

Fund 304

Primary and Secondary Road Bond Construction

Board of Supervisors' Adjustments

The following funding adjustments reflect all changes to the FY 2007 Advertised Budget Plan, as approved by the Board of Supervisors on May 1, 2006:

- ◆ The Board of Supervisors made no adjustments to this fund. However, it should be noted that as part of the FY 2007 - FY 2011 Capital Improvement Program, the Board approved a Transportation Bond Referendum for fall 2007 in the amount of \$100 million. Staff will return to the Board of Supervisors with a recommended project list to include prioritized roads, sidewalks, trails, bike routes, bus stop improvements and pedestrian connections and other components of the transportation network.

Focus

This fund supports the land acquisition, design and construction of County roads. During the 1981 Session of the Virginia General Assembly, legislation was approved that authorized counties with a population over 125,000 to undertake secondary roadway improvements through the use of General Obligation bond revenues or General Fund revenues. Prior to this action, the construction and maintenance of all roadways in Fairfax County had been the exclusive responsibility of the Virginia Department of Transportation (VDOT). The road bond construction program was most recently financed by General Obligation bonds approved by the voters in November 2004 in the amount of \$55 million.

This fund has been supplemented periodically with General Fund monies and state aid to support spot improvement projects as approved by the Transportation Advisory Commission (TAC) and the Board of Supervisors. These projects consist of intersection improvements such as turn lanes, sidewalk and trail connections, and bus stop improvements. Generally, these improvements are low-cost, quick-hit projects to improve mobility, enhance safety, and provide relief for transportation bottlenecks throughout the County.

Funding of \$1,000,000 is included in Fund 304, Primary and Secondary Road Bond Construction, to continue the implementation of priority projects associated with the TAC Spot Improvement Program in FY 2007. This program is supported by the allocation of House Bill 599 state revenues received by the County.

Changes to FY 2006 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2006 Revised Budget Plan since passage of the FY 2006 Adopted Budget Plan. Included are all adjustments made as part of the FY 2005 Carryover Review and all other approved changes through December 31, 2005:

- ◆ As part of the *FY 2005 Carryover Review*, the Board of Supervisors approved an increase of \$60,841,303 due to the carryover of unexpended project balances in the amount of \$35,141,345, the appropriation of \$25,524,000 in bond funds to support the Board of Supervisor's Four-Year Transportation Plan, a transfer of \$119,816 from Fund 300, Countywide Roadway Improvement Fund to complete the Telegraph Road/Florence Lane project, and an increase of \$56,142 in developer contributions.

Fund 304

Primary and Secondary Road Bond Construction

The following funding adjustments reflect all approved changes to the FY 2006 Revised Budget Plan from January 1, 2006 through April 24, 2006. Included are all adjustments made as part of the FY 2006 Third Quarter Review:

- ◆ As part of the *FY 2006 Third Quarter Review* the Board of Supervisors approved an increase of \$976,000 associated with the appropriation of bond funds approved as part of the fall 2004 Transportation Bond Referendum in the amount of \$1,076,000 partially offset by a transfer of \$100,000 to Fund 301, Contributed Roadway Improvement Fund to support County matching funds associated with a Job Access/Reverse Commute grant for pedestrian improvements in the Tyson's area.

A Fund Statement, a Summary of Capital Projects, and a Project Detail Table for the project funded in FY 2007 are provided on the following pages. The Summary of Capital Projects may include some projects without a Total Project Estimate amount. These projects are considered "continuing" projects or projects for which funding is necessary on an ongoing basis (e.g., a contingency or planning project). The Project Detail Table includes project location, description, source of funding and completion schedules.

Fund 304

Primary and Secondary Road Bond Construction

¹ The sale of bonds is presented here for planning purposes only. Actual bonds sales are based on cash needs in accordance with Board policy. On November 2, 2004, voters approved a Transportation Bond Referendum in the amount of \$165 million, of which \$55 million was included for roadway and pedestrian improvements in Fund 304. An amount of \$20.71 million from the 2004 bond referendum was sold as part of the Summer 2004 Bond Sale for implementation of the Board of Supervisor's 4 Year Transportation Plan. In addition, an amount of \$2.01 million has been applied to this fund in bond premium. An amount of \$34.29 million remains in authorized but unissued bonds from the November 2, 2004 bond referendum.

² Represents House Bill 599 state revenues.

³ A total of \$18,785,000 in revenue from the Virginia Department of Transportation (VDOT) is associated with Project 064233, Spring Hill Road (\$7,700,000), Project 064246, South Van Dorn/Franconia Interchange (\$7,585,000) and Project 064248, Fairfax County Parkway Widening (\$3,500,000). To date, an amount of \$509,108 has been received and \$18,275,892 is anticipated in FY 2006.

⁴ Reflects revenue in the amount of \$1,875,000 from the Governor's Congestion Relief Program for improvements to County intersections to meet air quality standards and relieve traffic congestion.

⁵ Developer contributions of \$92,420 are anticipated in FY 2006 associated with Project 064233, Spring Hill Road (\$12,420) and Project 4YP002, Route 1/Post Office Left Turn Lane (\$80,000).

⁶ Reflects a Transfer In from Project 006615, Telegraph Road/Florence Lane in Fund 300, Roadway Improvement Fund based on project completion.

⁷ Reflects an amount of \$1,800,000 in FY 2005 transferred to Fund 301, Contributed Improvement Fund, to support Project 006616, Gallows/Annandale/Hummer Roads construction.

⁸ Reflects an amount of \$100,000 to support County matching fund associated with a Job Access/Reverse Commute Grant for pedestrian access improvements in the Tyson's area.

⁹ Capital projects are budgeted based on the total project costs. Most projects span multiple years, from design to construction completion. Therefore, funding for capital projects is carried forward each fiscal year, and ending balances fluctuate, reflecting the carryover of these funds.
