SPECIAL PERMITS APPLICATION INFORMATION

This publication contains information on how to process a special permit application in Fairfax County.

It includes instructions and suggestions, a detailed list of submission requirements, an application form, an affidavit form, and a fee schedule. Additional copies of this publication are available from the Zoning Evaluation Division, Department of Planning and Zoning, or from the County's web site at www.fairfaxcounty.gov/dpz/zoning/applications. The materials in this publication are also applicable to applications to amend previously approved special permits.

SPECIAL PERMIT: Section 8-001 of the Zoning Ordinance states that there are certain uses which by their nature or design can have an undue impact upon, or be incompatible with, other uses of land. In addition, there are times when standards and regulations specified for certain uses allowed within a given zoning district should be allowed to be modified, within limitations, in the interest of sound development. These uses, described as special permit uses in the Zoning Ordinance, may be allowed to locate within designated zoning districts under the controls, limitations and regulations of a special permit approved by the Board of Zoning Appeals (BZA).

The BZA may approve a special permit under the provisions of Article 8 of the Zoning Ordinance when it concludes that the proposed use complies with all specified standards, including the standards that such use will be in harmony with the Comprehensive Plan and will be compatible with existing and/or planned development in the area. In addition, in approving a special permit, the BZA may impose conditions and restrictions to ensure that the standards will be met. Where such cannot be accomplished, or when it is determined that the use is not in accordance with all applicable standards of the Zoning Ordinance, the BZA will deny the special permit.

In order to request consideration of a special permit by the BZA, an application must be filed with the County by the owners, lessee, or contract purchasers of the land, or their designated agents. A special permit must meet specific submission requirements, including the provision of a fee and an affidavit, as set forth in the Zoning Ordinance.

BOARD OF ZONING APPEALS: The BZA is comprised of Fairfax County citizens who are appointed by the Circuit Court. There are 7 members, with each member serving in an at-large capacity for a term of 5 years. The Board of Zoning Appeals has the authority, among other powers, to approve special permits. The powers of the BZA are defined by the Zoning Ordinance and the State enabling legislation.

The BZA may approve, deny, or approve-in-part, a special permit application. The BZA may approve a special permit only upon a finding that the request meets all of the General Standards and additional standards for a Special Permit as outlined in Article 8 of the Zoning Ordinance and any other relevant Zoning Ordinance provisions. See General Standards found on page 3 of this publication.

SUBMISSION REQUIREMENTS: A synopsis of the submission requirements for an application for a special permit, pursuant to Section 8-011 of the Fairfax County Zoning Ordinance, is presented as page 7 of this package in a checklist format to provide a convenient way to ensure that all required items of the application package are submitted. In general, the submission requirements include an application form, a plat of the property showing existing and proposed uses, a zoning section sheet, photographs of the property, an affidavit disclosing ownership and other interest in the property, a written statement describing the proposed use, owner concurrence in the application, any applicable overlay district information, and a fee.

All special permits must meet the General Standards specified in Section 9-006 of the Zoning Ordinance. A copy of these standards is presented on page 3 of this package.

Special permits must also meet the group standards specified for each special permit group and additional standards for many special permit uses. Demonstration of compliance with these group and additional standards may generate additional submission requirements for certain special permit uses. Please refer to Article 8 of the Zoning Ordinance or request a copy of the group standards and/or additional standards for a particular use from the Zoning Evaluation Division, Department of Planning and Zoning, at (703) or from the County's website at www.fairfaxcounty.gov/dpz.

WHERE TO SUBMIT: Special permit application packages may be submitted by mail or in person to:

Fairfax County Zoning Evaluation Division
Department of Planning and Zoning
12055 Government Center Parkway, Suite 801
Fairfax, Virginia 22035

ASSISTANCE: For assistance in filing a special permit application, information on the application process, clarification of these instructions, or to set up a presubmission meeting to discuss a potential submission or for help with a submission, please call the Zoning Evaluation Division at (703) 324-1290.

HELPFUL HINTS: The following "Helpful Hints" are provided to assist in the filing of a special permit application:

- Each application is considered a "package" which must include all required elements when submitted. Applications will not be reviewed for acceptance until a complete package is submitted.
- Each applicant should designate a "single point of contact" that will be responsible for the application. This may be the applicant, agent, attorney, engineer, property owner, or other member of the application team.
- The application package should be reviewed for correctness and completeness prior to submission and to ensure that all parts are coordinated.
- Submitted special permit plats should be folded so that they fit into an overall application package.
- All information, including any supplemental information which may be submitted, should be clearly marked to reference the specific application.

ZONING ORDINANCE GENERAL STANDARDS FOR A SPECIAL PERMIT

All special permit uses must satisfy the following general standards pursuant to Section 8-006 of the Zoning Ordinance in order for the Board of Zoning Appeals to approve the application.

