corps; the County's Emergency Management Coordinating Council and Emergency Operations Center; the Northern Virginia Voluntary Organizations Active in Disaster; and the Metro Coalition of Volunteer Centers. The center receives funding from Fairfax County as its sole local government source. In addition to the annual contribution of \$282,247, Fairfax County provides in-kind office space to the center at 10530 Page Avenue, the value of which is estimated to be \$44,000.

The Fairfax County FY 2007 funding amount for this agency of \$302,247, which is an increase of \$20,000 or 7.1 percent over the *FY 2006 Revised Budget Plan*. Additional funding of \$20,000 was approved by the Board of Supervisors as part of the FY 2007 Adopted Budget Plan in order to provide additional staff support for the agency's Alternative Community Service (ACS) Program. The ACS Program works collaboratively with the County to divert individuals from incarceration by placing and monitoring court-referred clients in nonprofit and public agency community service positions. Funding will support the salary costs associated with a part-time case manager position that is needed based on a substantial increase in the number of clients referred to the ACS Program.

Lorton Arts Foundation	\$0	\$0	\$1,500,000	\$0	\$0

As part of the *FY 2005 Carryover Review*, the Board of Supervisors approved \$500,000 to support the Lorton Arts Foundation (LAF) financing and capital renewal plan for operation of a center for the arts at the former Lorton Prison site. The Board had previously approved the negotiation of a lease of the former prison site with the Foundation, which proposed to use funds generated by leasing the various facilities to individual artists and performing arts groups. The Foundation's plan includes public restaurants, residential facilities for artists in residence, and a prison museum in addition to artist studios and a small theater.

Initially LAF believed that the project would be self-sustaining and could operate without additional resources from the County. However, after subsequent review and financial analysis by outside consultants knowledgeable in the creation and operation of facilities of this type, LAF found an underwriter willing to undertake financing of the renovations, but determined that County support would be needed during the first few years of renovation and operational start-up. LAF has requested County support to qualify for the loan of approximately \$25 million needed for the renovations. They have requested that Fairfax County provide \$1,000,000 annually as maintenance support. They also requested that the County agree to lease back a portion of the rental space if other tenants are not available, for a timeframe and lease rate to be negotiated between the County and LAF. The lease will provide for reducing or eliminating the County's cash support commensurate with the Foundation's ability to become self-sustaining. Subsequent contributions will be dependent on continuing fund-raising efforts which will be evaluated each year during annual Third Quarter Reviews or other regularly scheduled quarterly reviews, as appropriate. Contributions for the LAF would be funded at this time, contingent upon its meeting fund-raising goals. As such, funding of \$1,000,000 was approved by the Board of Supervisors as part of the *FY 2006 Third Quarter Review* for the County's next contribution to the organization so that it will be available when the required matching funds have been raised.

Northern Virginia Regional Park Authority	\$1,807,018	\$1,918,739	\$1,918,739	\$2,035,315	\$2,035,315

The Northern Virginia Regional Park Authority (NVRPA) is a multi-jurisdictional, special-purpose agency established to provide a system of regional parks for the Northern Virginia area. The NVRPA currently operates 19 regional parks and owns 10,256 acres of land, of which more than 7,700 acres are in Fairfax County. Parklands within the system include: Bull Run, Bull Run Marina, Fountainhead, Sandy Run, Pohick Bay, Carlyle House Historic Park, Potomac Overlook, Upton Hill, Algonkian, Red Rock, the W&OD Trail, Occoquan, Hemlock Overlook, Cameron Run, Gateway, Meadowlark Gardens, Ball's Bluff, Temple Hall and Brambleton. In addition, the NVRPA administers extensive regional historic and conservation properties throughout Northern Virginia. These community resources are supported primarily from the annual contributions of its six member jurisdictions: the counties of Fairfax, Loudoun and Arlington, and the cities of Fairfax, Alexandria and Falls Church. Each member jurisdiction's contribution is in direct proportion to its share of the region's population. In the past decade, the entire population served by the NVRPA grew to 1.5 million residents and is expected to approach 2.0 million by 2020.

