Budget Summary

COUNTY BUDGET IN BRIEF

On April 27, 2009, the Fairfax County Board of Supervisors adopted the fiscal year 2010 budget, which begins on July 1, 2009 and runs through June 30, 2010. The approved General Fund budget totals \$3,330,427,376, a decrease of \$91.9 million, or 2.69 percent, from the FY 2009 Revised Budget Plan total. Excluding adjustments in the current fiscal year, the decrease from the FY 2009 Adopted Budget Plan is \$22.2 million or 0.66 percent. The total of all Appropriated Funds is \$5,831,251,349.

The approved transfer to the Public School Operating Fund is \$1,626,600,722, which is the same level as Fiscal Year 2009. In addition, the County's transfer for School Debt Service is \$163,767,929, an increase of \$9,134,754, or 5.9 percent, over the *FY 2009 Revised Budget Plan*. The combined transfer for School Operations and Debt Service is \$1.790 billion, which represents 53.8 percent of total County General Fund Disbursements.

In addition to the \$1.79 billion in County transfers to FCPS for operations and debt service, Fairfax County provides additional support totaling \$59.8 million for the following programs:

- \$30.2 million for the Comprehensive Services Act (CSA), Head Start and School-Age Child Care (SACC) programs within the Department of Family Services;
- \$12.9 million to support School Health including Public School Nurses and Clinic Room Aides;
- \$8.2 million for School Crossing Guards; Resource Officers who are assigned to all FCPS high schools, middle schools and alternative schools; and security for activities such as proms and football games;
- \$3.5 million primarily for after-school programming in middle schools;
- \$3.4 million in services provided by the Fairfax-Falls Church Community Services Board;
- \$1.5 million for athletic field maintenance and other recreation programs; and
- \$0.1 million for fire safety education programs for students.

The FY 2010 Adopted Budget Plan includes a real estate tax rate of \$1.04 per \$100 of assessed value. In addition, a stormwater services district levy of \$0.010 per \$100 of assessed value provides support of stormwater operating and capital project requirements through the creation of a new Stormwater Services District. Coupled with a 12.6 percent decline in the average residential assessment, the resulting average tax bill will be a modest reduction from the current fiscal year.

- Affordable housing
- Environmental protection
- Transportation improvements
- Revenue diversification to reduce the burden on homeowners

Budget Summary

The Process

The approach to the FY 2010 budget was based on a three-pronged strategy that sought a balanced approach to the County's budget challenges:

- Eliminate non-contractual or non-legally obligated growth in the budget that would have provided for inflationary increases, salary adjustments and increasing workloads
- Reduce, reengineer, reorganize, redesign and eliminate various County Lines of Business
- Include revenue enhancements to keep the same relative tax burden on the residential homeowner and increase user fees to recover an equitable return of County costs to users of various services.

This approach was validated during the Community Dialogues and Employee Brownbags on the budget held during the fall of 2008. Through 20 Community Dialogue meetings, five Employee Brownbags, and online and telephone forums for public questions, suggestions, and comments, the County engaged in a more robust public input process and at an earlier juncture than any previous budget cycle. Nearly 1,000 members of the public participated in the dialogues to provide consensus recommendations on opportunities for savings. In addition, online comments were solicited from the community concerning the recommended reductions. Over 2,000 distinct comments were received via telephone and web submission.

Parallel to the extensive public input process, every General Fund or General Fund-supported agency in the County presented to the Board of Supervisors a comprehensive review of their Lines of Business (LOBS) including focused discussions on program and service priorities, possible areas for elimination, reduction, reorganization, consolidation, and/or alternative service delivery options. County agencies were required to present reduction options totaling 15 percent of General Fund expenditures to the Board of Supervisors over the course of nine meeting days through the fall. The Fairfax County Public Schools also made a similar presentation to the Board as part of this process in November, 2008. Presentations included many proposals for efficiency and cost-saving initiatives, reductions in levels of service, and alternative recommendations for use of other funding streams.

The Result: County Executive's Proposed Budget and Board of Supervisors' Adopted Budget

With the benefit of information and suggestions from the fall public input process and agency recommendations for savings, the County Executive proposed a FY 2010 Budget that sought to strike a balance between expenditure reductions and revenue enhancements and shared the burden of the reductions between the County and the schools. The County Executive's proposal included expenditure reductions totaling \$106.4 million which eliminated 524 regular positions, as well as employee compensation increases. Funding reductions were proposed in virtually every County agency and both County residents and employees will feel the impact.

After four days of public hearings and substantial other input from citizens, the Board adopted budget includes reductions totaling \$90.7 million and 306 positions. Some of these reductions took advantage of cost saving strategies; however, many reduced or eliminated services residents use and enjoy. The reductions included modifying County service hours and service levels, staffing decreases, and program eliminations. The FY 2010 approved budget eliminates all pay increases for employees including pay for performance, merit increments and longevity step increases as well as the associated fringe benefit funding.

Of the 306 eliminated positions, 81 are in the Legislative-Executive/ Central Services agencies, 6 are in Judicial Administration, 64 are in Public Safety, 9 are in Public Works, 26 are in Health and Welfare, 57 are in Parks, Recreation, and Libraries, 26 are in Community Development, and 37 are in Other Funds such as Cable Communications, Community Services Board, and various Internal Services Funds. A summary of all position changes can be found in the *Financial, Statistical and Summary Tables* section of this Overview volume.

Budget Summary

The Board restored \$22.7 million in proposed reductions by reallocating a portion of the funding budgeted for fuel, utilizing revised revenue estimates based on latest projections, and reallocating part of the Penny for Affordable Housing to restore critical Human Services and Public Safety programs. Of the 218 positions proposed for elimination that were restored by the Board, 139 are in Public Safety (including 28 for the School Resource Officer Program), 62 are in Health and Welfare, 13 are in Parks, Recreation, and Libraries, and 4 are in Community Development.

At the end of this section is a summary table which provides a detailed explanation of the reduction and revenue enhancements included in the FY 2010 budget.

General Fund Revenue

The FY 2010 General Fund revenue estimate totals \$3.314 billion, a decrease of \$6.7 million from the FY 2009 Adopted Budget Plan estimate and an increase of \$26.5 million or 0.8 percent over the *FY 2009 Revised Budget Plan* level. The FY 2010 revenue estimate is based on an increase of \$66.4 million in real estate tax revenue as a net result of the 9.95 percent average decrease in real estate property assessed values offset by a 12 cent increase in the real estate tax rate. All other revenue categories combined are projected to decline a net \$39.9 million, or 3.2 percent.

General Fund Disbursements

FY 2010 General Fund Disbursements (which include the General Fund as well as the transfers to Fairfax County Public Schools, Metro, Fairfax CONNECTOR and the Fairfax-Falls Church Community Services Board, among others) total \$3.33 billion, which is a decrease of \$91.9 million, or 2.69 percent from the *FY 2009 Revised Budget Plan*. Excluding adjustments in the current fiscal year, the decrease from the FY 2009 Adopted Budget Plan is \$22.2 million or 0.66 percent.

The disbursement decrease of \$22.2 million from the FY 2009 Adopted Budget Plan level is based on baseline expenditure increase of approximately \$61.9 million offset by disbursement based reductions approved by the Board of Supervisors of \$84.1 million. It should be noted that spending reductions in other funds resulted in transfers back to the General Fund of \$6.6 million for a total reduction package of approximately \$90.7 million. The \$61.9 million increase in baseline expenditures reflects required increases in employee benefits primarily associated with group health insurance costs based on experience and planned rate increases effective January 1, 2010 and the County's required support of the Government Accounting Standards Board (GASB) 45 liability reserve. In addition, baseline funding is included for grant matching requirements, debt service and the FY 2010 cost of pay adjustments awarded during FY 2009. Also, there were a limited number of cost increases necessitated by the significant increase in the number of people needing public assistance based on the economic downturn. Additional funding is required to fill caseworker positions to help address the escalating number of people requiring assistance with needs such as food stamps, Temporary Assistance to Needy Families (TANF), Medicaid and employment. In addition, a reserve has been established to provide emergency support for community organizations in the form of one-time grants to sustain the operations of these human services organizations and the provision of services to the community in the short term.

Expenditure Reductions

The FY 2010 budget includes reductions of \$90.7 million. These reductions represent creative and innovative approaches to make service delivery more efficient and sought to preserve core county services and those services that protect the health and welfare of County residents. It is important to note that these spending reductions were not made equally across County departments and programs, recognizing that some services are fundamental to the County's core mission. The reductions include:

- ***Program Eliminations:*** Examples include elimination of the County's Publications Desk/Gift Shop, elimination of the Language Access Coordinator role in the Office of the County Executive, elimination of the Community Connections program in the Park Authority, elimination of the Environmental Hazards Investigation Program in the Health Department, elimination of the Police Department's Sexual Assault Free and Empowered (SAFE) program and School Education Officers in elementary schools, elimination of the General Fund support for the Life Safety Education Program in the Fire and Rescue Department, and elimination of the night shift at the County's print shop.

Budget Summary

- **Efficiencies and Restructurings:** Examples include assorted management and administrative positions, outsourcing of delinquent personal property and BPOL collections, and revised vehicle replacement schedules.
- **Facility Closures/Reduced Service Hours/Levels:** Examples include reduced library hours, reduced election day polling place staffing, reduced frequency of non-core Fairfax CONNECTOR routes, closing two of the current 12 computer learning center sites, and closure of the Western Fairfax (Chantilly) Outpatient clinic site.
- **Employee-Related Reductions:** The FY 2010 budget eliminates pay increases for employees, including pay for performance, merit increments and longevity step increases as well as the associated fringe benefit funding.
- **Public/Employee Suggestions:** Examples include eliminating printed versions of "Courier"- the employee newsletter, various energy-saving measures such as adjusting the temperatures in County buildings and automatically powering down computers at night, and changes in the County's PC replacement program.

Budget Summary

Other Revenue Enhancements

The FY 2010 Adopted Budget Plan also includes a series of revenue enhancements totaling \$13.9 million. These increased fees and charges are based on actual costs of service provision, are comparable to rates in neighboring jurisdictions, and are consistent with suggestions from County residents, employees and agencies on budget alternatives.

These enhancements include:

- \$5.5 million in Land Development Services building and inspection fees
- \$1.8 million in zoning fees
- \$1.5 million in penalties for late payment of Personal Property Taxes
- \$1.3 million in School Age Child Care (SACC) fees
- \$0.6 million in alarm ordinance violations
- \$0.6 million in parking violations
- \$0.5 million in fire permits, overtime testing fees, and faulty fire alarms
- \$0.5 million in library charges
- \$0.4 million in senior center annual participation fees
- \$0.3 million in Health Department fees
- \$0.2 million in facility rental fees
- \$0.2 million in elderly daycare charges
- \$0.1 million in Senior+ program fees
- \$0.1 million in alarm registration fees
- \$0.1 million in fees charged for criminal history records
- \$0.1 million in *Seniors-on-the-Go!* taxi charges

REVENUE ENHANCEMENTS							
Agency 08 – Facilities Management Department							
Revenue Enhancement: Rental Fee for Facility Use	Implement a rental fee for facility use at the Government Center Conference Center including a fee of \$85 per hour for the Board Auditorium and \$60 per hour for use of conference rooms. No fees will be charged to Boards, Authorities, Commissions, or Fairfax County agencies. Implementation of this fee results in greater consistency with surrounding jurisdictions.		\$221,500			0	\$221,500
Agency 31 – Land Development Services							
Revenue Enhancement - Increase plan review, inspection and permit fees	Increase in various building permits, plan review and inspections fees to provide a cost recovery rate of approximately 90 percent.		\$5,500,000			0	\$5,500,000
Agency 35 – Department of Planning and Zoning							
Revenue Enhancement: Zoning Fee Increases	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors approved adjustments to the increase in Planning and Zoning fees which deleted fees for applicant requested deferrals and conceptual plans. Increase in zoning evaluation fees to provide a cost recovery rate of approximately 75 percent which were last comprehensively adjusted in FY 2006. Also increases zoning administration fees to increase the cost recovery rate.		\$2,001,078		(\$238,075)	0	\$1,763,003
Agency 40 – Department of Transportation							
Revenue Enhancement: <i>Seniors-on-the-Go!</i> Program	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored the Seniors on the Go program by approving an increase in the charge to users from \$10 to \$20 per book as well as to directing the Department of Transportation to reduce the program's printing and advertising/marketing materials budget. This will be funded through funds made available through a reduction in the General Fund Transfer to Metro as a result of lower than anticipated budget requirements for Metro.		\$0		\$65,000	0	\$65,000
Agency 50 – Department of Community and Recreation Services							
Revenue Enhancement: Out- of-County Fee for Use of Fields	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors approved an Increase in the adult out-of-county fee from \$20 to \$30 per participant per season, and the implementation of a youth out-of-county fee that would total \$30 per participant per season as well. Increase in fees to provide increased cost recovery. This additional revenue will be reflected in Fund 303, County Construction in support of the programs and services funded by the Athletic Services fee.		\$115,000		(\$115,000)	0	\$0

Revenue Enhancement: Senior+ Program	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors determined that the Senior sites at Lorton, Lincolnia and Sully Senior Centers will remain open through the institution of a new \$50 per month fee (participants with limited, fixed incomes will not be denied services due to inability to pay) to generate approximately \$138,000 in revenues annually to partially offset the program costs. Staff from the Departments of Community and Recreation Services, Health and Management and Budget will evaluate the continuum of senior services including but not limited to Senior Centers, Senior+ and Adult Day Health Care Centers to ensure coordination of programs, opportunities for provision of more cost efficient service delivery and provision of a more consistent fee structure for the continuum and promote long term sustainability of the services.		\$0		\$138,000	0	\$138,000
Revenue Enhancement: Summer Transportation fee for Therapeutic Recreation Programs	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program in lieu of increasing the fee. Implement sliding fee scale for participants in the Therapeutic Recreation Summer Programs to increase cost recovery. Currently, there is no charge for this service. This fee is proposed as an alternative to elimination of this program.		\$125,000		(\$125,000)	0	\$0
Agency 52 – Fairfax County Public Library							
Revenue Enhancement: Various Fines and Fees to be determined	It should be noted that the Library Board has approved Library Fee increases that will generate at least an additional \$300,000 to offset the proposed reduction for library book pick up and delivery. Any additional revenue beyond \$300,000 will be used for materials restoration for the Fairfax County Public Library. This is in addition to the Library staff and Library Board proposed revenue enhancement which will generate at least \$220,000 that was included as part of the <u>FY 2010 Advertised Budget Plan</u> .		\$220,000		\$300,000	0	\$520,000
Agency 57 – Department of Tax Administration							
Revenue Enhancement: Increase penalty for late payment of Personal Property Taxes	Increase penalty for late payment of Personal Property taxes from 10% to 25% for payments over 30 days past due. This is consistent with Section 58.1-3916 of the <u>Code of Virginia</u> .		\$1,500,000			0	\$1,500,000
Revenue Enhancement: Tax on vehicles without current VA license plate	Implement a tax on vehicles without current Virginia license plates of \$100 per vehicle per year. This tax is authorized by Chapter 6, Section 46.2; and Section 15.2-973, of the Code of Virginia and is consistent with surrounding jurisdictions. Arlington County currently charges \$100 per vehicle that does not have a valid Virginia license plate.		\$24,000			0	\$24,000

Revenue Enhancement: SACC Fee increase	Fee increase of 5 percent over current rates. DFS proposed reducing SACC enrollment by 870 children saving \$4 million in expenditures, but losing \$3 million in revenues, for net savings of \$1 million. This fee increase is proposed as an alternative to the enrollment reduction.		\$1,300,000			0	\$1,300,000
Revenue Enhancement: Senior Center FASTRAN trips, Operating Hours at the Herndon Senior Center, FASTRAN group trips from Senior Centers, one day of lunch per week at Senior Centers and support for congregate meals	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors approved implementation of a new \$48 per year fee (participants with limited, fixed incomes will not be denied services due to inability to pay) which will generate approximately \$434,601 in revenue to cover the various reductions impacting seniors participating in Senior Center programs. While group FASTRAN trips for seniors residing at Senior Residences are not restored to the current level of 4 per month, the Board directs staff to explore options, including public/private partnerships, for the sustainability of long term care services.		\$0		\$434,601		\$434,601
Agency 71 – Health Department							
Revenue Enhancement: Increase Environmental Health user fees and permits	Increase existing environmental health user fees and permits by an average of 25%. Athletic Service Fee – No General Fund Impact							
Revenue Enhancement: Raise Athletic Service Fee from \$5.50 to \$13.00 per participant per season to support program costs	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors did not approve an increase in the Athletic Service Fee. The Athletic Service Fee is maintained at \$5.50 per person per team per season for groups and individuals and the application fee is maintained at \$15 per team for tournaments and \$50 per facility for one-time uses. This requires the restoration of \$780,000 to fully fund items originally supported by the \$13 fee. Please see Fund 303, County Construction in the following section for details. The following statement describes the impact if the proposed fee increase had been approved.</p> <p>The increase in the Athletic Services Application Fee includes an increase for the organization or group application fee from \$5.50 to \$13.00 per participant per season, the tournament fee (from \$15 to \$35 per team) and one-time use (from \$50 to \$120 per facility per day) application fees will increase proportionally as well. This increase is proposed to be effective July 1, 2009 and will be used to help offset required programmatic reductions based on the FY 2010 Lines of Business Review, and additional program costs. These additional program costs include creation of a synthetic turf field replacement fund, additional maintenance to keep pace with increased field inventory, and increases in custodial support for indoor sports to keep pace with increased FCPS fees. Of the new revenue associated with the application fee increase (\$1,450,000) and out-of-county fee increase (\$115,000) referenced above, approximately 60 percent will fund required reductions and approximately 40 percent will support additional program costs.</p> <p>The reductions not taken as a result of this proposed increase in fees are:</p> <ul style="list-style-type: none"> • Elimination of the Youth Sports Officiating Subsidy Program • Elimination of the Youth Sports Scholarship Program • Reduced Signage, Amenity, and Monitoring Funding Associated With the Walk-on Use Prevention Program • Elimination of a Staff Position for Centralized Contract Management of the FCPS Athletic Field • Maintenance Program • Reduce Porta-Jon Services at Athletic Fields 	0	\$0	0	\$0	0	\$0

