**REZONING APPLICATION INFORMATION**  
**For Planned Development Districts**  
**(PDH, PDC and PRM)**

This publication contains information on how to process a rezoning application for a planned development housing (PDH), planned development commercial (PDC), and planned residential mixed use (PRM) zoning districts in Fairfax County. It includes instructions, a detailed list of submission requirements, an application form, an affidavit form, and a fee schedule. Additional copies of this publication are available from the Zoning Evaluation Division, Department of Planning and Zoning or from the County's web site at [www.fairfaxcounty.gov/dpz/zoning/applications](http://www.fairfaxcounty.gov/dpz/zoning/applications). Planned Development Districts (PDH, PDC, PRM) are intended to encourage innovative and creative design in residential, commercial and mixed use developments. They are also intended to ensure ample provision and efficient use of open space, promote high standards in layout, design and construction, mixed uses, and high density uses where appropriate. Rezoning applications for conventional districts are addressed in a separate publication.

**REZONING:** The rezoning of land is one of the instruments by which a change in land use occurs. It is also one of the primary means by which the County implements its Comprehensive Plan. A rezoning is typically a change in the zoning classification of a property from an existing district to a different district, such as from R-1 residential (1 dwelling unit per acre) to PDH-2 planned development housing (2 dwelling units per acre). The rezoning of land can only be approved by the Board of Supervisors.

The rezoning process for planned development districts is a two step process: the first is the approval of the rezoning and its associated Conceptual Development Plan by the Board of Supervisors; the second is the approval of the associated Final Development Plan by the Planning Commission. While these steps may occur sequentially, they are typically processed concurrently.

Any rezoning proposal is subject to a detailed review and analysis by staff and public hearings before the Fairfax County Planning Commission and the Fairfax County Board of Supervisors.

In order to request consideration of a rezoning, an application must be filed with the County by the owners, lessee, or contract purchaser of the land, or their designated agent, and must meet specific submission requirements.

**SUBMISSION REQUIREMENTS:** A rezoning application must meet the submission requirements as specified in Section 18-202, 16-501 and 16-502 of the Fairfax County Zoning Ordinance. A synopsis of the requirements is presented as page 8 of this package in a checklist format to provide a convenient way to ensure that all required items of the application package are submitted. In general, the submission requirements include an application form, a plan of the property showing existing and proposed uses, a zoning section sheet, a soil map for residential uses, an affidavit disclosing ownership and other interests in the property, a written statement describing the proposed use, owner concurrence in the application, any applicable overlay district information, and a fee. You may request a copy of the submission requirements from the Zoning Evaluation Division, Department of Planning and Zoning, at (703) 324-1290 or view the Zoning Ordinance from the County's web site at [www.fairfaxcounty.gov/dpz/zoningordinance](http://www.fairfaxcounty.gov/dpz/zoningordinance).

A rezoning or development plan amendment application may only be approved for a planned development if it satisfies the General Standards specified in Section 16-101 of the Zoning Ordinance, among other Zoning Ordinance requirements. A copy of these standards is presented on page 3 of this package.

**WHERE TO SUBMIT:** Rezoning application packages are to be submitted by mail or in person to:

Fairfax County Zoning Evaluation Division  
Department of Planning and Zoning  
12055 Government Center Parkway, Suite 801  
Fairfax, Virginia 22035

**ASSISTANCE:** For assistance in filing a rezoning application, information on the application process, clarification of these instructions, scheduling a presubmission meeting to discuss a potential submission or for help with a submission, please call the Zoning Evaluation Division at (703) 324-1290.

Preapplication meetings with County staff are available to anyone wanting to discuss a potential rezoning request. To request a preapplication meeting, please contact the Zoning Evaluation Division.

**HELPFUL HINTS.** The following “Helpful Hints” are provided to assist in the filing of a rezoning application:

- Each application is considered a “package” which must include all required elements when submitted. Applications will not be reviewed for acceptance until a complete package is submitted.
- Each applicant should designate a “single point of contact” who will be responsible for the application. This may be the applicant, agent, attorney, engineer, property owner, or other member of the application team.
- The application package should be reviewed for correctness and completeness prior to submission and to ensure that all parts are coordinated.
- Submitted rezoning plats and development plans should be folded so that they fit into an overall application package.
- All information, including any supplemental information which may be submitted, should be clearly marked to reference the specific application.