Current projections indicate that \$4,565,651 will be expended from the NVRPA's General Fund and \$10,291,624 will be expended from the NVRPA's Enterprise Fund for a total of \$14,857,275 in FY 2007. The NVRPA is asking member jurisdictions for \$3,225,027, which is an increase of \$210,983 or 7.0 percent over the FY 2006 amount of \$3,014,044. This is based on increasing costs, as well as declining user fee revenue in various categories. For FY 2007, NVRPA projects that 78 percent of operating costs will be funded with park revenues, with the remaining 22 percent coming from member jurisdictions. Fairfax County's share for the

Northern Virginia Regional Park Authority in FY 2007 is \$2,035,315, which is \$116,576 or 6.1 percent over the *FY 2006 Revised Budget Plan* of \$1,918,739.

Fairfax County comprises 63.11 percent of the total population served by this agency projected for FY 2007, which is a slight decrease from the 63.66 percent figure for the FY 2006 budget. Localities' contributions are based upon their percentage of the total population as provided by the U.S. Bureau of the Census. It should be noted that in addition to the operating contribution, an amount of \$2,500,000 has been included in Fund 306, Northern Virginia Regional Park Authority, as the FY 2007 annual capital contribution.

The Reston Historic Trust is a community-based 501c(3) organization to promote the social and economic vitality of Reston through a program of history-based educational activities. Since FY 2000, Fairfax County has provided annual funding of \$20,000 to the Reston Historic Trust. This contribution assists in the operational costs of the Reston Museum, located at Lake Anne Plaza. The museum, which is now in its eighth year of operation, has evolved as a focal point in the community, hosting special events, weekend programs and lectures, and providing exhibits that depict Reston's past and future.

In FY 2007, the agency will continue its efforts on revitalization, education and community outreach. The County's FY 2007 contribution to the Reston Historic Trust is \$20,000, which is consistent with the *FY 2006 Revised Budget Plan*.

The Claude Moore Colonial Farm at Turkey Run, designated a historical site, is the only privately operated national park in the United States. The park's 18th Century living history family farm site authentically recreates the social, technological, environmental and cultural living conditions faced by Northern Virginians of ordinary means in 1771. For 32 years, it has offered a rare, hands-on learning experience about the basics of life, food, shelter and the environment during the Colonial period. Staff continues to enhance the "Colonial Day" handbook for Fairfax County and others studying colonial Virginia history. These materials are available free on the Farm's Web site and are used by teachers providing this program for their third and fourth grade classes. The Web site is now also available in eight different languages, making the Farm experience much more accessible to the County's diverse population. The Farm has received national recognition for its innovative educational programming, which reaches over 50,000 persons a year, including thousands of students in Fairfax County.

The FY 2007 level of support of \$31,500 is consistent with the *FY 2006 Revised Budget Plan*. This support provides a critical component in an operating budget generated primarily from weather-dependent, self-supporting programs and fundraising events. The contribution will help ensure continuation of Farm programs to Fairfax County residents – especially the Environmental Living Program, the Farm Skills Program, and school visits to the 18th Century Farm Site. The FY 2007 contribution will also assist the Farm in further developing materials that can be used in the home and classroom and adding much-needed visitor facilities at the Farm. The County's contribution represents 7.8 percent of the Farm's projected revenue of \$406,000 for FY 2007. Other revenue sources include program fees, pavilion rentals, membership dues, endowment income, contributions from the National Park Service and private donations.

Contributions made by the County assist the Town of Vienna in the operation and improvement of the Center. The contributions supplement expenses for staffing the Teen Center, programming, and the purchase of materials and supplies.

