Each nomination must conform to the Policy Plan and must be related to the changes anticipated due to BRAC. Provide a written justification that explains why your nomination should be considered BRAC-related, based on the questions below (two-page limit):

- a. Why should this proposal be considered BRAC-related?
- b. How would the proposed changes serve the new employees and residents of Fort Belvoir and the surrounding area?
- c. What needs created by the BRAC directives does this proposal fulfill?
- d. How could the proposed uses address the transportation networks impacted by the changes anticipated in the area?
- e. What adverse impacts might be created and how would they be off-set?
- f. What is your anticipated timeframe for development, if the proposed uses were to be approved?

#### Sub-unit A-3

Located at the southwest corner of Richmond Highway and Sacramento Drive, Sacramento Center is planned for community-serving retail use with an intensity of up to 50 FAR if the following conditions are met:

Deleted: 35

- Building heights are tapered down toward adjacent residential uses;
- An efficient internal vehicular circulation system is provided. Access points are consolidated and placed away from existing intersection;
- Adequate right-of-way is provided for the adjacent intersection improvements and road widening;
- A pedestrian circulation system which encourages pedestrian traffic within the development, and to adjacent developments is provided;
- Adequate measures to mitigate against environmental impact should be provided. The related floodplain and wetland area should be protected in accordance with Plan objectives, as well as other applicable guidelines and regulations; and
- Substantial buffering and screening are provided to adjacent residential and other existing uses.

As an option, with full consolidation Sub-unit A-3 may be appropriate for commercial development at an intensity of up to 1.50 FAR if the development includes primarily office, with hotel and/or retail uses, and meets the following additional conditions:

- The traffic impact of the proposed development is thoroughly analyzed and mitigated using a Transportation Demand Management (TDM) program that may include shuttle bus service, Metrorail subsidies, and vanpool and carpool matching services;
- Inclusion of urban design elements such as streetscaping, public art, pedestrian plazas, cultural/recreation facilities, landscaped open space, landmarks or building designs which will denote this area as a focal point of the Woodlawn Community Business Center. The urban design recommendations found at the end of this Plan are to be used as a guide.

### PART 6: JUSTIFICATION

#### a. Proposal is BRAC related.

This nomination seeks to anticipate revitalization and redevelopment opportunities on Richmond Highway which may arise from the Base Realignment and Closure (BRAC) decisions to relocate about 19,000 Department of Defense jobs to Fort Belvoir by 2011. While the largest components of the BRAC relocations will be situated at the Engineer Proving Ground and elsewhere, the south post of Fort Belvoir near Richmond Highway also will experience a large increase in its daytime population. Approximately 5,500 additional jobs will be brought to south post with the new DeWitt Army Community Hospital (2,069 jobs), relocations of Army leased space (2,720 jobs), elements of the Program Executive Office for Enterprise Information Systems (480 jobs) and Missile and Space Defense Agencies (292 jobs).

Increased Defense activity at Fort Belvoir is expected to generate off-post economic activity. The extent to which government contractors will require office space near Fort Belvoir remains a matter of speculation. This nomination will permit as an option office development on a few key parcels on Richmond Highway, convenient to Fort Belvoir, in the event the market finds sufficient demand from contractors for such space.

#### b. Serves Fort Belvoir and surrounding area.

Richmond Highway is the primary entry point for the south post of Fort Belvoir. As a commercial corridor, the highway provides access to services, retail shopping and dining for the population both on the post and in the surrounding southeastern Fairfax communities. With an eye toward accommodating the future office space needs of contractors seeking to be close to their accounts at Fort Belvoir and lodging needs for visitors to the base and the area's tourism venues, this nomination will permit development of office, hotel and support retail on a few key highway parcels. Expanding the daytime office population on Richmond Highway is essential to the long-term economic health of the corridor. Today's very limited Class-A offices inventory on Richmond Highway is insufficient to support the range of restaurant and other retail opportunities desired by the community. This nomination also will aid in Fairfax County's important fiscal goal to expand its commercial tax base, which currently accounts for only 19 percent of the County's total real estate assessment base.

#### c. Fulfills BRAC-created needs.

The BRAC directives will be shifting concentrations of Defense-related employment within the region to southeast Fairfax where the existing inventory of office space is minimal. This nomination will permit as an option office, hotel and retail development on a few key parcels on Richmond Highway, convenient to Fort Belvoir, in the event the market finds sufficient demand from contractors and others for office and lodging.