LINES OF BUSINESS REDUCTIONS								
Agency 01 – Board of Supervisors								
Reduce Operating Expenses	This reduction results in a decrease in Operating Expenses funding used for office supplies, travel and training for staff, and printing of documents associated the Board of Supervisors meetings. In addition, this reduction results in the Clerk's Office having less flexibility to absorb special requests/projects or to enact any initiatives with expenditure implications. Board Summaries will no longer be distributed in hard copy.		0	\$38,044			0	\$38,044
Eliminate Limited Term Funding	This reduction results in the elimination of funding for one limited term position, which decreases the agency's flexibility for staffing of special projects or needs.		0	\$16,861			0	\$16,861
Eliminate Administrative Assistant I/ Receptionist Position	This reduction eliminates one Administrative Assistant I position that functions as the only receptionist for the Clerk's Office. The workload of the receptionist position will be redistributed and absorbed by current staff of administrative assistants. Office operations may be compromised because no one is present to monitor visitors at the front desk and phones may not be answered in a timely manner during peak periods. Timeliness of the Board Summary production and other office functions is also adversely affected.		1	\$30,000			1	\$30,000
District Office Personnel Services Reduction	During its deliberation on the FY 2010 Adopted Budget the Board of Supervisors approved a reduction in funding for their offices that will maintain funding for the Board of Supervisors offices at the FY 2009 Revised Budget Plan level.		0	\$0		\$300,313	0	\$300,313

Reduce Operating Expenses and Eliminate Outstanding Performance Cash Awards	The Outstanding Performance Awards (OPA) program will no longer include monetary awards of \$300 for OPAs and no gift awards for length of service for employees being recognized; however, this program will continue with employees being recognized at a ceremony and awarded a certificate as well as one day of compensated Administrative Leave.	0	\$215,000			0	\$215,000
Eliminate Management Analyst IV Position, Eliminate Energy Coordinator Position and Reduce Limited Term Funding	Taking this reduction results in the elimination of one Management Analyst IV position, the elimination of one Energy Coordinator position and a 50 percent reduction in limited term funding, which impacts the timeliness of responses to requests and analysis of information. The County Executive has informed the Board that, as a viable alternative to eliminating the Energy Coordinator position, he established an Energy Efficiency and Coordinating Committee which would serve as an interagency forum for cross-organizational collaboration and coordination of energy efficiency and conservation efforts.	2	\$244,402			2	\$244,402
Eliminate Language Access Coordinator Position and Limited Term Support	This reduction results in the elimination of one Language Access Coordinator position (MAIV) and the associated staff support, which is responsible for tracking federal requirements regarding serving limited-English proficient (LEP) customers; establishing a system for the independent translation of documents and interpretation of interactions between County service providers and LEP customers; and educating the workplace on trends, demographics and social/cultural norms having an impact on services to LEP customers.	1	\$115,598			1	\$115,598
Eliminate Part-Time Limited Term Administrative Assistant II Position	This reduction results in the elimination of one part-time Limited Term Administrative Assistant II position. By eliminating this position, which constitutes 33% of agency support staff, duties are taken over by the Administrative Assistant V as well as some duties spread among auditors.	0	\$17,529			0	\$17,529
Eliminate Part-Time Limited Term Auditor III Position	This reduction results in the elimination of one part-time Limited Term Auditor III position, which impacts the agency's ability to complete as many audits, to perform audit work in as many agencies, to have as many audit recommendations, and to perform projects in a timely manner.	0	\$36,185			0	\$36,185
Reduce Operating Expenses	This reduction results in a decrease in operating expenses for continuing professional education training, supplies and travel to county sites to conduct audit test work, which causes staff to become less knowledgeable of the latest generally accepted government auditing standards.	0	\$4,977			0	\$4,977

Reduce Flexibility in Personnel Services and Operating Expenses	This reduction impacts the agency's flexibility to provide quality services that benefit the revitalization and reinvestment in designated commercial revitalization districts/areas as well as other commercial areas of Fairfax County. Specifically, the reductions diminish the agency's ability to respond to new studies and other initiatives, and its ability to support and provide services to local community revitalization efforts.	0	\$169,626			0	\$169,626
Agency 04 – Department of Cable Communications and Consumer Protection							
Eliminate Three Limited Term Administrative Assistant II Positions in Mail Services	These three limited term Administrative Assistant II positions were created to provide mail services at the renovated Jennings Judicial Center; however, the current workload is currently being completed by 14 merit positions providing countywide service. This reduction will be achieved through the efficient use of existing personnel and resources.	0	\$124,691			0	\$124,691
Reduce Personnel Services in Management/Administrative Services	The Print, Mail and Administrative Services Division has undergone reorganizations within the cost center which resulted in recurring personnel savings in this LOB. This reduction is a decrease in available funding and results in no position reductions.	0	\$51,551			0	\$51,551
Transfer Consumer Specialist II Position in Consumer Affairs	Consumer Affairs will transfer one merit Consumer Specialist II position to the County's Cable Communications Fund, which is supported by cable franchise fee revenue. Eliminate Gift and Publication Sales Center	This reduction will result in the elimination of the Gifts and Publication Sales Center, which includes the Publication/Gift Store Sales LOB in its entirety. During FY 2008, the Gifts and Publication Sales Center served over 1,300 County residents, agencies, and employees. Following the closure of the gift shop, items currently for sale at the Gifts and Publications center will either be sold by individual agencies or will no longer be available.	2	\$88,170			2	\$88,170

Eliminate Night Shift Operation in the County Print Shop	The Print Shop's night shift operation will be eliminated, including a Printing Services Shift Supervisor, two Print Shop Operator IIs, and a Print Shop Operator I. The elimination reflects the likelihood of a reduction in printing by County agencies in FY 2010. It should be noted that there is no net General Fund funding reduction associated with this adjustment, as the print shop fully recovers costs from County agencies and Fairfax County Public Schools. In the event the Print Shop does not experience a 20 percent reduction in printing services, the ability to complete the work with reduced hours and personnel may be difficult. The savings in Fund 504 is \$252,376.	4	\$0			4	\$0
Agency 06 – Department of Finance							
Reduce Agency Training	Negatively affects readiness to implement evolving professional standards, to introduce new techniques and technologies, to develop succession leadership, and to provide non-monetary incentive for staff retention. Over the long term, this will negatively affect introduction of new technologies and modernization.	0	\$18,000			0	\$18,000
Reduce Administrative Support	Results in inefficient use of supervisory staff. Supervisors will take on heightened responsibilities to prevent abuses of these systems. Delays in producing checks may occur.	1	\$33,000			1	\$33,000
Decrease Funding for Audit Services	No negative impact foreseen. Contract negotiated with external auditors was less than the budgeted amount. Eliminate funding in excess of negotiated fixed price.	0	\$180,000			0	\$180,000
Decrease Expansion of Automation Efficiencies	Expanded use of commercial (off-the-shelf) applications calls for greater diligence in maintaining system security and user controls. There is likely to be some degradation of control; delays in addressing application outages (particularly critical in investment operations); and slower response to customer needs. New projects will experience delayed implementation.	1	\$62,000			1	\$62,000

Decrease Centralized Systems Security, Administrative, and IT Project Oversight	Eliminates one Network Analyst I position. The impact of this reduction may result in delays in responses to system issues and new project support. This reduction will decrease the ability to deliver labor-saving PC applications to finance operations both in the Department of Finance and to agencies across the County.	1	\$112,000			1	\$112,000
Reduce Effort to Convert from Checks to Electronic Payments	Eliminate position focused on expanding acceptance by vendors of electronic bill payments (Automated Clearing House (ACH) transfers). ACH transfers are substantially less costly than payment by checks. By reducing staff effort to market this payment vehicle to vendors, the opportunity to reduce the cost of payment operations will be delayed for an extended period of time.	1	\$38,000			1	\$38,000
Reduce Outreach Program in Oversight of Financial Compliance	Reduction of staff will impede the expansion of programs to modernize revenue collections (e.g., acceptance of credit card and online check payments). In the absence of such collection capabilities, some departments will be unable to make available certain County services through the Internet and kiosks. Some reduction will be seen in training future employees in financial support roles rendered within County agencies, such as cash handling, travel accounting and account monitoring.	1	\$59,833			1	\$59,833
Eliminate the Verification of Travel Accounting Accuracy and Policy Compliance	Responsibility for ensuring compliance with County travel policy will shift to agencies. Reduced oversight of this high-profile expenditure class would likely to lead to uneven application of travel guidelines, inadequate documentation of expenses, excess travel costs, and possible inadvertent, but objectionable practices.	1	\$36,000			1	\$36,000
Eliminate Deputy Director Position, Financial Control and Compliance	Reductions in this and other lines of business will be addressed through both program and organizational restructuring. Duties will be redistributed. There will be no impact on the quality of service; the extent of oversight of internal controls may diminish. Prioritization needs are likely to delay new initiatives. This reduction is offered to meet the department's reduction goal, in lieu of reduction of technical staff. Redistribution of management tasks poses less risk to the mission than elimination of certain subordinate functions. State law authorizes one or more deputy finance directors; there is no minimum or mandate.	1	\$120,000			1	\$120,000

Fund 501 – County Insurance							
Eliminate Use of Outside Consultants to Perform Ergonomic Assessments	For employees with complex needs, the Risk Management Division uses the contract services for approximately 18-20 ergonomic assessments a year. Since the staff infrequently draws upon this service, the Division proposed eliminating this contract and empowering those agencies who had complex needs to secure services for ergonomic assessments on an as-needed basis. Eliminating the services poses some potential for employee injuries resulting from improperly set-up work environments.	0	\$25,000			0	\$25,000
Eliminate Contract with Consultant Service for Workplace Environmental Health Evaluations	The Risk Management Division receives reports from agencies regarding potential environmental issues such as mold, lead, asbestos, air quality and insect/rodent infestations. Since incidents such as these may be beyond the technical expertise of internal staff, the Risk Management Division uses outside consultants to address these issues. This reduction eliminates the safety prevention element of this program and funding associated with this work. It is possible that, in some cases, expert investigation and intervention may be mandated by federal and state law, and therefore the agency in need of such services will be required to identify funds for essential outside consulting. Failure to identify potential health hazards could result in an unsafe and unhealthy workplace, increase staff absences and increase worker's compensation costs.	0	\$45,000			0	\$45,000
Reduce Services within the Public Access Automated External Defibrillator Program	The Risk Management Division oversees this program, maintaining several hundred AEDs at various worksites. These units require maintenance, regular quality assurance testing, physician's oversight and training on such a device. To ensure effective use of the AED device, training is offered through a contractor and oversight provided by the Risk Management staff; this training includes effective AED use, special needs of infant and child emergencies and CPR. This reduction has proposed elimination of the use of a contractor for certain services for which the risk management staff can absorb workload for, as well as looking at opportunities that can replace classroom training and utilize web tools, video, etc. to deliver the same level of services once provided under contract.	0	\$100,702			0	\$100,702

Eliminate the Risk Analysis and Trend Identification Program	The Risk Management Division uses several data points, to include claims loss data, in-house data collection and insurance carrier data. Analysis under this program focuses on gathering such information to create reports for claims loss trends, safety training needs, protective equipment reviews and modification and identification of risks for determination of self-insurance or commercial insurance. The lack of analytic data will reduce efforts to focus on loss prevention and proactive measures for reducing injuries and illnesses, potentially leading to increased lost time by affected employees and higher workers' compensation costs.	1	\$87,620			1	\$87,620
Reduce Contracted Claims Investigation and Settlement Process	The Risk Management Division contracts out for a third-party to process automobile liability and general liability claims (involving storms, sewers, public safety incidents). This reduction will require these claims to be processed in house. Because the Risk Management Division staff will assume this new duty, the Division anticipates the potential for claims resolution and settlements to be delayed, technical expertise will be diminished and issue resolution will be extended. The additional workload on Risk Management staff may have delayed action on all other types of claims with adverse effect on property damage and claims resolution.	0	\$189,263			0	\$189,263

Eliminate Leases Based On Relocations	Eliminating two leases will result in a cost savings for the Real Estate Development and Planning Branch. Savings will be accomplished by moving the OCRR to the Herrity building. In addition, the opening of the McConnell Public Safety and Transportation Operations Center (MPSTOC) has resulted in the back-up 911 Emergency Center being located at the Pine Ridge site. The current lease facility for 911 back-up is no longer required. The County will not enter into a new lease agreement or move another group into either space.	0	\$263,356			0	\$263,356

