Quality of Water = Quality of Life

Student Wastewater Science Project

Fairfax County Wastewater Management

As part of Wastewater Management Sewer Science Program, we are pleased to assist Fairfax County high school students with their science projects. Interested students may apply to this free program.

Guidelines:

- A maximum of two slots will be available each semester.
- All applications will be processed on a first-come, first-served basis.
- Project proposals must be original as developed by the students.
- Applications with project due dates of less than one month from time of application will not be considered.
- Students must be available during the laboratory's regular business hours of 6:30 a.m. to 4 p.m., Monday through Friday.
- All proposals for projects must be related to wastewater.

Please read and complete the application form.

Please send the completed form to:
