Within seven days of receiving information from these programs, the Department of Elections is required to send that information to the general registrars. Monitor. (16105187D-ES1)

Legislation Requiring Further Review

HB 1345 (Jones) (Passed House; SFIN) revises the Line of Duty Act (the Act) by codifying revisions to the Act from the appropriation act and, among other changes, transferring overall administration of the Act to the Virginia Retirement System, transferring administration of health insurance benefits under the Act to the Department of Human Resource Management, and creating the Line of Duty Health Benefits Plan, a separate health benefits plan for beneficiaries under the Act. The bill has a delayed effective date of July 1, 2017. (16103506D)

HB 378 (Farrell) (Passed House; SCL) directs the Workers' Compensation Commission (the Commission) to adopt regulations establishing fee schedules setting the maximum pecuniary liability of the employer for medical services provided to an injured person pursuant to the Virginia Workers' Compensation Act, in the absence of a contract under which the provider has agreed to accept a specified amount for the medical service. The regulations implementing the fee schedules shall become effective on January 1, 2018. The initial fee schedules will set amounts based on a reimbursement objective, which is the average of all amounts paid to providers in the same category of providers for the medical service in the same medical community. The Commission is required to retain a firm to assist it in establishing the initial fee schedules. The firm will recommend a methodology that will provide statistically valid estimates of the reimbursement objective for fee scheduled medical services within the medical communities. Reimbursements for medical services provided to treat traumatic injuries and serious burns are excluded from the fee schedules and liability for their treatment costs will be based, absent a contract, on 80 percent of the provider's charges. However, the required reimbursement will be 100 percent of the provider's charges if the employer unsuccessfully contests the compensability of the claim. The Commission is required to review and revise the fee schedules in the year after they become effective and biennially thereafter. The liability of the employer for certain medical services not included in a fee schedule will be set by the Commission. A stop-loss feature allows hospitals to receive payments or reimbursements that exceed the fee schedule amount for certain claims when the total charges exceed a charge outlier threshold, which initially is 150 percent of the maximum fee for the service set forth in

the applicable fee schedule. Providers are prohibited from using a different charge master or schedule of fees for any medical service provided for workers' compensation patients than the provider uses for health care services provided to patients who are not claimants. The measure requires the Commission, when determining whether the employee's attorney's work with regard to a contested claim resulted in an award of benefits that inure to the benefit of a third-party insurance carrier or health care provider, and in determining the reasonableness of the amount of any fee awarded to an attorney, to consider only the amount paid by the employer or insurance carrier to the third-party insurance carrier or health care provider for medical services rendered to the employee through a certain date and not to consider additional amounts previously paid to a health care provider or reimbursed to a third-party insurance carrier. The Commission shall have an independent, peer-reviewed study conducted every two years. The regulations setting fee schedules are exempt from the Administrative Process Act if the Commission utilizes a regulatory advisory panel to assist in the development of such regulations and provides an opportunity for public comment on the regulations prior to adoption. The measure prohibits certain practices involving the use by third parties of contracts whereby a provider agrees to accept payment of less than the fee scheduled amount, including restricting the sale, lease, or other dissemination of information regarding the payment amounts or terms of a provider contract without the express written consent and prior notification of all parties to the provider contract and prohibiting an employer from shopping for the lowest discount for a specific provider among the provider contracts held in multiple PPO networks. The regulatory advisory panel is directed to make recommendations to the Commission prior to July 1, 2017, on workers' compensation issues relating to (i) pharmaceutical costs not previously included in the fee schedules; (ii) durable medical equipment costs not previously included in the fee schedules; (iii) certain awards of attorney fees; (iv) peer review of medical costs; (v) prior authorization for medical services; and (vi) other issues that the Commission assigns to it. The existing peer review provisions are repealed. The measure has an emergency clause. (16100358D)

Monitor (16103657D) - See also SB 494 (Surovell).

Summary: Virginia Freedom of Information Act; record exclusions; rule of redaction; no weight accorded to public body's determination. Reverses the holding of the Virginia Supreme Court in the case of Department of Corrections v. Surovell, by setting out the general rule of redaction, which provides that no provision of FOIA is intended, nor shall it be construed or applied, to authorize a public body to withhold a public record in its entirety on the grounds that some portion of the public record is excluded from disclosure by FOIA or by any other provision of law. Further, the bill states that a public record may be withheld from disclosure in its entirety only to the extent that an exclusion from disclosure under FOIA or other provision of law applies to the entire content of the public record. Otherwise, only those portions of the public record containing information subject to an exclusion under FOIA or other provision of law may be withheld, and all portions of the public record that are not so excluded shall be disclosed. The bill defines the term "information" and provides that it is declaratory of the law as is it existed prior to the September 17, 2015 decision of the Supreme Court of Virginia in the case of the Department of Corrections v. Surovell. The bill also reverses that part of the holding of the Virginia Supreme Court in the case of Department of Corrections v. Surovell by providing that in a FOIA enforcement action, no court shall be required to accord any weight to the determination of a public body as to whether an exclusion applies. The bill contains technical amendments.

Summary: Tolling civil penalties; period of nonpayment; limitations on tolling; notification of toll violations. The bill prohibits tolling any highway, bridge, or tunnel without approval of the General Assembly except in limited circumstances. The bill requires the Department of Transportation to allow E-ZPass account holders to provide an email or phone number and to electronically notify account holders of a toll violation and further requires toll operators to notify the Department of such toll violations. The bill amends the definition of high-occupancy toll (HOT) lanes to ensure that mass transit vehicles and commuter buses meet the high-occupancy requirement. The bill lengthens from 30 to 60 days the period following notification of an unpaid toll on HOT lanes after which, if the toll is still unpaid, the owner or operator of the vehicle is in violation. The bill decreases the civil penalties for an unpaid toll violation on the HOT lanes, making them equal to civil penalties for other toll violations, and allows the HOT lanes operator to offer reduced civil penalties if the owner of the vehicle pays within 14 days prior to the hearing date, which is also permitted for other toll operators. For violations on any toll road, the bill provides that for a first court appearance there are reduced civil penalties and places a cap of \$2,200 on civil penalties and administrative fees. Finally, the bill provides for a 10-day grace period for unpaid tolls and requires toll operators to attempt to process and collect unpaid tolls twice during such period.

