

Parking Lot/Other concepts:

- Pre-K (1,000 on waiting list) – where are the needs
- Operational requirements associated with CIP projects
- How do we better coordinate between County and Schools, developing joint/shared facilities, collaborating on renewals, using energy savings to support future debt
- Examples of where we could do joint projects – need to understand when projects are on the horizon
- What is the plan if BOS increases school bond sales
- Business community (Chamber of Commerce) involvement and their thoughts on our renovations
- Facilities Planning Advisory Council- brief the group (not meeting community needs, taking too long to renovate facilities)
- Turf field task force – development and replacement needs - do as part of renewal
- Arts Center within a school for community use
- Is there a way to do more minor maintenance and spread out major renovations
- How are programming changes like additional requirements for AAP schools prioritized against what is already in the CIP.
