I need housing

I help people find housing

I am a property owner/manager

The **Fairfax-Falls Church Housing Locator Network** is a network of homeless service providers across the Fairfax-Falls Church Community Partnership that provide housing counseling and search assistance to people that are currently homeless in the Fairfax-Falls Church Community. The Network is funded by the [Fairfax County Office to Prevent and End Homelessness](#).

Every person in homelessness faces a unique set of circumstances, but they all have one thing in common: they need stable housing that they can afford. By focusing efforts on helping homeless families and individuals find stable, affordable places to live, housing locators help create stable environments where people have a greater opportunity to thrive.

Recent Updates

[Housing Locator Statistics - April 2010](#)

In the month of April, **housing locators at 5 organizations provided housing search and placement assistance to 212 homeless households** in the Fairfax-Falls Church Community. By accessing various community resources and finding housing options for their clients, **housing locators helped 30 families and 28 singles find stable housing.**

We are so proud to be partners with organizations that are helping make **significant changes in people's lives and our community** by **finding stable and affordable housing** for these households. As we continue to expand our network, we hope to have information from more organizations for the month of May.

Staffing, Activity and Impact in April 2010:

9 Housing Locators (6 FTEs)

6 shelters, 5 organizations reporting

212 households received housing location services

185 households received responsible tenant training

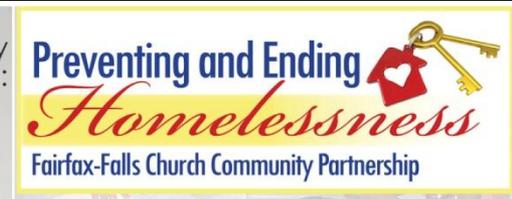

Over 132 new landlords were contacted

58 households moved into stable, affordable housing
(27% of those households who were assisted)