Reverses the holding of the Virginia Supreme Court in the case of Department of Corrections v. Surovell, by setting out the general rule of redaction, which provides that no provision of FOIA is intended, nor shall it be construed or applied, to authorize a public body to withhold a public record in its entirety on the grounds that some portion of the public record is excluded from disclosure by FOIA or by any other provision of law. Further, the bill states that a public record may be withheld from disclosure in its entirety only to the extent that an exclusion from disclosure under FOIA or other provision of law applies to the entire content of the public record. Otherwise, only those portions of the public record containing information subject to an exclusion under FOIA or other provision of law may be withheld, and all portions of the public record that are not so excluded shall be disclosed. The bill also reverses that part of the holding of the Virginia Supreme Court in the case of Department of Corrections v. <p>Oppose (16102393D) Summary: Elections; run-off elections. Provides that no candidate shall be deemed to have been elected at a general election to any statewide office or to the United States Senate unless such candidate receives more than 50 percent of the total votes cast for that office. The bill requires that when no candidate for an office receives more than 50 percent of the total votes cast at the general election for that office, a run-off election between the candidates receiving the highest and next-highest number of votes for that office shall be held. However, no run-off election shall be held if the total number of write-in votes cast for an office and the total number of votes cast for the candidate receiving the highest number of votes for an office together equal more than 50 percent of the total votes cast for that office. The bill requires run-off elections to be held on the fourth Tuesday following the date of the certification of the results of the general election or, if a recount is conducted after the general election, on the fourth Tuesday following the date of the certification of the results of the recount, unless the fourth Tuesday falls on a legal holiday, in which case the run-off election will be held on the sixth Tuesday. The bill provides that in all other elections, including a general election of electors for the President and Vice-President of the United States, the person having the highest number of votes for an office shall be deemed to have been elected to such office and shall receive the certificate of election. Under current law, except in the case of a recount, the person having the highest number of votes cast at any election is deemed to have been elected to that office.</p>

HB 770/SB 549 – Proffer Legislation

*HB 770 (Gilbert) is expected to be conformed to
SB 549 (Obenshain, Saslaw, Chafin, Reeves)*

Status of HB 770/SB 549

HB 770 passed the House (68-27) with amendments, and is expected to be conformed to the current version of SB 549. HB 770 will be considered by the Senate Committee on Local Government on February 23, 2016. SB 549 passed the Senate (29-8-2) with a substitute. The substitute was further amended and reported out of the House Committee on Counties, Cities and Towns (17-4) on February 19, 2016. HB 770 and SB 549 are expected to be identical when they pass both houses and are not expected to go to conference.

Summary of HB 770/SB 549

(The summary includes all amendments made to both bills to date. Changes since the last Legislative Committee meeting are highlighted. Some of these changes were in response to proposals by the County; other County proposals were rejected by the bills' proponents.)

HB 770/SB 549 would:

- Regulate rezonings and proffered condition amendment applications only for residential development, including multifamily housing and any residential component of a mixed-use development.
- Apply to cash and non-cash proffers.
- Require all proffers for such residential development to only address impacts that are “specifically attributable” to the proposed development.
- Further restrict off-site proffers to only address needs created by the development to expand existing capacity of transportation facilities (including transit); public safety facilities; public school facilities; and parks. **Parks now includes “playgrounds and other recreational facilities.”** Cash and other proffers for off-site affordable housing (including the housing trust fund), libraries, or other items could no longer be offered by developers or be accepted by the County.
- Define “transportation facilities” as: new roads (but not necessarily appurtenances like sidewalks); improvement or expansion of existing roads and appurtenances; and structures (including parking) related to transit. This definition may not include stand-alone pedestrian and bicycle projects, or transit operating assistance (for example, proffered shuttles that run to Metrorail and other transit stations).
- **Define “small area comprehensive plan” as a portion of a locality-wide comprehensive plan that is specifically applicable to a designated area within a locality (a small area comprehensive plan could not encompass an entire locality, but there could be multiple small area comprehensive plans within a locality). This**

definition allows the Board to designate such areas within the County (this would be accomplished through the Comprehensive Plan amendment process which includes public hearings and Planning Commission consideration).

- Only allow off-site proffers that provide a “direct and material benefit” to the development. If the development creates some negative effect on the community, a proffer could not address the issue beyond the public facilities above, and only if it confers a benefit back to the development.
- Allow only applicants and property owners to challenge the grant or denial of a rezoning in circuit court.
- Increase the burden of proof on a locality that denies a rezoning or a proffered condition amendment application if the applicant proves that it refused or failed to submit a proffer that would not have been allowed by this section (the ability to challenge a proffer that an applicant “remains subject to” has been removed).
- Require a plaintiff to show only that such a proffer was “suggested, requested, or required” by the locality (the terms “formally or informally” have been removed). The locality has to prove it complied with this statute by “clear and convincing evidence,” the highest standard of proof in civil cases.
- Allow the court to grant attorney fees and costs to a successful court challenge against a locality.
- Allow the court to remand the case to the locality, ordering it to approve the rezoning without a proffer that violates this statute. The locality would have 90 days to act, and if it does not, it would be prohibited from interfering with the proposed use without the illegal proffer (in such a case, the Board would not be required to again provide public notice and conduct additional public hearings on the case).
- Applications for rezonings or proffer condition amendments filed before July 1, 2016, are grandfathered from the provisions of the legislation.

Exemptions Included in HB 770/SB 549

HB 770/SB 549 would not apply to the following:

- any residential development in an approved small area comprehensive plan, if a portion of that plan allows a density of at least 3.0 floor area ratio (FAR) in a revitalization area that encompasses mass transit and mixed-use development (the FAR has been lowered from 4.0 to 3.0);
- an approved small area comprehensive plan that encompasses an existing or planned Metrorail station, or is adjacent to one in a neighboring locality, that allows additional density within the vicinity of the station (this exemption addresses a concern of the City of Falls Church); or
- an approved area of a service district created pursuant to § 15.2-2400, if that area encompasses an existing or planned Metrorail station.