Reduce Custodial Services at Several Community Centers	The impact of reducing custodial services at community centers from six days to five days per week could result in unsanitary conditions in restrooms and unsightly appearance for the public. Reduce Arboreal Contract	The impact of reducing the level of arboreal services will give an unsightly appearance to County owned properties. Reduction of services will increase the damage to County owned properties and nearby County residents' properties. There may be potential increases in insurance claims from citizens and the business community whose property may be damaged by fallen trees. The remaining balance of funding will be used to take care of only emergency calls.	0	\$100,000			0	\$100,000
Reduce Architectural and Design Services Contract	The impact of reducing architectural and design services contracts for County agencies will require in-house staff to perform additional services rather than outsourcing the work. The number of completed projects requiring building permits will be reduced and some may not be designed within the fiscal year requested. Project schedules are expected to increase from six to eight weeks to almost three months.	0	\$86,600			0	\$86,600
Reduce Furniture Replacement Purchases	The impact of reducing furniture purchases by nearly 50 percent will result in inadequate furniture for countywide agencies and the public. Adjust Temperature Settings By 1 To 3 Degrees In All County Facilities	<p>The impact of adjusting the temperature settings will result in the following temperature adjustments:</p> <ul style="list-style-type: none"> • Indoor Summer Temperature for offices will increase from 74°-76°F to 75°-77°F. • Indoor Winter Temperature for offices will decrease from 70°-72°F to 67°-69°F. • Indoor Winter Temperature for Warehouses/Garages/Apparatus Bay will decrease from 55°-68°F to 53°-65°F. <p>This will also increase the number of too hot / too cold calls that FMD responds to and result in uncomfortable conditions for some employees and the general public. Currently, of the 180 buildings in the Facilities Management inventory, 67 have energy Management Control Systems (EMCS) that allow the temperatures to be remotely set. Eliminate Celebrate Fairfax Event Set-Up Support	The impact of reducing set-up support will result in Celebrate Fairfax utilizing outside contract support for the event. Celebrate Fairfax will have to identify funding for set-up and support by FMD staff or an outside contractor. Eliminate Funding For Volunteer Fire Stations' Utility Bills	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised. The Facilities Management Department pays for the utilities for 11 of the 13 Volunteer Fire Stations. Many of these 11 volunteer owned stations (Vienna, Franconia, Annandale, Bailey's Crossroads, Great Falls, Dunn Loring, Burke, Centreville, Lorton, Greater Springfield and West Annandale) utilize their meeting rooms for fund-raising activities. These fund-raising activities help fund the stations, but are energy intensive. Requiring Volunteer Fire Stations to fund their own utilities could impact their ability to purchase safety equipment.	0	\$490,677		(\$490,677)	0	\$0
Reduce Professional Services Contracts	The impact of reducing professional consulting services contracts will result in an increase of in-house staff designing non-capital renewal projects. Non-capital renewal projects require engineering support which include but are not limited to permit acquisition, structural verification and code compliance. This reduction will result in fewer projects being completed. After the reduction of \$65,000, a balance of \$119,667 will remain in the account.	0	\$65,000			0	\$65,000
Reduce Contracted Maintenance and Repair Services	The impact of reducing contracted maintenance and repair services will result in increased workload for in-house staff. Reduce Physical Security Coverage	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding of \$450,000 to provide security at key County facilities. It should be noted that even with this partial restoration, overall funding for security will be reduced from the prior year.</p> <p>This reduction will reduce physical security guard services at most County facilities, resulting in potential increases in vandalism and property damage and decreases in safety and security for County employees and the general public. Security reductions include security personnel reductions at selected community centers, human services buildings, public safety campuses and the Government Center complex. Some reductions will also occur with badging station, background checks and monitoring of buildings.</p>	0	\$2,130,926		(\$450,000)	0	\$1,680,926
Reduce On-Site Elevator Mechanics at Government Center and Public Safety Campuses	Eliminating one elevator mechanic will result in a delayed response to elevator failures, more frequent problems and burned out lamps in the elevators due to a decrease in the maintenance effort. The Facilities Management Department will continue to use contract mechanics for elevator repairs; however, one full time on-site mechanic will be reduced, leaving one mechanic to perform maintenance and respond to all problems reported by staff at both campuses.	0	\$100,000			0	\$100,000
Eliminate Custodial Day Porter Services at All Facilities Excluding Conference Rooms throughout the Government Center Building	Eliminating custodial day porters at all facilities except conference rooms throughout the Government Center will result in no room set ups in conference center areas. Room set ups will have a set configuration, and any changes required will be the end users responsibility which could result in personal injury and damage to furniture and equipment. Users will have to call in all emergency restroom and facility issues that need immediate attention to the custodial services contractor. At larger facilities and libraries, staff will have to replenish supplies in restrooms when needed resulting in an increased concern about health issues including Methicillin Resistant Staphylococcus Aureus (MRSA).	0	\$334,835			0	\$334,835
Eliminate Limited Term Funding in Support of Monitoring Maintenance Contracts	This reduction will eliminate limited term funding that supports contract monitoring. Eliminate Two Positions that Support Capital Renewal Project Work and Payment/Validation of Utility Bills	The elimination of these two positions will result in an increase in the workload for existing merit staff, creating a possible increase in the amount of time to process invoices and complete capital renewal projects. This will eliminate the ability of existing staff to deliver projects on-time, and provide quality control, customer service and respond to field problems. Project completion will be delayed, resulting in possible emergency repairs. Although payments are made on-line, elimination of the Materials Specialist will result in a delay of the validation and approval of payments, as well as limit the ability to provide up to date information on energy management and perform utility consumption analysis.	2	\$129,954			2	\$129,954
Eliminate Position and Limited Term Funding that Supports Property Management	The elimination of positions will lengthen the response time to property management requests received from County agencies, residents and businesses, and State agencies such as VDOT. In addition, project management of improvements to and/or renovations at lease facilities will be greatly impacted. Project completion timelines will be extended due to lack of project managers, which will likely cause dissatisfaction to clients. The elimination of limited term funding assigned to the Courthouse Renovation and Expansion project will eliminate the coordination of moves for the project.	1	\$166,043			1	\$166,043
Eliminate Warehouse Specialist Position and Limited Term Funding that Supports Material and Supply Acquisition, Fire Alarm Inspections, Calls for Maintenance Services, and Staff Moves	Eliminating one regular merit position and limited term funding will result in a reduction of services for maintenance services, and furniture moves for agencies. Eliminating an Electronic Equipment Tech Limited Term position will result in the inability to complete Fire Alarm and Fire Suppression system inspections at County facilities in a timely manner. These inspections are mandated by the National Fire Protection Association codes, and must be performed twice annually. The elimination of funding for limited term Administrative Assistants will impact the Facilities Management Department's Work Control Center response to agency requests for service.	1	\$201,974			1	\$201,974
Eliminate 24 Hour Call Emergency Response for After Hours Service Requests	Eliminating the 24-hour call emergency response will delay responses to all after hour's service requests. Requests will have to wait until the next business day (items such as clogged sinks/toilets, tripped breakers, too-hot/too-cold calls). Arrangements will be made to respond to major emergencies only (flooding, building fire or major storm damage). Reduce Energy Costs By Automatically Powering Down Computers Overnight		The Department of Information Technology (DIT) has conducted a pilot project implementing an automated utility that shuts off computers and monitors connected to the County's network when dormant. DIT has determined that they can successfully re-activate computers when launching security patches and software version updates. Prior to this pilot program, computers needed to be on to accept patches and updates. Eliminate Funding for Library Book Pick Up and Delivery from County Libraries	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program as a result of revenue enhancements approved by the Board of Supervisors and the Library Board. The following statement describes the impact if the reduction had been taken as Advertised. This reduction eliminates funding for the library book pick up and delivery service from all County libraries. The Department of Purchasing and Supply Management (DPSM) currently makes daily trips to each of the County's 24 library sites, annually transporting 6.4 million books, or approximately 25 percent of the Fairfax County Public Libraries (FCPL) circulation. In addition, elimination of trucks and personnel that support this service would significantly reduce DPSM's capability to provide logistical support in the event of an emergency or disaster. As an alternative to eliminating these services, FCPL staff is working with the Library Board to determine how FCPL could be able to cover the expenditure in order to maintain this service for the residents of Fairfax County who use the County libraries.	0	\$288,803		(\$288,803)	0	\$0
Eliminate Showmobile Operations	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. Downsize and Reorganize Vendor Relations Division	The impact of this reduction will result in a lower level of support to Small, Minority and Women-owned (SWaM) vendors and to non-SWaM vendors, as well. It is anticipated that SWaM participation in County procurement may drop. However, the Small Business Enterprise program is currently a mature, highly effective program that has built a strong foundation in both the user and vendor community. The following statement describes the impact if the reduction had been taken as Advertised. A reduction of \$277,400 in the advertising budget for FY 2010 will diminish the Fairfax County Economic Development Authority's (FCEDA) ability to reach corporate executives who decide where to expand or relocate their company operations. The number of people who see or hear an ad could be reduced by one-third to one-half from the estimated 70 million impressions FCEDA expects to have in FY 2009 and 2 million messages to prospects in key markets. It should be noted that the FCEDA Commission is considering alternative options in terms of how to mitigate the impact of this reduction on FCEDA's advertising programs on behalf of the County.	0	\$277,400		(\$277,400)	0	\$0

Eliminate Web Site Upgrade	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The FCEDA web site provides essential information to businesses and site location decision-makers. Not only is data reviewed and updated but the technical processes of the system are upgraded so that users access information with ease. Loss of an upgrade to the web site may yield concerns regarding functionality on the part of businesses in the County, or from other national or international sources.</p>	0	\$30,000		(\$30,000)	0	\$0
Reduce Marketing Database Support	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised. The database is a requirement for the marketing intelligence used by the FCEDA in its outreach to companies. Staff does not have the technical knowledge to set up the protocols and complex architecture to maintain the database. Reducing the database support provided by an IT professional means compromising the information that is essential for the FCEDA to be successful in attracting business. Similar databases are used by other jurisdictions. The elimination of technical support could put the FCEDA behind other areas locally, nationally and internationally.</p>	0	\$10,000		(\$10,000)	0	\$0
Reduce Special Events Funding	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The loss of special events for businesses and value-added services could impact the loyalty that companies feel towards Fairfax County and make them more open to offers from other jurisdictions. Such moves could result in a decrease in the business tax revenue that funds County services.</p>	0	\$14,500		(\$14,500)	0	\$0

Eliminate WITSA Sponsorship	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised. The sponsorship of World Information Technology Services Alliance (WITSA) raises the profile of Fairfax County in the technology industry world-wide, increasing the opportunity to present the County as a global business location. The elimination of this sponsorship would result in a decreased awareness of Fairfax County in the international technology industry, one of the FCEDA's target markets.		0	\$12,500		(\$12,500)	0	\$0
Reduce Marketing Support	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised. This reduces contractor fees for printing marketing materials, legal fees, photography, memberships and subscriptions. The FCEDA will have a less efficient level of service by reducing the marketing support that businesses have received in the past. The FCEDA's professional level of service has encouraged business location and retention in Fairfax County. A decline in the marketing service level could result in reduced business expansion and a decline in the business tax revenues received by the County.		0	\$55,600		(\$55,600)	0	\$0

Eliminate Tax Collection Assistant County Attorney Position, Three Paralegal Positions, and Administrative Assistant IV Position	<p>This office will retain a law firm to collect taxes that are delinquent more than six months as authorized by the Code of Virginia. As allowed by law, a law firm will add a charge of 20 percent to the delinquent tax bill, which must be paid by the taxpayer. Therefore, there will be little or no additional cost to the County for these legal services. In turn, this office will focus its remaining resources on taxes delinquent less than six months, high-dollar real estate taxes, and bankruptcy cases.</p> <p>This will still leave a volume in this office of thousands of recently delinquent tax accounts and hundreds of bankruptcy cases. The loss of these three paralegal positions will reduce the efficiency and level of service to what is expected to be a large number of cases.</p>	5	\$330,831			5	\$330,831
Agency 20 – Department of Management and Budget							
Eliminate Non-Essential Contracts and Operating Expenses	Contracts for consultative services, such as the Economic Index, will be eliminated. As a result, the Economic Index which forecasts changes in the County's economy will not be available as a tool for County revenue and expenditure analysis. Additional, subscriptions for various periodicals used for research and data will be eliminated. The department will utilize economic data available at no charge from the state and federal governments. Other demographic and economic data will be gathered from free online resources.	0	\$61,800			0	\$61,800
Reduce Copies of Printed Budget	The number of printed copies of the budget volumes will be reduced by up to 45 percent. Printed copies of the volumes would be available only for review at the Supervisors' offices or in the public libraries. The budgets will be available on-line and on CD-ROMs. In addition, less expensive alternatives for printing and binding the budget volumes will be utilized which may impact the durability and usability of the printed copies.	0	\$30,000			0	\$30,000

Reduce Youth Leadership Program Opportunities	Students in the Youth Leadership Program are assigned a teacher sponsor who is responsible for publicizing the program at their school, monitoring the student application process, reviewing student assignments related to the program, attending monthly meetings, and supporting student participation in the program. It is anticipated that many teacher sponsors will continue on in a volunteer capacity however some students may be without teacher support during the program. Suspension of the college-level internships will eliminate a source of valuable work experience for program graduates and project help and support for County agencies.	0	\$49,000			0	\$49,000
Eliminate Two Budget Analyst Positions and Associated Operating Expenses	Elimination of these 2 positions will significantly impact the ability of the agency to determine the fiscal impact of state and federal mandates, state and federal budget changes and state legislation on the County's budget. The annual mandates study will be eliminated. In addition, DMB will have limited capacity to perform in-depth analysis of state and federal budgets and will need to rely on resources available from national organizations for general analysis and information. DMB will have limited capacity to determine the fiscal impact of legislative initiatives before the Virginia General Assembly.	2	\$206,702			2	\$206,702

Increase Recovered Costs	This action adjusts recovered costs charged to Solid Waste Management and Wastewater Management business areas in support of the Department of Public Works and Environmental Services (DPWES) Director's Office based on the existing formula for recovered costs. This adjustment ensures that these DPWES business areas contribute the appropriate share to the expenses of the Director's Office.	0	\$85,123			0	\$85,123

Charge Staff Salaries for Wastewater Projects to the Wastewater Enterprise Funds	Charging 100 percent of 13 positions to the Wastewater Enterprise funds decreases General Fund expenditures in the amount of \$414,231 and realigns expenses more appropriately. This action does not affect the overall level of service and efficiency.	0	\$414,231			0	\$414,231
Eliminate Engineer II Position in the Streetlight Program	The elimination of one position will reduce the streetlight program to two full time staff. Eliminate Commercial Revitalization Program (CRP) Maintenance		<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>Eliminating this program will result in loss of investment for streetscape improvements. Eliminating maintenance of streetscape improvements such as landscaping, mowing, trash pick-up and maintenance of bicycle racks, areas signs, street furniture and drinking fountains will most likely have a negative impact on commercial property in the County, and could result in potential losses in the commercial tax base.</p>	0	\$40,000		(\$40,000)	0	\$0
Reduce Bus Shelter Cleaning and Trash Removal		<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>Eliminating weekly trash removal services and monthly cleaning of bus shelters will result in less clean facilities, increased graffiti and increased illegal advertisements. Less clean facilities could deter usage of the bus transit system, which would have a negative impact to the environment, as a result of increased single occupancy vehicle emissions.</p>	0	\$284,192		(\$284,192)	0	\$0
Reduce Maintenance on County Roads and Service Drives		The Fairfax County Road Maintenance and Improvement Program (FCRMIP) provides maintenance for unimproved roads in Fairfax County that have not been built to Virginia Department of Transportation (VDOT) standards and have not been accepted into VDOT's road maintenance program. The FCRMIP program was established many years ago to give the County the ability to provide minor maintenance to those roads not meeting VDOT standards. This reduction reduces the program to a response-only level of service. The significant reduction of this program will result in not providing minimum standards of care for these roads. Greater maintenance costs will be passed on to the property owners, traffic signs will not be replaced and road drainage failures will not be addressed. Road surface conditions will further deteriorate.	0	\$100,000			0	\$100,000

Reduce Operating Expenses Related to Training in Administration Division	The reduction results in a decrease in operating expenses related to training in Administration, which primarily impacts the agency's ability to provide appropriate training opportunities for staff resulting in the inability to address strategic planning initiatives related to training and promote the high performance initiatives that require additional training to accomplish. The agency also loses the capacity to use training as a means of providing job satisfaction and retention of employees.	0	\$49,493			0	\$49,493
Eliminate Planner IV Position	The reduction results in the elimination of one Planner IV position which provides support to the rezoning and special exception function of the Zoning Evaluation Division (ZED). As a result, the reduction impacts the time required to process complex cases, and causes a increase in workload for other less experienced planners assigned those cases as well as supervisors who are required to provide extensive oversight to negotiate proffers for affordable housing, revitalization, and transportation. Increased planner workloads delay timeframes for scheduling public hearings and restrict the department's ability to handle expedited cases or to respond to special requests from elected officials and the public, including completing research, preparing documents, and attending meetings.	1	\$110,924			1	\$110,924

Eliminate Position and Limited Term Funding in Support of Agencywide Administration and Procurement	The elimination of a Management Analyst IV position and limited term Administrative Assistant III position increases workload for existing staff, potentially causing delays in the completion of normal tasks or responding to inquiries from citizens or County staff, and potentially resulting in increased costs for goods and services such as time-sensitive quotes from vendors for goods and materials.	1	\$139,652			1	\$139,652
Reduce Capital Projects and Operations Program Budget	The reduction of \$70,272, or 2.6 percent in funding for the Capital Projects and Operations Program reduces staff's ability to review, design and implement transportation projects and to respond in a timely manner to issues and problems concerning traffic operations and parking to improve mobility and safety. Specific projects that are undertaken by this Program on an ongoing basis include: reviewing traffic bottlenecks and hazardous locations; reviewing locations for potential roadway or intersection improvements; processing requests for traffic calming and other neighborhood traffic problems, and conducting parking reviews.	0	\$70,272			0	\$70,272
Reduce Consulting Support for Transportation Modeling	This reduction eliminates the ability to enlist the assistance of consultant firms for basic training, technical support and assistance for Department of Transportation modeling staff. Current studies using modeling support include Tysons, Lake Anne, and Bailey's Crossroads. Transportation modeling has allowed the agency to obtain expert support for these complex projects, to be responsive to modeling requests from the Board of Supervisors, and to provide critical training and technical assistance to in-house professional staff. Participants could request a refund for these booklets, and the County would then return the booklets into circulation with other participants. Reduce Pedestrian Safety Program and Street Smart Contribution	Fairfax County has been the leading contributor to the regional Metropolitan Washington Council of Governments (COG) Street Smart Pedestrian Safety Campaign. This funding cut significantly reduces the operating budget to \$10,000, leaving minimal funding for the County contribution to the Street Smart Campaign, the purchase of pedestrian safety bands and educational/marketing materials distributed at fairs and outreach events to promote safety, and new "Yield to Pedestrian, Higher Fine" signs.	0	\$116,000			0	\$116,000
Eliminate Position and Limited Term Funding for Transportation Planning	This reduction eliminates one Planning Technician II position, as well as funding for administrative support through limited term staff. The loss of this position and administrative support will have an adverse impact on: the speed of the review of the Transportation Demand Management (TDM) element in development proposals; and the coordination, creation and monitoring of proffers and special conditions. It will increase the workload of the 17 remaining planning staff while decreasing administrative support.	1	\$93,919			1	\$93,919

Restructure Funding for the <i>Seniors-on-the-Go!</i> Program	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors approved restoration of funding for the Seniors on the Go program by increasing the charge to users from \$10 to \$20 per book as well as to direct the Department of Transportation to reduce the program's printing and advertising/marketing materials budget. The remaining reduction will have no projected impact on the level of participation. General Fund support for this program is made possible through funding not needed to be applied to the Metro Operations and Construction budget due to the availability of State Aid for that budget. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>This reduction eliminates the Seniors-on-the-Go! Program, a user-side subsidy program that provides older adults in Fairfax County with discounted taxicab coupons used for personal travel. This program, currently used by approximately 4,760 program participants, produces a tangible, flexible, and alternative means of transportation for the County's older adults that is cost-effective and embraced by the community. Its elimination would diminish the mobility options for the County's fastest growing population group, and further diminish their independence. Seniors-on-the-Go! is a user-side subsidy program that provides discounted taxicab coupons to older adults in Fairfax County who meet program guidelines. This reduction eliminates the entire Seniors-on-the-Go! Program in which 4,326 seniors participated during FY 2008, with a projection of 4,759 participants for FY 2009. Other transportation options, such as bus service and the FASTRAN Dial-A-Ride program are either not as flexible, or have restrictive routing or income guidelines that would make them unavailable to some users. FASTRAN Dial-A-Ride funding reductions also have been proposed.</p>	0	\$226,123		(\$100,000)	0	\$126,123