**Section 16-101 of the Zoning Ordinance: General Standards for a Rezoning to a Planned Development District**

A rezoning application may only be approved for a planned development if the planned development satisfies the following general standards contained in Section 16-101 of the Zoning Ordinance.

1. The planned development shall substantially conform to the adopted comprehensive plan with respect to type, character, intensity of use and public facilities. Planned developments shall not exceed the density or intensity permitted by the adopted comprehensive plan, except as expressly permitted by the adopted comprehensive plan, except as expressly permitted under the applicable density or intensity bonus provisions.
2. The planned development shall be of such design that it will result in a development achieving the stated purpose and intent of the planned development district more than would development under a conventional zoning district.
3. The planned development shall efficiently utilize the available land, and shall protect and preserve to the extent possible all scenic assets and natural features such as trees, streams and topographic features.
4. The planned development shall be designed to prevent substantial injury to the use and value of existing surrounding development, and shall not hinder, deter or impede development of surrounding undeveloped properties in accordance with the adopted comprehensive plan.
5. The planned development shall be located in an area in which transportation, police and fire protection, other public facilities and public utilities, including sewerage, are or will be available and adequate for the uses proposed; provided, however, that the applicant may make provision for such facilities or utilities which are not presently available.
6. The planned development shall provide coordinated linkages among internal facilities and services as well as connections to major external facilities and services at a scale appropriate to the development.

## **PROCESSING OF A REZONING APPLICATION**

**STEP 1 – SUBMISSION OF THE APPLICATION:** A complete rezoning package, containing all of the required items, must be submitted by mail or in person to the Zoning Evaluation Division. The office is open Monday through Friday from 8:00 a.m. to 4:30 p.m.

**STEP 2 - APPLICATION ACCEPTANCE:** An application will be reviewed for acceptance only when a complete application package that contains all required submission items is submitted. The Applications Acceptance Section of the Zoning Evaluation Division will review all complete application packages in the order in which they are received. If deficiencies are found, a letter will be sent to the applicant or authorized agent regarding deficiencies that must be corrected. The rezoning application will be accepted when all Zoning Ordinance submission requirements are met, including payment of the applicable fee. Once the rezoning application has been accepted, a letter will be sent to the applicant/agent verifying such acceptance. The application is then assigned to a Staff Coordinator and distributed to various departments for their review. If you have any questions about your application prior to filing or acceptance, please call (703) 324-1290, TTY 711.

**STEP 3 – REZONING/SPECIAL EXCEPTION BRANCH:** After a rezoning application is accepted, it is forwarded to the Rezoning/Special Exception Branch of the Zoning Evaluation Division for processing. At that time, a public hearing before the Planning Commission will be scheduled. The application is assigned to a Staff Coordinator who will be responsible for managing the review process and will serve as the primary point of contact. The Staff Coordinator will contact the applicant/agent to provide public hearing and key milestone dates for the processing of the application. The public hearing date is generally 5 to 6 months from the date of acceptance, unless a deferral is requested by the applicant. If you have any questions about your application once it has been accepted, please call (703) 324-1290, TTY 711.

**STEP 4 - STAFF REVIEW PROCESS:** Upon acceptance of a rezoning application, the application will be reviewed by staff for compliance with the Comprehensive Plan and the Zoning Ordinance and for its impacts on land use, transportation, environmental resources, public facilities and other factors. Once an application has been reviewed by the various agencies, County staff meets in a working session known as “staffing.” At this session, staff discuss issues related to the application, potential resolutions of those issues, and formulate a recommendation. The Staff Coordinator will transmit to the applicant any requests for additional information needed to review the application, will provide staff comments and issues with the rezoning, and will facilitate the resolution of any issues which may be identified. Staff meets with the applicant at various times throughout the rezoning process to negotiate a satisfactory resolution of the identified development issues. The applicant will typically submit specific commitments in writing known as “proffers” in order to resolve identified development related issues. Proffers are voluntary and may change during the review of the rezoning application. Proffers cannot be changed once the public hearing is called before the Board of Supervisors.

