

Infrastructure Financing Committee (IFC)

Primary Goals:

1. Achieve a common understanding of the opportunities and challenges regarding the CIP process, existing capital infrastructure and opportunities for financing capital requirements through a structured collaborative discussion by FCPS and Fairfax County Government
2. Develop long term maintenance plans for both County and Schools including annual requirements and reserves
3. Evaluate ways to further reduce capital project costs for both County and School infrastructure
4. Better coordinate the use of facilities and discuss options for joint County/School use, while eliminating barriers/obstacles
5. Consider all forms of financing to begin to close the gap between the requirements for both County and School facilities and specifically consider the request from schools for additional bonds sales
