LAND UNIT A

Land Unit A is located in the western quadrant of Baileys Crossroads and is bounded by Leesburg Pike to the north and Columbia Pike to the south. The Courtland Park Neighborhood Improvement District, a single-family residential neighborhood planned at 2-3 du/ac, and the multi-family Culmore area, planned at 16-20 du/ac, form the residential edge. Dominant features of this area include the community-serving Culmore and Baileys Crossroads Shopping Centers.

The remaining portions of Land Unit A are developed as neighborhood- serving office and retail uses, except between Washington Drive and Payne Street, and west of Courtland Drive, where more intensive office uses are located.

Within the overall Concept for Future Development for Baileys Crossroads, the following recommendations apply to specific sub-units of Land Unit A:

Sub-Unit A-1

The focus of this sub-unit is the Culmore Shopping Center and adjacent, related commercial uses. Parcels 61-2((12))4 and 4A, west of the Culmore Shopping Center, are CBC gateway locations and the boundary of commercial development on Leesburg Pike in Land Unit A. These parcels, and Parcels 61-2((12))1-1C to the east of Culmore Shopping Center, are planned for neighborhood-serving retail uses complementary to the shopping center up to .35 FAR. As an option, retail and office mixed use up to .50 FAR may be considered if logical consolidation is achieved, pedestrian linkages with adjacent residential uses are provided, and building heights do not exceed 40 feet.

The Culmore Shopping Center (Parcels 61-2((12))2 and 3) serves as a highly accessible source of everyday goods and services to the neighboring community and any revitalization or redevelopment should retain this function. This area is planned for retail and office use up to .50 FAR. Because of the age and configuration of existing structures, continuing revitalization of the shopping center is needed. Parking lot landscaping, coordinated signage, pedestrian linkages with adjacent residential areas, and facade improvements are encouraged. As an option, retail and office mixed use up to .70 FAR may be considered for this area if logical consolidation with all or portions of Parcels 61-2((1))121 and/or 122 to the south is achieved in accordance with the guidance shown in the Area I volume of the Comprehensive Plan, Baileys Planning District, B5 Barcroft Community Planning Sector, Land Use Recommendation 3.

Sub-Unit A-2

*existing
in village*

The parcels east of Charles Street, Tax Map 6-12((18))1-3, are planned as an office conversion zone, with office use in the existing residential structures. Or, as an option, townhouse- style office use up to .35 FAR may be appropriate if all three parcels are consolidated. The remainder of this area is planned for neighborhood serving retail and office uses up to .35 FAR. Building heights within this sub-unit should not to exceed 40 feet, and buffering to adjacent residential neighborhoods should consist of a solid wall and landscaping with a setback area designed as a transition to adjacent residential uses.

Sub-Unit A-3

The focus of this sub-unit is the Baileys Crossroads Shopping Center, located directly west of the Columbia Pike/Leesburg Pike interchange. Revitalization of the existing shopping center which may include expansion and redevelopment within the sub-unit should provide facade

RE: Proposed Amendment to the Comprehensive Plan

Dear Mr. Waldrop:

You are listed in the records of Fairfax County, Virginia, as the owner of the properties described below. The purpose of this letter is to notify you that I will soon be nominating your properties, under the 2009-2010 South County Area Plans Review Process, to the Fairfax County Planning Commission for a possible amendment of its land use designation.

Property Addresses:	3401 & 3424 Charles Street
Tax Map Numbers:	0612 18 0001; 0612 18 0002; 0612 18 003; and 0612 18 0004
Supervisor District:	Mason

The current Comprehensive Plan recommendation for your property is "office" with the attached plan text detailing more specific recommendations.

I am proposing that the Plan be amended to allow for neighborhood serving retail uses or townhouse-style office uses as described on the attached proposal.

The proposed development would consist of a commercial building containing retail space or a townhouse-style office.

Any comments or questions you have about this specific nomination should be directed to me at: 6045 Wilson Boulevard, Suite 100, Arlington, Virginia, 22205, 703-534-4800. If you have questions about this process, contact the Planning Commission office at 703-324-2865 or at 12000 Government Center Parkway, Suite 330, Fairfax, Virginia, 22035. Information regarding the

Area Plans Review process may be viewed at the APR Web site at www.fairfaxcounty.gov/dpz/apr.