The Board of Supervisors first approved \$40,000 in funding for the Teen Center in FY 2001. The amount included \$20,000 to supplement operational expenses at the Center including the purchase of capital equipment and \$20,000 for the expansion of teen programs, activities and special events, as well as the staff required to plan, implement and supervise the expanded operations. The FY 2007 contribution of \$40,000 represents 24.1 percent of the Center's projected expenditure and revenue requirements of \$165,847 and is consistent with the *FY 2006 Revised Budget Plan*.

The Virginia Opera Company fosters appreciation of the arts through a variety of educational programs offered to school children. It has grown in recent years to become the fourteenth largest opera in the nation, due in large part to its operations in Fairfax County. In the current 2005-2006 season, the Virginia Opera Company will present four fully staged operas at the George Mason University Center for the Arts. It anticipates continuing that level for FY 2007. Furthermore, the Virginia Opera's education program provides County students with access to age-appropriate opera presentations at their schools. In FY 2005, 65 performances were presented to public schools in Fairfax County.

The Virginia Opera Company first received a County contribution of \$25,000 in FY 1999. The FY 2007 contribution for the Virginia Opera Company continues that level of funding, which is also consistent with the *FY 2006 Revised Budget Plan*. The contribution represents approximately 2.8 percent of the Opera Company's projected revenue of \$892,071 for FY 2007.

A private/public partnership was established in 1968 between the Wolf Trap Foundation and the National Park Service for the operation of the Wolf Trap Farm Park for the Performing Arts in Vienna, Virginia. The partnership was founded through a gift of land to the United States Government. The National Park Service maintains the property and conducts parking and audience management.

The Foundation, with a \$26.8 million budget, is responsible for all other aspects of running the facility, including the presentation of a wide variety of performances and educational programs. Foundation programs reach approximately 500,000 people in Fairfax County each year at two sites: the Filene Center, a 7,000-seat outdoor amphitheater in a park-like setting, and the Barns of Wolf Trap, two 18th Century barns reconstructed at Wolf Trap using original building materials and techniques.

In FY 1999, Fairfax County began contributing \$25,000 to Wolf Trap to support the Foundation's efforts to provide Fairfax County citizens with access to the best possible performing arts, as well as position Fairfax County nationally as a leader in the arts and arts-in-education. The amount is not based on a formula, per capita, or any other formal agreement. As part of their deliberations on the FY 2005 budget, the Board of Supervisors approved an increase in the annual contribution from \$25,000 to \$125,000 to support education programs. The FY 2007 contribution remains at \$125,000.

Celebrate Fairfax, Incorporated was formed to develop educational or entertainment products, services and events that promote a sense of community among those who live or work in Fairfax County and to coordinate the annual Fairfax Fair. This urban fair symbolizes unity among the civic, business and governmental sectors and demonstrates how public and private partnerships can work together to provide the best for the residents of Fairfax County at a low cost. The Corporation also produces "Fairfax Fine ArtsFest," first introduced in 2003, as well as "Fall for Fairfax," Fairfax County's annual environmental festival sponsored by the Fairfax County Board of Supervisors.

An amount of \$27,876 is funded for FY 2007 for clean-up costs associated with the Fairfax Fair pursuant to the Memorandum of Agreement between the County Board of Supervisors and Celebrate Fairfax, Inc. This amount represents an increase of \$777 or 2.9 percent over the *FY 2006 Revised Budget Plan* of \$27,099 and is attributable to increased costs associated with the collection and disposal of waste tonnage collected at the Fairfax Fair. It should be noted that Celebrate Fairfax, Inc. also receives a high level of community and corporate support, both financial and in-kind. It is anticipated that the Corporation will also continue to receive significant in-kind support from various County agencies in FY 2007 for the Fair.

The Commission also presents possible solutions and policy reforms for problems that affect women and girls, and assists in developing programs and services that meet the needs of all the County's women. In addition, the Commission supports efforts to provide information to female business owners.

