Fairfax Hunt Club Rezoning Plan
Fairfax Hunt Club Petition_2-10-15.pdf
Subject:
Attachments:

Good afternoon,

Please find attached a request/petition to include buffer language in the Reston Master Plan II as it relates to the development/rezoning of Fairfax Hunt Club on Lake Fairfax Drive.

Hunt Club Cluster in Reston is the adjacent neighborhood that will be most affected by any future development/rezoning plans on that property and therefore, we would like language included in the master plan that will not only preserve the historical cemetery found on that property but also include language that will provide a reasonable buffer between that lot and our cluster.

Should you have any questions about our request, please do not hesitate to contact me.

Thank you in advance for your consideration.

Regards,
Ratha Bannon
Hunt Club Cluster President