1. The proposed use at the specified location shall be in harmony with the adopted comprehensive plan.
2. The proposed use shall be in harmony with the general purpose and intent of the applicable zoning district regulations.
3. The proposed use shall be such that it will be harmonious with and will not adversely affect the use or development of neighboring properties in accordance with the applicable zoning district regulations and the adopted comprehensive plan. The location, size and height of buildings, structures, walls and fences, and the nature and extent of screening, buffering and landscaping shall be such that the use will not hinder or discourage the appropriate development and use of adjacent or nearby land and/or buildings or impair the value thereof.
4. The proposed use shall be such that pedestrian and vehicular traffic associated with such use will not be hazardous or conflict with the existing and anticipated traffic in the neighborhood.
5. In addition to the standards which may be set forth in this Article for a particular group or use, the Board of Zoning Appeals shall require landscaping and screening in accordance with the provisions of Article 13, Landscaping and Screening, in the Zoning Ordinance.
6. Open space shall be provided in an amount equivalent to that specified for the zoning district in which the proposed use is located.
7. Adequate utility, drainage, parking, loading and other necessary facilities to serve the proposed use shall be provided. Parking and loading requirements shall be in accordance with the provisions of Article 11.
8. Signs shall be regulated by the provisions of Article 12, Signs, in the Zoning Ordinance; however, the Board of Zoning Appeals may impose more strict requirements for a given use than those set forth in this Ordinance.

In addition to the general standards outlined above, some types of special permits also have specific standards which must be met. These specific standards can be found in Article 8 of the Zoning Ordinance, which is available on the County's web site at www.fairfaxcounty.gov/dpz/zoningordinance.

PROCESSING OF A SPECIAL PERMIT APPLICATION

STEP 1 - SUBMISSION OF THE APPLICATION: A complete special permit application package, containing all of the required items, must be submitted by mail or in person to the Zoning Evaluation Division (ZED) in the Department of Planning and Zoning (DPZ). The office is open Monday through Friday from 8:00 a.m. to 4:30 p.m.

STEP 2 - APPLICATION ACCEPTANCE: An application will be reviewed for acceptance only when a complete application package that contains all required submission items is submitted. The Applications Acceptance Section of the Zoning Evaluation Division will review all complete application packages in the order in which they are received. If deficiencies are found, a letter will be sent to the applicant or authorized agent regarding deficiencies that must be corrected. The special permit application will be accepted when all Zoning Ordinance submission requirements are met, including payment of the applicable fee. Once the special permit application has been accepted, a letter will be sent to the applicant/agent verifying such acceptance. If you have any questions about your application prior to filing or acceptance, please call (703) 324-1290, TTY 711.

STEP 3 – SPECIAL PERMIT BRANCH: After a Special Permit application is accepted, it is forwarded to the Special Permit Branch of the Zoning Evaluation Division for processing. At that time, a public hearing before the Board of Zoning Appeals (BZA) will be scheduled and a staff coordinator will be assigned to the application. A letter will be sent to the applicant/agent confirming this information. By State law, the public hearing date must be held within 90 days after the application is accepted, unless a deferral is requested by the applicant. If you have any questions about your application once it has been accepted, please call 703-324-1280, TTY 711.

STEP 4 – STAFF REVIEW PROCESS: Upon acceptance of a special permit application, the application will be reviewed by staff for compliance with the Comprehensive Plan and the Zoning Ordinance and for its impacts on land use, transportation, environmental resources, public facilities and other factors. The review process is managed by a staff coordinator within the Zoning Evaluation Division who is the primary point of contact for the application. The staff coordinator will transmit requests for additional information needed to review the application, provide staff comments/issues on the request, facilitate the resolution of any issues which may be identified, and respond to question/inquiries about the application. A written staff report will be prepared documenting the analysis of each application, and presenting a recommendation to the BZA. The staff report is published one week before the public hearing, at which time it is mailed to the applicant/agent, delivered to the BZA, and made available to the public. The staff report is available on-line the week prior to the public hearing at <http://ldsnet.fairfaxcounty.gov/ldsnet/>

STEP 5 - NOTIFICATION: Between 30 and 40 days prior to BZA public hearing, a package will be sent to the applicant/agent, by certified mail, outlining the procedures for notifying surrounding property owners of the public hearing on the special permit request. Providing notification is a State and County legal requirement. The applicant/agent **must follow the directions contained in the notice package** including sending the specified written notice to a minimum of 10 different property owners abutting, across the street from, and/or in the immediate vicinity of the property.

