Ending Balance³	\$428,896	\$108,172	\$98,858	\$98,858	\$0

¹ Represents payments from homeowners for their contribution toward construction costs associated with improvements in their neighborhoods. Bond funds are used to finance these projects, and upon completion of construction, the improvements are assessed and the homeowners make their payments with interest. Funds received (i.e., both principal and interest) are periodically transferred to Fund 200, County Debt Service, to partially assist in paying the debt service costs associated with Neighborhood Improvement projects.

² The Transfer Out to Fund 200, County Debt Service, offsets debt service costs associated with the issuance of General Obligation Bonds.

³ Capital projects are budgeted based on the total project costs. Most projects span multiple years, from design to construction completion. Therefore, funding for capital projects is carried forward each fiscal year, and ending balances fluctuate, reflecting the carryover of these funds.
