Instructions for Applying for a Certificate-to-Operate (CTO) – Calendar Year 2012

(Reading the guidelines will help you complete you application.)

Re: Certificate to Operate (CTO) - 2012

Dear Solid Waste Collector:

Pursuant to the Code of the County of Fairfax § 109.1-4-2 and 109.1-4-7, any person or company that engages in the business of collecting solid waste in Fairfax County must first obtain a Certificate-to-Operate (CTO) from Fairfax County.

In order to obtain a CTO, your company must apply for a CTO, have vehicles inspected and obtain approval from the Director of the Division of Solid Waste Disposal and Resource Recovery (DSWDRR). County staff has up to 30 days from receipt of your application to approve the CTO.

Prior to receiving your CTO, your company must complete the following:

1. **Complete the Enclosed Application** and submit it to the I-66 Permit Office, 4618 West Ox Road, Fairfax, Virginia 22030. Upon approval of the application, the Director will send your CTO to you. You may not operate in the County without a CTO. Note the following important requirements:
 - Statement of Service must be attached that complies with the Code of Fairfax County § 109.1-4.2. You must also demonstrate how your company annually notifies its customers about its services and the date(s) of the notification(s).
 - Companies that have only one truck permitted for collection must provide a signed statement from another permitted collector, who will serve as backup should the applicant/permit holder be temporarily unable to operate its routes.
 - Companies must show evidence of paying the Business Professional Occupational License (BPOL) tax.
 - Owner(s) of business must be designated, including address and contact phone number. If a corporation, corporate office information must be disclosed including the registered agent and State Corporation Commission (SCC) registration number.
 - Authorized Agent(s) may be listed along with address and phone number.
 - Vehicles must be parked in an appropriate zoning area.
 - Register Recycling Vehicles: Companies must provide the number of vehicles used to collect recyclable materials. Count vehicles that also collect waste, if the vehicle is used for both activities. In addition, please indicate if your company collects recycling single-stream.

2. **Vehicle Inspections** must be completed when you register your vehicles. Following the inspection, a copy of the form will be provided to your company. A sample of the inspection form is attached.
3. **Establish Tare Weights** when visiting a County disposal site for inspection.
4. **Permit any Special Collection Vehicles** (pickups, stake-body, dump trucks) used to collect bulky items. These must be permitted as “disposal” vehicles and receive the appropriate decals. The Director has waived the bond requirement for a limited number of these vehicles.
5. **Bond to Meet New Requirements** and submit to the County. Per the Code of the County of Fairfax § 109.1-4-7, the bond amount must be deemed adequate by the Director. The period of the bond must be for one year or longer, at your discretion. A copy of the new bond form is attached. Continuation Certificates will not be accepted.
6. **Pay Vehicle Permit Fees** that are due on your renewal date. The fee is \$120.00 for each vehicle permit.
7. **Affix New Vehicle Permit Decals**: New decals will be issued once you have had your vehicles inspected and registered. Vehicle permits must be renewed annually.
8. **Sign Rules and Regulations**: Please read, sign, and return a copy of the Facility Rules and Regulations. Any violation of these rules may result in penalty fees.
9. **Submit New W-9**: The Fairfax County Department of Tax Administration requests all companies that conduct business in the County provide a Business Tax Identification Number.
10. **Waste Delivery/Disposal Agreements (WD/DAs)** will continue to be negotiated on an annual basis and new agreements will be sent to your company by separate correspondence in May 2012.

Please review the enclosed additional Administrative Reminders as they contain important information about collection activities in Fairfax County.

If you have any questions regarding this letter or any permitting requirements, contact Dynita Glenn at the Division of Solid Waste Disposal and Resource Recovery, 703-324-5230 or Leslie Marshall at the I-66 Permit Office, 703-631-0495.

Administrative Reminders and Things to Know About Collection Activities within Fairfax County CY 2012

Payment Procedures

Invoices from the Division of Solid Waste Disposal and Resource Recovery (DSWDRR) are due and payable by the due date shown on the monthly invoice. If not received on time, a finance charge will be assessed on the outstanding balance from the first day following the day such amount is due, at the rate of 10% annualized or \$10, whichever is greater. This charge will show on the next monthly invoice as a separate line item. Please make your checks payable to County of Fairfax – DSWDRR. There is a \$35 charge for returned checks.

Lost Tickets

Companies may request a copy of a lost ticket by calling the LIS Admin Office at 703-324-5230. A \$10 fee per ticket will be charged for a signed ticket. If an electronic ticket is needed, the cost will be \$5 per ticket.

Replacement of Vehicle Plate or Decal

A \$20 replacement fee will be charged for each lost permit plate or decal.

Need to Provide Email Address

Companies must provide an email address to DSWDRR so that emergency notices, policy changes and other important information can be quickly sent to you.

Origin & Type of Waste Material

Drivers are required to identify the origin and type of the material they are delivering to the disposal facilities. This allows the County to track the origins and types of waste required for state reports. Drivers who misidentify either the origin or type of material may cause their company to be charged a higher disposal fee per the Waste Delivery/Disposal Agreement (WD/DA) or Facility Rules and Regulations.

Safety

Please operate carefully on your collection routes and remind drivers to drive safely in our neighborhoods and at County disposal facilities.

Safety vests with reflective material or clothing with reflective markings (orange or yellow), must be worn by your employees who get out of their vehicles at the I-95 Energy/Resource Recovery Facility (Covanta), the I-95 Landfill Complex, or the I-66 Transfer Station Complex. This is a safety requirement to ensure that your employees are visible on the tipping floor.

Out-of-State Waste

Out-of-State waste is not accepted at the I-66 Transfer Station. Out-of-State waste may be disposed at the I-95 Energy/Resource Recovery Facility (Covanta) with prior approval by the Director as part of the WD/DA.

Out-of-County Waste

Companies may bring waste from outside Fairfax County with prior approval of the Director. This approval is granted as part of the WD/DA. Drivers are responsible to alert scale operations staff if a load of waste contains a significant amount of Out-of-County waste. Drivers who misidentify the waste as Fairfax County waste may cause their company to be charged a higher disposal fee per the WD/DA or Facility Rules and Regulations.

Changes to Company Information

Companies must keep the County informed of changes to important information in the application such as ownership, billing address, email address, phone numbers, company representatives, vehicle information, bond or insurance information, parking location of vehicles, rates, statements of service, etc.

Recycling Signage

Recycling signs should only be displayed on vehicles when drivers are collecting recyclables. The signs must be removed when transporting and disposing waste.

CTO Renewal

The company is required to renew its CTO in a timely manner. If the company has a valid bond but has not completed the CTO process before the current CTO expires:

- The company will immediately lose its contract rate and pay the system fee of \$60/ton for day 1 – 7 after the CTO expires.
- For day 8 to 14 beyond the CTO expiration, the company will be charged \$75/ton for all waste loads.
- If the CTO is not renewed by 15 days, the CTO is suspended and the company can no longer collect waste in Fairfax County.

The company is responsible for completing and submitting all documents and meeting all CTO requirements.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.
