## ***Fairfax County Government***

In Virginia, cities and counties are distinct units of government and do not overlap. Fairfax County completely surrounds the City of Fairfax and is adjacent to the City of Falls Church and the City of Alexandria. Property within these cities is not subject to taxation by Fairfax County, and the County generally is not required to provide governmental services to their residents. However, pursuant to agreements with these cities, the County does provide certain services to their residents.

In Fairfax County, there are three incorporated towns - Clifton, Herndon and Vienna - which are overlapping units of government within the County. With certain limitations prescribed by the Code of Virginia, the ordinances and regulations of the County are generally effective in them. Property in these towns is subject to County taxation and the County provides certain services to their residents. These towns may incur general obligation bonded indebtedness without the prior approval of the County.

The Fairfax County government is organized under the Urban County Executive form of government as defined under the Code of Virginia. The governing body of the County is the Board of Supervisors, which makes policies for the administration of the County. The Board of Supervisors consists of ten members: the Chairman, elected at large, and one member from each of nine supervisory districts, elected for four year terms by the voters of the district in which the member resides. The Board of Supervisors appoints a County Executive to act as the administrative head of the County. The County Executive serves at the pleasure of the Board of Supervisors, carries out the policies established by the Board of Supervisors, directs business and administrative procedures, and recommends officers and personnel to be appointed by the Board of Supervisors. An organizational chart of Fairfax County government is provided on the next page.

## **THE BUDGET**

The Fairfax County Budget Plan is presented in several volumes. A brief description of each document is summarized below:

***The Citizen's Guide*** includes a summary of the key facts, figures and highlights of the budget.

***The Budget Overview*** summarizes the budget, thereby allowing a complete examination of the budget through this document. The Overview contains the County Executive's message to the Board of Supervisors; budget highlights; a summary of the County's fiscal condition, allocation of resources, and financial history; and projections of future revenues and expenditure requirements. Also included is information on the County's taxes and fees; fiscal and demographic trends; direct spending by County departments; transfers to other public organizations, such as the Fairfax County Public Schools and Metro; and funded construction projects.

***Volume 1 – General Fund*** details the budgets for County departments and agencies funded from general tax revenue such as real estate and personal property taxes. Included are summary budget schedules and tables organized by accounting classification and program area summaries. Detailed budget information is presented by program area and by department/agency. Also included are organizational charts, strategic issues, new initiatives and recent accomplishments, goals, objectives and performance indicators for each department/agency.

***Volume 2 – Capital Construction and Other Operating Funds*** details budgets for County departments, agencies, construction projects and programs funded from non-General Fund revenue sources, or from a mix of General Fund and non-General Fund sources, such as federal or state grants, proceeds from the sale of bonds, user fees and special tax districts. Included are detailed budget schedules and tables organized by accounting classification, as well as budget summaries by fund group. This volume also details information associated with Fairfax County funding for Contributory Agencies.

## **BASIS OF ACCOUNTING AND BUDGETING**

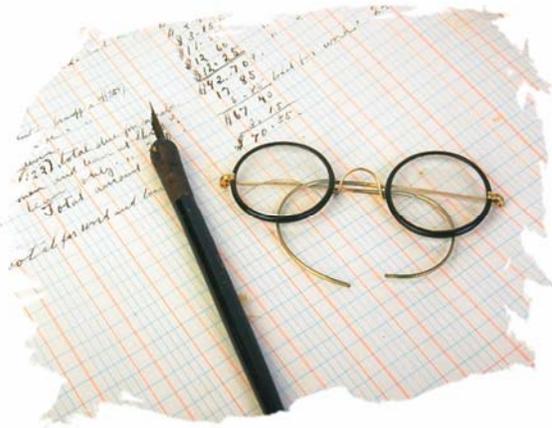

A budget is a formal document that enables the County to plan for the future, measure the performance of County services, and help the public to understand where revenues come from and how they are spent on County services. The budget serves many purposes and addresses different needs depending on the "audience" including, County residents, federal and state regulatory authorities, elected officials, other local governments, taxpayers or County staff.

The budget must comply with the Code of Virginia and regulatory requirements. According to the Code of Virginia, Fairfax County is required to have a balanced budget and to undergo an annual financial audit by independent auditors. Thus, the budget outlines the required information to serve legal and financial reporting requirements. The budget is prepared and organized within a defined basis of budgeting and financial structure to meet regulatory and managerial reporting categories of expenditures and revenues. The Commonwealth of Virginia requires that the County budget be based on fund accounting, which is a system that matches the sources of revenue (such as taxes or service fees) with the uses (program costs) of that revenue. Therefore, the County budgets and accounts for its revenues and expenditures in various funds.