The Staff Coordinator evaluates the applicant’s response to issues raised and prepares a staff report describing the application, the issues and their resolution. A recommendation of approval or denial of the application is made. The staff report is generally published 2 weeks prior to the Planning Commission’s public hearing, at which time it is made available to the public. The staff report is also available on-line 2 weeks prior to the public hearing at <http://ldsnet.fairfaxcounty.gov/ldsnet/>.

**STEP 5 – NOTIFICATION:** Prior to the Planning Commission and Board of Supervisors public hearings, the applicant/agent must send written notice to the property owners in the vicinity as required by the Zoning Ordinance. A package which contains instructions on how to complete the notification process will be sent by the County to the applicant/agent approximately 30 days prior to each public hearing. If you have any questions about notification, please call at (703) 324-1290, TTY 711. It is extremely important that these instructions are followed exactly. A public hearing cannot be conducted unless the notification process is completed correctly and within the mandated timeframe by the applicant or the applicant’s authorized agent. Please see Section 18-110 of the Zoning Ordinance for additional information on required notification.

Between 21 and 14 days prior to the public hearing, County staff will advertise the public hearing in a local newspaper. A minimum of 15 days prior to the public hearing, County staff will also place one or more yellow sign boards on the application property notifying the public of the public hearing. The sign boards must not be removed from the property. After the public hearing, the sign boards will be removed by County staff.

**STEP 6 - PUBLIC HEARINGS/PUBLIC PARTICIPATION:** Public participation is a major aspect of all rezoning applications. Applicants are encouraged to meet with adjacent neighbors, community associations and land use committees, as well as with the Planning Commissioner and Board of Supervisors member of the District in which the property is located. Public hearings before the Planning Commission and the Board of Supervisors are required for all rezoning applications. The Planning Commission public hearing is scheduled once the application is accepted. Applications will be scheduled in the order in which they are accepted. The Planning Commission holds a public hearing on the rezoning application and the associated final development plan. The Planning Commission makes a recommendation to the Board of Supervisors on the rezoning application. The Planning Commission approves final development plans. The Board of Supervisors public hearing on the rezoning is typically scheduled subsequent to the Planning Commission making its recommendation on the application. The Board of Supervisors holds its public hearing and makes the final decision on the rezoning application.

Both the Planning Commission and the Board of Supervisors meetings are held in the Board Auditorium in the Fairfax County Government Center, 12000 Government Center Parkway, Fairfax, VA. Planning Commission meetings are held on Wednesday and Thursday nights commencing at 8:15 p.m. The Board of Supervisors meetings are held on Tuesdays commencing at 3:00 p.m. The Planning Commission agenda can be viewed on the County web site at <http://fairfaxcounty.gov/planning/meetingcalendar.htm> (703) 324-2865, TTY 711. The Board of Supervisors agenda can be viewed on the County web site at <http://www.fairfaxcounty.gov/government/board/meetings> or by calling (703) 324-1290, TTY 711.

To learn more about the public hearing process, applicants may want to view a meeting prior to their hearing date.

Televised Meetings: Fairfax County Cable Channel 16 broadcasts all Planning Commission and Board of Supervisors meetings live. For program listings, check the viewing guide at [www.fairfaxcounty.gov/cable](http://www.fairfaxcounty.gov/cable), or call (703) 324-5930, TTY 711.

Telephone Access: To listen by telephone while the public hearings are underway call (703) 324-7700, TTY 711.

Public Access: For special accommodations or alternative information formats, call (703) 324-3151, TTY 711.

Conduct of Public Hearings:

- The Chairman of the Planning Commission or the Board of Supervisors will call an application to be heard.
- The applicant/agent is required to be present at the public hearing and will be asked to come to the podium to state his/her name and to reaffirm the affidavit.
- Staff describes the location of the property and the request and presents other pertinent information.
- The applicant/agent presents the justification for the rezoning request, **including how the application meets the Comprehensive Plan and the Zoning Ordinance provisions.**
- The public hearing is then opened for testimony in support of, or in opposition to, the request. Anyone wishing to provide testimony may speak at the public hearing or may submit written testimony to the Clerk to the Planning Commission or the Clerk to the Board of Supervisors, as appropriate.

