Hi Richard and Faheem,

Sorry to add to your load but you are missing two schools in the school section of plan text: Herndon Jr High and Herndon Sr. High. Reston kids living north of Baron Cameron go to these two schools. Reston/Herndon have always been arch rivals in HS sports and much of that stems from fact that Reston teens are divided between Herndon and South Lakes High Schools.

Coates, Carson and Westfields are either errors or catchments for kids in weird independent area in this study which is NOT RESTON just S of DTR/Herndon and W of Polo fields/Monroe St. and E of Clocktower shopping area. (Sorry but I am blanking on name of area - has the great new park adjacent to DTR and Harris Teeter I believe in a newer retail area; tons of TH's, some gated, etc...)

No Reston kids go to Carson/Westfields/Coates unless Polo Fields boundaries have been changed relatively recently... Also, I do believe that some WESTFIELDS kids may have been transferred INTO South Lakes HS when boundaries were last changed. There was a big stink about it and now SLHS is drastically overcrowded... "0 Whew! Hard to keep up with it all. Hope this helps.

Thanks for your kindnesses and all the work you do.  
Tammi Petrine
