

Fund 316

Pro Rata Share Drainage Construction

Board of Supervisors' Adjustments

The following funding adjustments reflect all changes to the FY 2008 Advertised Budget Plan, as approved by the Board of Supervisors on April 30, 2007:

- ◆ The Board of Supervisors made no adjustments to this fund.

Focus

This fund supports storm drainage capital projects through contributions in accordance with the Pro Rata Share Program approved by the Board of Supervisors on December 16, 1991. The Pro Rata Share Program provides a funding source to correct drainage deficiencies by collecting a proportionate share of the total estimated cost of drainage improvements from the developers of the land. Pro Rata funds are used to finance projects within specific watershed areas. As projects are identified and prioritized during scheduled budgetary reviews, Pro Rata funds on deposit are appropriated to this fund.

Fund 316, Pro Rata Share Drainage Construction, is complemented by several other funding sources including, Fund 310, Storm Drainage Bond Construction, and Fund 318, Stormwater Management Program, in order to address the County's stormwater control needs. Fund 310 is supported by General Obligation Bonds approved by the voters in 1988. Fund 318 was created in FY 2006 by the dedication of one penny of the Real Estate tax to address prioritized capital improvements in the County's stormwater system. In the future, Fund 318 will be the primary source of stormwater management funding. This consolidation will allow Stormwater Management to better allocate resources and track funding. As Watershed Management Plans are completed throughout the County, the list of stormwater improvement projects will be updated, and revised funding requirements and strategies will be developed for the entire program.

Development of watershed management plans for the County is currently underway to restore the County's streams and to position the County to comply with various stormwater commitments and regulatory requirements. The physical stream assessment, which provides the fieldwork for the watershed management plans, was completed for the entire County in 2003. Work continues each year toward the completion of the countywide watershed management plans.

No funding is included for Fund 316, Pro Rata Share Drainage Construction, in FY 2008. All funding for this program is from private sources. Existing projects will utilize pro rata funds received to support watershed planning, regional pond development and other drainage improvement projects.

Changes to FY 2007 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2007 Revised Budget Plan since passage of the FY 2007 Adopted Budget Plan. Included are all adjustments made as part of the FY 2006 Carryover Review and all other approved changes through December 31, 2006:

- ◆ As part of the *FY 2006 Carryover Review*, the Board of Supervisors approved an increase of \$22,111,746 due to the carryover of unexpended project balances in the amount of \$21,871,222 and an adjustment of \$240,524. This adjustment includes the appropriation of pro rata share funds in the amount of \$240,000 to support various on-going projects and \$524 in miscellaneous revenues received in FY 2006.

Fund 316

Pro Rata Share Drainage Construction

The following funding adjustments reflect all approved changes to the FY 2007 Revised Budget Plan from January 1, 2007 through April 23, 2007. Included are all adjustments made as part of the FY 2007 Third Quarter Review:

- ◆ As part of the *FY 2007 Third Quarter Review*, the Board of Supervisors approved an increase of \$200,000 for pro rata share contributions received, associated with projects in the Difficult Run watershed.

A Fund Statement and a Summary of Capital Projects are provided on the following pages. The Summary of Capital Projects may include some projects without a Total Project Estimate amount. These projects are considered "continuing" projects or projects for which funding is necessary on an ongoing basis (e.g., a contingency or planning project).