128 A. Except as provided in subsection C of § 55-248.55, limited residential lodging shall be subject

134 C. Any hosting platform may register with the Department for the collection and remission of
135 applicable taxes on any booking transaction facilitated by the hosting platform on behalf of an operator
136 within the territorial limits of any one or more jurisdictions within the Commonwealth authorized to

138 collection and remission.

139 D. Any hosting platform that has registered with the Department pursuant to subsection C shall, with
140 respect to each booking transaction facilitated by the hosting platform on behalf of an operator within

143 on a monthly basis along with a schedule, on an aggregate basis, listing the total amounts owed to the
144 Commonwealth and to each applicable and respective jurisdiction within the Commonwealth for the
145 relevant period. After the direct costs of administering this section are recovered by the Department, the
146 remaining revenues shall be distributed by the Tax Commissioner in the same manner as the applicable
147 taxes are distributed pursuant to Chapter 6 (§ 58.1-600 et seq.) of Title 58.1, § 58.1-1742, and Articles

149 No operator shall be responsible for obtaining a taxpayer identification number from the Department
150 or for collecting or remitting any applicable taxes on any booking transaction when it has received
151 notice from a hosting platform that such hosting platform has or will be collecting and remitting such
152 applicable taxes. Any such notice shall itself be proof sufficient regarding the absence of any operator
153 liability for such applicable taxes for the time period covered by the notice.

154 E. Information provided to or obtained by the Department pursuant to this chapter, including
155 information contained in a return filed by a hosting platform, information on underlying transactions, or
156 information relating to an audit or investigation, shall be considered confidential and shall not be
157 disclosed without the written consent of the hosting platform or in accordance with the provisions of any
158 agreement between the hosting platform and the Department. Notwithstanding any provision of law to
159 the contrary, such information shall not be subject to disclosure pursuant to the provisions of the

163 subject to audit only by the Department or its authorized agent. Any such audit shall be conducted on
164 the basis of returns and supporting documents filed by the hosting platform with the Department and
165 shall not be conducted directly or indirectly on any individual operator or occupant to whom rooms,
166 lodgings, dwellings, or accommodations are furnished in exchange for a charge for occupancy. Audits of
167 a registered hosting platform for applicable taxes shall be conducted on an anonymous numbered
168 account basis and shall not require the production of any personally identifiable information relating to
169 any booking transaction or individual operator or occupant to whom rooms, lodgings, dwellings, or
170 accommodations are furnished in exchange for a charge for occupancy.

171 No commissioner of the revenue, director of finance, or other similar collector of taxes for any
172 county, city, town, or other political subdivision of the Commonwealth may conduct an audit of
173 applicable taxes payable by a registered hosting platform pursuant to this section.

174 G. Notwithstanding any other provision of law, general or special, any hosting platform that has
175 registered with the Department that fails to file a return required or pay the full amount of applicable
176 tax due as required herein shall be subject to:

177 1. A penalty in the amount of \$500 for failure to file a return within one month of the due date, with

152 file a return with the intent to defraud the Commonwealth of any such tax, a specific penalty of 50
153 percent of the difference between the amount reported and the amount of the tax actually due.

154 H. All penalties and interest imposed by this section shall be payable by the hosting platform and
155 collectible and distributable by the Department in the same manner as if they were part of the tax
156 imposed. Interest at a rate determined in accordance with § 58.1-15 shall accrue on the tax until the
157 same is paid.

158 I. The Department shall develop regulations for the implementation of this chapter. Initial regulations

169 associated with the short-term rental of dwelling and other units that are not a person's principal
170 residence. The work group shall take into consideration existing structures governing the activities
171 of bed and breakfast inns, vacation rentals, and other transient occupancy venues. The work

Mayors and Chairs of the Counties of Arlington, Fairfax, Loudoun, and Prince William, and the
Cities of Alexandria, Fairfax, Falls Church, Manassas, and Manassas Park

February 17, 2016

Northern Virginia General Assembly Delegation
General Assembly Building
Capitol Square
Richmond, VA 23219

Dear Northern Virginia General Assembly Delegation Members:

As the Mayors and Chairs of Northern Virginia, we are writing to you about an issue of great importance to our region – funding for Cost of Competing Adjustment (COCA) for school support positions in the 2016-2018 biennium budget. We thank you for your efforts to restore COCA funding in previous years. As you know, Governor McAuliffe included full restoration for COCA in FY 2018 in his 2016-2018 biennium budget, which is a significant positive step in returning to full funding levels. We respectfully urge you to support full restoration of COCA for K-12 support positions in FY 2017 as well, which would be approximately \$41 million for all COCA recipients (a figure which includes recipients of the “phased-in” COCA – the Counties of Clarke, Culpeper, Fauquier, Frederick, Spotsylvania, Stafford, and Warren, and the Cities of Winchester and Fredericksburg). We appreciate your work on budget amendments requesting this funding, which is particularly critical as localities and school divisions prepare their budgets for the upcoming fiscal year.

As you know, the Cost of Competing Adjustment is an additional factor that has historically been used in the state K-12 funding formula, recognizing the higher salaries required in certain high-cost areas of the Commonwealth to attract and retain highly qualified teachers and support staff. COCA was first proposed as a specific factor in Virginia’s education funding formula in a 1988 JLARC report to address the salary school divisions must pay in order to compete in a regional labor market, and was reaffirmed as essential in a 2012 JLARC report. The COCA factor merely reflects the reality of running school systems in our region – hiring and retaining employees is simply more expensive in the Northern Virginia area than in other parts of the state.

According to the ACCRA Cost of Living Index (widely used by the federal government, economists, researchers and corporations to measure relative cost of living), the cost of living in Northern Virginia is *35-66% higher* than other regions of the Commonwealth. In fact, the Commonwealth utilizes a broader pay scale for state employees working in Northern Virginia, which includes a potential pay supplement of up to 20-30%, reflecting the increased cost of hiring and retaining high quality employees in our region.

As you know, through the bipartisan efforts of our region’s legislative delegation, numerous efforts to eliminate COCA for support positions were defeated, and funding was partially restored in prior years. However, during the unexpected and massive revenue shortfall the state experienced at the end of FY 2014, COCA funding for support positions was totally eliminated from the budget. The

Mayors and Chairs of the Counties of Arlington, Fairfax, Loudoun, and Prince William, and the
Cities of Alexandria, Fairfax, Falls Church, Manassas, and Manassas Park

elimination of COCA was all the more troubling following the 2009 imposition of a cap on K-12 support positions, which cut approximately 40 percent of funding for support positions statewide.