# How to Read the Budget

## Accounting Basis

Each fund is considered a separate accounting entity, with operations accounted for in a separate set of self-balancing accounts that comprise assets, liabilities, fund equity, revenues, and expenditures or expenses as appropriate.

Governmental and agency funds are accounted for on a modified accrual basis of accounting. Revenue is considered available and recorded if it is collectible within the current period or within 45 days thereafter, to be used to pay liabilities of the current period. Expenditures are generally recorded when the related fund liability is incurred, with the exception of certain liabilities recorded in the General Long-Term Obligations Account Group.

Proprietary, pension and non-expendable trust funds utilize the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when incurred.

## Accounting Standards

During FY 2007, the County continues to use the Governmental Accounting Standards Board's (GASB) Statement Number 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, financial reporting model, otherwise known as GASB 34. These standards changed the entire reporting process for local governments, as they require new entity-wide financial statements, in addition to current fund statements and other additional reports such as management discussion and analysis. Infrastructure values are now reported, and various changes in accounting have been implemented.

***The County's basis of budgeting is consistent with generally accepted accounting principles.***

It should be noted that beginning in FY 2008 the County's financial statements will be required to implement GASB Statement Number 45 for post employment benefits including health care, life insurance, and other non-retirement benefits offered to retirees. This new standard addresses how local governments account for and report their costs related to post-employment healthcare and other non-pension benefits, such as the County's retiree health benefit subsidy. Currently, the County's subsidy is funded on a pay-as-you-go basis. GASB 45 will require that the County accrue the cost of these post-employment benefits during the period of employees' active employment, while the benefits are being earned, and disclose the unfunded actuarial accrued liability in order to accurately account for the total future cost of post-employment benefits and the financial impact on the County. This funding methodology mirrors the funding approach used for pension/retirement benefits. The County will have the option of continuing to fund benefit payments as they come due, which would result in a large unfunded liability, or prepay during employees' active employment in order to decrease the unfunded liability. Upon careful examination of the advantages and disadvantages of this option, the County has decided to follow guidance provided by GASB and establish a trust fund in FY 2007 to pre-fund the cost of post-employment healthcare and other non-pension benefits

# How to Read the Budget

## Budgetary Basis

Annual budgets spanning the fiscal year (July 1 – June 30) are prepared on an accounting basis, with certain exceptions. Please refer to the table in the Financial Structure portion of this section for information regarding the purpose of various types of funds, supporting revenues and budgeting and accounting bases.

The budget is controlled at certain legal and managerial/administrative levels. The Code of Virginia requires that the County adopt a balanced budget. The adopted Fiscal Planning Resolution places legal restrictions on expenditures at the agency or fund level. Managerial budgetary control is maintained and controlled at the fund, department and character (i.e., Personnel Services, Operating Expenses, Capital Equipment, and Recovered Costs) or project level. Personnel Services include regular pay, fringe benefits and extra compensation. Operating Expenses are the day-to-day costs involved in the administration of an agency. Capital Equipment reflects items that have a value of more than \$5,000 and an expected lifetime of more than one year, and Recovered Costs are reimbursements from other County agencies for specific services that have been provided.

During the fiscal year, budget reviews held on a quarterly basis (quarterly reviews) are the primary mechanism for revising appropriations. State law requires that a public hearing be held prior to the adoption of amendments to the current year budget when the adjustments exceed \$500,000 or one percent of revenues. In addition, any amendment of \$500,000 or more requires that the Board advertise a synopsis of the proposed changes.

All annual appropriations lapse at the end of the fiscal year. Under the County's budgetary process, outstanding encumbrances are reported as reservations of fund balances and do not constitute expenditures or liabilities since the commitments will be reappropriated and honored the subsequent fiscal year.