Fund 100 – County Transit Systems							
Summary of Restorations and Reductions for CONNECTOR routes	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for the CONNECTOR routes listed below. It should be noted that the General Fund reduction of \$7.86 million is still taken because the routes were restored through a combination of application of state aid and fare increases.</p> <p>Restorations as a result of State Aid and Fee Increases: CONNECTOR routes 380, 595, 597 are express routes which will have fees increased to \$7 each way to fully cover the costs of the route. In addition funding for priority CONNECTOR routes 307, 952, 929, 306, 402/403, 304 and 305 and RIBS 1, 2, 3, and 4 totaling. As a result of the restorations cited above, service associated with 44,838 revenue hours of bus service will be continued either through fare increases on express routes or the application of State Aid not needed for the Metro Operations and Construction budget.</p> <p>Reductions: The impact of each reduction as originally advertised is shown below however after the restorations noted above the remaining CONNECTOR reductions will result in the elimination of approximately 31,126 revenue hours of bus service or approximately 6.1 percent of the current number of service hours.</p>						
Eliminate Service on Major Holidays for Certain Routes	<p>Some of the CONNECTOR routes proposed for reduction were restored, see above for details. Eliminate or Reduce Service on Certain Routes (Medium Impact to At-Risk Population)	<p>Some of the CONNECTOR routes proposed for reduction were restored, see above for details. The following statements describes the impact if the reduction had been taken as Advertised.</p> <p>This reduction eliminates or reduces CONNECTOR weekday service on routes determined to have medium impact to at-risk populations, impacting approximately 234,983 annual passenger trips and 19,478 annual revenue hours. Additional reductions on other routes may be required. The cumulative reduction in CONNECTOR services from all LOBS categories included in the Advertised Budget results in the loss of approximately 75,964 revenue hours of service. This funding reduction represents a 24 percent decrease in the General Fund support for CONNECTOR.</p>	0	\$1,958,892			0	\$1,958,892
VRE Reduction in Fairfax County Required Subsidy	<p>A reduction of \$512,271 is based on the Fairfax County subsidy required in FY 2010 to support the Virginia Railway Express. The total FY 2010 subsidy requirement of \$4,995,534 is based on the VRE approved budget, and represents the third of a four year phased-in change to the allocation formula which apportions financial responsibility to participating jurisdictions. The new ridership-based formula is more favorable to Fairfax County. There is no reduction in service as a result of this reduction.</p>	0	\$512,271			0	\$512,271
Agency 41 – Civil Service Commission							
Reduce Funding for Hearing Officers and Commissioner Stipends	<p>The reduction will give the Civil Service Commission less flexibility in providing other services, or responding to a large increase in appeals filed. The Commission is State mandated (Code of Virginia 15.2-1506, 1507) and can't control the number of grievance appeals filed, so if the number/cost exceeded the budgeted amount, funds would still need to be expended; however, at the current workload level, it is anticipated that the agency will be able to absorb the reduction without any reduced level of service.</p>	0	\$95,020			0	\$95,020

Agency 50 – Department of Community and Recreation Services							
Reduce Central Support Services	This reduction results in a decrease of funding for staff training and professional development, which results in the loss of staff flexibility due to reduced ability to provide training and development, and an increase in community response times for staff that are no longer equipped with cell phone and/or blackberry service and the inability to enhance computer options directly which impacts public access capability, resulting in an increased waitlist for technology programs and services.	0	\$100,000			0	\$100,000
Eliminate Inclusion Support Provided to Fairfax County Park Authority	This reduction results in the elimination of limited term salaries associated with inclusion support positions and leisure coaches within the Fairfax County Park Authority (FCPA) RecPac program, which impacts approximately 300 participants due to the loss of funding necessary to provide inclusion support and special-participation support functions beyond those required by American Disabilities Act (ADA).	0	\$110,000			0	\$110,000
Reduce Operating Hours at All Computer Learning Centers and Computer Clubhouses	This reduction is a decrease in limited term salaries associated with the closing of all Computer Learning Centers and Computers Clubhouses in the month of July, which is typically the lowest use month and impacts approximately 300 participants utilizing these facilities daily.	0	\$70,000			0	\$70,000
Reduce Senior Center FASTRAN trips	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. Senior Center FASTRAN trips, Operating Hours at the Herndon Senior Center, FASTRAN group trips from Senior Centers, one day of lunch per week at Senior Centers and support for congregate meals were restored through an increase in fees. Please reference the Revenue Enhancement section of this document for further details. While group FASTRAN trips for seniors residing at Senior Residences are not restored to the current level of 4 per month, the Board directs staff to explore options, including public/private partnerships, for the sustainability of long term care services. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>This reduction is a decrease in the number of leisure trip offerings at Senior Centers by 50 percent, or from 20 trips to 10 trips per year, which may decrease the number of participants at Senior Centers.</p>	0	\$39,306		(\$39,306)	0	\$0
Reduce Services Provided at the Annandale Neighborhood Center (ANC)	This reduction results in a decrease in contract funding necessary to manage programs and services at the Annandale Neighborhood Center (ANC), which impacts the number of participants at the ANC (FY 2008 attendance = 675 per month) due to fewer program opportunities in their community.	0	\$125,000			0	\$125,000

Elimination of the Youth Sports Officiating Subsidy Program	<p>During its deliberations on the FY 2010 Adopted Budget Plan the Board of Supervisors did not approve an increase in the Athletic Service Fee. The Athletic Service Fee is maintained at \$5.50 per person per team per season for groups and individuals and the application fee is maintained at \$15 per team for tournaments and \$50 per facility for one-time uses. As a result, items originally supported by the \$13 fee the Youth Sports Officials Subsidy (\$195,000) and the non-monitoring portion of the proposed walk-on prevention program (\$60,000) in the Department of Community and Recreation Services are now reduced. In addition funding of \$300,000 in Fund 303, County Construction for turf field development is not funded.</p> <p>The reduction for the Youth Sports Officiating Subsidy program results in the elimination of the program that provides a partial offset for costs associated with officials/referees/umpires in various community youth sports organizations.</p>	0	\$0		\$195,000	0	\$195,000
Reduce Community Center Operating Hours	This reduction results in the closing of seven community centers one hour earlier during weeknights (most currently close at 10:00 p.m.), modifying weekend operating hours based upon program specifications, and closing community centers on those Saturdays during traditional three-day holiday weekends. The reduction impacts participants at community centers (FY 2008 attendance = 190,397) in that fewer opportunities are available to access programs and services at these facilities and increases in non-operating hour use results in community organizations having to pay additional fees to provide staff coverage.	0	\$41,240			0	\$41,240
Reduce Support for the FASTRAN Dial-a-Ride program	Taking this reduction results in a decrease of one-third in the number of rides available by the Dial-a-Ride program and/or redesign in transportation options provided, which impacts the availability of transportation options for approximately 1,000 participants registered for this program.	0	\$200,000			0	\$200,000

Reduce Administration Desk Support and Overtime Calls	This reduction eliminates after-hour, on call Automated Support Branch services to staff, except in an emergency. This reduction also eliminates the centralized paid intern program, and administrative overtime and limited term support for answering calls and responding to information requests from residents, mail distribution, and personnel processing. It will adversely impact the agency capacity to comply with federal statutes governing employee records management and regulations governing processing of criminal background investigations and payroll auditing.	0	\$100,838			0	\$100,838
Reduce Public-Private Venture Support for Capital Projects	This reduction is accomplished by charging the cost of a position to bond funding for capital projects. Existing bond expenditure authority will be redirected to cover this cost; as a result, there will be less overall bond spending authority to cover the costs of staff in the Park Revenue Fund (non General Fund) who respond to community based private-public proposals for business opportunities and growth, and who pursue park development opportunities through private-public partnerships.	0	\$90,289			0	\$90,289
Change Source of Funding for Survey Crew Functions	This reduction is accomplished by charging some General Fund position costs for essential survey crew services to bond funding for capital projects. Sufficient existing capital project bond authority exists to cover this cost.	0	\$30,000			0	\$30,000
Reduce Capital Project Management Support	This reduction is accomplished by charging some General Fund position costs to bond funding for capital projects. Existing bond expenditure authority will need to be redirected to cover this cost, so there will be less overall bond spending authority to cover the cost of staff in the Park Revenue Fund (non General Fund) who support capital project management. Reduce Limited Term Staffing for Capital Project Planning by 25 Percent	This reduction decreases funding for limited term personnel support for park master plan projects for over 100 parks currently without master plans, and 180 parks needing reviews or revisions. This reduces master planning capability by approximately 25 percent annually.	0	\$103,760			0	\$103,760
Eliminate Overtime Support for Independence Day Special Events	This reduction eliminates staff overtime supporting July 4th celebrations, including traffic and parking control, perimeter set up and clean up. It will affect some of the 15,000 visitors per year at Lake Fairfax and Lee District parks and surrounding communities of Hunter Mill, Dranesville and Lee District. The agency will try to mitigate this impact through staff scheduling, a reduction in the fireworks budget, or the use of donations for July 4th celebration costs.	0	\$7,000			0	\$7,000
Change Source of Funding for Management of Community Concerts	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>Some of the costs of the position now supporting the central management of community concert series at community locations will be charged to Fund 170, Park Revenue Fund, where it might be supported by sponsor, donor or grant revenue. If revenue support for the position cannot be identified, popular concert events (such as Arts in the Parks, Braddock Nights, Lee District Nights, Mt. Vernon Nights, Nottoway Nights, Spotlight by Starlight, Sounds of Summer, Starlight Cinema) will need to be scaled back or eliminated. Park Authority Board approval is necessary for the use of donations to cover the costs of this position to continue this program.</p>	0	\$52,214		(\$52,214)	0	\$0
Eliminate Community Connections Program	This reduction eliminates the Community Connections program. Community Connections is a highly visible, award-winning program of outreach efforts to diverse communities in Fairfax County. Program elimination will affect 40 community partnerships, 140 programs with over 5,000 participants, programming for 36 special events including the Ossian Hall concert series and the International Film Festival, and other community-building events (community days, job fairs, teen programs).	0	\$141,626			0	\$141,626

Eliminate Rec-PAC Field Trips	This reduction eliminates Rec-PAC summer program field trips. Field trips offer program variety and are among the highest-rated aspects of the program by parents. This program serves more than 6,000 children with 22,000 registrations at more than 50 locations for 6 weeks each summer. Residents who pay a higher fee, under the sliding fee scale, have a greater capacity to opt out of this program, resulting in a potential deficit in the operations of this program.	0	\$136,458			0	\$136,458
Shorten Martin Luther King, Jr. Swimming Pool Season	This reduction results in a three week delayed opening of the Martin Luther King, Jr. swimming pool, from May until after school closes in June, eliminating a spring recreation option for low income residents in Gum Springs. This pool provides free admission in the Mt. Vernon District/Rt.1 Corridor and serves approximately 7,500 participants.	0	\$3,955			0	\$3,955
Reduce Park Foundation by 30 Percent	A portion of the costs of the position now supporting the administration of the Park Foundation will be charged to Fund 170, Park Revenue Fund, where it can be supported by revenue received from the Park Foundation (sponsor and donor revenue specifically collected for that purpose). Park Authority Board approval is necessary for the use of donations to cover the costs of this position. Because Park Foundation revenue will need to support administration costs, less will be available to support direct services.	0	\$42,790			0	\$42,790
Eliminate CLEMYJONTRI Park and Turner Farm Park Staffing	This reduction eliminates a Park Recreation Specialist I position, limited term funding, and operating funding for CLEMYJONTRI Park and Turner Farm Park. This reduction eliminates a staff presence at CLEMYJONTRI Park where there are special needs visitors as well as scheduled school outings, and impacts over 190,000 annual visitors and carousel riders. The carousel will not operate. The Park Authority Board may consider the replacement of this position with a Fund 170, Park Revenue Fund position, as well as an increase in carousel fees to more fully support the costs of carousel operation. The Park Revenue Fund is fully supported by fees and donations.	1	\$102,760			1	\$102,760
Eliminate Custodial Service Positions at Frying Pan Park, Hidden Oaks, Hidden Pond, and Colvin Run Mill	This reduction eliminates two custodial positions, including one Custodian II position that serves Frying Pan Farm and one Custodian II position that circulates between Hidden Pond, Hidden Oaks, and Colvin Run Mill. The Custodian II position at Frying Pan Farm also serves the needs for overnight security and oversight for the animals. The elimination of these positions will require program staff to perform maintenance services, and will impact the overall cleanliness and appearance of the 4 Resource Management facilities, including the cultural/natural educational exhibit collections.	2	\$64,995			2	\$64,995

Reduce Cultural Resource Support by 25 Percent		This reduction eliminates one of five positions that conduct legally mandated countywide archaeological and cultural oversight and regulatory review, and that manage the archeological volunteer program. The position elimination will diminish cultural resources and countywide archaeology requirements, reduce the archeological volunteer program, and limit inventory oversight of County's irreplaceable artifact collection and its associated documentation.	1	\$59,641			1	\$59,641
Reduce Staffing at Lake Accotink, Burke Lake, and Lake Fairfax		During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program in lieu of imposition of parking fees. The following statement describes the impact if the reduction had been taken as Advertised. This reduction eliminates eleven park, program, administrative and facility management positions and reduces other non-personnel operating funds. As a result, Lakefront operations, now staffed for a full year, will only be staffed as seasonal operations running four months per year. Limited oversight of park operations will require adjustments in annual hours of operation, and increase exposure to vandalism or other illegal activities. Subject to Park Authority Board approval, lakefront park operations might be reorganized, resulting in some of the eliminated positions being re-established as non-General Fund positions within Fund 170, Park Revenue Fund, and the Park Authority establishment of weekend/holiday vehicle gate entry fees or other charges as a source of support for these positions.	11	\$675,848	(11)	(\$675,848)	0	\$0

Reduce Staffing for Resource Management and Reduce Education Programs and Services by 41 Percent	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding of \$150,000 for Riverbend Park and \$44,310 and 1 position responsible for administering, coordinating and managing the farmer's markets, garden plots and master gardener's programs. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>This elimination of eight of 87 Resource Management Division positions, and decrease in operating expenses, reduces mission valued Resource Management programs serving 85,000 patrons and over 30,000 children. It affects SOL-related school field trips and scout badge programs, and outreach to senior citizens and other diverse audiences. It curtails effective volunteer recruitment and management and risks the loss of some of 18,000 volunteer hours. All stewardship projects at the 9 sites and adjacent parks will be eliminated or reduced, including the Quilt Show, Sully Car Show, Indian Festival, 4-H Fair, Plant Sales, Slug Fest, International Children's Diversity Day, stream valley cleanups, farmers markets, Fall Festivals, and garden plot program. Subject to Park Authority Board approval, some of the eliminated positions could be re-established as non-General Fund positions within Fund 170, Park Revenue Fund, where they would need to be supported by Park Authority Board approved new or increased fees.</p>	8	\$915,964	(1)	(\$194,310)	7	\$721,654
Eliminate Park Operations Limited Term Staff Support	This reduction eliminates funding for limited term administrative staff support for 10 grounds maintenance work groups, reducing the capacity to keep up with routine maintenance demands and causing delays overall administration processing that includes payroll, customer service, purchasing, mail distribution, inventory control, filing, reports, scheduling, and other duties.	0	\$170,000			0	\$170,000
Reduce Contract Mowing	This reduction results in a 36 percent decrease in contractual funding for mowing at RECenters, Lakefront Parks, Laurel Hill, and other park areas. All parks will be impacted with reduced mowing frequencies including RECenters, Lakefront Parks, Laurel Hill, wedding rental properties, dog parks, cemeteries, playgrounds, open play areas, courts, and roadsides within housing communities. Mowing frequencies will be increased up to one month.	0	\$155,000			0	\$155,000

Reduce Staffing for Centralized Grounds Maintenance Equipment Support and Repairs, Reducing Support by 50 Percent		This reduction impacts scheduled and routine maintenance and repair of 589 pieces of grounds equipment and amusement rides, by eliminating three of six mechanic positions. Preventative maintenance of operating equipment such as utility vehicles and tractors will be delayed, affecting equipment life. Grounds equipment readiness will decrease, with potential delays in opening attraction rides.	3	\$182,126			3	\$182,126
Reduce Staffing for Area Grounds Maintenance		This reduction decreases the level of maintenance at over 80 parks used by approximately 500,000 park visitors, by eliminating two Maintenance Worker positions, one which is part of a team of 17 positions at Area II, and one which is part of a team of 22 positions at Area III. It will compromise the ability to address overall park cleanliness around picnic areas, playgrounds, athletic fields and restroom sanitation especially during prime time usage.	2	\$148,700			2	\$148,700
Eliminate General Fund Support for Parktakes Magazine		Parktakes has long been recognized as the most important and effective marketing tool for stimulating use of all Park Authority programs, facilities and services. This reduction eliminates all General Fund support for Parktakes printing. The Parktakes magazine would still exist in order to advertise Revenue Fund programs, but General Fund programs would only be offered on line. It risks future viability of General Fund revenue generating programs since the printed Parktakes publication is the primary marketing vehicle for General Fund-supported classes, camps and tours which in FY 2008 amounted to 1,544 programs at 128 locations, attracting 13,078 registrants and \$1,244,368 in revenue.	0	\$188,000			0	\$188,000
Agency 51 – Fairfax County Public Library								
Adjust Staff Schedules and Eliminate Overtime		The impact of this reduction is that fewer staff is available to assist customers, longer lines at public service desks, longer wait for materials to be shelved, slower response to customer queries, and slower processing of new materials.	0	\$465,933			0	\$465,933