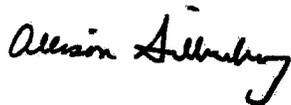

It is essential to note that the localities that receive COCA funding have approximately 485,000 school children, or 39 percent of the school children in the Commonwealth. These 18 school divisions are also those that have an increasing number of children. The jurisdictions being harmed by the elimination of COCA lost nearly \$73 million in COCA funds over the 2014-2016 biennium, while they also gained a projected 16,000 school children over that time.

Full funding of COCA would ensure that our localities remain competitive for vital support positions, which include assistant superintendents, instructional professional staff, security, technical, clerical, attendance, health and technology staff, and operations and maintenance staff. It would be impossible to operate a school system without such staff.

Strong public schools are vital to our region maintaining its economic competitiveness. For these reasons, we strongly support full funding for Cost of Competing funding for K-12 support positions in both years of the 2016-2018 biennium budget, and look forward to working with you to strengthen the local-state partnership, ensuring that our public education system is the first class system Virginians deserve.

Thank you for your time and consideration.

A Letter from the Northern Virginia Business Community to Members of the Virginia General Assembly Money Committees

February 10, 2016

On behalf of the business organizations listed on this letter, we urge your strong support of increased education funding for northern Virginia. As business leaders, we recognize that having a world class K-12 education system is critically important to our economic success, as well as our region's ability to attract and retain businesses.

As you consider support for increased K-12 education dollars broadly, we ask for special consideration of the importance of the Cost of Competing Adjustment (COCA) for school support positions in the northern Virginia region. As you are aware, COCA is an additional factor that has historically been used in the state K-12 funding formula, recognizing the higher salaries required in certain high-cost areas of the Commonwealth to attract and retain highly qualified teachers and support staff. The COCA factor reflects the reality of running school systems in our region – hiring and retaining employees is simply more expensive in northern Virginia than in other parts of the state. The business community pushes our school systems to increase efficiency and that will continue. That being said, the Commonwealth must continue to recognize the unique challenges associated with finding and retaining top talent in northern Virginia to support our school systems and our kids.

According to the ACCRA Cost of Living Index (widely used by the federal government, economists, researchers and corporations to measure relative cost of living), the cost of living in northern Virginia is 35-66 percent higher than other regions of the Commonwealth. In fact, the Commonwealth utilizes a broader pay scale for state employees working in northern Virginia, which includes a potential pay supplement of up to 20-30 percent, reflecting the increased cost of hiring and retaining high quality state employees in our region. We are simply seeking equitable treatment of K-12 support staff in our region.

As a result of the Commonwealth's significant revenue shortfall at the end of FY 2014, COCA funding for support positions was completely eliminated from the budget. The elimination of COCA is all the more troubling following the 2009 imposition of a cap on K-12 support positions, which cut approximately 40 percent of funding for support positions statewide.

While we sincerely appreciate the proposal to restore a portion of the COCA funds in the 2016-2018 biennial budget that has been proposed, the lack of sufficient state funding to hire and retain support staff in to ensure our K-12 system can operate as effectively and efficiently as possible in northern Virginia is becoming more and more challenging. Therefore, we respectfully urge you to support **full restoration of COCA for K-12 support positions**. According to Department of Education estimates, this would total approximately \$41 million/year for all COCA recipients (includes recipients of the "phased-in" COCA – the counties of Clarke, Culpeper, Fauquier, Frederick, Spotsylvania, Stafford, and Warren, and the Cities of Winchester and Fredericksburg).

Northern Virginia's public school system is responsible for educating more than 485,000 children. They have become accustomed to doing more with less, as many in the business community have to do on a daily basis. That being said, without appropriately qualified and compensated support staff, efficiency and effectiveness will be impacted. We urge your support of full restoration of the COCA in order to ensure that efficient operations by our public school system and that our future workforce receives the world class education they deserve.

Thank you for your leadership and for your consideration of our thoughts on this critical business community priority.

Sincerely,

Human Services		
<u>Housing</u>		
108	Governor McAuliffe's Budget: Adds \$6 million GF in each year of the biennium to the Virginia Housing Trust Fund, for a total of \$10 million per year. Language is included to place priority on addressing homelessness among youth and families.	Support for increased appropriations to the Trust Fund is included in the County's Human Services Issue Paper.
108 #1h; #2h	House: Removes proposed increase and instead provides level funding of \$4 million per year to the Trust Fund; provides \$1.5 million GF per year for rapid re-housing, with priority given to veterans, victims of domestic abuse, and individuals with serious mental illness.	
108 #1s	Senate: Reduces proposed increase and instead provides funding of \$6 million per year.	
<u>Pre-K</u>		
138	Governor McAuliffe's Budget: Provides \$3 million GF over the biennium to provide grants to incentivize local solutions for public-private delivery of pre-K services to at-risk children. House: No change. Senate: No change.	TBD.
<u>Virginia Preschool Initiative</u>		
139	Governor McAuliffe's Budget: Adds language on eligibility criteria to permit up to 15 percent of a division's slots to be filled based on locally-established eligibility criteria.	Likely positive. Changes to eligibility criteria included in budget language passed in 2015 would have limited the participation of some County children in VPI; this proposal provides some flexibility to meet local needs.
139 #7s	House: No change; retains proposed eligibility criteria. Senate: Retains proposed eligibility criteria. Provides \$2.9 million per year to re-benchmark the per-pupil amount to mirror the increase of Basic Aid for K-12. This action increases the per-pupil amount for VPI from \$6000 to \$6250.

306; 477	Governor McAuliffe's Budget: Directs DMAS to implement coverage for newly-eligible individuals under the Affordable Care Act by July 1, 2016, or as soon as feasible thereafter. Support for the expansion of Medicaid as envisioned by the Affordable Care Act is included in the County's Legislative Program.