In FY 2006, the Commission created a *Living Health Calendar* that focused on tips for ensuring healthy lifestyles. The calendar was printed in both English and Spanish and won an award for excellence at the National Association of Commissions for Women annual conference. The Commission also planned and implemented the first annual Women's Voices Forum that allowed participants throughout Northern Virginia to discuss issues affecting women in society, as well as provide suggestions for further development of policies concerning domestic violence, senior issues, non-traditional careers, nutrition, financial well-being and affordable housing.

The program provides business services, technical support and physical space to help emerging businesses grow. Job creation and increased regional prosperity are the program's primary goals. This volunteer-driven program has helped nearly three dozen firms and produced nearly two dozen graduates, created over 75 jobs in the region, attracted \$5 million in investment, and secured in excess of 23,000 square feet of commercial space in Fairfax County over the past five years. It should also be noted that funding of \$25,000 was previously included for the GRCC Incubator Program in the Economic Development Authority (EDA) budget, but funding will now be included in Fund 119 as it more appropriately fits the status of contributory agency.

Northern Virginia Community College	\$97,332	\$95,894	\$95,894	\$94,196	\$94,196

Northern Virginia Community College (NVCC) is a comprehensive institution of higher education offering programs of instruction generally extending not more than two years beyond the high school level. The College currently has five campuses (Alexandria, Annandale, Loudoun, Manassas and Woodbridge) with permanent facilities constructed on each site. Each year, the College serves more than 60,000 students in credit-earning courses and more than 20,000 students in continuing education and training activities.

NVCC projects FY 2007 expenditures of \$192,773 for base operating requirements to be funded with \$187,429 from local jurisdictions and \$5,344 carried over from FY 2005. This amount includes \$174,192 for General Administration (President's Office, College Board travel and memberships, student scholarships, loans, and grants), \$17,000 for Community Services (community information), and \$1,581 for a contingency reserve. The base, which is funded by the governing bodies of the local jurisdictions served by the College and any fund balances, supports additional services that cannot be provided under the College's annual state fiscal appropriations. For example, local funding provides for increased matching loan funds and support of community service activities. This local funding is for Operating Expenses only and is not applied toward Personnel Services. The local jurisdictions served by the College are requested to contribute their share of the College's base expenditure, which is calculated on a per capita basis as reported by the College using population figures from the Weldon Cooper Center for Public Service.

The FY 2007 Fairfax County contribution to this agency for operations and maintenance is \$94,196, a decrease of \$1,698 or 1.8 percent, due primarily to shifts in population among the contributing jurisdictions. This amount reflects the County's share of the services provided to Fairfax County residents as reported by the College and is 50.3 percent of the local jurisdictions' contributions totaling \$187,429 for FY 2007.

In addition, County funding of \$1,007,400 will be included in Fund 303, County Construction for an annual capital contribution to the College based on a \$1 per capita population figure provided by the Weldon Cooper Center. Funding provides for the continued construction and maintenance of various capital projects on college campuses within the NVCC system.

During their deliberations on the FY 2001 Advertised Budget Plan, the Board of Supervisors funded a non-recurring (one-time) amount of \$209,076 for the Northern Virginia Conservation Trust Partnership (NVCT) (formerly the Fairfax Land Preservation Trust). An amount of \$170,000 was funded to enable the County to further its conservation efforts and meet public need without creating new County positions. This amount included \$80,000 for land costs/purchases directly related to conservation easements, \$45,000 for public outreach funding to support staff and material for educating the public about conservation, and \$45,000 for administrative support for staff and materials for the management of Fairfax County conservation efforts. It was anticipated that the contribution amount would be partially matched by approximately \$75,000 in other contributions to the Trust in FY 2001. The County's total contribution also included \$39,076 that was paid to the Park Authority to eliminate the balance of a loan obligation associated with seed money for the Trust and office space provided by the Park Authority.