Close 8 Regional and 14 Community Libraries at 8 p.m. Mon. – Wed.; Eliminate 2 Hours of Sunday Service at Regional Libraries	<p>During their deliberations on the FY 2010 Adopted Budget the Board of Supervisors recognized that the Library Board approved a revised proposal for library hours for both Community and Regional Libraries. As a result Community Libraries will not close on Fridays. Reductions in evening hours at both Community and Regional Libraries will result in the same schedules for both Monday through Saturday. The schedule for Monday through Wednesday is 10-8, Thursday and Friday is 10-6 and Saturday is 10-5. As per current scheduling only Regional Libraries will be open on Sundays, however their hours of operation will be reduced by two hours (one hour later opening and one hour earlier close) and be open from 1 - 5. This revised proposal resulted in no change in funding and positions reduced. Agency 57 – Department of Tax Administration							
Eliminate Accountant III Position in Revenue Collection Division	The elimination of the Accountant position results in minimal impact on the operations of the Department of Tax Administration (DTA). This is possible due to a prior reorganization in the Revenue Collection Division. Workload will be absorbed by remaining staff.	1	\$88,355			1	\$88,355
Outsource Collections of Delinquent Personal Property and Business, Professional and Occupational License (BPOL) Taxes	This reduction increases outsourcing of accounts to outside collection vendor. The potential risk is reduced revenues if the collection agent does not maintain current collection rates. Each 1 percentage point change in the collection rate of delinquent taxes equals \$100,000; each 1 percentage point change in the current local collection rate equals \$2.8 million.	12	\$1,165,772			12	\$1,165,772
Eliminate Administrative Assistant III Position in Personal Property	This reduction can be absorbed among remaining staff. It may make the telephone coverage for the agency's administration more difficult, as well as result in a minor reduction in the Central Telephone section back-up assistance.	1	\$33,920			1	\$33,920
Eliminate IT Manager, Business Analyst III, and IT Technician Positions	The elimination of the IT Technician will be accommodated by better prioritization of call response and by reliance on the Department of Information Technology Help Desk for assistance. The elimination of the IT Manager will be accommodated via the reorganization of management and oversight duties with respect to the remaining Business Analysts and the personnel and purchasing/financial staff. Following the elimination of the IT Manager, the Business Analysts will report to other senior management or to the respective division director in the areas which they support. The personnel and purchasing/financial staff will report to other senior management. The Business Analyst III reduction represents the elimination of the agency's succession planning initiative. The elimination of this position will reduce the agency's ability to cross-train personnel and will make succession during times of vacancies more difficult.	3	\$233,447			3	\$233,447
Outsource Collection of Delinquent Parking Tickets	This reduction expands the current use of the agency's parking ticket collection agent. The potential risk of this reduction is reduced collections. Each 10 percentage point change in "seizure" collection activity (i.e., the supplemental collection effort) for parking tickets equals \$30,000 in revenue.	4	\$282,900			4	\$282,900

Reduce Telephone Customer Service Staffing by 37 Percent		The main impact of this reduction will be increased caller wait time on the telephone. The average wait time for residents will increase and spikes may occur more frequently. This reduction will also have some productivity impact, as staff from other sections may need to be called upon more frequently to assist when call volume spikes. However, because of declining call volume associated with the elimination of decals, and efficiencies of the new Avaya phone system, this generally can be managed. The new Avaya phone system has additional reporting capabilities to help staff better manage call distribution and react to spikes in call volume. This will help in the overall efficiency of the telephone call center. Additionally, taped messages will continue to encourage taxpayers to visit Department of Tax Administration's website rather than call on the telephone.	13	\$684,957			13	\$684,957
Eliminate Assistant Real Estate Director Position		Elimination of this position increases the management review workload for quality control purposes, but can be accommodated by existing senior management in the Real Estate Division.	1	\$117,638			1	\$117,638
Reduce Cashier Counter Staffing by 40 Percent		Unless more residents use alternative means to register and pay, this reduction will increase wait time in lines. On average, only about 5 percent of residents wait more than 5 minutes for service today. This average is expected to increase to about 43 percent with the reduction. Only about 2 percent wait longer than 10 minutes today. This is expected to grow to about 22 percent with this reduction. Alternative payment options will be deployed where possible (kiosks, cashier agents). The use of other payment options may increase when the public realizes they will be waiting longer if paying in person.	6	\$397,096			6	\$397,096
Reduce Limited Term Field Data Collectors for Real Estate Assessments by 50 Percent		Professional assessing guidelines call for the physical inspection of all properties about every six years. The limited term data collectors assist appraisers and enable the Department of Tax Administration to visit around 1/6th of all residential properties each year. Reducing this program is feasible given the decline in building permits, and with greater reliance on Pictometry, which provides geo-referenced images for accurate measurements of structures. The use of Pictometry is permitted by assessing standards. This will reduce the number of actual field visits, but properties will still get some level of physical inspection and review. The remaining 11 limited term data collectors will continue making actual site visits.	0	\$339,570			0	\$339,570

Reduce Disabilities Services Planning and Development Contracts by 15 Percent	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>For Brain Injury Services, the 15 percent reduction will result in approximately eight fewer people with brain injuries being assisted, thereby potentially reducing their ability to remain productively and safely in their community and increasing the possibility of them entering an institution and being isolated.</p> <p>For LSNV, the 15 percent reduction will reduce the number of persons with disabilities who receive legal representation while attempting to establish a monthly income and secure medical insurance and may negatively impact the individual's ability to gain/maintain self-sufficiency. In addition, training given by LSNV that helps County staff to effectively serve individuals with disabilities will be reduced.</p> <p>For NVRC, the 15 percent reduction will impact its ability to maintain operations at the current level.</p>	0	\$86,182		(\$86,182)	0	\$0

Eliminate Funding for Approximately 500 Children in the Child Care Assistance and Referral Program	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored services for the 500-550 children affected by this reduction. This restoration will allow the program to be managed through attrition and not require disenrollment. The funding to support this restoration was made available as a result of a \$2.0 million reserve identified as part of the <i>FY 2008 Carryover Review</i> , to address CCAR funding requirements, an additional \$750,000 in additional State funding made available for the non-mandated population and held in reserve in Agency 87, Unclassified Administrative Expenses to address FY 2010. Therefore, the reserve funding, along with anticipated state funding from the 2008-2010 Biennium Budget bill will address the FY 2010 reduction. It is anticipated that the CCAR program will serve approximately 4,730 children in FY 2010. The following statement describes the impact if the reduction had been taken as Advertised. Eliminating services for 500 to 550 children whose families are low-income may leave them without access to affordable child care. Families' employment and economic independence, as well as children's safety and opportunities to have quality early learning experiences may be jeopardized. In addition, investments that have already been made in families' progress toward self-sufficiency may be undermined and some families may return to public assistance. Child care centers and family child care providers who have traditionally served primarily children from families with low-incomes may go out of business, thereby limiting the supply of child care options within the County.	0	\$3,451,834			0	\$3,451,834

Reduce Funds Supporting Victim Services and Restitution Services	This reduction eliminates funds supporting the Victim Services and Restitution Services programs operated by the Juvenile and Domestic Relations District Court (JDRDC). These programs provide a variety of services, such as advocacy to victims of crime. The agency will absorb the expenses associated with the position.	0	\$41,642			0	\$41,642
Eliminate Fingerprinting Function	As a result of this reduction, Human Services fingerprinting functions are transferred to the Department of Human Resources (DHR). Given the anticipated volume, there may be delays in setting up appointments through DHR, thus affecting the timeliness of background responses and compliance with state requirements. Also, Human Services employees could be on the payroll for longer periods before finding out that they might be disqualified from employment due to background investigation results.	0	\$35,568			0	\$35,568
Eliminate Administrative Assistant III Position Supporting Department of Family Services	Community-based service providers rely on receipt of timely payments from the County to ensure their payroll obligations and financial sustainability. Eliminating this accounts payable position potentially jeopardizes the continuation of services to families and individuals.	1	\$42,659			1	\$42,659
Eliminate Management Analyst II Position Supporting Community and Recreation Services	This reduction impairs the level of service provided to the Department of Community and Recreation Services (CRS), reducing previous standards of performance. For example, the capacity to audit and balance expenditures of the CRS procurement card program, monitor CRS expenditures against the budget, and provide general financial management services to CRS staff will be reduced. Required information is not be readily available, requiring additional time for financial management staff and program staff to accomplish work. Some functions performed by this position shift to remaining Financial Management staff, while other, more general functions may need to be conducted by CRS staff.	1	\$84,745			1	\$84,745
Reduce Consultant Funding Assisting Workforce Development	In FY 2008, 100 courses were held for more than 2,240 participants. Eliminate Management Analyst II Position Supporting Emergency Response Planning and Implementation	Eliminating this position seriously limits the department's core emergency response planning and implementation function. The capacity of DAHS to manage and maintain critical emergency response plans for the various Human Services co-located sites are reduced. Staff is unable to track and maintain the database of staff at various sites responsible for implementation of the emergency response procedures. Coordinated site and safety efforts at the respective co-located facilities are eliminated, negatively affecting the operation of the facilities. Program staff at the various sites is required to assume responsibility so that employees at each co-located site are trained and remain aware of the emergency response plans and procedures.	1	\$73,958			1	\$73,958
Eliminate Administrative Assistant V Position Supporting Community and Recreation Services	Eliminating this position results in spreading the required processing of performance appraisals among remaining Human Resources staff. If both the limited-term fingerprinting position in Reduction 001-68-253 and this Administrative Assistant position are eliminated, part-time assistance from other Human Resources staff is required. During CRS Open Hires, multiple staff are necessary, probably requiring overtime costs which need to be absorbed by the agency.	1	\$54,331			1	\$54,331
Eliminate Administrative Assistant II Position Supporting Procurement Card Program Reconciliation and Audit	This reduction affects the financial advantage of the County's expanded use of procurement cards versus blanket purchase orders. Eliminate Administrative Assistant III Position Providing Financial Management and Administrative Support at South County and Mt. Vernon Mental Health Center Sites	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>This reduction eliminates the “pay-as-you-go” fee processes for Anger and Domestic Abuse Prevention and Treatment (ADAPT) consumers at the South County Government Center. ADAPT is a prevention and treatment program that provides domestic abuse intervention and anger management services. Eliminating this position also reduces the capacity at the Mt. Vernon Mental Health Center as it performs the collection of fees at both sites. The collection and processing results in approximately \$100,000 in fees-for-service each year. Also eliminated is the capacity to respond timely to consumers’ inquiries about account balances, insurance verification, and coverage. The one remaining financial management and administrative support position at The Mt. Vernon Mental Health Center would absorb this function’s key fiscal responsibilities.</p>	1	\$47,475	(1)	(\$47,475)	0	\$0
Eliminate Training Specialist III Position	This reduction eliminates development of new training courses, with the exception of needs deemed critical by the Human Services Leadership Team. Eliminate Administrative Assistant IV Position Supporting Licensure and Insurance Functions for Contracts	Eliminating this position jeopardizes compliance with state and federal mandates governing the maintenance of certain information as part of contractual services provision. Non-compliance risks audit findings from state and federal funding sources. Additionally, development of ad-hoc reports and specific data administration are eliminated. Reports of expiring licenses and insurance, and follow-up to maintain copies of current licenses and insurance shift to the professional staff. Eliminate Job-Shared Management Analyst II Position Supporting Community Services Board Budget and Contracts Management Functions	In addition to affecting financial oversight of \$45 million in Community Services Board (CSB) service contracts and subsidized medications, there may be an additional cost to the County General Fund because remaining staff will not have sufficient capacity to minimize the expenditure of County funds when regional funds are the designated payer for services. This reduction also eliminates medication cost tracking and reporting to the CSB Medical Director and CSB prescribing programs. Also affected will be requests, assignment, and maintenance of medication co-pay and non-co-pay data for CSB programs accessing the Express Scripts pharmacy benefit for indigent CSB consumers, and the review of medication charges computed by the state's Community Resource Pharmacy. The County's fiduciary and contractual responsibilities with vendors will be at risk because the review and follow-up of financial reports will not be completed in a timely manner.	1	\$88,539			1	\$88,539
Eliminate Most Components of Both Cross-System and Routine IT Planning and Support for Human Services	Some of the cross-system functions eliminated by this reduction include routine support activities such as IT security coordination, user access-related change activities to provide timely and efficient access to staff accessing technology systems, resolution of software-related problems, remote access and network access requests, maintenance of inventory, and support for desktop and laptop computers will be eliminated, and liaison with the Department of Information Technology (DIT).	2	\$178,185			2	\$178,185
Eliminate Administrative Assistant II Position Supporting the Comprehensive Services Act (CSA)	Eliminating this position severely impairs the payments management obligation to the CSA program, especially in conjunction with Reduction 001-68-254. This position is responsible for more than 5,000 of 160,000 total invoices processed annually, but the capacity to complete payments in a timely manner is severely diminished. Thus, reimbursement from the state for eligible CSA and Family Services expenses is adversely affected if payments are not completed in a timely manner. Also, this reduction nearly eliminates the ability to complete prompt payments to vendors, resulting in additional losses of prompt payment discounts.	1	\$50,957			1	\$50,957

Reduce Redesign and Service Integration Project Support Capacity	This reduction reduces the agency's capacity to help other agencies do their work better, cheaper, and faster – at a time of heightened demand for process improvement and redesign work such as the recent domestic violence services redesign and clinic services redesign in the Health Department. Reduces support for cross-agency service integration projects such as the Ending Homelessness initiative and the Systems of Care for Children and Families initiative. Reduces the ability to meet some agency requests for assistance and less availability to support cross-agency and system-wide initiatives. Reduces cost-effective consulting services (40 percent – 50 percent less expensive than external consulting) and provides 1,500 fewer hours per year (3 – 5 major projects).	1	\$80,403			1	\$80,403
Reduce Internet-Based Resource Information Management Capacity	This reduction eliminates one of three positions that develop and maintain the information contained in the County's internet-based Human Services Resource Guide which supports case workers in County Human Services and other agencies, supports responding to direct citizen service queries on the County's website and which supports non-profit and faith-based organization staff and volunteers in meeting citizen service needs and verifies and updates on a revolving schedule information in the online database, which contains over 600 organizations and 4,800 service entries. This reduction impacts the provision of outreach and training to increase the visibility and use of the system, and to increase the capacity of community groups and providers to provide appropriate information and referrals to their own constituencies without the support of County staff. This results in more efficient County service delivery and the meeting of needs without direct county intervention.	1	\$66,768			1	\$66,768

Primary responsibilities include managing and producing the County's youth survey in coordination with Fairfax County Public Schools, supporting analysis of the annual point-in-time survey of homeless persons, the design and management of periodic large scale household surveys as well as other specialized surveys, analysis, and research reports requested by County agencies, the Board of Supervisors and the community.	1	\$80,403	(1)	(\$80,403)	0	\$0

Agency 70 – Department of Information Technology								
Eliminate the Kiosk Program	This reduction will eliminate the Kiosk program known as Community Resident Information Services (CRIS), which is located at County Libraries, public buildings, shopping malls and many other locations. CRIS allows residents to conduct business with the government at convenient locations and times. The program delivers services that include: tax payments; vehicle registration renewals; subscriptions to publications, child care provider registration, housing waiting lists status inquiries; solid waste special collections pickup scheduling, building inspections scheduling and status inquiries; and applying for current County and FCPS jobs. This reduction will have the most significant impact on populations without convenient access to the County website, or those relying on the CRIS kiosk to get content from partner organizations that have eliminated their kiosk program.	0	\$20,000			0	\$20,000	
Reduce Business Applications Resources Branch (BAR) by One Position	This reduction results the in reorganization of BAR with management and oversight being assigned to other management units in DIT. Corporate Systems training will be consolidated with the Financial and Human Resource branch that currently manages the systems; PC training will continue to be automated under the Desktop Support Branch, and the business analysis and project management training will become part of the IT project management office.	1	\$96,000			1	\$96,000	
Reduce System Support in Land Development and Code Enforcement	Reduces by 33 percent the support for needed application changes and enhancements needed for business systems supporting Department of Public Works and Environmental Services (DPWES) and Department of Planning and Zoning (DPZ), and reduces capacity to maintain and enhance Land Development, Inspections (FIDO), and Code Enforcement initiatives. Any requested new initiatives or changes will be prioritized by executive management, and development time to delivery will increase six to twelve months unless funding is specifically provided for requests out-of-cycle. New initiatives will be deferred or require additional out of cycle allocations.	0	\$100,000			0	\$100,000