Although not mandatory, as a courtesy and to ensure the accuracy of the record, those who wish to speak on a particular case are requested to sign up on the speaker's list prior to the day of the meeting by contacting either the Planning Commission at (703) 324-2865, TTY 711 or <http://fairfaxcounty.gov/planning/speaker.htm>, or the Clerk to the Board of Supervisors, at (703) 324-2321, TTY 711 or [http://www.fairfaxcounty.gov/bosclerk/speaker\\_bos.htm](http://www.fairfaxcounty.gov/bosclerk/speaker_bos.htm) as appropriate, and identifying the application number, and the speaker's name, address and telephone number.

- At any time during the public hearing, a member of the Planning Commission or the Board of Supervisors may ask questions of the applicant/agent, staff or a speaker.
- At the close of the Planning Commission public hearing, the Planning Commission will vote to recommend that the Board of Supervisors approve or deny the rezoning application, continue the hearing to another date if it needs additional information, or defer decision to a later date. The Planning Commission will approve or deny the final development plan, continue the hearing, or defer decision to a later date. In the event the Planning Commission denies the final development plan, the Board of Supervisors will conduct a public hearing on the final development plan application. At the close of the Board of Supervisors public hearing on the rezoning, or final development plan if it was denied by the Planning Commission, the Board will approve or deny the application, continue the hearing to another date, or defer decision to a later date.

**STEP 7 – LETTER OF DECISION:** The Clerk to the Board of Supervisors will mail a letter to the applicant or the applicant's authorized agent containing the final decision of the Board of Supervisors, which, if the rezoning is approved, includes the accepted proffers. A rezoning runs with the land and does not expire unless a subsequent rezoning is approved. If the Board of Supervisors denies a rezoning request, a new rezoning application cannot be filed on the same property for one year, unless a waiver of the one-year wait period is granted by the Board. The Clerk to the Planning Commission will mail a letter to the applicant or the applicant's authorized agent for the Final Development Plans containing the Planning Commission's action which, if approved, includes any imposed development conditions.

**STEP 8 -IMPLEMENTATION:** Subsequent to the approval of a rezoning, approval of additional plans and permits are typically required prior to any land development. These plans and permits are processed by the Department of Public Works and Environmental Services (DPWES) at 12055 Government Center Parkway, Fairfax, VA 22035. For information about site plans call 703-324-1730 and about building permits call 703-222-0801, TTY 711.

**Note: The approval of a rezoning does not interfere with, abrogate or annul any easement covenants, or other agreements between parties, as they may apply to the property subject to this application.**

**SYNOPSIS OF THE SUBMISSION REQUIREMENTS  
FOR A REZONING APPLICATION**

A rezoning application must meet all of the submission requirements specified in the Zoning Ordinance in order to be accepted for processing. A synopsis of these requirements is presented below. A complete application package consisting of all of the 16 items must be submitted before an application will be reviewed for compliance with the submission requirements by the Applications Acceptance Section of the Zoning Evaluation Division, Department of Planning and Zoning. If the application does not meet the submission requirements, a checklist letter outlining the deficiencies will be sent to the applicant or designated agent. The application will not be accepted and scheduled for a public hearing until all deficiencies have been resolved. When an application meets all the submission requirements, it will be accepted and scheduled for a public hearing and the applicant/agent will be so notified.

To assist you in ensuring that you have submitted a complete application, please check the box provided for each item included in your submitted application.

REQUIREMENT	SUBMITTED
<p>1. Four (4) copies of an <b>Application Form</b>, as provided by Fairfax County, completed and signed by the applicant or authorized agent. The applicant or authorized agent must use the form found on page 11 of this Application Package, or available from the County web site at <a href="http://www.fairfaxcounty.gov/dpz/zoning/applications">www.fairfaxcounty.gov/dpz/zoning/applications</a>. In order to find the tax map number, subdivision name, Magisterial District and zoning district the Department of Tax Administration records at <a href="http://icare.fairfaxcounty.gov">http://icare.fairfaxcounty.gov</a> may be used to search by property address. The land area of the application property must match that shown on the rezoning plat.</p>	
<p>2. Four (4) copies of a certified plat. See the Submission Requirements for Rezoning Plats found on page 17 of this package and Section 18-202 of the Zoning Ordinance for details.</p>	
<p>3. Four (4) copies of a legal description of the property, including metes and bounds of each zoning district proposed.</p>	
<p>4. One (1) copy of the current <b>Official Zoning Map Fairfax County</b>, showing the subject property and the area within at least a 500 foot radius around the property. If more than one (1) Zoning Map sheet is required to cover the area, such sheets shall be attached so as to create a single readable map. The boundaries of the subject site must be outlined in red.</p> <p>Official Zoning Map Fairfax County Sheet(s) may be obtained from Maps and Publications at 12000 Government Center, Fairfax, VA., any Fairfax County local or regional library, or at <a href="http://www.fairfaxcounty.gov/gisapps/DMV/Default.aspx">www.fairfaxcounty.gov/gisapps/DMV/Default.aspx</a> by selecting Zoning Map and the map grid (e.g., 045-2).</p>	