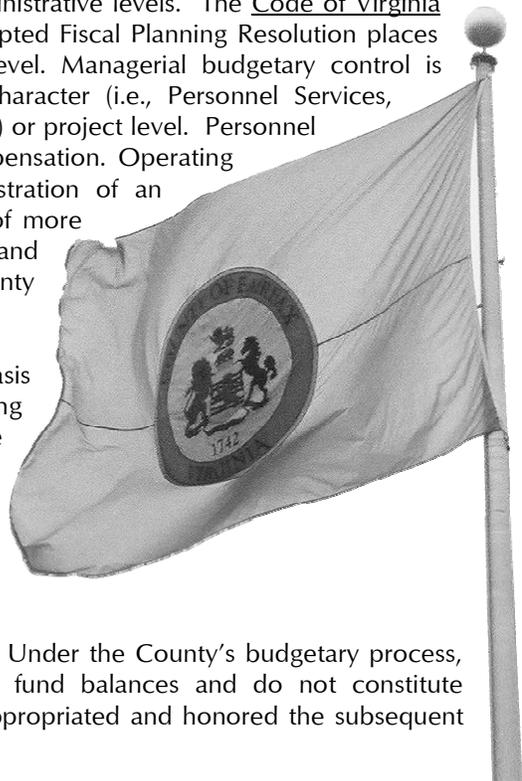

The County's Department of Management and Budget is authorized to transfer budgeted amounts between characters or projects within any agency or fund. The budget process is controlled at the character or project level by an appropriations system within the automated financial accounting system. Purchase orders are encumbered prior to release to vendors, and those that exceed character level appropriations are not released until additional appropriations are available.

## DEPARTMENTS AND PROGRAM AREAS

The County's departments and program areas are easiest to understand if compared to a filing cabinet. Each drawer of the filing cabinet is a separate fund type/fund, such as Special Revenue, and within each drawer or fund there are many file folders which represent County agencies, departments or funds. County organizations in the General Fund are called agencies or departments, while organizations in the other funds are called funds. For example, the Health Department, which is a General Fund agency, is one agency or folder in the General Fund drawer.

For reporting purposes, all agencies and departments in the General Fund are grouped into "program areas." A program area is a grouping of County agencies or departments with related countywide goals. Under each program area, individual agencies and departments participate in activities to support the program area goals. The Public Safety Program Area, for example, includes the Police Department and the Fire and Rescue Department, among others.

While most of the information in the budget is focused on an agency or fund, there are several summary schedules that combine different sources of information such as General Fund receipts and expenditures, County position schedules and other summary schedules.

## COUNTY EXPENDITURES AND REVENUES

### County Expenditures

Expenditures for Fairfax County services and programs can be categorized as three concentric circles. Each circle encompasses the funds inside it:

- ◆ In the smallest circle are the General Fund Direct Expenditures that support the day-to-day operations of most County agencies.
- ◆ The second largest circle is General Fund Disbursements. This circle includes General Fund Direct Expenditures and General Fund transfers to other funds, such as the Fairfax County Public Schools, Metro transportation system, and the County's debt service. The transfer of funding to the County Public Schools, including debt service, accounts for 52 percent of the County's disbursements in FY 2007.
- ◆ The largest circle is Total Expenditures. It represents expenditures from all appropriated funds.

### County Revenues

The revenue Fairfax County uses to fund its services and programs is generated from a variety of sources:

- ◆ The General Fund portion of Total Revenues consists of several major components, the two largest being Real Estate Tax revenues and Personal Property Tax revenues. In FY 2007, these categories are estimated to account for approximately 58.9 percent and 16.1 percent of the total General Fund revenues, respectively. Please note that a portion of the Personal Property Taxes is paid to the County by the state. These funds are included in the aforementioned Personal Property Tax total, rather than in Revenue from the Commonwealth. Local Taxes, which include Local Sales Tax receipts, Consumer Utility Taxes, and Business Professional and Occupational License Taxes, comprise approximately 15.2 percent of General Fund revenues in FY 2007. The remaining revenue categories, including Revenue from the Federal Government, Fines and Forfeitures, Revenue from the Use of Money and Property, Revenue from the Commonwealth, Recovered Costs, Charges for Services, and Permits, Fees and Regulatory Licenses make up 9.8 percent of the total.
- ◆ Total Revenues consist of all revenues received by all appropriated funds in the County. Total Revenues include all General Fund revenues, as well as sewer bond revenue, refuse collection and disposal fees, and revenue from the sale of bonds.

# Budget Process

## **THE BUDGET CYCLE**

The budget has several major purposes. It converts the County's long-range plans and policies into services and programs; serves as a vehicle to communicate these plans to the public; details the costs of County services and programs; and, outlines the revenues (taxes and fees) that support the County's services, including the rate of taxation for the coming fiscal year. Once the budget has been adopted by the Board of Supervisors, it becomes a work plan of objectives to be accomplished during the next fiscal year.

