

Unclassified Administrative Expenses - Public Works Contingencies

Mission

To provide funding support for programs administered/operated on behalf of the General Fund. This support provides refuse collection and disposal services to citizens, communities and County agencies through the Solid Waste General Fund programs consisting of the Community Cleanups, Court/Board-directed Cleanups, Health Department Referrals and Evictions Programs. In addition, funding also provides a contribution to the Colchester Wastewater Treatment Facility for wastewater treatment services in the Harborview community.

Focus

Solid Waste Refuse Collection and Recycling operates four programs on behalf of the General Fund for the collection and disposal of refuse that presents a hazard to health, safety and welfare of County citizens. These programs include the Community Cleanup Program, the Health Department Referral Program, the Evictions Program and the Court/Board-directed Cleanup Program. Fund 109, Refuse Collection and Recycling Operations, provides staff and equipment for program operations. All charges incurred by Fund 109 for providing collection/disposal services for these programs are billed to the General Fund. The overall cost to the General Fund is reduced by the amount of cleanup fees recovered from property owners for cleanup work performed on their property at the direction of the Fairfax County Health Department or the County courts. The recovered funds are returned to the General Fund by way of the revenue stream.

Funding is also provided in this agency for the contribution of miscellaneous sewage treatment for the County's Harborview community. Since this community is located outside of the County's sewage treatment service area, their wastewater is treated by the Colchester Wastewater Treatment Facility, a private facility that bills the County for its services. The Miscellaneous Contributions represent the difference in cost of sewage treatment services provided by this facility. Residents of the Harborview community make water and sewer payments to the County. In FY 2009 an amount of \$145,600 is included to cover the difference between the fees collected from the citizens and the full cost of the wastewater treatment.

Agency accomplishments, new initiatives and performance measures for Solid Waste are displayed at a program-wide level. Please refer to the Solid Waste Management Program Overview contained in Volume 2 of the [FY 2009 Adopted Budget Plan](#) for those items.