**\*Reminder: Transportation Impact Analysis (TIA) checklist is required for Special Exception and Special Exception Amendments and must be submitted with the application package. A copy of the TIA checklist is included in this package on pages 32-34.**

REQUIREMENT	SUBMITTED
5. For all applications proposing residential development, five (5) copies of a map identifying classification of soil types at a scale of one inch equals five hundred feet (1" = 500'), covering the area within at least a 500 foot radius of the proposed use and showing the existing zoning classification for all land appearing on the map.	
6. A notarized <b>affidavit</b> that is completed and signed by the applicant or the applicant's authorized agent. If the applicant's authorized agent completes the application or affidavit on the applicant's behalf, a certified statement from the applicant must be submitted showing the agent's authorization to act on his/her/its behalf. The affidavit must be updated if there are any changes in the information up to the time of the public hearings. A copy of the affidavit form is presented on pages 19 through 28 and at <a href="http://www.fairfaxcounty.gov/dpz/affidavits">www.fairfaxcounty.gov/dpz/affidavits</a> . For questions concerning affidavits, please contact the Office of the County Attorney at (703) 324-2421, TTY 711. <i>Prior to each public hearing on the application, the applicant or authorized agent is required to reaffirm the affidavit verbally.</i>	
7. An application filed by an agent, contract purchaser or lessee shall include a notarized written statement signed by the property owner indicating the owner's endorsement of the application.	
8. Four (4) copies of a written statement of justification, dated and signed.	
9. Twenty-three (23) copies of a <b>Conceptual Development Plan</b> that is prepared and sealed by a professional land surveyor, engineer, architect or landscape architect licensed in the Commonwealth of Virginia. See the Submission Requirements for Conceptual Development Plans found on pages 12-13 of this package and Section 16-501 of the Zoning Ordinance for details and number of copies.	
10. Twenty-three (23) copies of a <b>Final Development Plan</b> that is prepared and sealed by a professional land surveyor, engineer, architect or landscape architect licensed in the Commonwealth of Virginia. See the Submission Requirements for Final Development Plans found on pages 14-16 of this package and Section 16-502 of the Zoning Ordinance for details and number of copies. *  Note a final development plan may be filed separately, although most rezoning application submissions include the final development plan. A later filing of the Final Development Plan may delay the processing and approval of a rezoning application.	

**\*Reminder: One of the detailed submission requirements for a conceptual/final development plan relates to stormwater management facilities. Any waivers for stormwater management to permit underground detention facilities in residential areas or for Resource Protection Area (RPA) exceptions should be submitted concurrently with rezoning applications. The Board of Supervisors must act on the waiver request concurrently with the rezoning application. Waiver requests or RPA exceptions are to be submitted to the Department of Public Works and Environmental Services (DPWES) at the Plan and Document Control counter, located on the 5<sup>th</sup> floor of the Herrity Building, 12055 Government Center Parkway. If you have any questions, please call (703) 324-1730.**

REQUIREMENT	SUBMITTED

## CONCEPTUAL DEVELOPMENT PLAN SUBMISSION REQUIREMENTS

In addition to those requirements set forth in the Submission Requirements from the Zoning Ordinance Section 18-202 that shall accompany an application for a rezoning, a conceptual development plan (set forth in Section 16-501), certified by a professional engineer, architect, landscape architect or land surveyor authorized to practice as such by the State, including any resubmissions and supporting graphics, shall be filed with the Zoning Administrator in twenty-three (23) copies and shall include the following information. All maps or plans submitted as part of a conceptual development plan shall be presented on a sheet having a maximum size of 24" x 36". If presented on more than one (1) sheet, match lines shall clearly indicate where the several sheets join. One 8 ½" x 11" reduction of the conceptual development plan and supporting graphics shall also be submitted. All scaled dimensions shall be presented in English units. All submission requirements shall become the property of the County.

