

Fund 300

Countywide Roadway Improvement Fund

Focus

This fund serves as a reserve source of funding for required road construction and improvement needs for which funding from other sources is not available. Sources of funding consist primarily of Board-directed transfers from the General Fund or other capital construction funds. Excess funding from projects is held in a reserve for future road construction or improvement projects. Funds may also be transferred from Fund 300, Countywide Roadway Improvement Fund, to other County road construction funds as approved by the Board of Supervisors.

No funding is included for Fund 300, Countywide Roadway Improvement Fund, in FY 2009.

Changes to FY 2008 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2008 Revised Budget Plan since passage of the FY 2008 Adopted Budget Plan. Included are all adjustments made as part of the FY 2007 Carryover Review and all other approved changes through December 31, 2007:

- ◆ As part of the *FY 2007 Carryover Review*, the Board of Supervisors approved an increase of \$529,004 due to the carryover of unexpended project balances in the amount of \$513,660 and the appropriation of miscellaneous revenues in the amount of \$15,344.

A Fund Statement and a Summary of Capital Projects are provided on the following pages. The Summary of Capital Projects may include some projects without a Total Project Estimate amount. These projects are considered “continuing” projects, or projects for which funding is necessary on an ongoing basis (e.g., a contingency or planning project).

¹ Represents receipt of miscellaneous revenues associated with land acquisition reimbursement costs for Project 006616, Gallows/Annandale/Hummer.

² Represents the transfer of road bond funds from Fund 304, Transportation Improvements, associated with Project 006617, Fox Mill Road at Reston Parkway. On July 10, 2006 the Board of Supervisors approved a construction contract award for this project in the amount of \$945,000 of which \$750,000 was available in Fund 300 with the understanding that the shortfall of \$195,000 would be funded from road bond funds within Fund 304.

³ Capital projects are budgeted based on the total project costs. Most projects span multiple years, from design to construction completion. Therefore, funding for capital projects is carried forward each fiscal year, and ending balances fluctuate, reflecting the carryover of these funds.