The primary purpose of the public/private partnership between NVCT and Fairfax County is for NVCT to assist the County in the preservation of natural areas and historic properties through the use of conservation/open space easements, land gifts and acquisition of open space. The Trust is also tasked with educating the public on the importance of conservation and the County's abundant natural resources through outreach programs. Through this partnership, NVCT has been able to permanently conserve over 512 acres in Fairfax County, recording 26 conservation easements, and attracting five fee-simple land gifts and one land purchase.

FY 2007 funding of \$266,380 is included, which is an increase of \$8,260 or 3.2 percent over the *FY 2006 Revised Budget Plan* of \$258,120.

Northern Virginia Soil and Water Conservation District	\$397,446	\$524,548	\$524,548	\$509,404	\$509,404

The Northern Virginia Soil and Water Conservation District (NVSWCD) is an independent subdivision of the Commonwealth of Virginia to provide leadership in the conservation and protection of Fairfax County's soil and water resources. It is governed by a five-member Board of Directors, three of whom are elected every four years by the voters of Fairfax County and two who are appointed by the Virginia Soil and Water Conservation Board. Accordingly, the work of NVSWCD supports many of the environmental efforts set forth in the Board of Supervisors' Environmental Excellence 20-year Vision Plan. Technical assistance and information are provided to state and local government agencies as well as private citizens. The goal of the NVSWCD is to continue to improve the quality of the environment and general welfare of the citizens of Fairfax County by providing them with a means of dealing with soil, water conservation and related natural resource problems. It provides County agencies with comprehensive environmental evaluations for proposed land use changes with particular attention to the properties of soils, erosion potential, drainage and the impact on the surrounding environment.

In FY 2001, Fairfax County entered into a partnership with the NVSWCD to support the cost of soil mapping the southeastern portion of the County. Under the agreement, the U.S. Department of Agriculture's Natural Resource Conservation Service (NRCS) provides a survey team. Fairfax County's portion of the annual cost of the Soil Survey Project is \$195,000 annually. However, a delay in finalizing the agreement with the NRCS resulted in the carryover of \$160,000 of the soils mapping project funds into FY 2002. The drawdown of the County's allocation began in FY 2003. It is anticipated that \$228,227 will be spent in FY 2006, with \$13,414 to be carried over into FY 2007, requiring an FY 2007 allocation of \$146,738, a decrease of \$28,317 from the FY 2006 amount. This project is on target to be completed in FY 2007.

Fund 119 Contributory Fund

NVSWCD projects FY 2007 expenditures of \$487,158, for its base operating requirements. The FY 2007 County share for base operating requirements is \$362,666. With \$146,738 for the Soils Survey Project described above, the FY 2007 County contribution totals \$509,404 or 78.7 percent of the agency's expenditures totaling \$647,310. This represents a net decrease of \$15,144 or 2.9 percent from the *FY 2006 Revised Budget Plan*. In addition to County support, NVSWCD has been successful in leveraging state, federal, private and volunteer resources to benefit natural resources in the County. For instance, NVSWCD recently secured state grant funding to hire a consultant to assist in exploring ways to incorporate low impact development techniques and control runoff at the Lorton Arts Foundation site. Other revenue sources include the state, grants, interest, and other miscellaneous revenues, as well as a beginning balance of \$123,182.

County funding will be used toward capital improvements such painting and repairs to lodges, as well as resurfacing parking lots. The Occoquan Watershed Monitoring Program (OWMP) and the Occoquan Watershed Monitoring Laboratory (OWML) were established to ensure that water quality is monitored and protected in the Occoquan Watershed. The cost of the OWMP is equally divided between water supply and sewage users. As a result, 50 percent of Operating Expenses is supported by the Fairfax County Water Authority and 50 percent by the participants: Fairfax, Fauquier, Loudoun and Prince William counties, and the cities of Manassas and Manassas Park. The Watershed Monitoring Program Funding Agreement of 1988 requires that Fairfax County provide 12.5 percent of the direct costs.