A plan, at a scale of not less than one inch equals one hundred feet (1" = 100'), showing:

- A. A vicinity map at a scale of not less than one inch equals two thousand feet (1" = 2000').
- B. A statement which confirms the ownership of the subject property, and the nature of the applicant's interest in same.
- C. Existing topography with a maximum contour interval of five (5) feet and a statement indicating whether it is air survey or field run.
- D. Scale and north arrow, with north, to the extent feasible, oriented to the top of all drawings.
- E. Except for single family detached dwellings, the approximate location and arrangement of all proposed structures and uses to include the maximum height in feet of all structures and penthouses, and a graphic depiction of the angle of bulk plane, if applicable.
- F. The proposed traffic circulation plan including major streets and major pedestrian, bike and/or bridle paths, and the location of all trails required by the adopted comprehensive plan.
- G. All proposed major open space areas and the approximate location of all proposed community and public facilities.
- H. A schedule showing the number of parking spaces provided and the number required by the provisions of Article 11 of the Zoning Ordinance.
- I. Any proposed improvements to the public right(s)-of-way and delineation of the existing centerline of all streets abutting the property, including dimensions from the existing centerline to the edge of the pavement and to the edge of the right-of-way.
- J. Approximate delineation of any floodplain designated by the Federal Insurance Administration, United States Geological Survey, or Fairfax County, the delineation of any Resource Protection Area and Resource Management Area, and the approximate delineation of any environmental quality corridor as defined in the adopted comprehensive plan.
- K. A delineation of existing vegetation, to include existing vegetation to be preserved, and when there is 2500 square feet or more of land disturbing activity, an existing vegetation map.
- L. Approximate location and estimated size of all proposed stormwater management facilities and a statement as to the type of facility proposed.
- M. The location of all existing utility easements having a width of twenty-five (25) feet or more, and all major underground utility easements regardless of width.
- N. A delineation of those general areas that have scenic assets or natural features deserving of protection and preservation, and a statement of how such will be accomplished.

- O. Approximate delineation of any grave, object or structure marking a place of burial if known, and a statement indicating how the proposed development will impact the burial site.
- P. A statement explaining the relationship of the planned development to the adopted comprehensive plan of the County.
- Q. A statement or visual presentation of how adjacent and neighboring properties shall be protected from any adverse effects prompted by the proposed development, to include vehicular access plans, proposed measures of screening, and dimensions of all peripheral yards that will be provided.
- R. A delineation of all existing structures, and an indication of their date of construction if known, and whether they will be retained or demolished.
- S. A statement setting forth the maximum gross floor area and FAR (Floor Area Ratio) proposed for all uses other than residential.
- T. A statement or presentation setting forth the maximum number of dwelling units proposed, to include the density calculations based on the provisions of Section 2-308 (Maximum Density) of the Zoning Ordinance, those units obtained by the use of bonus provisions, and a breakdown of the approximate number of units by type and the range of approximate lot sizes for single family detached dwellings.
- U. A statement or presentation of the open space calculations based on the provisions of Section 2-309 (Open Space) of the Zoning Ordinance.
- V. A statement that the proposed development conforms to the provisions of all applicable ordinances, regulations and adopted standards, or, if any waiver, exception or variance is sought by the applicant, such shall be specifically noted with the justification for such modification.

If the proposal includes the request for a waiver of the yard regulations for yards abutting certain principal arterial highways and railroad tracks pursuant to Section 2-414 of the Zoning Ordinance, a study showing projected noise impacts, proposed mitigation measures and effectiveness of such measures shall be submitted.

- W. A statement of those special amenities that shall be provided within the planned development.
- X. A statement setting forth the proposed approximate development schedule.

A development plan not filed with the initial submission of the application shall be submitted within sixty (60) days of the acceptance date of the application. Failure to meet this requirement shall change the acceptance date of the application, may be due cause to delay the processing of the application, and may be due cause to dismiss the application.

