Subject: Residential Compatibility Meeting Notice

A public meeting is scheduled for June 24, 2008 at 7:00 pm in Conference Rooms 9 and 10 of the Fairfax County Government Center, located at 12000 Government Center Parkway, to review proposed new ordinance requirements designed to address compatibility of new home construction. The proposed new requirements include a revised definition for building height to be measured from the lower of new grade or existing grade and require a new angle of bulk plane measurement that limits the bulk of a new home in relation to its property lines. If you are interested in this topic, please plan to attend the meeting. Thank you in advance for your participation.

Please contact Jack Reale at [Jack.Reale@fairfaxcounty.gov](mailto:Jack.Reale@fairfaxcounty.gov), or by calling 703-324-1314, or TTY 711 with the Department of Planning and Zoning, if you have any questions.