The annual Fairfax County budgetary process is an ongoing cyclical process simultaneously looking at two fiscal years (current and future). The budget year officially starts on July 1; however, the budget process itself is a continuum which involves both the current year budget and the next fiscal year's budget. Changes to the current year budget are made at the Third Quarter and Carryover Reviews. The Carryover Review closes out the previous year in addition to revising the expenditure level for the current year. These changes must be approved by the Board of Supervisors. During the fiscal year, quarterly reviews of revenue and expenditures are undertaken by the Department of Management and Budget, and any necessary adjustments are made to the budget. On the basis of these reviews, the Board of Supervisors revises appropriations. Public hearings are held prior to Board action when potential appropriation increases are greater than \$500,000.

Citizen involvement and understanding of the budget are a key part of the review process. Public hearings for the County Executive's FY 2007 Advertised Budget Plan and the FY 2007 - FY 2011 Capital Improvement Program (CIP) were held on April 3, 4, and 5, 2006 at the Government Center.

The mark-up of the FY 2007 budget occurred on Monday, April 24, 2006, and the Board of Supervisors formally adopted the FY 2007 Budget Plan on Monday, May 1, 2006.

## **July**

### **The End-of-Year Closeout**

The end-of-year closeout finalizes actual expenditures for all agencies, and when necessary, the fiscal plan is adjusted to reconcile the actual expenditure amounts. Such adjustments are accomplished through reallocations or supplemental appropriations.

### **Carryover Review**

Carryover represents the analysis of balances remaining from the prior year and provision for the appropriation of funds to cover the prior year's legal obligations (encumbered items) in the new fiscal year without loss of continuity in processing payments. Carryover extends the previous year funding for the purchase of specific items previously approved in the budget process, but for which procurement could not be obtained for various reasons. Funding for those items carried over can be expended without a second full-scale justification and approval procedure.

## **September**

### **Budget Submissions**

Agencies submit their budget requests for the upcoming fiscal year to the Department of Management and Budget in two parts: the baseline request and the addendum, which includes program expansions and other requests beyond the budget development criteria.

### **Board of Supervisors' Action on the Carryover Review**

Carryover revisions represent the first formal revision to the current year Adopted Budget. After public hearings to allow County citizens to voice their opinions on potential Carryover adjustments, the Board of Supervisors takes action on the Carryover Review as submitted by the County Executive.

# Budget Process

---

## September through November

### Review of Budget Submissions

The Department of Management and Budget reviews each agency's budget submission and provides recommendations to the County Executive. These recommendations consist of expenditure analyses and evaluations of agency goals, objectives, and performance measures. This review culminates in an agency narrative, which is included in a package forwarded to the County Executive for review and decision, and ultimately published in the Advertised Budget Plan.

## December through Early January

### Department of Management and Budget

The Department of Management and Budget finalizes recommendations on upcoming fiscal year requirements. These recommendations are forwarded to the County Executive and the Deputy County Executives.

### Senior Management Meetings

The County Executive meets with the Senior Management Team to discuss budget issues and priorities for the upcoming year and beyond.

### County Executive Meetings

The County Executive, Deputy County Executives, and Department of Management and Budget staff meet to discuss budget recommendations.

## February

The County Executive releases the upcoming year's Advertised Budget Plan, which summarizes estimated revenues, expenditures, transfers, agency goals, objectives and performance data. In addition, sections are included to show major budgetary/financial policies and guidelines used in the fiscal management of the County.

# Budget Process

---

## March through May

### **Third Quarter Review**

In mid-March, the Department of Management and Budget conducts the Third Quarter Review on the current year Revised Budget Plan including a line item analysis of expenditure requirements. The Department of Management and Budget's recommendations are forwarded to the County Executive for review and adjustment. The package is then forwarded to the Board of Supervisors for action.

### **Public Hearings**

Public hearings are held on the upcoming year's Advertised Budget Plan, the Capital Improvement Program and the Third Quarter Review providing a forum for County citizens to voice their opinions.

### **Board of Supervisors' Action on the Third Quarter Review and the Advertised Budget Plan**

After public hearings, the Board of Supervisors approves the Third Quarter Review. Included are revisions to current year revenue estimates, which are used as the basis for final adjustments to the next fiscal year's budget. Following the public hearings on the Advertised Budget Plan, the Board of Supervisors conducts a mark-up session in which adjustments to the Advertised Budget Plan are made.

### **Board of Supervisors' Action on the Adopted Budget Plan and Tax Rate**

Following the mark-up session, the Board of Supervisors adopts the budget and establishes tax rates for the upcoming year.

## June

### **Adopted Budget Plan Distributed**

Copies of the Adopted Budget Plan are distributed on CD-ROM to all County agencies and made available at County libraries and at the Publications Center in the Government Center. The budget is also published on the Department of Management and Budget's website: <http://www.fairfaxcounty.gov/dmb/>.
