¹ The Community Services Board's Administered Programs for Alcohol and Drug Services programming at the Middle school, High school and Alternative school levels are no longer shown in the above chart as the associated costs are captured in the County Funded Programs for School-Related Services Chart.

² It should be noted that these expenditures/budgets are by fiscal year. The amounts contain multiple program years in each fiscal year and therefore do not correlate to annual awards for these grants. The negative entry reflects adjustments to postings between fiscal years.

³ Due to different eligibility requirements between Head Start and Head Start State Block Grant, beginning in FY 2009 the County will no longer be able to enroll children in the program.