**d. Addresses transportation networks impacted by anticipated changes.**

Impacts on the region's transportation networks can be lessened somewhat by the development of new office and retail in proximity to Fort Belvoir. If government contractors have offices close to the Defense agencies with which they work, those contractors will be traveling less frequently on regional transportation networks to service their accounts.

**e. Offsets adverse impacts that might be created.**

Transportation impacts are of genuine concern for any significant development. In this case, the nominated parcels are a half mile from Richmond Highway's intersection with Old Mill Road. The Federal Highway Administration, in conjunction with the Army, VDOT and the County, is planning intersection improvements here and a new four-lane divided roadway (following Old Mill Road) through Fort Belvoir to restore a vital east-west connection from the highway corridor to Telegraph Road. When completed, this new road will improve traffic circulation in this area. The nominated parcels also are situated on a highway corridor that boasts enhanced bus service (Richmond Highway Express, Fairfax Connector and Metrobus). These existing transit options will allow for creative transportation demand management initiatives (e.g., shuttle bus service, Metro subsidies for employees and vanpool and carpool matching services) to minimize transportation impacts should redevelopment occur as a result of a revised Comprehensive Plan.

Environmental impacts deserve close attention in light of the proximity of environmentally sensitive areas to the nominated parcels. One of the important benefits of a redevelopment project, as proposed here, is the opportunity to implement the latest standards in storm water management and to provide ample open space in a well designed new development. The existing conditions of some of the older commercial developments involved here, with significant impervious surfaces and minimal open space, contribute to the degraded conditions in nearby environmental quality corridors.

**f. Anticipated timeframe for development.**

Office development in the Woodlawn Community Business Center will be dependant on market conditions and likely will occur in phases. An October 2005 Urban Land Institute Technical Assistance Panel Report on Richmond Highway suggested that a limited opportunity may exist on this southern portion of the highway for future BRAC-related office development combined with civic and cultural uses. The ULI panel recommended "allowing an FAR between 1.0 and 1.5" for such property assemblages and noted that most of the likely redevelopment sites currently are occupied by shopping centers and aging garden apartment complexes.

Dear Property Owner:

You are listed in the records of Fairfax County, Virginia as the owner(s) of the property described below. The purpose of this letter is to notify you that I will soon be nominating your property, under the 2008 BRAC-related Area Plans Review of the Comprehensive Plan Review Process, to the Fairfax County Planning Commission for a possible amendment of its land use designation.

Property Address: 8792 Richmond Highway and 8794 Richmond Highway  
Tax Map Number: 1092 01 0021B and 1092 01 0021C  
Supervisor District: Mount Vernon

The current Comprehensive Plan designation for your property is community serving retail use up to .35 FAR.

I am proposing that the Plan be amended to community serving retail use up to .50 FAR and as an option commercial development at an intensity of up to 1.5 FAR if the development includes primarily office, with hotel and/or retail uses.

The proposed development consists of office, hotel and/or retail uses. Please see nomination for detailed information.

Any comments or questions you have about this specific nomination should be directed to me at 8850 Richmond Highway, Suite 105, Alexandria, Virginia 22309 or 703.360.5008.

If you have questions about this process, contact the Planning Commission office at 703-324-2865 or at 12000 Government Center Parkway, Suite 330, Fairfax, VA 22035. Information regarding the BRAC-related Area Plans Review process may be viewed at the APR Web site at [www.fairfaxcounty.gov/dpz/apr](http://www.fairfaxcounty.gov/dpz/apr).

**RE: BRAC APR Nomination; PC 2008-025 (BRAC # 08-IV-12MV)**

Dear Mr. Neel:

The purpose of this e-mail (a copy of which will be retained for the record) is to formally advise you that the above referenced BRAC APR Nomination (temporary id number) PC-2008-025 has been received by the Department of Planning and Zoning. I have reviewed the nomination as to its compliance with the submission requirements as set forth in the *Guide to the 2008 BRAC Area Plans Review* and have the following concerns:

- Part 4b of the nomination form asks for the Current Plan Map Designation, to which you indicated "See Attachment B". Attachment B contains the current Comprehensive Plan Text for Sub-Unit B-1, but does not provide the Plan Map designation. Therefore, I intend to correct the nomination to include "Retail & Other" in part 4b. Please let me know if you agree to this change.

**Failure to provide this information to the Department of Planning and Zoning by (10 business days from the date of the letter) will cause the nomination to be rejected.**
