

Tim Brown

Tim Brown is currently a financial advisor who specializes in helping caregivers and their families. Having been, honored to directly serve patients while working in several Pennsylvania hospitals and nursing homes, privileged to care for family members in my home and in theirs, and fortunate enough to work for seventeen years on Capitol Hill at the National Association for Home Care & Hospice, he is proud to serve on the Fairfax County Long Term Care Coordinating Council.

At a time of growing need and shrinking resources, Tim believes it will take a sincere effort on the part of every capable individual to meet the enormous challenges related to long term care facing our county, our country and our world.