## **FINAL DEVELOPMENT PLAN SUBMISSION REQUIREMENTS**

A final development plan (as set forth in Section 16-502 of the Zoning Ordinance) prepared in accordance with the approved conceptual development plan and certified by a professional engineer, architect, landscape architect or land surveyor authorized to practice as such by the State shall be filed with the Zoning Administrator in twenty-three (23) copies, including any resubmissions of the plan and supporting graphics. All maps, plans, sketches and illustrations submitted as part of a final development plan shall be presented on a sheet having a maximum size of 24" x 36". If presented on more than one (1) sheet, match lines shall clearly indicate where the several sheets join. One 8 ½" x 11" reduction of the final development plan and supporting graphics shall also be submitted. All scaled dimensions shall be presented in English units. All submission requirements shall become the property of the County. Such final development plan shall contain the following information:

A final plan, at a scale of not less than one inch equals one hundred feet (1" = 100'), showing:

- A. A vicinity map at a scale of not less than one inch equals two thousand feet (1" = 2000').
- B. Bearings and distances of the perimeter property lines.
- C. Total area of property presented in square feet or acres.
- D. Scale and north arrow, with north, to the extent feasible, oriented to the top of all drawings.
- E. Names and route numbers of boundary streets and the width of existing right(s)-of-way. Any proposed improvements to the public right(s)-of-way and delineation of the existing centerline of all streets abutting the property, including dimensions from the existing centerline to the edge of the pavement and to the edge of the right-of-way.
- F. Existing topography and a statement indicating whether it is air survey or field run, with a maximum contour interval of two (2) feet; except where existing ground is on a slope of less than two (2) percent, then either one (1) foot contours or spot elevations shall be provided where necessary, but not more than fifty (50) feet apart in both directions.
- G. The location and arrangement of all proposed uses, including a preliminary subdivision layout, if subdivision is proposed.
- H. For other than single family dwellings, the maximum height in feet, to include penthouses, of all buildings, and the number of floors both above and below or partially below finished grade.
- I. The distances of all structures from the development boundaries and streets.
- J. A graphic depiction of the angle of bulk plane, if applicable.
- K. The traffic circulation system and the pedestrian circulation system, including the location and width of all streets, driveways, entrances to parking areas and parking structures, walkways, bicycle paths and/or bridle paths, and all trails required by the adopted comprehensive plan.

- L. The off-street parking and loading areas and structures.
- M. The open space areas, specifying the proposed treatment or improvement of all such areas and delineating those areas proposed for specific types of developed recreational facilities.
- N. A landscape plan showing the limits of clearing, location and design of all screening measures, indicating the type and height of such screening, and a delineation of existing vegetation, to include existing vegetation to be preserved, and when there is 2500 square feet or more of land disturbing activity, an existing vegetation map.
- O. Approximate delineation of any grave, object or structure marking a burial site if known, and a statement indicating how the proposed development will impact the burial site.
- P. A plan or statement showing how public utilities are, or will be, provided.
- Q.\* Approximate location, estimated size of footprint in acres and type of all proposed stormwater management facilities, including the full extent of side slopes, embankments, spillways, dams, and approximate water surface elevation for design storms, if applicable. In addition a preliminary stormwater management plan that includes information about the adequacy of downstream drainage, including the sufficiency of capacity of any storm drainage pipes and other conveyances into which stormwater runoff from the site will be conveyed. When there is 2500 square feet or more of land disturbing activity on the entire application property, in addition to the above, the preliminary stormwater management plan shall include:
  - (1) A graphic depicting:
    - (a) The approximate footprint of the stormwater management facility and, where applicable, the height of the dam embankment and the location of the emergency spillway outlet for each stormwater management facility.
    - (b) The approximate on-site and off-site areas to be served by each stormwater management facility, along with the acreage draining to each facility.
    - (c) A preliminary layout of all on-site drainage channels, outfalls and pipes, including inlet and outlet pipes within the stormwater management facility.
    - (d) The approximate location or locations, if any, of any maintenance access road or other means of access to the stormwater management facility, and the identification of the types of surfaces to be used for any such road.
    - (e) Proposed landscaping and tree preservation areas in and near the stormwater management facility.
    - (f) The approximate limits of clearing and grading on-site and off-site for the stormwater management facility, storm drainage pipes, spillways, access roads and outfalls, including energy dissipation, storm drain outlet protection and/or stream bank stabilization measures.