Reduce System Support for Public Safety Applications	Reduces by approximately 60 percent the support for needed application changes to the growing portfolio of systems supporting Public Safety agencies. This will significantly reduce the ability to respond to requested new initiatives or changes to systems supporting Public Safety agencies. Any requested new initiatives or changes will be prioritized by executive management, and development time to delivery will increase six to twelve months unless funding is specifically provided for requests out-of-cycle. New initiatives will be deferred or require additional out of cycle funding.	0	\$100,000			0	\$100,000
Reduce System Support of Tax Systems (Personal Property)	Reduces by approximately 70 percent the support for needed application changes to the systems supporting tax collections applications, primarily the highly customized personal property system. Any requested new initiatives or changes will be prioritized by executive management, and development time to delivery will increase six to twelve months unless funding is specifically provided for requests out-of-cycle. New initiatives will be deferred or require additional out of cycle funding.	0	\$100,000			0	\$100,000
Reduce Infrastructure Support (Servers and Storage)	This reduction may compromise optimum performance and integrity of County systems and data, and will diminish the capacity to implement recommendations from internal and external auditors. This will increase the risk of a server failing at a critical time, which could impact the productivity of County agencies relying on mission critical IT systems. Additionally, this reduction will reduce the pace of consolidation efforts that lower the overall cost of server infrastructure.	0	\$250,000			0	\$250,000
Reduce Support for GIS Systems	This reduction reduces contract support in Geographical Information Systems (GIS) by \$125,000. This reduction will reduce the capacity to conduct complete lifecycle work for core GIS enterprise systems and the ability to respond to requests for mapping using geospatial based data. Additionally, his reduction will impact the ability to support ad-hoc needs or out of cycle initiatives which will be greatly delayed or deferred. This reduction reduces the ability to fully leverage GIS capabilities supporting County decision making needs, and reduces the opportunity to fully participate in regional efforts requiring regional data sharing.	0	\$125,000			0	\$125,000

Reduce Website Support	This reduction will significantly reduce the ability to keep the County's Web current, pursue more online services across the County's e-government channels in a timely manner, and the use of new web features that enhance the County's capabilities to interact with the public. This reduction also reduces the County's ability to gain efficiencies associated with automation of agency services. Requests will be prioritized by executive management, and development time to delivery will increase six to twelve months or more. New initiatives will be deferred or require additional out of cycle allocations.	0	\$75,000			0	\$75,000
Reduce Database Support	This reduction will eliminate staff augmentation supporting more than 50 Oracle and 150 SQL server production databases, and mainframe based IDMS and DB2 databases. This will increase the risk of not maintaining sound database administration best practices, which are required for optimum performance and integrity of County systems and data to include recommendations by internal and external audit. Also reduces the pace of consolidation efforts that lower the overall cost of licenses.	0	\$90,900			0	\$90,900
Reduce Information Security Support	This reduction will eliminate the audit and compliance software used by Information Security or the Information Security Officer to independently conduct audits. In addition, there will be a reduction of contract support including a senior-level contract security engineer that is heavily involved in IT Security. Eliminating the audit tool will make creating some types of reports more difficult, but will not eliminate the ability to extract information. Reducing the staff by one position will require those duties to be absorbed by multiple staff at different levels which, along with the loss of contract will impact some projects as the level of engineering to support the security requirements is reduced.	1	\$195,000			1	\$195,000

Reduce Administrative and Technical Management	This reduction eliminates one position dedicated to examining future trends in technology, and helping map the requisite strategy as necessary. This service has increased in demand as agencies increasingly base the implementation of their business strategy on utilizing IT. This position also provides general advice on IT management issues, and was being positioned to create a dedicated Project Management Office. This reduction reduces the ability of DIT to perform technology strategy and planning, which will impact the County's ability to implement new capabilities that address County-wide initiatives, outreach and efficiency goals. Also impacted are efficiencies that could be gained by having a dedicated project management office supporting the IT Projects investment portfolio will not be realized. In addition, DIT may not be able to provide timely consultation on technology strategy when requested by agencies.	1	\$63,787			1	\$63,787
Reduce Data Center Support, Production Controls and Supervision	This reduction eliminates senior management of the Enterprise Technology Center (Data Center) which operates 24 hours a day, 7 days a week. These positions are responsible for scheduling, monitoring, and providing backup/restoration services for the mainframe and all production systems. The data center generates and distributes 300,000 documents annually, including Court dockets, residential and commercial inspection schedules, real estate tax bills, 1099's, and purchase orders. This reduction will also eliminate a position created in response to an audit recommendation, which was to have an independent quality assurance position reviewing system changes before they are implemented.	2	\$171,000			2	\$171,000
Reduce Wireless Network Support	This reduction of a position dedicated to wireless network support may compromise technology enhancements to support critical strategies such as the mobile worker. This reduction may also compromise system design coordination and integrity between end-user device, core application, and communications infrastructure. The elimination of this position will compromise delivery schedules affecting the ability of county agencies to achieve efficiencies through worker mobility initiatives. This reduction may also increase reliance on more expensive contractor support should any initiatives be pursued.	1	\$98,000			1	\$98,000

Eliminate End-User IT Service Management	This reduction eliminates the newly established group that provides a liaison between the Technical Support Center and business user. The management position provides planning and oversight for several important customer-facing areas, including the IT service desk, the multi-function digital devices (MFDDs), and the PC Replacement program. This reduction will eliminate gains achieved by leveraging staff and resources to provide more effective response to County employees.	2	\$170,000			2	\$170,000
Eliminate 311 Service and Defer Customer Relationship Management	This reduction eliminates 311 (non-emergency information line) service by removing the funding budgeted for the County's telecommunications carrier to provide this service. The projected future offloading of calls from 911 will not be realized. Eliminating this service will create challenges for those agencies hoping to leverage this technology to gain operational efficiencies and increase ease of access to County services by consolidating various phone numbers under a single call intake.	0	\$219,064			0	\$219,064
Fund 504 – Document Services Division							
Reduce Printer/Copier Fleet	This reduction will decrease the printer/copier fleet by 111 copiers or 24 percent, including the corresponding amount of paper they would need. The ratio of employees to digital printer/copier will dramatically increase in most facilities, leading to longer wait times and increased downtimes for County staff.	0	\$475,000			0	\$475,000
Fund 505 – Technology Infrastructure Services							
Reduce PC Configuration	In order to reduce expenditures without compromising the entire PC Replacement program, DIT will begin a policy of not automatically purchasing monitors when desktop computers are replaced. The intention is that the existing monitors will be used for eight years versus the now standard 4-5 years. Keeping the monitors beyond their intended lifecycle may increase the number of monitor related support calls to the help desk, and will likely lead to 20 percent of monitors failing prior to scheduled replacement and being replaced out-of-cycle.	0	\$1,255,000			0	\$1,255,000
Eliminate Support for Celebrate Fairfax	This reduction eliminates County-provided technology support for Celebrate Fairfax. Eliminating the support for telecommunications and data lines needed to support Celebrate Fairfax events (primarily the Fairfax County Fair) will not impact County operations and will require Celebrate Fairfax to procure contractors to do the same work. DIT could continue to provide this service if the cost could be recovered.	0	\$10,000			0	\$10,000

Eliminate Regional Program Support and Leadership	This reduction eliminates the position dedicated to representing Fairfax in leading regional programs in areas such as public safety infrastructure interoperability, providing for the exchange of data across jurisdictional boundaries. Consistent, knowledgeable County representation at local, state, and federal levels will no longer be available, likely leading to a decrease in the quality and viability of regional technology initiatives. Additionally, the possibility exists that more costly solutions will be determined in absentia.	1	\$100,000			1	\$100,000
Reduce IT Voice Telecommunications Support	This reduction eliminates a senior position charged with planning and managing the implementation of new communications equipment and services. The remaining telecommunications staff will split time between projects and day-to-day operational support for multiple communications systems. This reduction will limit the County's ability to fully capitalize on the benefits of the voice system by deferring the full recouping of the County's investment in modern voice system infrastructure capabilities through converging voice and data networks.	2	\$196,900			2	\$196,900
Extend the PC Replacement Cycle from 4 to 5 Years	The County will defer PC replacement for one year, effectively extending the program from a 4 year to a 5 year replacement cycle. By extending the replacement cycle to 5 years, agencies will accept increased risk of performance failure and the associated impact of lost productivity. Additionally, this savings could potentially be offset by greater than anticipated costs for hardware replacement and program support. Additional risks that are more difficult to cost out include more vulnerability to the security of the network since older PCs below the minimum configuration may not accept the automated antivirus patch management program. It should be noted that FY 2010 savings to the General Fund will be \$3,048,543, which will be achieved through a Transfer Out to the General Fund.	0	\$3,048,543			0	\$3,048,543

Close Annandale Adult Day Health Care Center	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors determined that the Annandale Adult Day Health Care Center will remain open with the net funding recommendation of \$253,135 covered with estimated contributions from the Community totaling \$50,000, fees from a program wide fee increase of 15% generating \$142,500 (participants with limited, fixed incomes will not be denied services due to inability to pay) and a restoration of \$60,635 in County funding. The program will also be evaluated to generate program efficiencies. County staff is directed to work with the community to review the Adult Day Health Care program to ensure long term sustainability. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The Annandale Adult Day Health Care Center will be closed as a result of this reduction. There are approximately 30 participants enrolled in the Annandale Adult Day Health Care (ADHC) center. This center serves frail elderly and adults with disabilities who need supervision during the day due to cognitive and/or physical impairments. The closure of the Annandale ADHC center impacts the participants and their caregivers, who will need to identify alternative care options which includes using one of the five remaining centers. There are limited non-County alternative sources of adult day health care services in the community for elderly or adults with disabilities. It is noted that the Annandale closure will increase the waiting period from seven to 21 weeks for the adult frail and elderly who are waiting for ADHC services.</p>	9	\$253,135	(9)	(\$253,135)	0	\$0	
Eliminate Environmental Hazards Investigation Program	<p>The Environmental Hazards Investigation Program is eliminated. With this reduction the Health Department is no longer able to perform chemical and other hazardous material emergency response, such as providing support to the Hazardous Materials Response program in Fire and Rescue, conducting inspections of naturally occurring asbestos, or providing assistance to County residents in investigating possible exposures to home hazardous materials and mold. These services will need to be provided by the Virginia Department of Environmental Quality or by private consultants. The County is mandated to conduct investigations of elevated blood lead levels in children. This function, now performed by the Environmental Hazards Investigation Program, will shift to the Community Health and Safety Section of the Health Department.</p>	2	\$139,584			2	\$139,584

Reduce Clinic Room Aides Program by Decreasing Hours	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors partially restored funding of \$600,000 for this program. The reduction of \$150,000 will be achieved by reducing Monday hours to reflect early closing of school and reducing training hours. In addition the restoration of funding covers the addition of 2 new positions that are required to accommodate 2 new schools that are opening in FY 2011. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>This reduction in the Clinic Room Aide (CRA) results in a 16 percent reduction in the total program funding and a decrease in service availability to children throughout the school day. This reduction is met by the elimination of 31 substitute CRA limited term positions that currently provide coverage during CRA vacancies and scheduled absences, and by decreasing the current 35 hour CRA work week, which impacts 189 Fairfax County Public Schools (FCPS) ability to provide care of the sick and injured student and facilitation of medications administration on a daily basis. Eliminate the Air Pollution Control Program	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors partially restored funding of \$200,000 and 2 positions for this program. The Board of Supervisors partially restored the Air Quality Monitors and approved the transition of the County role to the State, as the entity responsible for the function, by FY 2011. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The Air Pollution Control Program is eliminated. This elimination impacts every resident of the County. It also significantly impacts air pollution control efforts in the Metropolitan Washington D.C. region. The County will be unable to report air quality data to the Environmental Protection Agency (EPA). Existing EPA models that track air quality for the Metropolitan Washington D.C. region are dependant on Fairfax County data, and loss of data from the County's monitoring stations will require regional models to be reconfigured. The state monitoring station located in Lee District Park is not affected by County budget reductions and would remain in service, but it could be affected by the elimination of EPA funding to the state.</p>	4	\$231,300	(2)	(\$200,000)	2	\$31,300

Eliminate Funding for the Saturday Center-Based Respite Program	The elimination of funding for the Saturday Center-based Respite Program is based on the program's discontinuation in January 2009 due to low participation. The program provided modified adult day health care services to frail elderly and adults with disabilities who could not stay alone safely at home due to cognitive and/or physical impairment. Being the only Saturday Center-based Respite program offered in the County, its elimination leaves family caregivers of frail elderly and adults with disabilities who work during the week, very limited time to attend to other family-life related activities without worrying about the safety of their loved one at home alone.	0	\$11,605			0	\$11,605
Reduce Limited Term Funding Support for Specialized Needs	This reduction eliminates the limited flexibility within the department to provide short term and part time assistance to address the agency's unanticipated need for additional operational support. With this reduction, the agency is no longer able to temporarily hire individuals with specialty concentrations to assist them in irregular unanticipated needs.	0	\$93,831			0	\$93,831
Reduce Long Term Care Services	The reduction in Long Term Care services will be accomplished by controlling the costs of contractual services for items such as bringing the Program of All Inclusive Care for the Elderly (PACE) to Fairfax County; and by including one less quarterly field trip for the Adult Day Health Care (ADHC) program participants. Field trips ranged from trips to museums to adaptive sports tournaments.	0	\$97,629			0	\$97,629
Northern Virginia Dental Clinic	During its deliberations on the FY 2010 Adopted Budget Plan the Board of Supervisors approved an increase of \$50,000 to fund a County contribution to the Northern Virginia Dental Clinic. Reduce Operations and Maintenance Funding in Land Records		This reduction to the Land Records budget causes concern for the Court Public Access Network (CPAN) project and its affiliated departments including Land Records, Public Services and Probate with the Circuit Court as well as the Department of Tax Administration. A significant part of the funding for Land Records is operations and maintenance (O&M) support for existing customized systems that are used in the day to day work of the court. Magistrate Supplement	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors fully restored funding of \$277,737 for the salary supplement for state magistrates. Funding of \$277,737 is continues the supplement for existing magistrates. It should be noted that In addition, the Board of Supervisor directs that this issue be included in the legislative program package to encourage the State to address magistrate salary competitiveness. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>This reduction eliminates County supplemental funding to Magistrate salaries. No County positions are affected. Magistrate salaries will be below entry level salaries of Police Officers, Deputy Sheriffs, and Intake and Probation Officers, some of whom make bond recommendations to the Magistrate. It is anticipated that it will be more difficult to attract and retain magistrate employees. Currently, elimination of the supplement will impact approximately 23 full time Magistrates and two part time Magistrates.</p>	0	\$321,551		(\$277,737)	0	\$43,814
Eliminate Volunteer Coordinator II Position – Pretrial Services	<p>This reduction eliminates a Volunteer Coordinator II position which manages 41 volunteers and 3-5 interns. The reduction reflects the only position in the Pretrial Services Volunteer/Intern Unit and 1 of 22 positions in the agency. When the Volunteer Coordinator II position is eliminated, there will be no full time dedicated position to recruit, train, manage, and analyze volunteer/intern resources. This will likely result in a decrease in community volunteers and interns; a decline of a cost-saving program; a decrease in public assistance by phone and in person resulting in the public being less informed; a longer public wait time to perform financial interviews; a decrease in quality assurance measures; an increase in demand on paid and current volunteer/intern staff; reduced ties to the community volunteer pool; and limited opportunity for internships.</p>	1	\$42,074			1	\$42,074

Reduce Funding for Information Technology Training by 81 Percent	New employees unfamiliar with Outlook will not have access to training and will have difficulty integrating into the County system. Additionally, as various agencies are required to support small systems noncompliant with the environment DIT supports the risk of system failure due to lack of needed expertise will increase.	0	\$220,000			0	\$220,000
Prorate Employer Health Insurance Contribution for Part-Time Employees	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding and approved grandfathering the health insurance contribution for part-time employees currently employed by the County but reducing the Employer contribution by 50% for all new hires. The following statement describes the impact if the reduction had been taken as Advertised. Three hundred and ninety-seven part-time employees working 20-30 hours per week participate in County health insurance and the County funds the employer health insurance contribution in full. Over the next two years the County will be reducing the contribution these employees receive to 50 percent, 25 percent each year.	0	\$799,497		(\$799,497)	0	\$0

Agency 90 – Police Department							
Eliminate Language Immersion Program	A total elimination of the Spanish Language Immersion Program which is an intense six month training course. Loss of this program will eliminate the only source of effective foreign language training that the Department currently has. This will, in turn, reduce the agency's ability to effectively communicate with the growing Hispanic community in the County, both in emergency and routine situations, and could potentially cause a reduction in the level of trust between the Department and the community.	0	\$90,000			0	\$90,000

