Dear Hunter Mill Friends,

January is always such an exciting time of the year. Everyone is gearing up to get back to work after the lull of the holidays. And, you just never know what the weather will bring.

Over the next several months, our concentration will be focused on the FY 2012 Budget. We have already heard from Fairfax County Public Schools Superintendent on his recommendations for schools. Next month, the County Executive will unveil his proposed budget which must address a shortfall of revenues while minimizing the effects on core programs and services. The Hunter Mill Budget Committee has begun its work which will result in recommendations to guide me through the budget process. In March, I will conduct my annual district budget meetings with the County Executive and School Board representatives. Now more than ever, your voice and your participation are critical.

Hunter Mill is represented by dedicated and competent district citizens on the county's boards, authorities and councils (BACs). I am most grateful for the continuing service of these dedicated individuals. Several individuals have retired from their positions creating vacancies. If you are interested in any of the following areas, please get in touch with my office. Click on the name to bring up the webpage for that BAC which has details on the group's mission, meeting times and days, and members.

- [Barbara Varon Volunteer Award Selection Committee](#)
- [Celebrate Fairfax, Inc. Board of Directors](#)
- [Environmental Quality Advisory Committee](#)
- [Southgate Community Center Advisory Council](#)
- [Trails and Sidewalks Committee.](#)

I look forward to hearing from you and seeing you out and about in Hunter Mill. If my office can be of assistance to you and your family, please be sure to get in touch.

Project Lifesaver Even Greater Help During the Winter Months

With the current sub-freezing temperatures, the Fairfax County Sheriff's Office is reminding residents of their **Project Lifesaver** program. This program can search for and rescue loved ones who wander due to Alzheimer's, Down syndrome, autism and related diseases and disabilities. With winter here, every second counts when someone goes missing.

Project Lifesaver clients wear a wristband that emits a silent tracking signal. When caregivers notify the Sheriff's Office that a loved one is missing, a highly trained team responds to the area with state-of-the-art equipment. These efforts have drastically reduced search times to an average of 30 minutes or less. The program has a 100 percent track record of locating wandering adults and children and bringing them home safe and sound.

Project Lifesaver currently has 41 clients. Clients must be residents of Fairfax County, Fairfax City and the Towns of Herndon or Vienna.

For more information, please visit our website at <http://www.fairfaxcounty.gov/sheriff/lifesaver.htm> or contact Lieutenant Jason Travis at 703-246-2805 or email shf-projectlifesaver@fairfaxcounty.gov

| TV Type Backlight type | Reference Screen Size | Consumption at low energy setting | Consumption at factory default settings |
|--------------------------------------|--------------------------|--------------------------------------|--|
| LCD (LED) New Energy Star | 40 inch | 50 watts | 65 watts |
| LCD (fluorescent) Old Energy Star | 40 inch | 140 watts | 165 watts |

Pre Disaster Recovery Planning

Fairfax County Government will be hosting Pre-Disaster Recovery Plan focus groups for home owners and civic associations. Fairfax County is susceptible to a variety of natural hazards, including floods, hurricanes and tornadoes, as well as man-made hazards such as terrorist acts and accidental releases of hazardous materials. Some of these events have the capacity for catastrophic local and regional impacts. While the effects of disasters are wide ranging and cannot be predicted, pre-event planning can position Fairfax County to recover from a major incident. Your input will be valuable in the development of a plan that will help our community rebuild in the event of a catastrophic disaster.

A **Pre-Disaster Recovery Planning Workshop** will be held on Wednesday, February 9, from 3:30-5:30 p.m. at the McConnell Public Safety and Transportation Operations Center, 4890 Alliance Drive, Fairfax. Registration is required and **available on-line**. For more information, visit <http://www.fairfaxcounty.gov/oem/pdrp/>.

Sixteen Hunter Mill District Businesses Honored at 2010 Celebration of Success

The Fairfax County Economic Development Authority hosted a celebration at the Ritz Carlton in December to recognize the achievements of 57 companies that are the fastest-growing in the Washington D.C. area or Virginia, or are among the largest African American-owned, Hispanic-owned or woman-owned companies in the nation in terms of revenue.

Supervisor Cathy Hudgins was there to congratulate the 16 companies which have headquarters here in Hunter Mill. The list includes: Ace Info Solutions, Inc., Applied Information Sciences, Inc. Carasoft Technology Corporation, ConceptSolutions, LLC, Evolver, Inc., Financial Investments, Inc., Guident Technologies, Inc, In-Scope Solutions, Inc., K12, Inc., Kemron Environmental Services, Inc. MetroStar Systems, Inc., NCI Information Systems, Inc., Near Infinity Corporation, TeraThink Corporation, TNS, Inc. and ZyEdge, LLC. These businesses and their owners are committed to this community, and have demonstrated the drive, creativity and hard work needed to succeed. A thriving business base not only provides employment opportunities, but is an important element in helping to pay for county services.