\* A Stormwater Management checklist form is included as page 13 for your convenience or available on the County web site at [www.fairfaxcounty.gov/dpwes/publications/lti/05-03.htm](http://www.fairfaxcounty.gov/dpwes/publications/lti/05-03.htm)

- (2) A preliminary stormwater management narrative setting forth the following:
    - (a) Description of how the detention and best management practice requirements will be met.
    - (b) The estimated area and volume of storage of the stormwater management facility to meet stormwater detention and best management practice requirements.
    - (c) For each watercourse into which drainage from the property is discharged, a description of the existing outfall conditions, including any existing ponds or structures in the outfall area. The outfall area shall include all land located between the point of discharge from the property that is located farthest upstream, down to the point where the drainage area of the receiving watercourse exceeds 100 times the area of that portion of the property that drains to it or to a floodplain that drains an area of at least 1 square mile, whichever comes first.
    - (d) Description of how the adequate outfall requirements of the Public Facilities Manual will be satisfied.
  - R. The location of all existing utility easements having a width of twenty-five (25) feet or more, and all major underground utility easements regardless of width.
  - S. Approximate delineation of any floodplain designated by the Federal Insurance Administration, United States Geological Survey, or Fairfax County, the delineation of any Resource Protection Area and Resource Management Area, and the approximate delineation of any environmental quality corridor as defined in the adopted comprehensive plan, and, if applicable, the distance of any existing and proposed structures from the floodplain, Resource Protection Area and Resource Management Area, or environmental quality corridor.
  - T. When the development is to be constructed in sections, a final sequence of development schedule showing the order of construction of such sections, and an approximate completion date for the construction of each section.
2. A final statement in tabular form which sets forth the following data, when such data is applicable to a given development plan:
    - A. Total number of dwelling units by type.
    - B. Residential density in units per acre.
    - C. Total floor area and floor area ratio for each type of use, except residential uses.
    - D. Total area in open space.
    - E. Total area in developed recreational open space.
    - F. Total number of off-street parking and loading spaces provided and the number required by the provisions of Article 11 of the Zoning Ordinance.
    - G. Amount of density or floor area applied for under the bonus provisions, and the calculations

supporting the specific development provisions giving rise to such bonus application.

**REZONING PLAT SUBMISSION REQUIREMENTS**

1. Four (4) copies of a certified plat of the subject property containing the following information:
  - A. Boundaries of the entire property, with bearings and distances of the perimeter property lines, and of each existing and proposed zoning district.
  - B. Total area of property and of each existing and proposed zoning district presented in square feet or acres.
  - C. Scale and north arrow, with north, to the extent feasible, oriented to the top of the plat.
  - D. Location of all existing buildings and structures.
  - E. Names and route numbers of all boundary roads or streets, and the width of existing right(s)-of-way.
  - F. Seal and signature of person preparing the plat.

**MINIMUM STORMWATER INFORMATION FOR REZONING, SPECIAL EXCEPTION,  
SPECIAL PERMIT AND DEVELOPMENT PLAN APPLICATIONS**

The following information is required to be shown or provided in all zoning applications, or a waiver request of the submission requirement with justification shall be attached. Note: Waivers will be acted upon separately. Failure to adequately address the required submission information may result in a delay in processing this application.

    - Proposed types of land uses, including maximum number of lots or maximum business square feet;
  - A Statement** regarding the proposal's compliance with the Comprehensive Plan.
- A TRAFFIC IMPACT ANALYSIS** in accordance with 24 VAC-30-155-60 **and a completed TIA Review Form (attached)**
- A CONCEPT PLAN** of the proposed development.
- ANY PROFFERED CONDITIONS** submitted by the applicant.
- FEES** (submitted directly to VDOT after acceptance of application)
  - For the initial or second review** of a rezoning proposal, a single fee for both reviews will be determined by the number of vehicle trips generated per peak hour of the generator, as follows:
    - 100 or less vehicles per peak hour - \$500
    - More than 100 vehicles per peak hour - \$1,000
  - For a third or subsequent submission** of a rezoning proposal that is requested by VDOT on the basis of the failure of the applicant to address deficiencies previously identified by VDOT, the fee is equal to the initial fee paid.