Budget Proposals for the 2014 - 2016 Biennium Caboose - Transportation

Budget Item #	Issue	Fairfax County Impact
HB 2313 Regional Implementation		
447	<p>Governor's Budget: includes the regional funds provided for in HB 2313, including \$614.2 million for distribution of Northern Virginia Transportation Authority Fund Revenues over the biennium, which is \$17.8 million more than originally projected.</p> <p>House: No Change Senate: No Change</p>	<p>Over the biennium, Fairfax County should receive approximately \$92 million to allocate for local projects approved by the Board of Supervisors, minus the respective shares provided to Vienna and Herndon (30% funding returned to localities). NVTA will allocate approximately \$430 million, of which approximately \$215 million should benefit the County (70% funding retained by NVTA). Fairfax County should benefit from approximately \$8.9 million of the increase.</p>
I-95 Transit/Transportation Demand Management (TDM)		
439	<p>Governor's Budget: retains language directing the allocation of funding from the Mass Transit Fund to implement transit and transportation demand management improvements identified in the I-95 corridor, including direct transit capital and operating costs and TDM activities.</p> <p>House: No Change Senate: No Change</p>	<p>Fairfax County has worked with the Commonwealth to fund the purchase and operations of five buses on this corridor.</p>
Highway Maintenance and Construction		
444	<p>Governor's Budget: increases overall funding for Highway System Acquisition and Construction by \$337 million for the biennium. Within that account, dedicated and statewide construction increases by \$41.7 million; interstate construction increases by \$57.9 million, primary construction increases by \$178.2 million, secondary construction increases by \$30.1 million, and urban construction increases by \$27.9 million.</p> <p>House: No Change Senate: No Change</p>	<p>Many of these funds are expected to be subject to the new HB 2 prioritization process, so the impact to Fairfax County is currently unclear.</p>
445	<p>Governor's Budget: increases funding for Highway System Maintenance and Operations by \$15.8 million for the biennium; with a \$40.6 million increase for Interstates, an \$85.4 million increase for primaries, a \$81.8 million decrease for secondaries, and a \$27.3 million decrease for Transportation Operations Services.</p> <p>House: No Change Senate: No Change</p>	<p>Using historical estimates, an estimated additional \$2.7 million may be available for maintenance within Northern Virginia.</p>

Budget Proposals for the 2016-2018 Biennium - Transportation

Budget Item #	Issue	Fairfax County Impact
HB 2313 Regional Implementation		
277	<p>Governor's Budget: retains language authorizing the Department of Taxation to request and receive a treasury loan to fund the necessary start-up costs associated with the regional taxes imposed by HB 2313. The treasury loan will be repaid by the tax revenues. Additionally, the Department is authorized to retain sufficient revenues to recover its costs incurred administering these taxes.</p> <p>House: No Change Senate: No Change</p>	<p>Funds retained by Taxation could be used, instead, on regional projects. As Fairfax County is expected to benefit from approximately half of the Northern Virginia regional funds, approximately half of the NVTA funds retained by Taxation could be allocated to projects within the County. As such, Taxation should ensure that their expenses are reasonable. Between October 2013 and January 2015, \$933,627 was retained by Taxation. No funds have been retained since that time.</p>
456	<p>Governor's Budget: includes the regional funds provided for in HB 2313, including \$672.8 million for distribution of Northern Virginia Transportation Authority Fund Revenues over the biennium, which is an additional \$58.6 million increase from the FY2016 budget.</p> <p>House: No Change Senate: No Change</p>	<p>Over the biennium, Fairfax County should receive approximately \$100 million to allocate for local projects approved by the Board of Supervisors, minus the respective shares provided to Vienna and Herndon (30% funding returned to localities). NVTA will allocate approximately \$470 million, of which approximately \$235 million should benefit the County (70% funding retained by NVTA). Fairfax County should benefit from approximately \$29 million of the increase.</p>
Local Project Funding		
	<p>Governor's Budget: removes language directing the Secretary of Transportation to report to the General Assembly by December 1, 2014, on methods to provide assistance for local transportation projects. The recommendations must consider geographic equity, as well as the needs of local governments, transit agencies, and metropolitan planning organizations.</p> <p>House: No Change Senate: No Change</p>	<p>To date, the report has not been released. It is currently unclear how the changes to roadway funding formulas provided for in HB 1887 (2015) will affect this issue.</p>
Dulles Airport Funding		
438	<p>Governor's Budget: includes language providing \$50 million for the Metropolitan Washington Airports Authority to reduce the passenger cost per enplanement at Dulles International Airport to help attract and retain air carriers. The funding will be provided from the Highway Maintenance and Operations Fund, which is expected to increase by \$255 million over the biennium.</p>	<p>The County may not directly benefit from these funds, but the funds could help improve the competitiveness of Dulles, which is consistent with the Board's Federal Legislative Strategy.</p>
436	<p>House: moves the appropriation to the Office of the Secretary of Transportation and includes a number of requirements governing receipt of these funds. The state funding is premised on the Secretary of Transportation certifying that such expenditures are in the public interest and will be matched by equal savings generated by MWAA. Second year funding is contingent upon MWAA entering into a long-term agreement with a hub airline to continue operating as a hub at Dulles through at least calendar year 2024.</p>	<p>Same as above.</p>
436	<p>Senate: moves the appropriation to the Office of the Secretary of Transportation and includes a number of requirements governing receipt of these funds. The state funding can not be provided either year unless MWAA has entered into a long-term agreement with a hub airline to continue operating as a hub at Dulles through at least calendar year 2025.</p>	<p>Same as above.</p>
	<p>Governor's Budget: removes language requiring sound walls to be constructed along residential property from the beginning of the Dulles Toll Road to I-66.</p> <p>House: No Change Senate: No Change</p>	<p>The implementation of this project is underway.</p>
	<p>Governor's Budget: removes language prohibiting the state from providing an incentive in their scoring favoring entities entering into project labor agreements.</p> <p>House: No Change Senate: No Change</p>	<p>Since Dulles Rail Phase II is under contract, the removal of this language has no impact on the project. Existing statutory language addresses this issue.</p>