Sincerely,

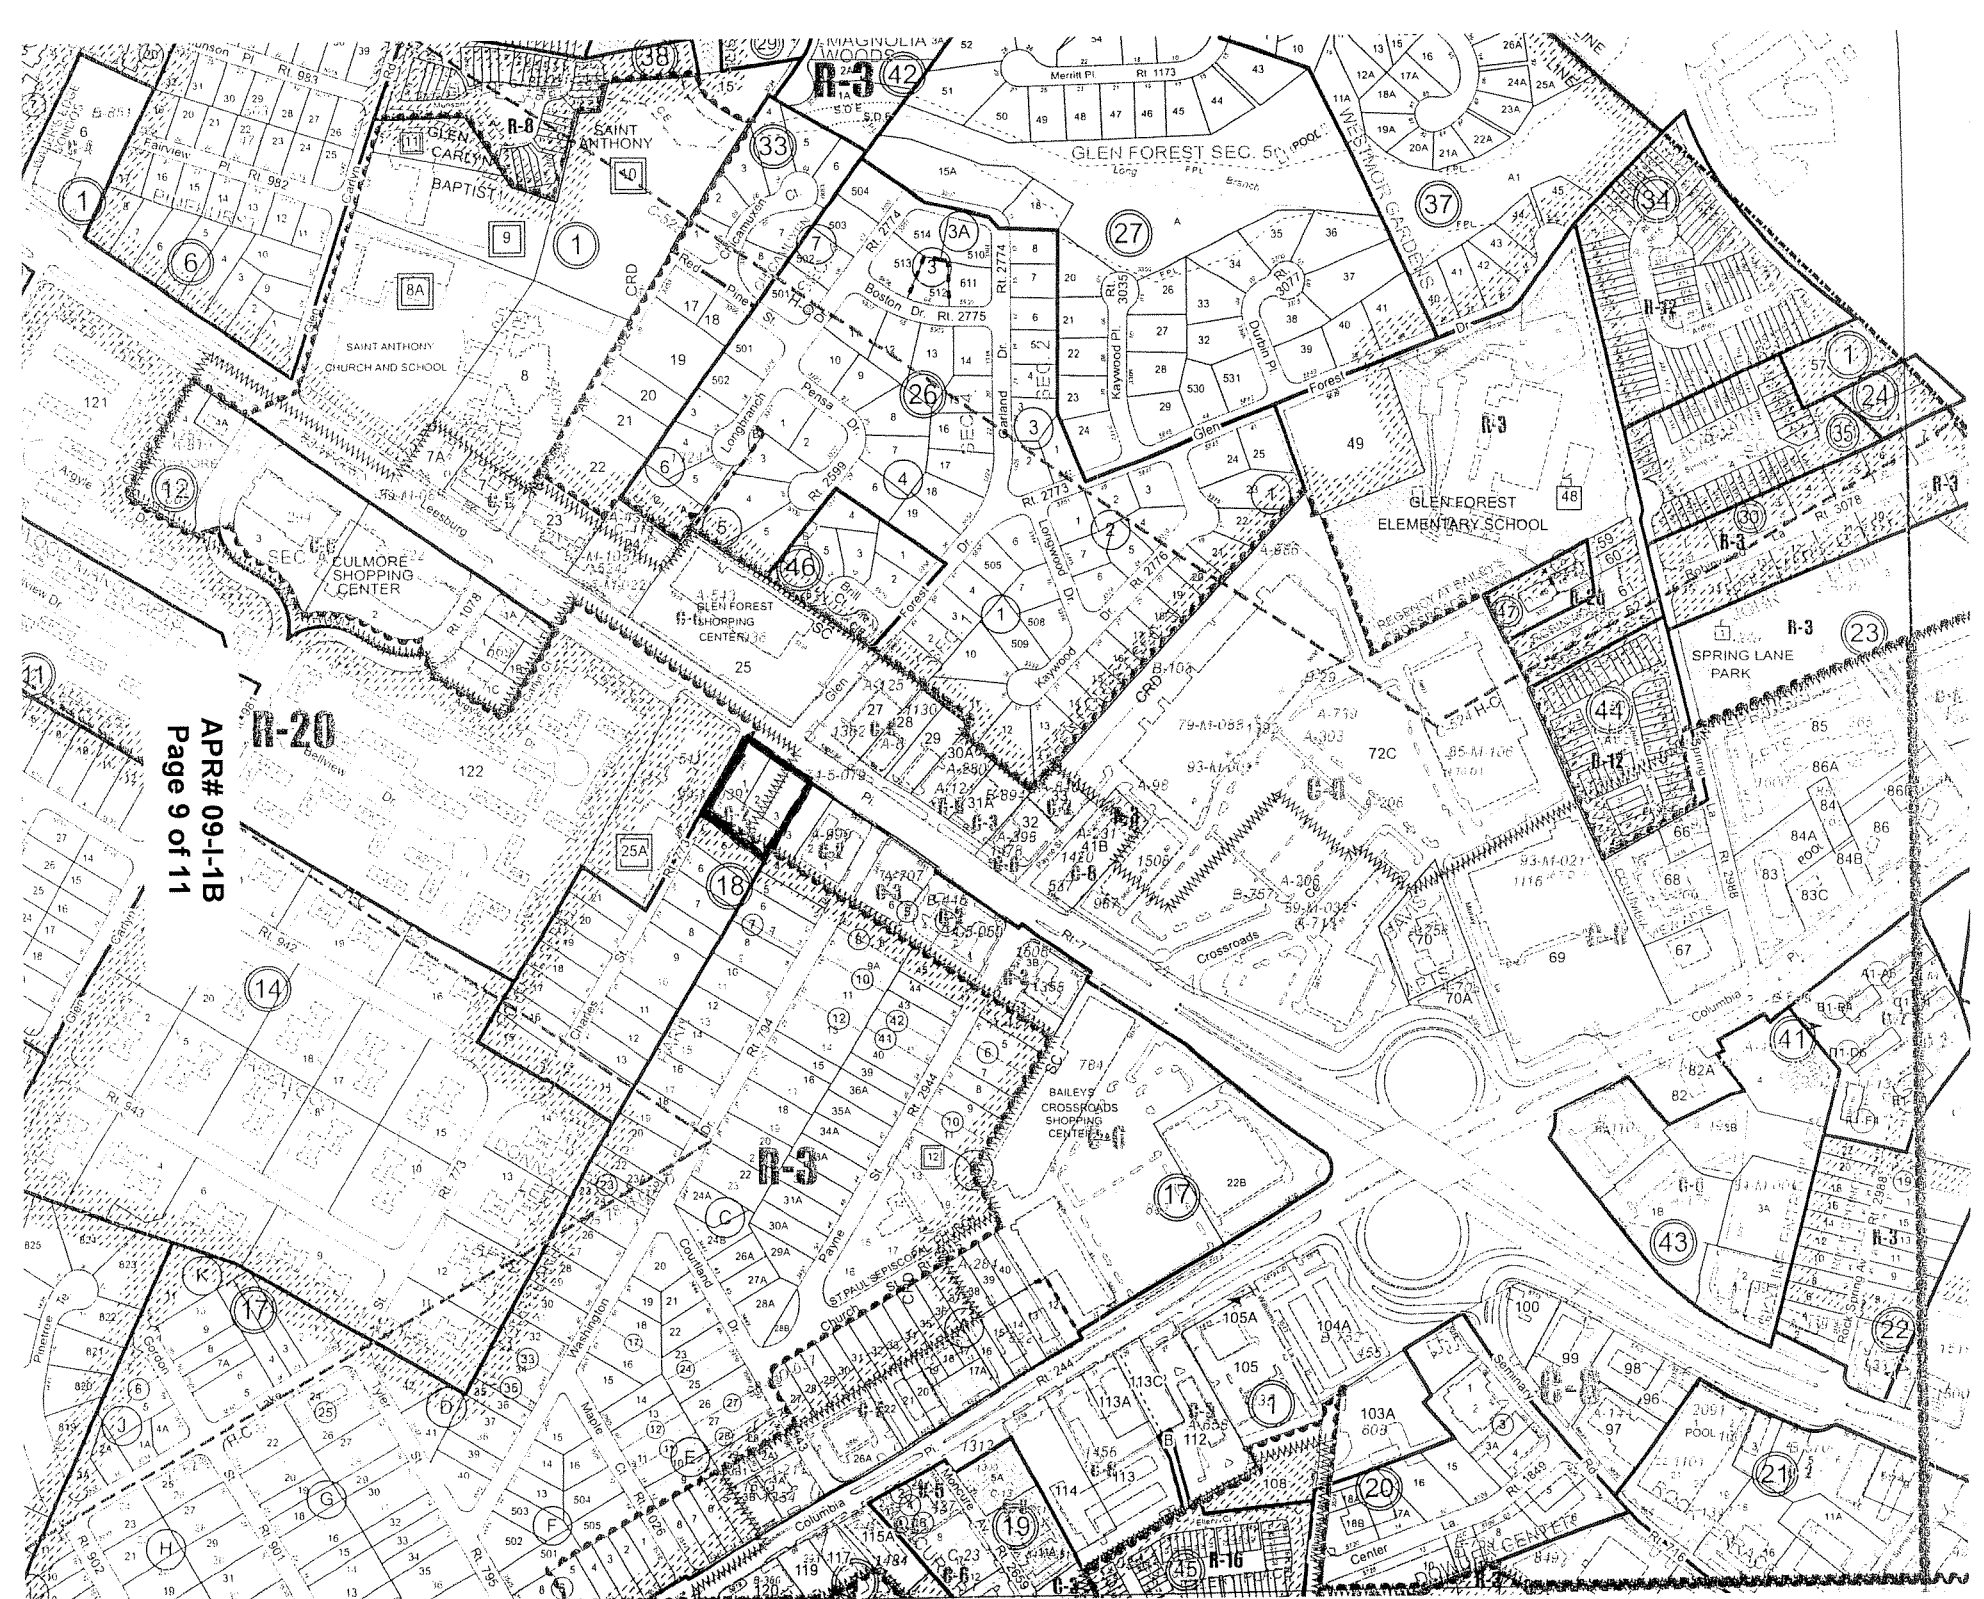

Handwritten signature of William B. Lawson, Jr. in black ink, appearing as "WBL JR" with a small "JD" or similar mark below the "R".

Proposed Comprehensive Plan Language

The parcels east of Charles Street, Tax Map 6-12((18)1-4, are planned for neighborhood-serving retail uses up to .35 FAR. As an option, townhouse-style office use up to .50 FAR may be considered. The remainder of this area is planned for neighborhood serving retail and office uses up to .35 FAR. Building heights within this sub-unit should not exceed 40 feet, and buffering to adjacent residential neighborhoods should consist of a solid wall and landscaping with a setback area designed as a transition to adjacent residential uses.

Description of Appearance of Proposed Development

Retail development would likely occur in a new one or two story commercial building. Office development would occur in a townhouse style building not to exceed 40 feet. In either scenario, surface parking is likely.

Statement of Justification

Overview

