customers and employees will support what they help create. Therefo
customers and employees to redesign our processes and configure the s
idea should be dismissed before it is explored. Business Process Redes
of our organizations.
8 Change is Good
Change management is critical to the success of the FOCUS project. Wh
must embrace and welcome change if our organizations are to continue
vow to eliminate barriers to change and keep an open mind.
pported and Sustained Training
is critical to the success of FOCUS not only at the time of "Go L
s of the system in the future. Resources must be committed to
ously trained to take full advantage of the SAP capabilities.
s not an Option
olutionize the way County and School business is condu