Given the many diverse uses of the land and water resources in the Occoquan Watershed (agriculture, silviculture, urban residential development, commercial and industrial activity, water supply, and wastewater disposal), the OWMP provides a critical role as the unbiased interpreter of basin water quality information. This organization's water quality database greatly contributed to the work of the 2001-2003 New Millennium Occoquan Task Force appointed by the Fairfax County Board of Supervisors.

The total amount included for Fairfax County's FY 2006 share is \$106,635 based upon agency expenditures. This represents an increase of \$6,527 or 6.5 percent over the *FY 2006 Revised Budget Plan* of \$100,108. In addition, it should be noted that with the waiver of the agency's budgeted indirect costs by Virginia Tech, the Fairfax County contribution represents 10.1 percent of the agency's total budget.

As part of the *FY 2005 Carryover Review*, the Board of Supervisors approved \$25,000 in non-recurring funding as seed money for an organization comprised of representatives from the Police and Fire and Rescue Departments, the Office of the Sheriff, Convention and Visitors Corporation, among others, to prepare a bid to host the 2013 Police and Fire World Games. It will enable preparations for a site visit to Fairfax County by members of the World Police and Fire Games Federation to evaluate the County's potential as a future host site. Such an opportunity would generate considerable revenue through the thousands of visitors that will come to Fairfax County for the Games and will stay in local hotels, as well as eat and shop at County establishments. This one-time funding will be used to attract additional contributions from the private sector; therefore, no funding is included for FY 2007.

Southeast Fairfax Development Corporation	\$142,250	\$184,641	\$184,641	\$190,550	\$190,550

The Southeast Fairfax Development Corporation (SFDC) is a private, nonprofit organization that operates under a Memorandum of Understanding between the Fairfax County Board of Supervisors and the SFDC. The Corporation promotes, encourages, facilitates and guides economic development and revitalization on the 7.5 mile length of Richmond Highway from the Capital Beltway to Fort Belvoir, the largest of the County's seven designated revitalization areas. It provides marketing and promotion aimed at business attraction and retention; direct assistance to developers and businesses; and to a lesser degree, land use planning and coordination with the Richmond Highway community. It is this community consensus that makes revitalization/redevelopment possible. SFDC is committed to improving the quality of life, creation and retention of jobs, community appearance, and increased tax base. Its 18-member volunteer Board of Directors is representative of the community.

Total private investment in Richmond Highway in CY 2004-2005 is estimated at over \$764 million. SFDC continues to foster growth in existing businesses, while simultaneously promoting the physical renovation of the area through initiatives involving beautification, developmental planning, and ongoing market studies and needs assessments. SFDC sees an even greater need for its services as a result of the Department of Defense's (DoD) Base Realignment and Closure Recommendations (BRAC) recommendations announced in May 2005. It is anticipated that over 19,000 DoD employees will be redeployed to Fort Belvoir and an additional 19,000 government contracting jobs are also expected to relocate to the Richmond Highway Corridor. Based on these estimates, SFDC projects the demand for office space in the area could at least double, so they are focusing on opportunities for office development to accommodate this prospect. The total FY 2007 Fairfax County contribution for SFDC is \$190,550, which represents an increase of \$5,909 or 3.2 percent over the *FY 2006 Revised Budget Plan* based on the CPI-U Index.

VPI/UVA Education Center	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000

In FY 1995, Fairfax County signed an agreement with the City of Falls Church, the Virginia Polytechnic Institute and State University (VPI), and the University of Virginia (UVA) to provide support for a new Education Center to be constructed in Falls Church. As part of this agreement, the Board of Supervisors agreed to waive all development/regulatory fees and costs, and provide review and inspection services necessary for the development of this center. In addition to one-time FY 1996 sewer availability and connection charges of \$70,881, the County agreed to contribute an annual amount of \$50,000 toward the facility, to be paid each year for 20 years, commencing in FY 1995. The total value of this 20-year contribution will be \$1,000,000.