Please consider this document to be the nominator's statement of justification for the proposed APR amendment to the comprehensive plan for the site consisting of Tax Map Numbers 0612 18 0001 through 0612 18 0004 (collectively, the "Property"). The nominator believes that the proposal would cure oversights or land use related inequities in the adopted plan that affect the Property.

Property Description

The Property consists of four parcels located adjacent to Leesburg Pike and/or Charles Street in the Bailey's Crossroads section of Fairfax County. The Property is encumbered by proffers that were approved in connection with a rezoning application in May 1995. The proffers restrict the development of the property to townhouse-style offices at a density that makes the development of the Property economically unfeasible. As a result, the property has not been developed, despite the owner of the Property's numerous attempts to market the Property to potential users.

Justification for Proposed Plan Language

The existing plan language results in inequity. As stated above, the owner has unsuccessfully attempted to market the Property for many years; however, the Property remains undeveloped, despite its location adjacent to Leesburg Pike, a major arterial road. This is not a hardship shared with neighboring property owners, many of whom have successfully developed their properties with successful retail and/or office uses and which have comprehensive plan language that enables such development. For example, certain parcels located on Leesburg Pike in the vicinity of the Property (including Tax Map Numbers 0612 12 0004 and -0004A, and -0001 through -0001C) are planned for neighborhood-serving retail uses. The proposed plan language is designed to provide the owner of the Property with the flexibility to develop his property in a manner that is consistent with the options available to these other properties located along Leesburg Pike, while providing sufficient safeguards (height restrictions, buffering, building setbacks, etc.) to ensure that the development of the Property does not adversely affect neighboring properties.