A public hearing cannot be conducted unless the notification process is completed correctly and within the mandated timeframe. Failure to adhere to the procedures contained in the notification package will jeopardize the scheduled public hearing date. If you have questions regarding the legal notification, please call (703) 324-1290, TTY 711.

Between 21 and 14 days prior to the public hearing, County staff will advertise the public hearing in a local newspaper. A minimum of 15 days prior to the public hearing, County staff will also place one or more yellow sign boards on the application property notifying the public of the public hearing. The sign boards must not be moved or removed from the property. After the public hearing, the sign boards will be removed by County staff.

STEP 6 - PUBLIC HEARING: BZA public hearings are open to the public and are held on Tuesday mornings beginning at 9 a.m. in the Board Auditorium in the Fairfax County Government Center, 12000 Government Center Parkway, Fairfax, VA. The BZA agenda can be found on the County's web site at <http://www.fairfaxcounty.gov/dpz/bza/weeklyagenda/>. If you have any questions regarding the public hearing, please call (703) 324-1280, TTY 711.

To learn more about the public hearing process, applicants may want to view a meeting prior to their hearing date.

Televised Meetings: Fairfax County Cable Channel 16 broadcasts all BZA meeting live. For program listings, check the viewing guide at www.fairfaxcounty.gov/cable or call (703) 324-5930, TTY 711.

Telephone Access: To listen by telephone while the public hearings are underway, call (703) 324-7700, TTY 711.

Public Access: For special accommodations or alternative information formats, call (703) 324-3151, TTY 711.

Conduct of Public Hearings: Typically public hearings are conducted as follows:

- The Chairman of the BZA will call an application to be heard.
- The applicant/agent is required to be present at the public hearing and will be asked to come to the podium to state his/her name and address and to reaffirm the affidavit.
- Staff will describe the location of the property and the request, and present other pertinent information.
- The applicant/agent will present the justification for the special permit request, including how the application meets the Zoning Ordinance standards for the Special Permit.
- The BZA will open the public hearing for testimony in support of, or in opposition to, the request. Anyone wanting to speak at the public hearing may do so or may submit written testimony to the Clerk to the BZA.

Although not mandatory, as a courtesy and to ensure the accuracy of the record, those who wish to speak on a particular case are requested to sign up on the speaker's list prior to the day of the meeting by contacting the Clerk to the BZA at (703) 324-1280, TTY 711, or via an e-mail to ClerktoBZA@fairfaxcounty.gov and identifying the following:

- application number
- the speaker's name
- the speaker's address and telephone number

Speakers will not be called upon by name, but should make their presence known when the Chairman asks for speakers in support of, or in opposition to, the specific application.

- At any time during the public hearing, a member of the BZA may ask questions of the applicant/agent, staff or a speaker.
- The BZA makes its determination based on whether it finds that the application meets **all of the Zoning Ordinance Required Standards for a Special Permit** as found on Page 3 of this publication, as well as other relevant Zoning Ordinance provisions. The BZA may impose conditions on a special permit, as it deems necessary.
- The BZA will close the public hearing and may make a motion to approve the application, deny it, or approve it in-part; continue the hearing to another date if it needs additional information; or, defer decision to a later date. Decisions of the BZA are typically not final until 8 days following the decision.

STEP 7 - LETTER OF DECISION: The Clerk to the BZA will mail a letter containing the final decision of the BZA and a copy of the adopted Resolution to the applicant/agent after the final decision date. If the BZA denies a special permit request, a new special permit application cannot be filed on the same property for one year, unless a waiver of the one-year wait period is granted by the BZA.

STEP 8 – IMPLEMENTATION: A special permit virtually always has conditions which must be met prior to final establishment of the use, as well as other plats/plans such as site plans and occupancy permits which must be submitted and approved. Whenever a special permit is approved by the BZA, the activity authorized must be established or any construction authorized must commence and be diligently prosecuted within such time as the BZA specified in the approval, or, if no such time is specified, then, within thirty (30) months from the final approval date of the special permit. If the use has not been established or construction has not commenced within the time period approved, the special permit automatically expires, without notification by the County, pursuant to Paragraph 1 of Section 8-015 of the Zoning Ordinance, unless additional time is approved by the BZA.

The BZA may grant additional time beyond the originally established time period to implement a special permit. Should additional time be necessary, a letter requesting additional time must be filed with the Zoning Administrator prior to the date of expiration of the special permit. The additional time request must specify the amount of additional time requested, the basis for the amount of time requested, and an explanation as to why additional time is required. The procedure to request additional time is contained in Paragraph 2 of Section 8-015 of the Zoning Ordinance or if you have any questions, please call (703) 324-1290, TTY 711.

Note: The approval of a special permit does not interfere with, abrogate or annul any easement covenants, or other agreements between parties, as they may apply to the property subject to this application.
