

FAIRFAX COUNTY PUBLIC HEARING ON THE ENVIRONMENT

FAIRFAX COUNTY ENVIRONMENTAL QUALITY ADVISORY COUNCIL

Monday, January 7, 2013, 7:30 P.M.

Event Location	Remote Testimony Location
Board Auditorium Fairfax County Government Center 12000 Government Center Pkwy. Fairfax, Virginia	South County Center Room 221A (Woodlawn) 8350 Richmond Highway Alexandria, Virginia

A two-way audio and visual communication hookup will permit communication between the Government Center and the South County Center. Residents are encouraged to save time and energy by participating at their nearest location.

The Fairfax County Environmental Quality Advisory Council (EQAC) is appointed by the Fairfax County Board of Supervisors to advise on environmental matters. The public is encouraged to attend EQAC's public hearing to share views on the state of the environment and to identify environmental issues applicable to Fairfax County. Environmental issues considered by EQAC include water quality, air quality, noise, hazardous materials, solid waste, stream valley protection, wildlife management, light pollution, visual pollution, energy, climate change response and adaptation, land use, transportation and the use and preservation of ecological resources. While the timing of the public hearing tends to coincide with the timing of publication of EQAC's Annual Report on the Environment, the public hearing is not intended to focus on the Annual Report but is instead intended to hear your views and concerns regarding environmental issues of interest to you. EQAC welcomes written and/or verbal testimony.

To be placed on the speakers list or for additional information, call the Fairfax County Department of Planning and Zoning at 703-324-1380 (TTY 711) or send an e-mail message (and/or submit written testimony) to EQAC@fairfaxcounty.gov.

In case of inclement weather, call 703-324-1380, TTY 711, on the day of the public hearing.

**To request reasonable ADA accommodations, call the
Department of Planning and Zoning at 703-324-1380, TTY 711.**
