Commercial Revitalization Program

Focus

The Commercial Revitalization Program funds the development and promotion of competitive, attractive and stable commercial centers leading to improved facilities for communities. Improvements include underground utilities, sidewalk construction, street lighting, tree planting and other pedestrian amenities. In the November 1988 bond referendum, Fairfax County voters approved \$22.3 million for public improvements in commercial and redevelopment areas of the County. Of this amount, \$17.1 million was dedicated to fund utility and street landscaping projects in three designated revitalization districts: Central Annandale, Central Springfield and Bailey's Crossroads. The remaining amount of \$5.2 million was divided among the revitalization projects in the Town of Vienna, the McLean Central Business District and along a portion of the Route 1 corridor. In addition to bond proceeds, revenue from the Virginia Department of Transportation (VDOT) and developer contributions support improvement efforts within this fund.

Revitalization is one part of an overall County strategy to accomplish the economic rejuvenation of older retail and business centers. Through targeted efforts of the Revitalization Program it is anticipated that these areas will become more competitive commercially, offer better services and improved shopping opportunities and will become viable candidates for private reinvestment.

It should be noted that as part of the adoption of the FY 2007 – FY 2011 Capital Improvement Program, the Board directed staff to review the County's commercial and neighborhood revitalization programs and to provide recommendations on strategies to enhance the effectiveness of the programs, to identify and make available appropriate financing mechanisms and to put in place the organizational supports necessary to sustain the programs. Subsequently, the Office of Community Revitalization and Reinvestment (OCRR) was created to better coordinate commercial and residential revitalization efforts in the County. This office is responsible for coordinating efforts of County staff and community organizations related to the renovation and restoration of not only large commercial development, but also neighborhood commercial development, older residential areas and neighborhood capital improvements.

No funding is included in Fund 315, Commercial Revitalization Program, in FY 2009. Work will continue on existing and previously funded projects.

Changes to FY 2008 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2008 Revised Budget Plan since passage of the FY 2008 Adopted Budget Plan. Included are all adjustments made as part of the FY 2007 Carryover Review and all other approved changes through December 31, 2007:

- ◆ As part of the FY 2007 Carryover Review, the Board of Supervisors approved an increase of \$4,560,560 due to the carryover of unexpended project balances of \$4,273,560 and an adjustment of \$287,000. This adjustment is due to the appropriation of anticipated VDOT enhancement grant funds for Project 008911, McLean Streetscape as approved by the Board of Supervisors on May 21, 2007.

A Fund Statement and a Summary of Capital Projects are provided on the following pages. The Summary of Capital Projects may include some projects without a Total Project Estimate amount. These projects are considered "continuing" projects or projects for which funding is necessary on an ongoing basis (e.g., a contingency or planning project).

¹ The sale of bonds is presented here for planning purposes. Actual bond sales are based on cash needs in accordance with Board policy. In the fall of 1988, the voters approved a \$22.3 million Commercial Revitalization bond referendum. Including prior sales, a balance of \$2.26 million remains in authorized but unissued bonds associated with the fall 1988 referendum.

² Represents funds anticipated in FY 2008 from Transportation Enhancement grants for Project 008912, McLean Streetscape.

³ Developer contributions anticipated in FY 2008 include \$250,000 for undergrounding utilities along Chain Bridge Road within Project 008914, Route 1 Streetscape and \$214,221 for Project 008911, Baileys Crossroads Streetscape.

⁴ Capital projects are budgeted based on the total project costs. Most projects span multiple years, from design to construction completion. Therefore, funding for capital projects is carried forward each fiscal year, and ending balances fluctuate, reflecting the carryover of these funds.