The total FY 2007 Fairfax County contribution for the VPI/UVA Education Center is \$50,000, which is consistent with the *FY 2006 Revised Budget Plan*.

Women's Center of Northern Virginia	\$29,942	\$29,942	\$29,942	\$29,942	\$29,942

The Women's Center is a private, nonprofit organization that provides personal and professional development services to women in Northern Virginia. Since FY 1978, the Board of Supervisors has contributed to this center in order to provide free or sliding-fee scale services to Fairfax County female residents who are unemployed, separated, abandoned or divorced, and the head of a household. Services include individual and group workshop sessions for women covering such areas as divorce, separation, financial planning and legal rights. It is anticipated that in FY 2007, 68 percent of requests for service will come from Fairfax County residents.

In FY 2007, the Center anticipates receiving approximately 56,000 requests for services from County residents to meet the interrelated psychological, practical, legal and financial needs of these County residents, many of whom are financially disadvantaged and require low-cost services. Access to these services enables community members to become self-sufficient.

The total FY 2007 Fairfax County contribution included for this agency is \$29,942, which is consistent with the *FY 2006 Revised Budget Plan*.

During deliberations on the FY 1999 Advertised Budget Plan, the Board of Supervisors first approved recurring funding in the amount of \$4,000 for membership fees in the Washington Area Housing Partnership. This contribution represents membership fees in the Washington Area Housing Partnership, a component of the Metropolitan Washington Council of Governments (COG). This organization is a regional, public/private housing partnership that addresses housing issues in the Washington Metropolitan Area. The Partnership undertakes a neighborhood initiative in each of the Northern Virginia, DC, and suburban Maryland regions annually.

Washington Area Housing Trust Fund	\$31,442	\$31,665	\$31,665	\$32,016	\$32,016

As part of their deliberations on the FY 2005 budget, the Board of Supervisors approved funding of \$31,442 to provide a contribution to the Washington Area Housing Trust Fund (WAHTF). The general membership of the Council of Governments (COG) recommended that local governments support a voluntary per capita assessment of \$0.03 to fund WAHTF operations. Capital support is provided through the federal government and private sector grants. WAHTF's long-term capitalization goal is \$15 million, which will be raised from government, corporate and foundation sources. Operational funding provided by area local governments will be leveraged to attract capitalization dollars. It also allows the trust fund to loan money at a highly subsidized rate, which helps to lower the cost of housing in this region. In the past year, WAHTF has originated six loans, which have gone to support the renovation or construction of housing for working families in the region.

WAHTF has the following goals: 1) increase and preserve the Washington region's supply of affordable homes by providing loans, grants and equity investments to locally supported affordable housing developments; 2) increase the visibility of affordable housing by engaging new corporate champions; 3) educate the region about affordable housing needs and opportunities; and 4) encourage balanced growth by placing priority on increasing and preserving the supply of affordable housing near job and transportation centers.

In FY 2007, Fairfax County's share for the WAHTF is \$32,016, an increase of \$351 or 1.1 percent over the *FY 2006 Revised Budget Plan*.

Wildlife Rescue League	\$10,000	\$10,000	\$10,000	\$10,000	\$10,000

The Wildlife Rescue League (WRL) is a non-profit organization that provides care for sick, injured and orphaned wildlife in order to return them to the wild. They work with licensed rehabilitators throughout Virginia and suburban Maryland, as well as with animal shelters, humane societies, wildlife groups, nature centers and veterinary hospitals to provide care. Approximately 75 percent of the calls received are from Fairfax County residents. The WRL is entirely run by volunteers and has no paid staff.

The WRL operates a hotline in Northern Virginia and surrounding areas to assist the public in obtaining information and help in locating a wildlife rehabilitator. They also educate the public about the natural history of native wildlife and how to coexist with it, as well as how to prevent the need for wildlife rehabilitation.