Eliminate Sexual Assault Free and Empowered (SAFE) Program	This reduction results in elimination of the self-defense and crime prevention training classes, which are provided to women in the community. The Department offers one basic four session class each month and one refresher class every other month with an average of 40 participants per class. Multiple instructors and officers are required for each class – the reduction encompasses 2,217 annual overtime hours for these instructors. The SAFE program currently provides personal safety and crime prevention training to more than 700 women each year, and is an important effort in the Department’s objective to combat the fear of crime.	0	\$108,576			0	\$108,576
Cut 15 Percent of Flight Hours for Helicopter Division	The helicopter division currently budgets for 1500 flight hours of operation annually. The 15 percent reduction would result in a balance of 1275 core hours annually. The core hours would be strictly allocated for police service calls (crimes in progress), as well as requests for medevac transports. This also impacts availability for homeland security flights specifically during elevated threat levels. In order to meet this reduction, the Helicopter Division must eliminate or reduce helicopter support to community outreach and education.	0	\$98,323			0	\$98,323
Eliminate Contract Training at Academy	A total elimination of contract training provided at Criminal Justice Academy. Vendors provide certified instructors for training courses, including many mandated by the Department of Criminal Justice Services (DCJS), for which Academy instructors do not have the expertise or certification. By providing training resources in more specialized areas, contract vendors free the full-time Academy staff to concentrate on the more generalized, required training provided to all officers. As such, this reduction will effectively eliminate most discretionary training that supports career development and succession planning efforts.	0	\$479,361			0	\$479,361

Reduce Deer Management and Eliminate Geese Management Programs		<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors partially restored funding of \$42,352 for this program to provide funding for core deer management program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>Elimination of the deer and geese management programs with the abolishment of a Naturalist III position, which was created as part of the FY 2008 budget to provide support to the Wildlife biologist and ensure staff continuity in these programs. Deer and Geese Management is necessary to control the wildlife populations in Fairfax County and to prevent excessive animal populations from negatively affecting public health and safety and the environment. These efforts helped in the reduction of deer-vehicle collisions, as well as preventing the potential spread of Lyme disease. Additionally, geese have in some cases damaged aircraft engines upon takeoff and landing, which may present a risk given the proximity of the County to two major airports.</p>	1	\$126,959		(\$42,352)	1	\$84,607
Eliminate Woodburn Center Overtime		The reduction will increase the frequency that the patrol officer assigned to this area will be summoned to respond to events at the facility. The patrol area officer is also responsible for providing police service to Fairfax Hospital, which generates a significant number of CFS as well. Routinely removing this officer from the assigned patrol area to handle CFS at Woodburn will increase response times to other CFS in and around this patrol area and may also prove detrimental to officer safety for surrounding units. Additionally, the Jail Diversion Program will be adversely impacted.	0	\$162,594			0	\$162,594
Reduce Uniform Account		The reduction will affect the uniform replacement cycles and quantities of uniform issuances. The delay in issuing safety equipment may affect officer safety. In addition, there would be a delay in the uniform and equipment support for specialty sections such as K-9 Officers, Motor Officers, EOD Officers, Marine Patrol Officers, NPU Officers, Detectives, Uniformed Detectives, Uniformed Detectives-Narcotics, Animal Caretakers, ATU Technicians, Property & Evidence Technicians, Academy Recruits, Chaplains, and Police Explorers.	0	\$100,000			0	\$100,000

Reduce Unscheduled Overtime Hours		This will have a significant impact as the Department has been maintaining minimum staffing levels by using unscheduled overtime hours. Reduction in 90STF, agency minimum staffing standard, overtime hours will result in response delays to calls for service. The detectives and officers who are assigned to the Criminal Investigations Bureaus, Operations Support Bureau and the Criminal Investigations Sections of the Patrol Bureau often exceed their regular working hours due to extensive investigative needs/demands, and this reduction may cause a delay in the investigation of cases and their ultimate closure. Termination or reduction of popular community programs such as the Youth Driving Academy, DUI Checkpoints, Car Seat Inspections, Alcohol Beverage Control Sting Operations, and Citizens Police Academy could also occur. Additionally, evening meetings, community-oriented programs, and career development training are likely to be curtailed.	0	\$1,729,107			0	\$1,729,107
Civilianize Six Technical Services Bureau Positions		The civilianization of these positions will disrupt continuity of services with various entities that provide police services. The Police Department shares unique relationships with inter/intra departmental entities which allows the agency to work within governmental parameters to procure, purchase, and stock adequate police vehicles, uniforms, and specialized equipment. All positions utilize extensive law enforcement knowledge and experience. Career development of sworn officers in technical expertise positions will also be curtailed.	0	\$124,636			0	\$124,636
Civilianize Station Resource Officer Positions		With the civilianization of these positions, critical institutional knowledge pertaining to specific police officer usage of equipment will be lost. Frequently, civilian vendors or other civilian entities draw on the expertise of a police officer in answering questions. Additionally, on duty street personnel will not be available for patrol duties such as calls for service, proactive policing, other operations, and during critical incidents.	0	\$195,328			0	\$195,328

Abolishing three of the four sworn examiner positions in the Polygraph Section will eliminate the opportunity for experienced officers to advance in their career on the police department. Seasoned officers also bring their vast experience in criminal investigations, interviewing and interrogation.</p> <p>Abolishing five sworn Applicant Detectives positions in PRD will eliminate the opportunity for other officers to advance in their career within the police department while attracting individuals from outside the agency, who may not have law enforcement experience, knowledge, or the perspective of successful police applicants.</p>	0	\$142,516			0	\$142,516

The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The elimination of this program will result in the tremendous loss of opportunity to recruit young persons into the field of law enforcement for our Department. Diversity recruiting will be severely impacted, along with the loss of cadets for proactive law enforcement operations such as Alcohol Sting Operations. Customer service at the Central Records Office will be adversely impacted, including the elimination of background fingerprinting services currently available to the public. Eliminate Marine Unit	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised. The elimination of the Marine Unit will result in the citizens of Fairfax County having very little protection from illegal activity on the waterways in the County and have an adverse impact on boating safety for the public. The response to water rescue operations will be delayed and the search and recovery of victims and property will be severely affected. The Department's Underwater Search and Rescue Unit will lack additional assistance on dive missions (training and operations) on the Potomac River and its tributaries. Additionally, this has the potential for a reduction in the ability to provide sufficient homeland security during heightened alert levels.</p>	2	\$232,103	(2)	(\$232,103)	0	\$0

Reduce Chief's Office of Research and Support (CORS)		<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors partially restored funding of \$106,571 and 1 position for this program to restore an Office of Research and Support position for Patrol. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The loss of three Police Lieutenant positions from the Chief's Office of Research and Support (CORS) will eliminate the centralized policy review and development function, severely limit the ability to review and develop legislative initiatives, and negatively impact the department's strategic planning initiative. The elimination will adversely affect the capacity to maintain and update Department General Orders and Standard Operating Procedures, and reduce career development opportunities for promotion. The Police Lieutenants, who also act as aides to the respective three Deputy Chiefs, handle a wide-range of projects. The loss of the positions will severely limit agency representation on many projects and important inter- and intra-departmental committees.</p>	3	\$319,713	(1)	(\$106,571)	2	\$213,142

SEOs are the first line of defense in providing the education and intervention piece of the three-pronged approach to gang awareness/avoidance. The elimination of this program and the annual Safety Patrol summer camp will have a tremendous negative impact on the safety of the school-aged youth in Fairfax County. The removal of SEOs will eliminate police patrol and presence inside the elementary schools, and therefore impede the ability to develop trust and maintain positive interaction between police officers and children on a routine basis.</p>	8	\$619,128			8	\$619,128

Eliminate Police Liaison Commanders (PLC) Program	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The PLC and Staff Duty Officer Positions are staffed twenty-four hours a day, seven days a week to ensure continuity of command within the Police Department. The elimination of these positions could result in the unnecessary commitment of valuable emergency resources, due to the inability of the Department to offer expertise to call takers regarding the classification of events and necessity of a police response. The ability to monitor major events in real time and keep duty officers up-to-date with vital information would also be negatively impacted. With the abolishment of the PLC program, the capacity to quickly coordinate police personnel, resources, and specialty units throughout the County could be severely delayed, especially during critical events, adversely impacting the Department's collaborative relationships with multiple agencies.</p>	5	\$532,855	(5)	(\$532,855)	0	\$0

The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The Traffic Safety Unit is responsible for the coordination of the Department's participation and response in all regional traffic enforcement programs. Loss of the unit would adversely affect the Smooth Operator program, Click It or Ticket, Checkpoint Strikeforce, and all pedestrian enforcement campaigns. Its abolition would also result in the significant reduction or elimination of the County's targeted enforcement programs including DWI sobriety checkpoints, child safety seat installations, underage alcohol stings, and ABC business compliance checks. <p>Reduce Victim Services Section</p> <p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised. The Department of Criminal Justice Services (DCJS) recommends, based on its most recent studies, that a staff of 16 advocates be available to effectively support the needs of a county this size. Elimination of three positions within the section will reduce an already lean unit to eight advocates - one-half of the DCJS recommendation. Staff eliminations will require the Police Department to return to a centralized service approach, greatly diminishing the section's outreach and reducing the number of victims and witnesses who would be served. Finally, the reductions will greatly impair the County's responsiveness and sensitivity to victims of a growing multicultural and language-diverse community.</p>		3	\$154,761	(3)	(\$154,761)	0	\$0

Description	Impact	Proposed Position Reductions	Proposed Reductions				
Eliminate Notice of Privacy Mailings	The department no longer will mail Notice of Privacy Practices brochures to over 53,000 patients. It is possible patients may claim they never received a copy, thus jeopardizing the department's compliance with the Health Insurance Portability and Accountability Act (HIPAA) mandate.	0	\$53,000			0	\$53,000
Eliminate Promotional Ceremonies	The elimination of Promotional Ceremonies discontinues the formalized, family-oriented ceremony recognizing the accomplishments of newly-promoted personnel. A formal recognition process will no longer take place.	0	\$14,000			0	\$14,000
Reduce Quarterly Training to Twice a Year	The reduction of quarterly trainings to twice a year negatively impacts the ability for officers to learn from one another. This is the only forum where company officers come together in a structured fashion to discuss timely issues. Sharing lessons learned in the field allows positive reinforcement of current operation and safety practices to be delivered with greater impact and prevents repeat incidents.	0	\$95,000			0	\$95,000
Eliminate Participation in Celebrate Fairfax Festival	No longer participating in the Celebrate Fairfax Festival eliminates a venue through which the department displays and demonstrates the services provided to County residents and guests. The department will lose an opportunity to interact and educate the public on life-saving measures. Additionally, food vendors at the fair will pay for inspection services the Fire Prevention Division used to provide free of charge.	0	\$32,000			0	\$32,000
Eliminate Honor Guard Program	Elimination of the Honor Guard Program results in the department lacking formal representation at events such as Fairfax County Chamber of Commerce events, parades, professional sporting events, charities, and graduations. Additionally, the department will not provide funeral honors to active, retired, and volunteer members of the department.	0	\$31,000			0	\$31,000
Eliminate First Team for Crisis and Peer Support	The elimination of the First Team means the department lacks an agency resource to address significant crises experienced by firefighters or their families in the event of serious injury, death on the fire ground or other serious personal issues.	0	\$6,000			0	\$6,000

Eliminate Crisis Response Team (CRT)		The department's CRT provides professional intervention to minimize stress-related and emotional impact personnel suffer after responding to traumatic incidents. The elimination of CRT can result in an increase in suffering, psychological and physiological distress and use of maladaptive coping skills, all of which can translate to an increase in cases of Post Traumatic Stress Disorder, depression and anxiety, leading to decreased job performance and higher attrition. With this program eliminated, CRT functions will be handled by the Employee Assistance Program and will result in a loss of specialized service to public safety employees.	0	\$27,000			0	\$27,000
Eliminate Advanced Life Support (ALS) School		In order for the department to provide existing ALS capability, 30 percent of all providers must be ALS certified. Elimination of ALS school jeopardizes the department's ability to maintain the appropriate number of ALS providers because it will eliminate the opportunity for incumbents to become ALS providers.	0	\$1,892,250			0	\$1,892,250
Eliminate \$10,000 Contribution to Volunteer Stations		The department contributes \$10,000 to aid each volunteer company with discretionary purchases such as equipment, protective clothing, and apparatus. Also, the department contributes \$25,000 to the volunteer companies holding an open loan on a piece of apparatus. There are 12 volunteer organizations currently active in 15 fire stations for a total of \$525,000 in contributions. Because volunteers will have less funding to purchase equipment and vehicles, elimination of the \$10,000 contribution will impact the volunteer's ability to serve in a support role and enhance the department mission.	0	\$150,000			0	\$150,000
Eliminate Limited Term Funding Supporting Local Emergency Planning Committee (LEPC) Coordinator		The Emergency Planning and Community Right-to-Know Act, also known as SARA Title III or EPCRA, establishes requirements for federal, state and local governments and industry regarding emergency planning and "Community Right-to-Know" reporting on hazardous and toxic chemicals. Elimination of this limited term position will significantly reduce planning and preparedness efforts for hazardous materials sites in the County. It will also reduce staff support to the Local Emergency Planning Committee and may hinder Fairfax County's compliance with Federal SARA Title III mandates.	0	\$53,898			0	\$53,898
Eliminate Emergency Medical Services (EMS) Administrative Assistant Position		This reduction results in delays to the rate at which correspondence, data collection, projects and complaint responses are completed.	1	\$40,000			1	\$40,000

Eliminate Special Projects/Legislation Position	The department will not produce and deliver special projects such as the development of the Incident Management Plan and the Annual Report. Additionally, it eliminates a central point of contact to coordinate and respond to legislation affecting the department.	1	\$112,866			1	\$112,866
Eliminate Peer Fitness Program	As a result of this reduction, the department will no longer have one position dedicated to overseeing the physical fitness and rehabilitation of Firefighter/Emergency Medical Technicians, resulting in the loss of the department's specific physical fitness programs, strength training, and lifestyle training. Therefore, this reduction will lead to an increase in the number injuries, specifically strains and sprains which are the most common, on the incident scene and while training. It will also eliminate the ability to provide work hardening and re-conditioning programs for firefighters recovering from injury, increasing recovery times and delaying the return of personnel to the field. The department will also experience an increase in the number of personnel placed on light duty because they are unable to operate in the field and an increase in disability retirements.	1	\$132,801			1	\$132,801
Eliminate Department Photographer	All photographic and video documentation of emergency incidents will be eliminated. This will impact the ability of the department to develop realistic and incident specific training materials and perform detailed after-action critiques of actual incident responses. The ability to provide visual documentation for training materials has proved to be significantly more effective than just working from narrative scenarios. This training format improves firefighter effectiveness and safety.	1	\$84,166			1	\$84,166
Consolidate Equal Employment Opportunities (EEO) and Woman's Program Office	This consolidation increases engagement and collaboration with County agencies and fully leverages the services of EEO counselors to enable the department to carry on the mission in this line of business despite the elimination of two uniformed positions.	2	\$210,323			2	\$210,323

Eliminate Management Analyst II Position in Volunteer Liaison Office	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>Elimination of this position will diminish coordination and communication with the 12 volunteer organizations, the Fire Commission, and the Fire and Rescue Department (FRD). This elimination will set back progress made towards a stronger relationship between the County and volunteer organizations. In addition, elimination of this position will leave insufficient resources to oversee the functions of the office. It will result in the loss of coordination and access to the personnel, equipment, and facilities of the 12 volunteer fire departments, and the elimination of the FRD's role with the Community Emergency Response Team (CERT) program.</p>	1	\$60,000	(1)	(\$60,000)	0	\$0
Eliminate Patient Advocate Program	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The patient advocate responded to over 950 calls about emergency transports in FY 2008; elimination of this program will significantly lengthen response time to patient inquiries. In addition, no staff member will be dedicated to reviewing hardship waivers, resulting in delays for review and approval, and possibly jeopardizing the department's ability to meet the Medicare and Medicaid mandates required for authorization to operate a hardship program. Also, the department will lack a position to locating missing patient care reports which will cause a loss of potential revenue because the department cannot bill for a transport unless that documentation is on file.</p>	1	\$86,109	(1)	(\$86,109)	0	\$0
Eliminate Capital Projects Coordinator Position	<p>The loss of this position will seriously hinder the ability of the department to oversee capital projects and shift workload to the Department of Public Works and Environmental Services. This will result in the loss of the department's ability to provide input on important issues unique to fire department facilities, such as health and safety requirements. Lack of representation at critical project stages such as value engineering meetings could result in design trade-offs or decisions that are not in the best interest of the department, which could result in escalation of project costs and the effective use of bond and general funds allocated to capital facility projects.</p>	1	\$83,662			1	\$83,662