Budget Item #	Issue	Fairfax County Impact
Mass Transit Funding		
448	<p>Governor's Budget: increases funding for Financial Assistance for Public Transportation for FY 2016 biennium by \$49.6 million, with \$8 million more available for Operating Assistance and \$6.5 million more available for Capital Assistance.</p> <p>House: retains Governor's funding levels, but also directs the Department of Rail and Public Transportation to examine how to evaluate and prioritize transit capital projects. The intent would be to replicate the HB 2 process, that would be used in addition to the current tiered process created following SB 1140 (2013).</p> <p>Senate: No Change</p>	<p>Fairfax County will receive approximately the same amount of funds received in years past, for funds allocated through the old formula. Any new funds, allocated through the formula created by SB 1140 (2013), will be based on performance metrics and the proposed capital programs for the County and its transit systems. As a result, it is unclear what portion of the increase will be ultimately allocated to Fairfax County.</p> <p>Extensive changes have been made to the distribution of these funds in the past two years pursuant to SB 1140 (2013). Additionally, capital funds are already prioritized for rolling stock (buses and trains), many of which are replacement vehicles (which is more analogous to road maintenance and is not prioritized through HB 2). Further, the majority of statewide transit service exists in Northern Virginia - changing current formulas is likely to reduce funding for the region.</p>
448	<p>Vanpool Service Expansion</p> <p>Governor's Budget: provides \$3.9 million for the expansion of vanpool service.</p> <p>House: No Change</p> <p>Senate: No Change</p>	<p>This may help to create additional vanpools in Fairfax County.</p>
Washington Metropolitan Area Transit Authority (WMATA)		
448	<p>Governor's Budget: retains language requiring WMATA to submit quarterly reports to the Department of Rail and Public Transportation Director, the Chairs of the House and Senate Transportation Committees, and the Chairs of the House Appropriations and Senate Finance Committees on actions taken to address recommendations of the USDOT's 2014 Systems Review. The language also requires WMATA to provide a copy of the audited financial statements and plans to remedy any deficiencies.</p> <p>House: No Change</p> <p>Senate: No Change</p>	<p>WMATA continues to provide the reports, as required.</p>
Virginia Railway Express (VRE)		
452	<p>House: directs VDOT, with the assistance of DRPT, to review the long range plan and financial analysis of the Virginia Railway Express and evaluate the impact of its services on the I-66, 95 and 395 corridors.</p>	<p>VRE requested this amendment - its Legislative Program noted that VRE needs to explore, identify and secure a long term, dependable funding source for both existing and future operations and capital costs.</p>
436	<p>Senate: directs the Commonwealth Transportation Board to create a subcommittee for the purposes of reviewing the long range strategic and financial plans, as well as service impacts, of the Virginia Railway Express.</p>	<p>Same as above.</p>
Highway Maintenance		
454	<p>Governor's Budget: increases funding for Highway System Maintenance and Operations by \$205.2 million for the biennium from the FY2016 budget; with \$46 million more for Interstates, \$122.2 million more for primaries, and \$50.4 million more for secondaries, and \$17.4 million more for Transportation Operations Services.</p> <p>House: No Change</p> <p>Senate: No Change</p>	<p>Using historical estimates, an estimated additional \$34.9 million may be available for maintenance within Northern Virginia.</p>

Budget Item #	Issue	Fairfax County Impact
Highway Construction		
Overall Funding		
1	<p>Governor's Budget: funds previously provided to primary, secondary, and urban construction formulas prior to FY 2010 that are not committed and expected to be expended by January 1, 2018, may be consolidated to fund and advance priority projects within the respective district or locality. If any funds remain, the funds will be deallocated and transferred to the State of Good Repair (SOGR) unless such funds are allocated to a fully funded and active project.</p> <p>House: No Change Senate: No Change</p>	<p>Since there have been no new secondary road funds since 2010, funds the County received through that program have already been allocated to projects. The only funds that may be at risk are approximately \$300,000 in unpaved road funds, which is not sufficient to complete a paving project on the few unpaved roads in the County.</p>
453	<p>Governor's Budget: increases Highway Construction Programs overall funding by \$64.5 million above the FY 2016 budget amendments. Within that account, \$20.2 million is provided for State of Good Repair; \$150.9 for the High Priority Projects Program; \$150.9 million for the Construction District Grant Programs; \$2.1 billion for Specialized State and Federal Programs; and \$1.3 billion is available for Legacy Construction Formula Programs. Of the Specialized State and Federal Programs: \$180 million is for the Regional Surface Transportation Program (RSTP); \$106 million is for the Highway Safety Improvement Program (HSIP); \$131.6 million is for the Congestion Mitigation and Air Quality (CMAQ) Program; \$250 million is for Revenue Sharing; \$37.7 million is for the Transportation Alternatives Program (TAP); \$6.9 million is for the Virginia Transportation Infrastructure Bank; and \$3.5 million is for the Transportation Partnership Opportunity Fund.</p> <p>House: increases Highway Construction Programs overall funding by \$355.4 million above the FY 2016 budget amendments. Within that account, \$268.8 million is provided for State of Good Repair; \$141.2 for the High Priority Projects Program; \$141.2 million for the Construction District Grant Programs; \$2.16 billion for Specialized State and Federal Programs; and \$1.3 billion is available for Legacy Construction Formula Programs. Of the Specialized State and Federal Programs: \$205.3 million is for RSTP; \$109.1 million is for HSIP; \$140.8 million is for CMAQ; \$250 million is for Revenue Sharing; \$40.6 million is for TAP; \$6.9 million is for the Virginia Transportation Infrastructure Bank; and \$3.5 million is for the Transportation Partnership Opportunity Fund.</p> <p>Senate: increases Highway Construction Programs overall funding by \$355.4 million above the FY 2016 budget amendments. Of the Specialized State and Federal Programs: \$205.3 million is for RSTP; \$109.1 million is for HSIP; \$140.8 million is for CMAQ; \$378.3 million is for Revenue Sharing; \$40.6 million is for TAP; \$2.9 million is for the Virginia Transportation Infrastructure Bank; and \$3.5 million is for the Transportation Partnership Opportunity Fund.</p>	<p>Many of these funds are subject to the new HB 1887 formula and HB 2 prioritization process, so the impact to Fairfax County is currently unclear. However, the decrease in Revenue Sharing funding (it received approximately \$185 million in FY 2016) could be detrimental to the County, which regularly applies for, and receives, the \$10 million maximum award. RSTP, HSIP, CMAQ, and TAP funds are similar to what was allocated in previous years.</p> <p>Same as Above in regards to most programs. RSTP, HSIP, CMAQ, and TAP funds are slightly increased from what was allocated in previous years.</p> <p>Same as above. However, the Senate budget provides level funding for Revenue Sharing (compared to the Introduced Budget that would have decreased the funding significantly). The Senate funding level would benefit the County, which regularly applies for, and receives, the \$10 million maximum award. RSTP, HSIP, CMAQ, and TAP funds are slightly increased from what was allocated in previous years.</p>
I-66 Projects		
453	<p>House: requires that the Commonwealth Transportation Board (CTB) provide up to \$140 million in the FY 2017-2022 Six Year Improvement Program (SYIP) to add a third eastbound travel lane on I-66 from the Dulles Connector Road to the Glebe Road/Fairfax Drive exit; begin environmental work on such project by July 15, 2016; and complete a minimum of 30 percent of the design work by November 1, 2017.</p> <p>Senate: requires that the CTB provide up to \$140 million in the FY 2017-2022 SYIP to add a third eastbound travel lane on I-66 from the Dulles Connector Road to the Glebe Road/Fairfax Drive exit; begin environmental work on such project by July 15, 2016; and complete a minimum of 30 percent of the design work by November 1, 2017.</p>	<p>Provides funding for the widening of I-66 Inside the Beltway. The funding will not be taken from other projects in the region.</p> <p>Same as above.</p>
436	<p>House: directs the CTB to enter into discussions with Fairfax and Arlington Counties regarding use of air rights over I-66 in their respective jurisdictions no later than October 1, 2016. A report on the progress and outcome of such discussions shall be submitted by July 15, 2017.</p> <p>Senate: No Language</p>	
453	<p>House: directs VDOT to work with affected parties to develop a plan to allow for toll-free access on I-66 Inside the Beltway for those driving only to reach the West Falls Church Metro Station.</p> <p>Senate: No Language</p>	<p>County will participate in, and monitor, these discussions.</p>