As part of the *FY 2004 Carryover Review*, the Board of Supervisors first approved funding of \$10,000 for this organization. The FY 2007 contribution remains at that level.

Fairfax Public Law Library	\$57,657	\$57,657	\$57,657	\$57,657	\$57,657

The mission of the Fairfax Public Law Library is to promote justice by providing all citizens with access to legal information. The legal resources available in the Law Library are not available to the public at any other single location within the County. In 2001, Fairfax County, the Clerk of the Court, and the Fairfax Bar Association (FBA) entered into an agreement with regard to the Law Library. The agreement provides that Fairfax County, through the Fairfax County Public Library (FCPL), shall have primary responsibility for the administration of the Law Library, while the FBA has primary responsibility for its management.

The Law Library receives over 66 percent of its funding from assessments of \$4 on civil case filings in the General District and Circuit Courts. This is projected at \$215,000 in FY 2007. The annual contribution of \$57,657 from the County is provided to assist the Law Library with operational costs. Other revenue includes \$10,000 from the Fairfax Bar Foundation, \$20,500 from the Friends of the Law Library, \$18,000 earned for Library services including copier charges, and \$1,600 in miscellaneous income for a total of \$322,757.

Currently located in the Fairfax County Judicial Center, the Fairfax Public Law Library assists the public as well as members of the legal community with locating sources for legal information and provides bibliographic instruction. In addition to the collection, the Law Library has four work stations dedicated to providing general information on divorce, immigration, estate planning and employment for patrons, as well as five computer work stations where the public may access legal materials on CD-ROMs and online databases. In recent years, the Law Library has decreased its printed materials and increased subscriptions to online databases, partially as a result of decreased filing fees.

In FY 2007, the Law Library will move from its current location to the the first floor of the expanded court house facility, due to be completed in April 2007. The Fairfax Public Law Library anticipates that it will serve approximately 65,000 patrons in FY 2007, more than half of whom are not attorneys. Many are in need of legal information because they are unable to afford legal representation but do not qualify for free legal services. The remaining patrons include prosecutors, public defenders, judges, lawyers and other members of the legal profession.

The total FY 2007 Fairfax County funding for this agency is \$57,657, which is consistent with the *FY 2006 Revised Budget Plan*.

Contributory Fund Fund 703 - NOVARIS

Non-Appropriated Funds

Fairfax County exercises a fiduciary responsibility for the financial management and operation of the Northern Virginia Regional Identification System (NOVARIS). Therefore, this fund is displayed here for information. Participating Washington Metropolitan Area jurisdictions share costs associated with NOVARIS based on the sworn police population of each jurisdiction as approved by the NOVARIS Advisory Board on July 30, 1997.

The Fairfax County contribution is made through the Contributory Fund. The total Fairfax County FY 2007 contribution is \$403,568. The total contribution consists of \$256,565, which represents the County's annual share of costs associated with operations and upgrades of NOVARIS and \$147,003 in funding for lease agreements and other costs associated with equipment that is specific to Fairfax County operations. See the NOVARIS Fund Statement on the next page.

The Northern Virginia Regional Identification System (NOVARIS) utilizes state-of-the-art computer equipment to identify criminals by categorizing and matching fingerprints. It enables police to match a fingerprint found at the scene of a crime with any individual who has been arrested in the Washington metropolitan area by comparing the print or partial print with all prints in the database. A new Automated Fingerprint Identification System will be installed in FY 2007 that will have enhanced technologies, including palm print and facial recognition capabilities. Funding of \$8.4 million has been secured through an Urban Areas Security Initiative grant to cover the cost of the system replacement. This funding is shown in Fund 102, Federal/State Grant Fund, and reflected in the *FY 2006 Revised Budget Plan* amount for Emergency Preparedness Expenditures found on the Fund 102 Federal/State Grant Fund fund statement. For further information please refer to the Fund 102, Federal/State Grant Fund narrative in the Special Revenue section of Volume 2.