Eliminate Public Information Officer (PIO) and Publications Specialist Positions	This reduction eliminates public service announcements and fire and life safety education publications for residents. Further, this reduction reduces the department's ability to offer presentations to civic, businesses and community organizations. Also, the department's role in special event planning for Fire Prevention Week, Celebrate Fairfax and other events is curtailed.	2	\$160,428			2	\$160,428
Eliminate Emergency Medical Services (EMS) Regulatory Officer	The elimination of this position results in an increase in overtime as all functions are transferred to another position to ensure the department is in compliance with state and federal mandates. It could also lead to a decline in the department's ability to participate in the health care community if the department does not meet its annual inspection by the Virginia Office of Emergency Medical Services (EMS) standards.	1	\$111,800			1	\$111,800
Eliminate Relief Battalion Management Team (BMT)	The elimination of the Relief BMT creates inadequate staffing levels and increases overtime and callback. This elimination will lead to inconsistent command and control on the shift and in the battalion.	6	\$227,965			6	\$227,965
Eliminate Safety Battalion Chief (BC) Position	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The Safety BC serves as the department's Regulatory Compliance Officer and Safety Program Supervisor. The functions of this position will have to be absorbed by other staff in the division, causing a reduction in overall management and oversight of health and safety programs for the department, to include the High Occupancy Toll Lanes Project and the Virginia Department of Transportation Safety Liaison Officer duties.</p>	1	\$136,636	(1)	(\$136,636)	0	\$0
Eliminate Second Safety Officer Positions	Safety Officers assist incident commanders with fire ground risk assessment and implement incident safety plans to prevent unsafe actions and injuries. They also investigate injuries, accidents, and infectious disease exposure for department personnel and public. In 2007, the safety officers investigated 875 incidents. This elimination will cause the department to operate with only one safety officer per shift for the entire County. The response time will not only remain at the current 20 minutes but will increase with population growth and expansion.	4	\$249,520			4	\$249,520

Eliminate Life Safety Education Program	The Life Safety Education program provides community fire safety education and outreach programs in order to reduce threats and risks of fire and injuries to County residents. The department will no longer be able to educate high-risk populations of the County, such as children and seniors, on issues of fire safety and life safety education.	1	\$215,153			1	\$215,153
Eliminate Two of the Three Emergency Medical Services (EMS) Battalion Chiefs	The elimination of these two positions will leave only one Battalion Chief to provide appropriate oversight in three areas: quality management, training, and strategic planning. This will seriously compromise the ability of the department to provide appropriate quality management, training, and planning capabilities. The department will be unable to respond to the challenges of a constantly changing EMS environment. The EMS division responds to approximately 64,433 EMS incidents annually.	2	\$272,738			2	\$272,738
Eliminate Tanker Driver Positions	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The elimination of a dedicated Tanker driver creates significant safety concerns that impact both citizen and firefighter safety. In order to eliminate the 12 positions and continue to operate the tanker units, the department will have to take a firefighter off the engine company to drive the tanker when a tanker is needed to respond to a fire incident, delaying the initial firefighting force available to attack the fire. The delay of an interior attack during the initial stages of a structure fire can cause a dramatic increase in property damage. In addition, there is a concern over the safety of operating the Tanker without a dedicated driver because inexperienced drivers are the primary cause of tanker accidents; without a dedicated driver, increased accidents will occur, placing firefighters and citizens at greater risk.</p>	12	\$870,508	(12)	(\$870,508)	0	\$0

Eliminate Four Basic Life Support (BLS) Units at Stations which also have Advanced Life Support (ALS) Units	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The elimination of four BLS Transport units will severely impact the department's ability to respond to emergency calls and to deliver pre-hospital medical services. This reduction will accelerate the already declining ability to meet response targets. National Fire Prevention Association standards require Emergency Medical Services to provide an Automated External Defibrillator within 5 minutes, so that at least 20 percent of patients in cardiac arrest arrive at the hospital with a pulse. The department currently only meets this standard 59.5 percent of the time.</p>	24	\$1,404,300	(24)	(\$1,404,300)	0	\$0
Eliminate Two Heavy Rescue Companies	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors restored funding for this program. The following statement describes the impact if the reduction had been taken as Advertised. The elimination of two Heavy Rescue Companies will leave only six heavy rescue companies to cover all 407 square miles of Fairfax County. This reduction will seriously impact the ability to respond to emergency incidents. The delay in arrival of these units, personnel, and specialty equipment translates into longer rescue times for people trapped or exposed to hazardous materials, and longer rescue times for firefighters trapped in buildings during life and property saving efforts. Even with the existing eight Heavy Rescue companies, the department does not currently meet the established National Fire Prevention Association standards for the number of personnel on a fire scene within the 5 and 9 minute timeframe. Eliminate Purchase of Out-of-Zone Non-Medicaid FASTRAN Services	As a result of this reduction, FASTRAN services for 39 individuals with mental retardation, transported outside of previously set zones will be eliminated. If alternative transportation services are not available, affected individuals will need to transfer to an "in-zone" day support or vocational services provider (i.e., sustain a disruption to their services), or forego services altogether.	0	\$335,950			0	\$335,950
Eliminate the Post Doctoral Psychology Program	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors approved substitutions to the advertised Community Services Board reductions that resulted in no net change in funding and restoration of 15 positions. Per the memo dated March 20, 2009 this reduction has been substituted. The Psychology Internship Program will be eliminated instead of this program. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>As a result of the elimination of this program, there will be a reduced capacity to provide outpatient treatment for 100 adults, youth and family members per year. The number of psychological evaluations and test batteries (that guide the treatment plans for high risk adults and children) conducted on part of the entire CSB will be reduced by 50 percent (from 60 to 30).</p>	0	\$121,997		(\$121,997)	0	\$0
Reduce Mental Health (MH) Outpatient and Case Management Services	As a result of this reduction, intensive mental health case management and oversight of community treatment plans will be reduced, impacting all MH adult services, with the elimination of the Intensive Community Service Manager. In addition, dedicated grief counseling services provided by the half-time Senior Clinician based at the Springfield office, but available to persons across the community, will be eliminated. Both positions are associated with outpatient treatment and case management needs of vulnerable persons.	2	\$163,195			2	\$163,195
Reduce Contracted Individual Supported Employment Services	As a result of this reduction, all 85 individuals currently receiving individual supported employment services from contractor agencies will have their support service hours (i.e., job coaching) reduced by approximately 28 percent. As a result, there may be an increased risk for fragmented service delivery, skills recidivism or relapse, decreased work performance, reduced earnings, and/or disrupted employment for the affected individuals.	0	\$125,000			0	\$125,000

Reduce Sheltered and Group Supported Employment Services and Associated FASTRAN Services	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors partially restored funding of \$705,082 for Sheltered and Group Supported Employment Services. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>As a result of this reduction, 41 of 354 (11 percent) individuals currently receiving non-Medicaid funded sheltered and group supported employment services will have their day (and associated FASTRAN) services reduced. As a result, there will be a reduction in the provision of a safe and engaging environment for affected individuals during the day; increased familial and residential group home burden to secure additional day time support and services; potential loss of family members' ability to participate in gainful employment outside of the home; and possible increase in residential or other supportive services costs.</p>	0	\$1,011,219		(\$705,082)	0	\$306,137
Reduce Alcohol and Drug Services (ADS) Adult Outpatient Services at the North County Human Services Center	As a result of this reduction, ADS's capacity to serve individuals at outpatient sites will be reduced from 200 to 40 individuals per year. There are two Substance Abuse Counselors II and one Substance Abuse Counselor I positions associated with this reduction. This reduction will result in increased wait time for services by 2-3 months and may have an impact on timely response to referrals from the Alcohol Safety Action Program, courts and Probation.	3	\$308,103			3	\$308,103
Eliminate Hospital-Based Medical Detoxification Services	As a result of this reduction, 80 individuals will go unserved annually and will remain in the community with active substance abuse. The current wait time of 2 weeks in the non-hospital based medical detox program may increase substantially. This will reduce access to treatment for individuals at a time of most acute risk in addition to potentially increasing the number of public safety responses as a result of decreased availability of substance abuse treatment alternatives.	0	\$182,000			0	\$182,000
Close Western Fairfax (Chantilly) Mental Health Outpatient Clinic Site	As a result of this reduction, the closure of the Western Fairfax (Chantilly) Outpatient Clinic Site will redirect 270 consumers annually being served by the Access Clinic to other Mental Health locations. There are six Adult and Family Services positions and one Youth and Family Services position associated with this reduction. This reduction will result in longer waits for initial mental health assessments and an increase in travel time and cost for individuals to attend alternate outpatient clinic sites.	7	\$834,284			7	\$834,284

Eliminate Diversion to Detoxification Program	The closure of this program will eliminate services for 750 individuals annually, who might otherwise be arrested or remain in the community at risk to themselves or others. There will be one Substance Abuse Counselor III, one Substance Abuse Counselor II, and two Substance Abuse Counselor I positions associated with this reduction. An estimated 2,250 hours of additional Police time may be required to arrest these individuals rather than having the Police Department divert them to a detoxification program.	4	\$215,000			4	\$215,000
Reduce Psychotropic Medications and Psychiatric Staffing Levels	The reduction in psychotropic medications as a result of this reduction will increase barriers (e.g., cost, transportation) to treatment which may result in diminished treatment outcomes. The reduction in psychiatric staffing levels will increase caseloads for Psychiatrists and increase use of Emergency Services due to increased wait times and caseloads.	0	\$442,196			0	\$442,196
Eliminate Leadership and Resiliency Program in Four High Schools	This reduction will result in the elimination of leadership and resiliency programs at four high school sites for up to 100 at-risk high school youth. There are two Substance Abuse Counselor II positions associated with this reduction. As a result of this reduction, the gap of service to those in need of intensive prevention programming will increase and the recently established program capacity to FCPS high school youth will decrease by 27 percent (from 15 to 11 schools).	2	\$165,651			2	\$165,651

Reduce Forensic Mental Health (MH) and Alcohol and Drug Services (ADS) Services at Adult Detention Center	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors partially restored funding of \$80,824 and 1 position for this program. This partial restoration restores the Alcohol and Drug Services Assessment in the Adult Detention Center. In addition, during their deliberations on the FY 2010 Adopted Budget the Board of Supervisors approved substitutions to the Advertised Community Services Board reductions per the memo dated March 20, 2009 that resulted in no net change in funding and restoration of 15 positions. As a result an additional \$241,941 and 3 positions is restored. The remaining reduction results in 101 consumers per year will be unable to receive assessment, stabilization and treatment services prior to being released from jail. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>As a result of this reduction, the number of Mental Health (MH) consumers served will be reduced from 2,597 to 1,350 per year. The number of MH contacts will be reduced from 7,573 to 3,938 per year. Wait time for MH risk assessment, suicide prevention, and crisis intervention may increase significantly. Also as a result of this reduction, the ability to serve incarcerated individuals with substance use disorders will be reduced from 580 to 377 per year. As such, 203 consumers per year will be unable to receive assessment, stabilization and treatment services prior to being released from jail. Associated with the reduction are three MH positions, (one Clinical Psychologist and two Senior Clinicians) and two ADS positions (two Substance Abuse Counselors II).</p>	5	\$387,641	(4)	(\$322,765)	1	\$64,876

Reduce Alcohol and Drug Services (ADS) Adult Outpatient Services in Falls Church	During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors approved substitutions to the Advertised Community Services Board reductions per the memo dated March 20, 2009 that resulted in no net change in funding and restoration of 15 positions. As a result \$358,103 and 4 positions are restored. The remaining reduction results in elimination of the capacity to transport non-Medicaid individuals for ADS. The following statement describes the impact if the reduction had been taken as Advertised. As a result of this reduction, ADS's service capacity at outpatient sites will be reduced from 307 individuals to 60 individuals annually. There are one Substance Abuse Counselor IV, one Substance Abuse Counselor III, and two Substance Abuse Counselor II positions associated with this reduction. In combination with 106-75-19, a total of 407 individuals with substance abuse problems will not receive the treatment necessary to begin recovery. <p>Reduce Purchase of Developmental Day Services (and Associated FASTRAN) for 16 Non-Medicaid Funded Individuals</p> <p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors partially restored funding of \$466,142 for this program. This partial restoration restores Developmental Day Services. The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>As a result of this reduction, 16 of 70 (23 percent) individuals currently receiving non-Medicaid funded developmental day services will have their day (and associated FASTRAN) services reduced. As a result, there will be an increased risk to health and safety, especially for individuals with severe medical and/or behavioral needs. Additionally, there may be an inability to access specialized therapeutic supports that cannot be replicated in other settings; increased familial and residential group home burden to secure additional daytime support and services; potential loss of family members' ability to participate in gainful employment outside of the home; increased economic and emotional stressors on families; increased risk of abuse and neglect; and possible increase in residential or other supportive services costs.</p>		0	\$643,793		(\$466,142)	0	\$177,651

Eliminate Psychosocial Day Support contract at Reston/Faraday Site		0	\$330,000			0	\$330,000
<p>Based on revised data at the time of the FY 2010 Adopted Budget Plan the impact statement for this reduction has been adjusted as follows: As a result of this reduction, the Reston Psychosocial Rehabilitation Services (PRS, Inc.) site will be closed. Thirty Medicaid consumers from the Reston site will be directed to day support services at the Old Meadow Road, McLean site. This will be accomplished by making cost reductions in the contractor's personnel, operating, and related administrative costs realized through consolidation at the single McLean program site, as well as preserving and guaranteeing the Medicaid reimbursement generated by serving these consumers. The remaining 20 non-Medicaid consumers from the Reston site will be accommodated either at the Old Meadow Road, McLean site or the Falls Church site.</p> <p>The following statement describes the impact based on information available when the FY 2010 Advertised Budget Plan was released: As a result of this reduction, the Reston Psychosocial Rehabilitation Services (PRS, Inc.) site will be closed. This closure will eliminate structured day support to 71 individuals annually. Closing the Reston site will also eliminate access to employment supports to 18 individuals annually and pre-vocational services to 25 individuals annually.</p>

<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors partially restored funding of \$84,325 and 1 position for this program. This partial restoration restores the Cornerstones program. The following statement describes the impact if the reduction had been taken as Advertised. As a result of this reduction, Cornerstones will reduce their capacity by closing 3 available treatment beds for persons with co-occurring disorders. The already extensive waiting list will grow and an additional 11 individuals annually will not be served in the Cornerstones program. Also as a result of this reduction, A New Beginning will reduce their capacity by closing 5 available treatment beds for persons in need of residential substance abuse services, some of which have co-occurring disorders. As a result, 20 high risk individuals with medical and psychiatric problems annually will not be served. Fund 120 – E-911 Fund							
Reduce Level of E-911 Technology Support	This reduction results in efficiencies in the amount of \$23,727 identified in telecommunications costs following the agency's relocation to the McConnell Public Safety and Transportation Operations Center (MPSTOC) and a reduced level of service due to a \$163,090 cut in funding for contract maintenance support for the Computer Aided Dispatch (CAD) system. This reduction could limit the capability to rapidly and effectively restore the CAD system in the event of a failure during non-business hours. 9-1-1 operating without CAD will result in delays in the dispatch of appropriate public safety resources.	0	\$186,817			0	\$186,817

Delay Vehicle Replacement by One Year	This savings is based on the deferral of the replacement of the majority of vehicles in the County fleet for one year.	0	\$2,000,000			0	\$2,000,000
Reduce Operating Expenses and Eliminate Three Positions	The reduction results in the elimination one Senior Motor Mechanic Supervisor position, one Automotive Mechanic I position and one Administrative Assistant II position; a 50 percent reduction in employee training; a 50 percent reduction of the employee tool allowance; the elimination of the Student Intern Program; and the elimination of the Department's participation in DVS University, Fall for Fairfax and Celebrate Fairfax events. As a result, the workload is increased for remaining staff, employees are to spend more of their own funds to replace old or damaged tools needed to perform their job, and the elimination of the intern program results in the loss of a key source of recruitment as it is an avenue for DVS to build and nurture a qualified automotive technician applicant base. Additionally, Fairfax County Public Schools students will lose an opportunity to gain hands-on work experience and quality training in the automotive field. The reduction results in a total savings of \$392,144 to Fund 503, Department of Vehicle Services (DVS); however, due to the fact that DVS provides services to other funds and Fairfax County Public Schools, the General Fund impact of this reduction is \$145,093.	3	\$145,093			3	\$145,093

Decrease Funding for Fuel	<p>During its deliberations on the FY 2010 Adopted Budget the Board of Supervisors directed staff to refine the FY 2010 estimates for the County's fuel budget based on the latest fuel cost projections. The revised estimate resulted in an additional reduction to the General Fund and General Fund supported fuel budgets of \$6,257,722. This reduction was spread to the various agencies and funds supported by the General Fund that are the largest utilizers of fuel. The approved FY 2010 budget assumes an agency average price of \$2.68 per gallon, a decrease of \$1.42, or 34.6 percent, from the FY 2009 Adopted Budget Plan level of \$4.10 per gallon. It should be noted that the net impact for the Fund 503, Department of Vehicle Services budget for fuel is a reduction of \$12.7 million which takes into account the reduction in General Fund and General Fund supported budgets of \$7.9 million and the impact on other fund budgets.</p> <p>The following statement describes the impact if the reduction had been taken as Advertised.</p> <p>The FY 2010 recommended budget assumes an agency average price of \$3.74 per gallon, a 36-cent (or 9.6 percent) decrease from the <u>FY 2009 Adopted Budget Plan</u> assumption of \$4.10 per gallon.</p>