Budget
Item #

Issue	Fairfax County Impact
<p>Air Quality Monitoring - 95 HOT Lane NB Terminus</p> <p>Governor's Budget: no longer includes language dedicating funding for air quality monitoring at the I-395 express lanes terminus.</p> <p>House: No Change Senate: No Change</p>	<p>There is no fiscal impact to the County. The previous provision may have been associated with the air quality monitoring requested by the Overlook neighborhood in Fairfax County. This may no longer be needed now that the Express Lanes are open.</p>
<p>Other Highway Construction Provisions</p> <p>Governor's Budget: includes language noting that the proceeds from the lease or sale of surplus and residue property will be applied to the State of Good Repair Program. The proceeds were previously directed to the system and locality where the property was located.</p> <p>House: No Change Senate: No Change</p>	<p>Impacts currently unknown.</p>
<p>Governor's Budget: provides \$31.1 million in funds remaining from Transportation Partnership Opportunity Fund (TPOF) funds authorized in the 2007-2008 budget to road improvements at military installations and improvements at interstate rest areas.</p> <p>House: No Change</p> <p>Senate: directs this funding to two specific projects in Hampton Roads: Paradise Creek Bridge on State Route 239 over the Southern Branch of the Elizabeth River shipyard and improvements to the Ft. Eustis Boulevard interchange with I-64 at mile marker 250.</p>	<p>Depending on how the funding is allocated, the County may benefit from this transfer. However, the impact is currently unclear.</p> <p>Under this language, the County would be unable to receive any of these funds.</p>
<p>Governor's Budget: states that the State of Good Repair (SOGR) funding will not be subject to the distribution requirements set forth in HB 1887 (2015). Additionally, before the funds are provided to state of good repair projects, \$12 million will be provided for improvements to interstate rest areas.</p> <p>House: No Change Senate: No Change</p>	<p>Impacts to the County are currently unknown, as decisions will be made by the CTB. However, Northern Virginia was expected to receive approximately 10.6% of SOGR funds (approximately \$2.1 million). Additionally, there are currently only 2 rest areas in Northern Virginia, neither of which is in Fairfax County.</p>

Budget Item #	Issue	Fairfax County Impact
	Other Set-Asides	Such set-asides potentially reduce funding currently distributed through various funding formulas.
448	Senate: provides for the one-time allocation of \$3.0 million mass transit operating and capital reserve funds or other unobligated mass transit funds in fiscal year 2017 to PRTC to address shortfalls in transit funding directly related to the decline in wholesale motor fuels in Northern Virginia.	
453	Senate: directs the CTB to provide such funding as may be necessary for the conversion of I-95 shoulder lanes to travel lanes.	
453	Senate: dedicates \$4 million for unpaved roads. From these amounts, priority is given to the paving of State Route 622 in Loudoun County and the additional funding will then be made available for other unpaved roads in the Northern Virginia.	
463	Senate: dedicates \$135 million in unobligated balances of the Priority Transportation Fund to the Virginia Port Authority for terminal improvement projects.	
	Tolling Policy	
4-14	House: adds a statewide tolling policy (identical to HB 1069 - Jones) to the budget. Included in the provisions are: prohibiting tolling without approval of the General Assembly except in certain circumstances; requiring VDOT to electronically notify account holders of a toll violation and requiring toll operators to notify the Department of such toll violations; providing a 10-day grace period for unpaid tolls and requiring toll operators to attempt to process and collect unpaid tolls twice during such period; and providing that for a first court appearance there are reduced civil penalties, including a cap of \$2,200 on civil penalties and administrative fees. Senate: No Language	The language provides some limitations on the ability to toll facilities in the future. The Board is currently Monitoring HB 1069.
	Other Provisions	
459	House: No Language Senate: reduces the proposed increase of 315.0 FTE at VDOT by the number of staff specifically related to Information Technology, Land Use, and Right of Way. An additional 215.0 FTE are authorized for District and Residency based design, inspection, and maintenance personnel.	A significant number of projects and rezonings are currently ongoing in the County, and an increase in VDOT staffing for such projects could improve timelines.

