

Huntington Flood Damage Reduction Project Community Meeting

Walt Whitman Middle School
Alexandria, Virginia

April 24, 2007

Welcome and thank you for coming. The purpose of this evening's meeting is to provide an opportunity for you to remain informed and involved in the Fairfax County flood damage reduction project being conducted by the U.S. Army Corps of Engineers for the Huntington and Huntington Station communities. The goal of this meeting is to provide a forum to disseminate the information regarding the project and for the County to receive your constructive feed back.

An hour has been reserved prior to the formal presentation to allow the attendees to preview the various alternatives being evaluated. Staff members of both the U.S. Army Corps of Engineers and Fairfax County Government will be at the various displays to respond to any individual concerns or questions you may have.

In addition to this agenda, you should have also received a short questionnaire. Please take the time to fill it out in order to provide us additional information on your interests and concerns about the various alternatives under consideration.

Agenda

6:30 - 7:30	Informal preview and discussion of alternatives
Location:	Hall Corridor
7:30 – 8:30	Introductions and formal presentation
