

FOREWORD

2011 PUBLIC FACILITIES MANUAL

The 2011 Public Facilities Manual (PFM) is a reprint of the 2001 PFM developed to provide a more useful document for the engineer, architect, surveyor, contractor and the public. This edition of the PFM is designed to include formatting changes, edits and amendments through #107-11-PFM and supersedes all previous editions. The metric units of measurements and plates have been removed to be consistent with land development industry standards.

If you have any questions or comments regarding the PFM, please contact the Site Code Research and Development Branch of the Department of Public Works and Environmental Services.

Prepared by the
Department of Public Works and Environmental Services

Adopted by the
Fairfax County Board of Supervisors
on
June 7, 2011

(Effective at 12:01 a.m. on June 8, 2011)