Highlights of K-12 Proposals – 2016 General Assembly
February 26, 2016

Governor McAuliffe's Budget

- **Recalculation of Local Composite Index:** The Local Composite Index (LCI) is calculated every two years for the state's biennium budget. Counties and cities with a lower composite index receive more state funding, while those with a higher index receive less funding. The recalculation of the LCI results in additional state funding of \$25.2 million in the first year and \$25.3 million in the second year (this funding benefits localities with declining LCIs – Fairfax County's LCI increased from .6807 to .6844).
- **Update Costs of the Standards of Quality (SOQ), Sales Tax and Basic Aid:** Provides \$183.2 million in FY 2017 and \$214.9 million in FY 2018 to fully fund the biennial rebenchmarking of K-12 SOQ costs. These increases do not reflect changes in policy but adjust the cost of continuing current programs with the required data revisions. Also updates Sales Tax revenue projections, increasing state funding by \$31.3 million in FY 2017 and \$53.3 million in FY 2018.
- **Update Lottery Proceeds:** Total Lottery proceeds are projected to increase by \$9.6 million, for a total of \$541.2 million in each year of the biennium.
- **Salary Increase:** Provides \$83.3 million in FY 2018 for the state's share of 2% salary increase for instructional and support positions, effective July 10, 2017. This is contingent on a stable revenue forecast in FY 2018.
- **Virginia Retirement System Contributions:** Increases state funding for fringe benefit rates by \$15.9 million in FY 2017 and \$71.0 million in FY 2018, based on VRS contribution rate of 14.66% for FY 2017 (up from 14.06% in FY 2016) and 16.32% in FY 2018; retiree health care credit rate of 1.11% in FY 2017 and 1.23% in FY 2018; employer rate for group life of 0.47% in FY 2017 and 0.52% in FY 2018. The rates are based on 90% of VRS actuarial rates in FY 2017 and 100% in FY 2018 (increasing the VRS rate in FY 2018 will create significant costs for local governments).
- **Cost of Competing Adjustment for Support Positions:** Provides \$40.6 million (which is the full funding level) in FY 2018 to fully restore Cost of Competing funding for support staff in Northern Virginia.
- **At-Risk Program:** Provides \$24.8 million in FY 2017 and \$24.9 million in FY 2018 to enhance funding for the At-Risk program, which provides funding to support the additional costs of educating at-risk students.
- **Additional Instructional Positions:** Provides \$42.7 million in FY 2017 and \$96.4 million in FY 2018 for the state's share of funding nearly 2,500 new teachers statewide. Maintenance of effort is required, and funding cannot be used to support existing or central office positions.
- **Governor's Schools:** Provides an increase for Academic-Year Governor's Schools (TJHSST) of \$500,000 due to a change in the funding formula.

House Budget

- **Salary Increases:** Provides additional flexibility to school divisions in satisfying the local match requirements for the two percent salary increase for instructional and support positions included in the introduced budget. School divisions will be allowed to receive credit for salary increases provided to instructional and support positions in FY 2017 and FY 2018, in order to draw down the state's share of a two percent salary increase. The local salary increases must be provided by January 1, 2018, to qualify for the state funding, which will be effective July 10, 2017.
- **Sales Tax Adjustment:** Reduces sales tax estimate by \$11 million, and includes a corresponding Basic Aid increase of \$6.2 million each year.
- **Lottery Proceeds:** Distributes \$272.7 million in lottery proceeds to school divisions based on a per-pupil amount using Average Daily Membership (ADM) and LCI. This proposal redirects \$202.9 million for new or expanded initiatives included in the Governor's budget, and adds \$50.3 million in additional lottery, Literary Fund, and General Fund revenues. Half of the funding may be used for operating expenses and half for capital needs, maintenance, or equipment. There is no required match by local governments, though there is a maintenance of effort requirement.
- **Governor's Schools:** Maintains the current funding formula for Academic Year Governor's Schools. Directs the Department of Education to review the distribution methodology, with the intent to provide an equitable distribution of tuition payments based on the length of the academic program day, the appropriate state and local shares, and the academic model used by Governor's schools.
- **Cost of Competing Adjustment for Support Positions:** Retains Governor's proposal providing \$40.6 million in FY 2018 to fully restore Cost of Competing funding for support staff in Northern Virginia.

Senate Budget

- **Salary Increases:** Includes funding for state's share of a two percent teacher salary increase, effective December 2016 (this proposal advances the effective date included in the Governor's budget from July 10, 2017, to December 1, 2016).
- **Sales Tax Adjustment:** Reduces sales tax estimate by \$11 million, and includes a corresponding Basic Aid increase of \$6.2 million each year.
- **Flexible Classroom Support:** Allocates \$96.4 million in FY 2018 for support for the classroom needs of school divisions. This proposal redirects funding for an additional 2,500 teaching positions included in the Governor's budget, and is allocated in the same manner (the equivalent of the state's share of one instructional position per elementary school and two instructional positions per middle and high school). Funds may not be used for central office positions, and at least half must be used for non-recurring expenses. No local match is required.
- **Additional Support for Classroom Needs:** Provides \$24.2 million in FY 2018 for additional support for classroom needs. Funds may not be used for central office purposes and must be used for non-recurring expenses. No local match is required. Funding is distributed based on the state's share of a per pupil amount.
- **Cost of Competing Adjustment for Support Positions:** Provides \$15.9 million in FY 2017 and \$16.4 million in FY 2018 for partial restoration of COCA. Though the Senate budget includes less total funding for COCA than what is included in the Governor's budget or the House budget, it restores some COCA funding in FY 2017, which is not included in the other budgets.
- **At-Risk Add-On:** Adjusts percentage range downward to capture \$21.5 million in GF savings over the biennium; also corrects an error in budget as introduced to capture an additional \$15.3 million over the biennium.
- **Virginia Preschool Initiative (VPI):** Provides \$2.9 million GF each year to rebenchmark the per pupil amount, resulting in an increase in the per pupil amount from \$6000 to \$6250. While this proposal will increase state funding for VPI, it will also require an increased local match (Fairfax County's LCI for the VPI program is capped at .5, so half of the additional per pupil funding would come from the state, and half from the County).
- **Governor's Schools:** Increase the cap on the number of funded students in academic year Governor's schools from 1,725 to 1,800.
