

Reston Master Plan Special Study Task Force – Information About Study Area Schools

The Reston Master Plan Special Study is within several school attendance areas, which are shown below, along with the existing school capacities, enrollments, and projected six year enrollments for the schools in the study area. It is noted that Coates and McNair Elementary, Carson Middle, and Westfield High schools are also within the Route 28 study area and would be impacted by new residential growth associated with that study, as well.
